## FOREWORD

"All the world is a stage and we the players on it"—so said Shakespeare. We have taken this theory of the great sage's and embodied it into our theme. We present the thought that life is a constantly changing, fast, drama-packed movie and that Central is a vast studio doing its share to keep the theatre full by presenting fresh young actors, well-equipped and more than willing to take up whatever parts are cast them in the turmoil of that enormous opera house, the world of business and careers.

So we present our cast of assembled youngsters—eager, ready and willing for their scripts.

## *On With Central's Big 1940 Production*

# *The Editor's Preview*

*A* high school is the training ground for millions of young people. It is the place where most of them first discover their many and different talents and where they are able to get a firm foundation on which to start out in life. It is with this in mind that we have chosen our theme, "Central Produces." What does a school produce? Young citizens with fresh ideas and faith, ready to step out into the drama of life.

With the thought that life is after all a huge play, a spectacular movie, we see Central as the studio which is equipping these prospective actors for starring roles in life. In school every actor works himself up to stardom by years of trouping, we believe that when these Centralites start their struggle to put their names up in lights, they will be properly coached to catch any cue that they may be thrown, by that iron director known as Destiny.

We take pride that although there is a necessity for mass production in the school, every graduate finds himself sufficiently coached to accept the part of a good citizen. This is naturally the aim of all the directors and producers in our studio and we feel that their students will have all the essentials necessary for stardom.

We realize that there will be many who will fall from the pinnacle of school stardom, as seniors, into small parts, but we also know that many a student through the help given him in our studio will be able to keep his name in the lights of fame, but whatever the part, in which Centralites are employed, we know that they will never miss a cue, in the struggle of life.

*I*n the office of the Central Playhouse everything runs smoothly and efficiently under the able supervision of Miss Cecelia Freedman and Miss Betty Schmidt. All other assistants are selected from the student body. The mornings are particularly busy for the morning notices are to be issued, the absentee list is to be made up, excused permits are given out and leave permits are registered for the entire day. All important business is transacted through the office.

MISS CALLA E. VARNER  
Our Principal

## *Efficient Producer Scans The Horizon for Talent*

Star director and chief angel of our production is our beloved principal—Miss Calla E. Varner. Going out of her way in many cases, she always notes and smoothes the path of the bit-player. Of invaluable assistance in our struggle to the top, we recognize and admire the efficiency, intelligence, and kindness that she gives to us.

### The Board of Education

Eight outstanding stars in our community drama compose our school board. This last year they have more than proved their acting calibre by coming through, with hardly a muffed cue, the most extensive plan of expansion and building that Saint Joseph has seen in years.

Always willing and able to assume responsibilities in our town, these former high school stars have certainly gained the right to see their names in lights, by this we mean the praise which they draw from our whole community and school.

#### MR. TRACY E. DALE

Mr. Tracy E. Dale is a very important man in Central's show. As superintendent he holds all the reins—he is president and head of our production board. He keeps the rules in hand to which a player must be measured to become a Central star.

### SWING THE CAST INTO ACTION

#### MR. MARION GIBBINS

Prompter deluxe is Mr. Marion Gibbins, our genial vice-principal. Such is our way of saying he supervises the boys. Add to this—teaches speech and health, sponsors several activities—and you have an idea of how energetic this young director is.

#### MISS LOUISE BARTHOLD

Ever ready to give a stuttering actor a helping cue is Miss Louise Barthold, our dean of girls. To her also goes the honors for our splendid student council. An ace director she also teaches history.

#### OFFICE SECRETARIES

Able scripts girls are these two, they must keep track of all the endless details that must go through the studio office. All excuses to leave the lot or to return to rehearsals must be issued through these two efficient girls.

## The English Department

The English department is perhaps the most important training given in our studio. The first step in this process toward stardom is the teaching of the correct usage of words. Just plain grammar is taught the first year, while during the next two, students are left to pursue the higher branches at will.

After the first year, the department branches into fields which give players the chance to specialize in courses which will have a bearing on the careers they choose. This is where we find Speech and Dramatics, those courses which give students the poise and ease before an audience which all actors need.

Journalism teaches all phases of newswriting and reporting, and gives the student confidence to enter many new ventures. The "Outlook" and "Wakitan" are put out by this class.

