The Message Is . . .

Fulfillingness. In these next pages of this book, you will encounter many faces. Faces of people of different generations that work together to fulfill a task, that they owe not only to themselves but to everyone. Dreams that are sought and answered. Lessons that are taught and learned. The student body of Central High School, will try to deliver a message to the community, and to the world. The message of unity, peace, and love.

The Message Is . . .

To open our eyes, ears, and minds so that we may see, hear, and comprehend the situation of life as it exist today.

To open our eyes, so that we can see the short supply of educated black people for future needs.

To open our ears so that we can hear the cry of a starving child, who needs someone to love him and to satisfy his hunger pains.

To open our minds, so that we can see and hear the world's situation but in doing so we may comprehend the situation and carry out our portion of the solution.

If the world should take heed to this message. The road to eternal life lies just ahead.

"Centralities, many of you have obtained a larger degree of self-mastery and self-improvement, both intellectually and emotionally in the past year. You have demonstrated that self-respect, self-discipline and control are attainable qualities and meaningful goals for which to strive.

You will also discover that the only true way to meet the demands of life successfully is to conquer self. If others follow your example, they can declare honestly and objectively as did William Ernest Henly in his poem "Invictus," "I am the master of my fate; I am the captain of my soul."

Good luck and smooth sailing as you seek further control of your thoughts and actions."

In Memoriam

Whenever praise is given where it is most unworthy, the affected admirer exhibits excessive modesty which is a mistaken virtue. However, one's own conscience is the best judge, and through self-examination an undeserved praise can be under-scored to mean an index toward self-improvement. Doubtless to say, this personality cannot be side-tracked in the reckoning of the past ten years in the history of Central. His expertise in the Biological Sciences have chalked many historic milestones, consciously, toward a magnificent youth development. His acceptance of criticism, good and bad, never caused him to loose the ability to smile. Now, as to whether this dedication is deserving or not, those who had the experience of passing him by are a flattering testimony to reality that this was-Mr. Alphonso Jones.

74-Dedication-75

MRS. ALBERTA B. PERRY

Mrs. Alberta B. Perry, a former Art teacher devoted 12 years of service here at Central. She always had the Central spirit and always brought it out when the school or when someone was in need of assistance.

Mrs. Perry graduated from Emporia State College with a B.S., and from the University of Kansas with a M.A.

To Mrs. Alberta B. Perry who has loved and dedicated her time for keeping our three C's in effect.

SHE IS A MESSAGE "OF LOVE"

The Message Is . . .

Climbing To Undefined Heights

No goal is too high if we climb
with care and with confidence
We as a class united, undivided
will climb mountains to:
Invision dreams never dreamed
before
Seek not for greatness, but for
truth
And to pursue our noble aims
We will climb mountains to stand
on higher and more solid ground

R. J. DeLANO

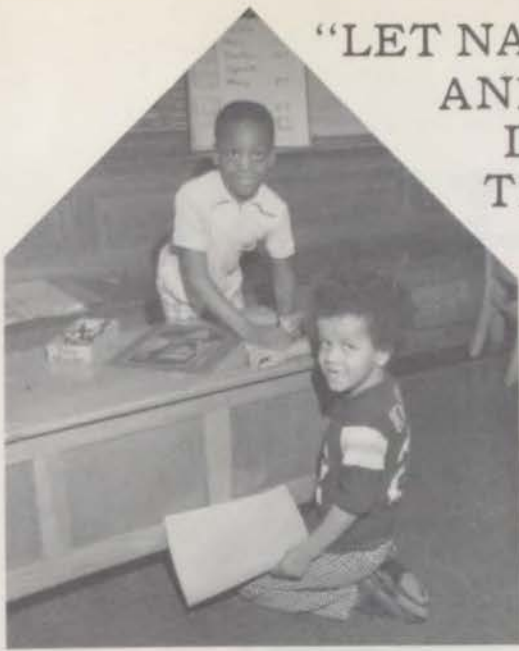

The R. J. DeLANO was opened in 1929 through the efforts of a number of service organizations. These groups included the Jackson County Society for Crippled Children and Adults, the Junior League, the Kappa Kappa Gamma Sorority, the Lions Club, the Jacob L. Loose Charity Fund Foundation, the Red Cross, and the Visiting Nurse Association.

