## Entering The Centralian . . . . . Principal

### "THE SPIRIT OF 76"

Throughout our country there have been preparations and executions of activities in celebration of Americans Bicentennial.

We at Central are celebrating more than just the bicentennial this year. We have the honor of observing 108 years of educational, cultural, and moral influences on the minds and lives of young people. Yes, our heritage gives us the distinction of being Kansas City's oldest school, but age alone is not our claim to excellence. Many of our alumni who are shown in annuals past have brought fame to themselves and to our school. Yet an assessment of our past only reveals that it is imperative for us to look forward to future goals of excellence.

This particular year in our history, the students have shown themselves ready and willing to accept the challenge of keeping Central a proud, productive, and dynamic influence for good.

We recognize each of your contributions, commend your efforts, and envision higher attainments and achievements as we keep the "Spirit of 76" . . . . .

Rebecca Gordon and Police Officer in the Ride-A-Long Program

The Northeast Patrol Division of the Kansas City Police Department along with Central High School is conducting a "Student and the Law" class. The purpose of the class is to expose high school students to concepts of our federal laws, state statutes and city ordinances. Equally important, we are trying to develop a relationship of understanding between student and policeman.

The Police Department also has a program in use known as the "Ride-A-Long Program". Anyone is eligible to ride in the program as long as the necessary re-

quirements are met, which consist of being 16 years of age or over.

The officer and the ride-a-long goes on series of calls which are minor to the patrolman, but quite exciting to the ride-a-long. Calls such as - aggravated assault, robbery, and many disturbance calls. During the rides the officer explains the operation of the dispatch radio, the distribution of square miles in the city, a series of electrical beeps, and the issuance of orders.

The "Ride-A-Long Program" is highly beneficial and has the highest recommendations of many.

A Visit From Rev. Jesse Jackson!

# Rev. Jesse Jackson

Central Senior High School students as well as the faculty were very fortunate to have in their midst The Rev. Jesse Jackson on the day of October 14, 1975.

Rev. Jackson is the director of Operation Push. People United to Save Humanity. His foremost interest is in helping blacks face their problems and try to change them. He also stressed the importance of blacks working together as one, instead of apart.

The assembly was called a Soul Saving Assembly by Rev. Jackson. He stressed his feelings on black unity. He stated that we should pump our brains with hope for a brighter tomorrow. Where all men, black and white, will be treated equal and as one. In defense of our right to vote in elections, all should register when we reach the legal age of 18. We will never have a say so in the events that place in our cities, towns and

communities if we do not take this step toward equality.

In his explanation of Civil Rights, Rev. Jackson stated that there is no room for an uneducated black in the world today. In closing Rev. Jackson stressed the Five E's: Ethnie - which deals with ones culture; Ethical - being guided by accepted principles; Excellence - excelling in the field in which you desire; Eternal - which means without end. In acquiring and using each of these terms, you are **SOMEBODY!**

We the students of Central Senior High School wish to render expressions of gratitude to the Declaratives for providing us with such a rewarding and educational experience for we realize that without their efforts many of us would have been deprived of hearing one of the most dynamic and electrifying speakers of our time.

## R. J. Delano

"If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured or far away .

Patricia Roy comments on graduating from Delano, "I have been happy seeing the changes here. I would like to go into Public Relations after graduation."

William Carol also a senior says, "It has helped me prepare myself for the future."

The kindergarten class at De-lano enjoys watching Sesame Street as part of their daily routine.

"Making pictures is the best part of school," says six year old Johnny Norman

Annette Staten also six years old says the best part of school is: "Helping."

Michael Mossitt, a junior high school student says: "Delano is pretty good."

Alice Cerguson, also a junior high school student says: "I like it."

Mr. Alex Sokoe, the Band Teacher says: "I love it here. I choose to be here and I am deeply involved."

Coey Tenenbaum the Speech Therapist: "I like it at Delano. It is a nice place to work with a pleasant staff and joyful children."

Mr. White the principal at Delano says: "Delano is a great place!"

## Forensics And Debate

The forensics and debate team is a competitive speech team who travels to other schools to participate in speech tournaments. The participants enter in many different categories, such as dramatic acting, humorous acting, duet acting, poetry reading, prose reading, impromptu speaking, oratory, extemporaneous speaking, and debate.

1975-1976 has been a highly successful season for the forensics team. Trophies were awarded to us at each tournament, which was quite an achievement. Many times are competing against as many as 30 schools. So it is very difficult to place 1st, 2nd, or 3rd. One look at Central's trophies shows you how well the team competed.

# SAVES YOU MONEY!

ON *all* YOUR PERSONAL, FAMILY,  
*and* HOME NEEDS

In this Bicentennial Year, I would like to commend the 1975-76 staff on a difficult yet well done job. Without the help and the contributions from our neighborhood businesses, this book would not be a success.

To the staff, the neighborhood businesses, the faculty and the student body . . . . .

THANK YOU, for your support.  
From the 75-76 Editor in Chief  
ANTHONY R. DEARBORN