Creative English is the class where all the aspiring scenario writers, with an average above "S," are taught the fundamentals of style and criticism. This class helps to put out "Tower Gleams."

English Literature is an exciting subject where our actors get many a tantalizing look into the lives and works of the greatest of literary men.

Business English is given to aid the student in holding out as a star in the business world. They are taught correct English usage, spelling and types of letters.

Contemporary Literature is the study of literature written by present day writers. Here our actors study poetry, novels and short stories.

## Constructive Arts

As our starlets enter Central's training school they are presented with a variety of courses offered to give them a firm clasp on an important role in life.

Homemaking, Foods, and Clothings are offered to the girls. These courses make for better living and appreciation in the homes of the future.

Boys are offered some unique courses, the newest of which is printing, where the young players learn to set type and run a press. Then, there is Lathe and Bench, where the boys turn out wonders in carpenter-ship.

Mechanical Drawing starts many a young architect on his climb to stardom, through making floor plans and blue prints.

In the Art Department one may find a variety of courses

fitted to equip any youngster's talent. Here we find Art Appreciation classes, classes in Clothes Designing and Interior Decorating classes. The stars of Commercial Art classes supply our halls with attractive posters.

Musical talent is also supplied for Central's studio-gee clubs. The Girls Glee Club, Boys Glee Club, and Mixed Choir have helped music appreciation on this high school lot.

No production could be complete without background of music. This, at Central, is provided by our splendid orchestra and band, large, and very talented.

## Physical Education

All work and no play makes Jack a dull boy. This familiar statement holds quite true to the young actors of our Central studios. Many of our military minded students seek as their extra curricular work, R. O. T. C. This military training course helps in preparing a student not only for future work in military, but in helping to produce a more successful citizen.

The boys department of athletics is composed mostly of football, basketball, and track, in which a numerous amount of boys participate. An interesting program of intramural sports is also planned and carried out each year.

The Central "C" is the goal which the girl athletes strive for each year. Many sports such as softball, basketball, hockey and others are included in their program.

Ballroom dancing and tap classes are two other subjects which Central proudly presents to its young actors. They are becoming more and more popular with the students each year.

Central's aim in presenting physical education to its partakers is to prepare the physical being to the extent that he can get the most out of the mental side of school life.

## Commercial Department

Among those in our Central Studios that are seeking more knowledge in the way of movie talent, choose in their selective courses in the Junior and Senior year such subjects as Shorthand, Typing and Office Practice. These are the primary and most interesting subjects for the vocational minded high school movie star.

In Shorthand the course definitely endeavors the student to learn dictation and application. In Typing, the main purpose is to learn the fundamentals, and ability to operate a typing machine. Most students try to take this course, not only because

of its value in the school but after the goal of graduation is reached. Office Practice, another subject under this, deals chiefly with both shorthand and typing combined.

Bookkeeping, the only elective subject in which a student may take all three years, is open to everyone. Five periods a day. During the first semester a pupil learns mostly the elementary side of bookkeeping. The second semester deals mostly with application of the theory. The highlights of the second semester is the completion of the Household Practice Set, which deals with the economic and Budget system of one's home life to come. It bears upon a student that thrift and economy are two of the finer points in our future life.

One of the things that help to make our movie lot a more joyous and happy one is a number of elective courses designed into leading us to a vocation. Among these is a business commercial course known as Commercial Law. Learning the general knowledge of laws pertaining to trade and commerce and providing students with a little enjoyment while having sham trials are only a few of the finer activities in Commercial Law.

A varied approach to the subject of Economic Geography commands a great deal of our students' interest. Economic Geography deals chiefly in the types of industries, occupations, hunting and fishing, grazing, farming and lumbering of the people of the world. The plan of presentation of the materials is new and stimulating. It replaces the old Cyclopaedian form.

Business English and Salesmanship are two other subjects which demand much of the students' attention. They are very popular among the classes.

## Natural Science Department

In order that a student may graduate from Central High, they are required to take a one year course in Natural Science. Biology, Chemistry, Physics and Psychology are the four very interesting subjects offered to our students.

Biology, which is the primary and Sophomore subject, is by far the most interesting to the student. After completing this course a student will have fully absorbed a knowledge of biological standards. Also he will have had a faint glimpse into such subjects as Electricity, Physics, Psychology and Chemistry. Advanced Biology for Juniors and Seniors is also offered.