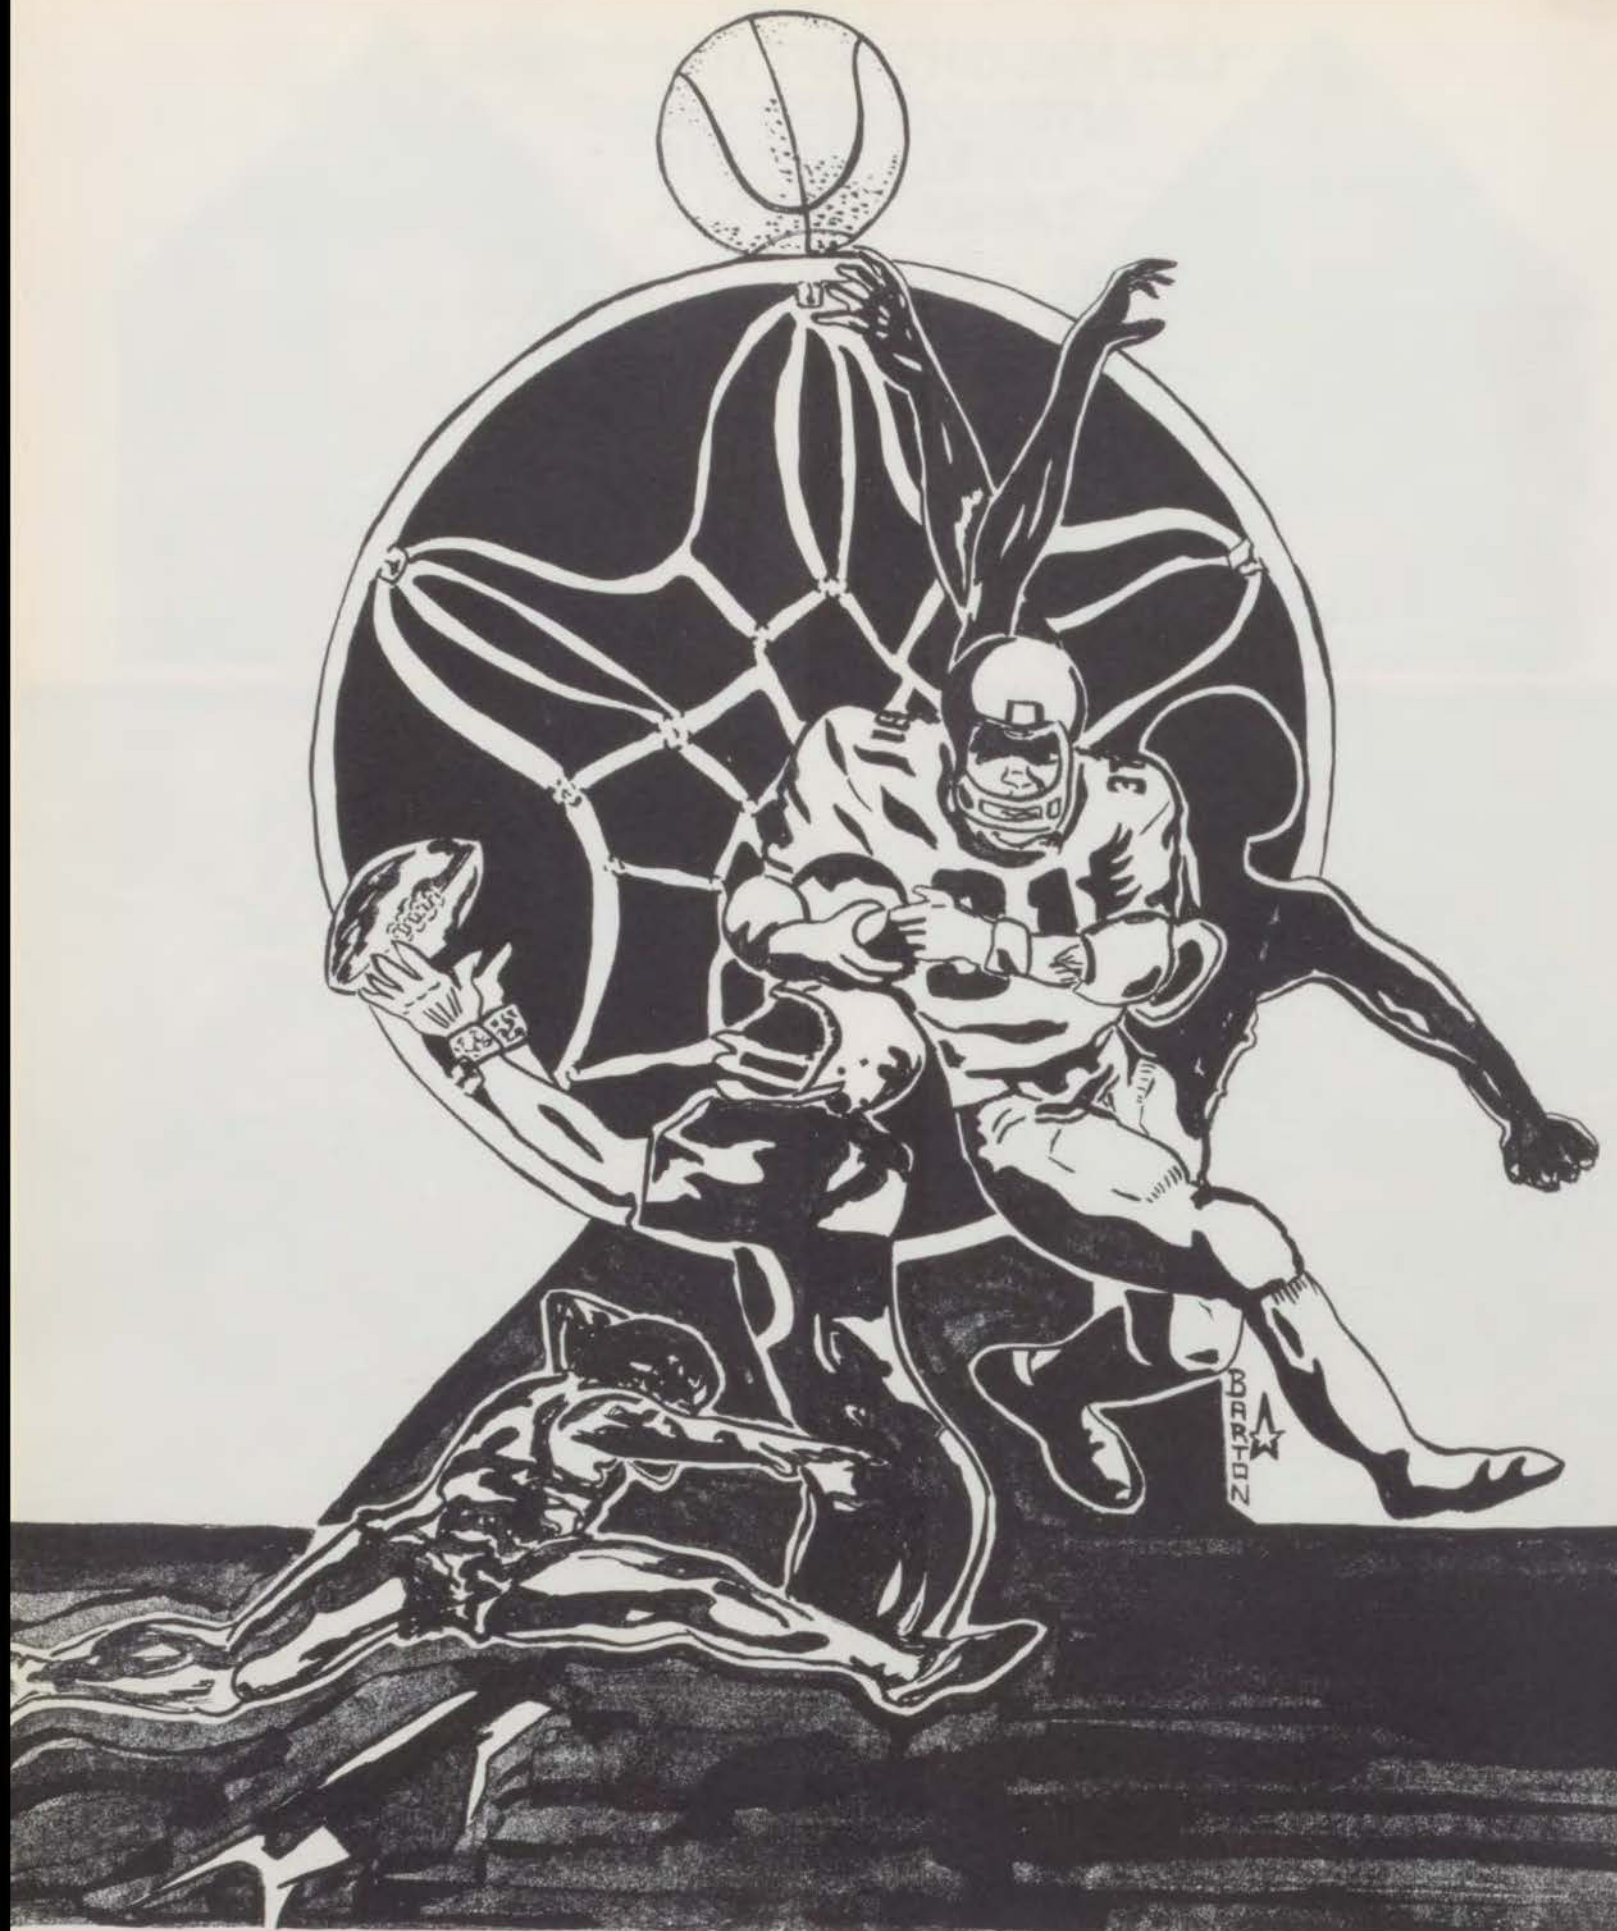

The present building was completed in April, 1939. The Junior League at that time maintained, and for some years maintained, the Occupational Therapy Department. It also supplied the furnishings for the rest of the building. The Visiting Nurse Association helped to maintain the Physical Therapy Department for several years. Both of these departments are now under the authority of the Board of Education.

“Pretty” Black Women

I wanta say just gotta say something
about those beautiful, beautiful
outa-sight black women, with their
afros, slicks and curls with their
waves and dips. Walking down the
street in all kinds of bad glad rags
and bumping to the funky beat

I wanta say just gotta say something
about those beautiful, beautiful
outa-sight black women with their bad,
bold, and beautiful black men riding
down the streets in their bad rides
with their beautiful, beautiful
“Pretty” Black Women

I wanta say just gotta say something
about those beautiful, beautiful
outa-sight black women with their
freedom to stand alone, walk alone
and finally be counted as one
