Historical Sketch

The Kansas City Athenaeum is one of the oldest women's organizations in Kansas City. Established in the 1894, the initial goal of the Athenaeum was to combine the efforts of several existing women's clubs into a single organization through which its members would more effectively promote and influence a variety of educational, civic, and philanthropic causes. Over the course of its history, the club has campaigned for women's suffrage, the establishment of kindergartens, city milk inspectors, prohibition, and numerous other public health, welfare, and education

initiatives, as well as a range of charitable and city beautification projects. The Athenaeum also participated in the founding of Missouri Girls Town in the 1950s, which it continues to support.

In 1896, the Kansas City Athenaeum became a charter member organization of the Missouri Federation of Women's Clubs (MFWC). And in 1898, the group joined the General Federation of Women's Clubs (GFWC), the largest and oldest volunteer women's organization in the world.

Club operations and activities are overseen by a system of committees. Until the 1995-1996 club year, Athenaeum members were additionally organized into departments through which they participated in specialized activities and studies relating to specific interests. Such departments included Fine Arts, Bible Study, Current Events, History and Travel, Liberal Arts, and Music. Departments were not permanent, and had the ability to form, change names, and disband according to members' interests.

Early Athenaeum meetings and activities took place in a variety of locations around town until 1914, when, after a determined fundraising effort, the group built and opened its own clubhouse at 900 E. Linwood Boulevard. The Greek revival building served the club for 101 years, and was added to the National Register of Historic Places in 1979. In November 2015, the Athenaeum sold the building to the Delta Educational and Economic Development Foundation, an organization founded by the Kansas City alumnae chapter of the Delta Sigma Theta sorority.

Membership in the Kansas City Athenaeum exceeded 1,000 in the 1920s, but dwindled at the end of the 20th century, prompting the formal admittance of men as members in 2002. The club continues to operate today.

Scope and Content Note

Materials in this collection document the club's operations, activities, and members. Items are arranged by type, content, size, and chronologically where possible.

[Series 1: Club history materials, 1950-2012 and n.d.](#)

This series contains items relating to the general history of the Athenaeum. Materials include two published histories written by club members; a notebook of historical events collected around 1984; an article from *The Kansas City Star*; a profile of the first Athenaeum President, Mary Harmon Weeks; as well as an informational brochure. The series is arranged chronologically.

[Series 2: Yearbooks, 1895-1994, 2001-2003, 2009-2012](#)

This series consists of annual yearbooks published by the Athenaeum. Club yearbooks regularly record calendars of events, activities, membership rosters, committees, officers, and financial reports. They are arranged chronologically. Also included is a yearbook produced specifically for the Juniors Department for 1970-

1971. Due to size, items removed from the 1911-1912 Yearbook and galley proofs for the 1987-1988 Yearbook are housed at the beginning of the series.

Please note that this series is not complete. Yearbooks for 1896-1897, 1906-1907, 1907-1908, 1916-1917, 1931-1932, and 1942-1943 may be found under the call number MVSC 095.2 K16Y.

Series 3: Membership records, 1894-1944, 1968-1992, and n.d.

Of special interest in this series are the more than 1,300 Athenaeum membership applications included within. The applications are arranged alphabetically by last name, and record brief biographical information on prospective members from 1917-1964, including addresses, educational background, occupation, and additional club associations. Minutes, reports, and rosters produced by the Membership Committee are also included in the series, and contain information regarding membership totals, resignations, and applicants. These materials are arranged by size and chronologically.

Series 4: Scrapbooks, 1894-2006

The scrapbooks in this series include photographs, newspaper clippings, reports, programs, correspondence, greeting cards, and additional ephemera regarding Athenaeum members' activities. They are arranged by departments, club presidents, and subjects, and therein chronologically.

Many scrapbooks include loose items that were found between pages. Loose materials that could not be connected with a particular scrapbook have been interfiled according to department and date. Use copies are available unless noted.

Two scrapbooks for the American Home Department are included in this subseries. Originally called Home Economics, the department focused on issues such as nutrition, food, clothing, budgeting, and gardening.

4-6: Juniors, 1924-1970

This subseries consists of three compilations created by the Juniors department of the Athenaeum. Materials include two scrapbooks from the 1950s and 1960s, and a 1958-1959 press book of newspaper clippings.

4-9: Noctura Department, 1969-1970

This subseries contains one scrapbook for the Noctura Department, an evening group created in 1965 for members who worked during the day. The department was discontinued in 1973, though many of the members still met as a dinner group for many years after.

4-10: Young Matrons Department, 1928-1933

One scrapbook relating to the Young Matrons Department is in this subseries. The original Young Matrons began in 1917 as an auxiliary for young married women. But by 1920, the group was deemed too large to continue as an auxiliary. The Young Matrons leadership subsequently decided to separate from the Athenaeum and continue as its own organization. A few years later, the Athenaeum Young Matrons were revived as a traditional department within the club structure.

4-11: Presidents, 1912-1959

This subseries consists of scrapbooks relating to six different presidents of the Athenaeum and their time in office. The two scrapbooks kept by former president Eloise Campbell include materials spanning the duration of her membership in the club as well as her personal life.