Chemistry, which seems to lure many Junior and Senior boys and girls, is one of the most fascinating and interesting subjects at Central. Many pupils enroll in this subject throughout the year. The principal aims in the study of Chemistry are the

solving of simple problems in the arts and elements of Chemistry. The working out and analyzing of primary Chemistry experiments, and the relationship and solving of Chemistry problems to our modern world-like conditions.

Physics, which seems to attract many mechanically minded pupils, offers a very broad and educational field. This subject seeks to teach the student an elementary knowledge of electricity, sound and light, and the principles which fluctuate mechanics and weight. Physics also helps to install into the mind of a student the most important scientific attitude.

Another study in our program of education which is gaining more and more in popularity among our students each year, is the subject of Psychology. This subject which is most diligently taught is open only to Seniors and is a one semester course.

All in all our Natural Science Department is a great help in the development of our own character, in helping us to think clearly and to solve intelligently our own problems.

●

## The Mathematics Department

The Mathematics department is of great benefit to our school. Here students are trained to solve any problem confronting them concerning figures. Mathematics itself presents the practical parts of Algebra, Geometry and Arithmetic applicable to every day business situations.

Trigonometry is the application of Algebra, Geometry and the practical measure of triangles. This includes both practical and theoretical mathematics.

Geometry is the study of angles, measurements, square root, solving of problems concerning them, and the application of clear thinking to problems of life. Algebra is the study of equations.

●

## Language Department

No actor in the Central Studios may consider himself fully applicable for the right of promotion unless he has become acquainted with the variety of speeches, offered to him by our Language Department.

Latin, Spanish and French are the three presented to our students.

Latin in the field of medicine, and the basic of all other languages may be considered first. The immediate primary objective for the study of Latin is the ability to read and understand the importance and history of Latin. Through the study of Latin one may develop desirable mental habits such as

Class Scenes: Lower Picture, Cooking, Tap Dancing, Typing.

perfected attention, perseverance and accuracy. In completing the course a student shall have gained a historical background, relating to life, history, mythology and religion of the Roman people.

French and Spanish courses are the two studies next to be discussed. These two courses are somewhat alike in the subject of aims. For both of them a student's objective should be, the ability to read and express simple ideas, to develop in the minds of the student a greater understanding of life and customs of the Spanish and French speaking people, creating in them a warmer feeling of international friendship.

The brief glimpse which a student receives in taking a foreign language is a great help in preparing for a college education.

## Social Science Department

The Social Science courses that Central offers to its young actors prove to be of the utmost importance to the development of future citizens for our Democracy. They are all applicable to modern living.

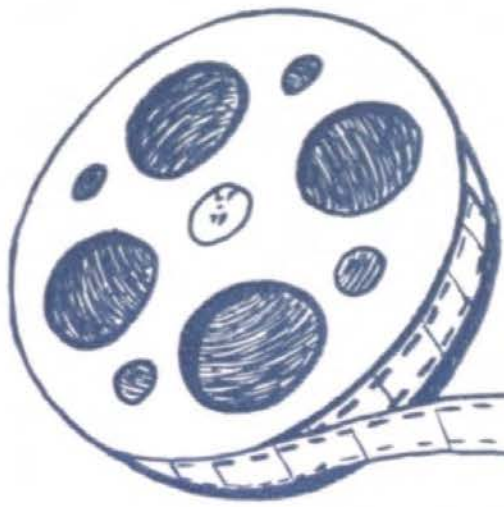

A Sophomore elective course, World History, deals chiefly with the activities and struggle of man from the prehistoric ages up to the present day. This most interesting subject by linking together these events of medieval and modern times proves that present day events have their bases in the past. To further this idea an integrated course of Sophomore history and English is taught.

United States History, a Junior course, is the story of the rise and development of our nation up to the present. It relates the struggles and warfare that our people engaged in, to reach our present state of civilization. It shows how modern economic and social conditions rose out of the past. An interesting experiment has been conducted in the integration of United States history and Missouri history in one class.

Senior subjects are Economics, the study of man's struggle to make a living; and American Government, the study of the functioning of our national state, and local governments.

Two elective courses in the field of Social Sciences for boys are Personal Problems, which helps the boys to be successful in their jobs in business. Each boy taking the course has a job outside of school; and Consumer's Science, which has as an aim, helping man to apply science to his daily living and to live successfully with modern science.

Before going out from the studios of Central the young actors are required to complete three units of Social Science.

## Seniors Bow as Stars in Production

### FINAL FULFILLMENT OF CONTRACT ENDS IN GRADUATION ROLES

In order to see more clearly the place of this senior class in Central's productions, it may be helpful and interesting to project the film of memory back through the years, thereby gaining an intimate view of its struggles to their coveted goal of stardom. The training which they have attained has enabled them to rise from starlets to stars, prepared to fill important roles in the drama of life. From the time they entered the portals of Central for the first time, the class has progressed quite rapidly, advancing through the stages of instruction necessary to become stars.

Their careers began under the direction of Miss Lucille Marechal and Miss Josephine Henassy. These able sponsors worked together for two years, when Miss Neva Wallace replaced Miss Henassy.

The sophomore year was successful as the students began their struggles, but the junior year was even more exuberant. Marguerite Brock, Hazel Conkling, Joan Eckleberry, Eileen Fancher, Nina Lu France, Richard Garlich, Margaret Holcomb, John Jamieson, Virginia Klein, Alexander McPherson, Jane McPherson, David Morton, Rosemary Pedrick, Robert Spalsbury, Katherine Utz, Bernard Weber, and William White were taken into the National Honor Society in the junior year.

This year the seniors chose four outstanding stars to help better the production with advice and leadership. They were: class president, Gene Hawk; vice-president, Alexander McPherson; secretary, Joan Eckleberry; and treasurer, Robert Spalsbury. The officers of the Student Council were also from the graduating class. David Morton was chosen president; Mary Meierhoffer, vice-president; Robert Raidt, secretary; and Duane Spalsbury, treasurer. With Barrie Driver as master of ceremonies of Capers Main Show, and the presentation of the Side Show, "The Men, and It's All About Bustles," seniors helped to make this year's Capers one of the best.

## PREPARING FOR NEXT YEAR'S LEADING ROLES

LOWER PICTURE—Junior Class Officers: Catherine Barrow, Treasurer; Larry Lucas, Vice-President; Bob Hillyard, Secretary; Hughes Morton, President.  
UPPER PICTURE—Junior Class Sponsors: Miss Vera Tilson, Miss Mary Myers.

## *Featured Players Prepare for Stardom*

**T**HE UNDERSTUDIES in this great 1940 production are industriously striving to reach the goal that stars have already attained. Under the guidance of Miss Vera Tilson and Miss Mary Myers, each Junior has shown his ability as a capable leader or follower, too, and do a well-done job on any project that was attempted.

Leading the understudies in all of their attempts for success, is their able President, Hughes Morton. Other Juniors who hold class offices are: Vice-President, Larry Lucas; Secretary, Bob Hillyard; and Treasurer, Catherine Barrow.

Many of Central's Understudies excel in scholastic work as well as in school activities. Those Juniors who attained the highest scholastic honor at Central by being admitted to the National Honor Society while only Juniors are: Mary Jean Angsten, Irwin Baird, William Barger, Catherine Barrow, Taney Beaumont, Bob Buzard, Gretchen Chase, Barbara J. Connett, Harold Cunningham, Harriet Freedman, Elizabeth Grable, Arthur Hemphill, Gene Juda, Katherine Koser, Larry Lucas, Hughes Morton, Jack Sewell, Cecilia Shott, Betty Jean Slay and Ellen Wagenfield.

Eleven Juniors were elected during the year's time to the Student Council to represent their class. These members are: Gretchen Chase, Catherine Barrow, Hughes Morton, Janet Poe, Bob Buzard, Harold Cunningham, Harold Entsminger, Bob Hillyard, George Athens, Larry Lucas and Taney Beaumont.

The Junior Class has been faithful to Central High, in all respects, by forwarding its high ideals through their leadership, scholarship and their ability to follow others as they seek their goal of success.

## Planning Their Way to Fame

LOWER PICTURE, LEFT TO RIGHT—Sophomore Side Show Committee: Jeanette Magnussen, Jack Smith, Bill Seeber, Billy Chapman, Jimmie Elliott, Natalie Rose, Maejean Lencher.