4-12: Contests & awards, 1958-1970

There are two scrapbooks in this series concerning contests and awards entered into and won by the Athenaeum. Scrapbook #98 focuses on an anti-litter campaign of 1958-1960, and includes a letter of support from former President Harry Truman. Scrapbook #99 includes correspondence, newspaper clippings, and award certificates for the club from 1959-1970.

4-13: General Federation of Women's Clubs, 1938-1947

This subseries consists of three scrapbooks of newspaper clippings, programs, correspondence, and photographs relating to GFWC conferences and activities.

4-14: Missouri Federation of Women's Clubs, ca. 1950-1986

There are two scrapbooks in this subseries. Scrapbook #103 is a compilation of magazine photos and illustrations relating to an MFWC American Home Forum held at Carrollton, Missouri. Scrapbook #104 contains photographs, programs, and newspaper clippings regarding MFWC activities and events.

4-15: Miscellaneous scrapbook, n.d.

This subseries includes one undated scrapbook titled, "Carrollton, Missouri." It contains photographs and illustrations of sites in Carrollton and general home life, ca. 1940s-1950s.

Series 5: Bulletins and news clippings, 1927-2009

This series contains club-produced bulletins and newsletters from the 1920s through 2009 arranged chronologically. Included at the end of the series are bulletins and newsletters that are not clearly dated, as well as loose, miscellaneous news clippings found throughout the collection.

Series 6: Operational minutes, reports, and records, 1894-2012

Minutes, reports, and records that pertain to the general operations of the Athenaeum are in this series. These items are arranged primarily by type, and therein chronologically where possible. These records include: the club charter, by-laws, and amendment information; Board of Managers minutes; Executive Board/Committee minutes; minutes of the Forum (club-wide meetings); officers' reports, notebooks, and files; programs; Philanthropy Committee fundraising activities; and miscellaneous items that were likely kept in the club house office.

Because club secretaries often attended a variety of meetings, there are instances in which minutes for the Board of Managers are found within the Executive Board ledgers, and visa-versa. This is also the case for several of the officers' books and files.

Series 7: Financial records, 1898-1991

This series contains the financial records of the Athenaeum's general operations. Information included pertains to club-wide functions, club house utilities, membership dues, and philanthropic donations. Due to the size of some of the items, the series is arranged primarily by type of material and therein chronologically: bound volumes; post-bound ledgers; check stub registers and checks; deposit slips; and loose materials (including monthly statements, notes, and account information). The terms "General Fund" and "Operating Fund" are used interchangeably to denote the primary operations account. Statements and information regarding the Pledge Account of the 1960s and Philanthropy Fund of the 1980s are also included.

Where possible, voided and cancelled checks were discarded due to privacy and preservation concerns. They were first matched with corresponding ledgers and registers to ensure that no financial information was lost. Checks that could not be verified with a ledger or register have been photocopied, and private information redacted.

Series 8: American Home Department, 1916-1995

The materials in this series relate to the meetings and activities of the American Home Department and are arranged primarily by type and therein chronologically: meeting minutes, reports, receipts, correspondence, photographic negatives and financial records. The department was originally called the Home Economics Department, but changed its name in April 1926 to better reflect the scope of its interests.

Series 9: Art Department, 1914-1945

This series contains seven minute books for the Athenaeum Art Department arranged in mostly chronological order. Some inserted materials have been removed from their original volumes for preservation issues and are housed separately.

Series 10: Bible Department, 1913-1950

Materials in this series consist of four minute books for the Bible Department. The formation of the department changed over the years, occasionally being referred to as an extension class. The series also includes a detailed account of a children's vacation bible school program organized by the club in the summer of 1918. The minutes are primarily arranged by size and therein chronologically.

Series 11: Civic League Department, 1958, 1966-1967, and n.d.

Started in 1966, the Civic League Department focused on philanthropic and service activities. However, the department struggled to attract members and was disbanded in 1967. Many of the members then joined the Juniors Department. Items in this series are primarily arranged by type, and include minutes, roster, by-laws, correspondence, reports, Director's file, and account book. Also included is a list of song lyrics found with these materials.

Series 12: Current Events Department, 1914-1948

This series consists of 6 minute books for the Current Events Department, as well as a department roster for 1919-1920. A set of loose pages containing minutes for 1917-1921 was found in the cover of the first minute book. Loose items have been removed from the minute books for preservation reasons and are housed separately.

Series 13: Drama Extension Class, 1922-1929

Members of the Drama Extension Class met to read, discuss, and perform excerpts of plays. This series contains one minute book, 1922-1929, detailing the group's activities.

Series 14: History & Travel Department, 1920-1995 and n.d.

Series 18: Liberal Arts Department, 1946-1995

This series consists of minutes, reports, correspondence, notes, Directors' files, by-laws, and a guest book created by the Liberal Arts Department. Also included are a variety of financial records, including account books, Treasurers' files, bills, receipts, and monthly statements. These documents have been kept in their original order. Materials are arranged by type and chronologically where possible. Due to privacy concerns, one of the folders may only be accessed by current Athenaeum members.

Series 19: Literature Department, 1895-1944

The Literature Department series consists of six meeting minute books as well as a membership directory for 1929.

Series 20: Music Department, 1897-1970