UPPER PICTURE, LEFT TO RIGHT—Sophomore Officers and Sponsors: Barbara Chase, Secretary; Lillian Tootle, President; Miss Eleanor Thompson, Miss Hester DeNeen, Sponsors; Jimmie Elliott, Vice-President; Raymond Patton, Treasurer.

## Sophomores Begin Active Career as Central Starlets

**I**T HAS been a custom in Central to regard the Sophomore Class as the "green" ones on our magnificent movie lot. "Green" or not, these Sophomores have proved that they are quite worthy, under the able leadership of Miss Hester De Neen and Miss Eleanor Thompson.

The class officers composed of Lillian Tootle, President; Jimmie Elliott, Vice President; Barbara Chase, Secretary, and Raymond Patton, Treasurer, have led their ambitious group with great praise and gratitude from the faculty and fellow students.

To represent them in the Student Council, the class chose: Betty Anderson, Barbara Chase, Maxine Davis, Jimmie Elliott, Virgil Henderson, June Hoffsommer, Carmelita Jewell, Charles Keene, A. J. Matill, Claude McDonald, Jack Pepper, Bill Seeber, Betty Setzer, Shirley Smith, and Lillian Tootle.

With Jimmie Elliott as Master of Ceremonies, the Sophomore sideshow titled, "Only Angels Have Wings," did much to make the 1939 Capers a huge success. Bill Chapman, Maejean Lencher, Jeanette Magnussen, Bill Seeber, and Jack Smith were on the planning committee.

In the field of athletics our group of bit players was well represented in both football and basketball. There were fifteen boys of the class who received recognition in football. Those winning reserve letters were: Jack Anderson, Bob Gaddy, Joe Holferty, Frank Lane, Bill Miller, Don Painter, Frank Pierce, Don Scarlett, Glenn Schooley, Clarence Shockley, Jack Smith, Earl Spencer, Randolph Vories, and Clayton Weddle. Frank Crooks was the only Sophomore who survived with the varsity team. The Indians will be well equipped with this quality of material the next two seasons.

In the way of basketball, the Sophomores were not in the least "green," they won the city reserve championship. Those active in this sport were: Foster Brown, Eldon Buckner, Frank Crooks, Art Gill, Paul Goodpasture, Joe Holferty, Charles Keene, Don Painter, and Don Scarlett. The track team was greatly stimulated with tenth graders, too.

We take great pleasure in presenting to you in the preceding pages, a view of our next year's Juniors, whom we hope will all achieve the high standards set by Central.

## SOPHOMORES BEGIN ACTIVE CAREER AS CENTRAL STARLETS

(Continued from Page 55)

In the line of duty, our young starlets were quite active as fire chief assistants and Safety Council representation. To keep Central's movie lot safe, Kenneth Goodding, Jack Hixon, Wilton Remilius, Albert Stewart, Norman Wasson, Clayton Weddle, and Walter Wells assisted during fire drills. Jimmie Elliott represented the class to the Safety Council.

During last October, when the Neutrality Bill was headlining the news, the Sophomores held a panel discussion about this subject on an assembly program. Those participating were: Bill Chapman, Barbara Chase, Jimmie Elliott, Jim Pendleton, and Lillian Tootle.

In acting ability, Jimmie Elliott well portrayed the role of the vice-principal, Mr. Nelson, in the annual All-School Play, "What A Life."

With two more successful years ahead, the Sophomore Class is expected to accomplish as well as create much talent and leadership under the roof of our imaginary Hollywood stage.

There are many Sophomores who are anxious to secure membership to the National Honor Society. Many of them, who are in the upper fourth of their class, are rapidly getting activity points which greatly helps them to become members of this national organization.

Every year new members are chosen by their character, scholarship, leadership, and service. Some students acquire enough points for membership by their Junior year. Others require the whole three years to secure points. Whether a student enters in his Junior or Senior years, he gets the same honors as his fellow members.

Central's young starlets are now hard at work striving to secure the required activity points. There are fifteen Sophomores whose names appear on the high honor roll. These worthy young Centralites are wasting no time in attaining their goal, The National Honor Society.

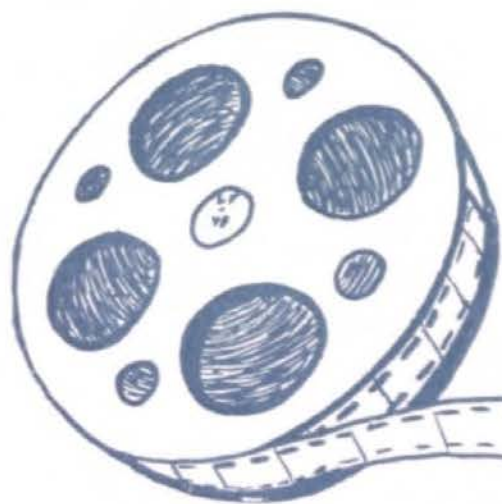

The following are in the upper tenth of the Sophomore Class: Ann Ashcraft, Muriel Buxbaum, Allen Choka, Jimmie Elliott, Ella Hawman, Jeanette Magnussen, A. J. Matill, Analee McClung, Kathleen Melkowski, Jim Pendleton, Natalie Rose, Catherine Shott, Bond Sutherland, Joan Tibbetts, and Virginia Wyatt.

To gain entrance to The National Honor Society is the highest honor a Centralite can possibly receive. There were fifty-two students who were admitted this year. Of this total, sixteen of them were of the Junior Class and thirty-four of thee Senior group.

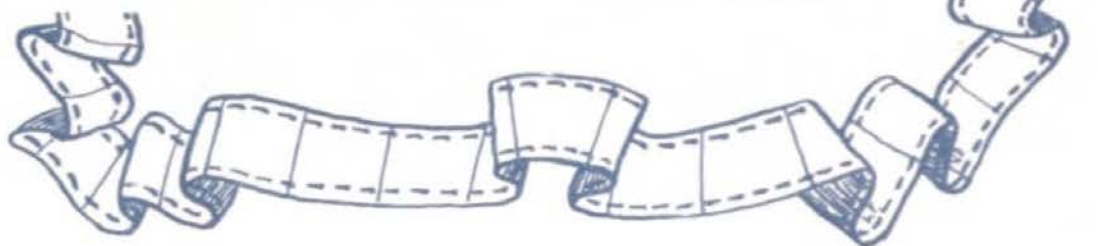

The officers of this honor society are as follows: Alexander McPherson, President; Bernard Weber, Vice-President; Marguerite Brock, Secretary, and Virginia Klein, Treasurer.

**E**VERY production must have an executive board to direct its affairs and offer suggestions for improvement. Such a body is the Student Council, who participate in the student government of the school.

Each six weeks new members are elected. In order to be eligible for this office it is necessary for the candidates to have a petition signed by ten members of their own class. Then a vote is taken on those who have qualified.

The Student Council is a valuable organization. New plans are always being brought up in their meetings for improvements and betterments in our school activities.

The Student Council has been in operation since 1924 when it met each week with Miss Calla E. Varnier. Since 1926 the Student Council has been under the supervision of Miss Louise Barthold, the present sponsor.

## Careful Planning for Better Laws

Central has been praised for being the originator of the annual meeting of Student Councils of the Central States. The first meeting of these councils was held at Central in October of the year 1928. Since that time annual meetings have been scheduled at various cities throughout the Middlewest. The convention this year was held at Ponca City, Oklahoma. Those representatives attending from Central were: David Morton, Mary Meierhoffer, Gretchen Chase, Bob Hillyard, Bob Raidt, Bob Urquhart, Larry Lucas, and Duane Spalsbury.

This year they have changed the way of electing the football queen. Instead of crowning the person who sold the most tickets as queen, as was done in former years, the entire student body votes on the five highest ticket-sellers. This is believed to be a much more democratic way of choosing the queen than the former method.

## *Brings About a More Perfect Democracy*

Once a month a dinner is held in the cafeteria followed by a regular business meeting. The following morning each representative gives a detailed report on the session. An open meeting of the Student Council was held inviting an elected member of each home room to attend a dinner and later the whole school to come and enter into the discussion.

Other important services of the Student Council are: the book exchange, lost and found, orientation classes for the incoming sophomores, printing the Hand book, and participation in the sectional convention.

Because of the Student Council, students are able to enjoy lunch hour dancing as well as occasional sunlite dances.

## NATIONAL HONOR SOCIETY

### Checking Names of New Aspirants

PERHAPS one of the greatest honors that can be earned by a worker in our Studio, is membership in the National Honor Society. Only those students who have proved their leadership in scholarship as well as in extra-curricular activities, are admitted to membership.

Central's chapter of the National Honor Society was founded in 1925 and is the most outstanding organization of the school. Definite requirements must be met before a student can qualify for its limited membership. Only the upper fourth of the junior A and senior A classes are eligible. Officers of the first semester were: President, Dale Linglebach; Vice President, Donald Stallard; Secretary, Margaret Holcomb; Treasurer, Ben Vineyard. Those elected the second semester were: President, Alexander McPherson, Vice President, Bernard Weber; Secretary, Marguërite Brock, and Treasurer, Virginia Klein.

## Organizations Promote High Standards for Service and Christian Living

### CENTRAL HI-Y

In recent years the Central Hi-Y group has been growing steadily both in its membership and sphere of influence. There are five Hi-Y Chapters within Central's halls.

### JUNIOR RED CROSS

Central has proved its "up and comingness" in the organization of the first school chapter of the Red Cross. This junior organization has proved of great benefit to the school and community.

**FIRST SEMESTER OUTLOOK**

**W**ORK and consistent work is the byword of the Publication classes. The journalism students spend their first semester studying the make up of a newspaper and the technique of news writing. Then the staff for the Outlook is selected and these people produce an edition of the paper each week. It is supported by the activity fee and by fifty per cent of advertisements in it. Each Central student is entitled to a copy. All writings are contributed by students.

The Outlook is ranked with the best papers of other high schools of 1,000 to 1,5000 students in the United States.

## Safety Council Endeavors to Make Students Safety Conscious

The Safety Council is endeavoring to make students safety conscious. The council has organized several safety programs and activities. They have held safety drills and have distributed safety pamphlets. The council is also working to educate students on the dangers of smoking and drinking. The council's goal is to create a safe and healthy school environment for all students.

## OUTLOOK, SECOND SEMESTER

THE saying, "The play must go on," might be well applied to the publication of a paper. After the first semester Outlook staff has graduated, a fresh, new crop of aspiring young writers come up to fill the ranks.

While affording the students experience in newspaper work, students enjoy the paper, as it presents a true picture of school life and activities.

Outlook ranked best in Class C in the State of Missouri. Harold Nelson became Co-Editor last part of semester.

#### WAKITAN BOARD

**A**S GUIDES through our Central production, the Wakitan Board gives you an inside picture of the work and activities of the school. Publishing the Wakitan is no job that can be accomplished by a mere snap of the fingers, but work on the yearbook starts the first of the new semester, and continues until practically the end of the school. Students who publish the Wakitan are very nearly the same as those who put out the Outlook. Their job calls for a high degree of creative ability and efficiency.

Early in the fall of the year the newly chosen members of the Wakitan Board meet in order to decide upon a theme for the yearbook. After a theme has been carefully chosen, one that can be well adapted to the school, work is immediately begun on taking the various pictures necessary. Then comes the working out of a well thought plan for the book. Each page must be carefully made up, and each unit accurately counted to assure a professional appearing book.

### TOWER GLEAMS

**T**OWER GLEAMS, the annual literary magazine of Central, is published to promote creative writing. The theme for this year's "Tower Gleams" was the coming of printing to the American colonies. This year marked the three hundredth anniversary of printing in America, and in the tenth annual publication, the "Tower Gleams" staff expressed their appreciation of freedom of the press known and enjoyed by all in this country. Tower Gleams ranks among the first of literary magazines in the United States.

### CAPERS

Do you remember—the gasps of sheer joy and the undercurrent of excitement that ran through the auditorium as the curtain slowly parted on the 1939 Capers — the Central Playhouse's annual musical . . .

Can you ever forget—the impression you were given that you were on a roof garden, hundreds of feet in the air, looking out over a vast city, amass with brilliancy . . .

Do these pictures bring to mind—the four featured vocalists—the duet

of acrobatic dancers—a waltz team, followed by a beautiful waltz chorus—to say nothing of a snappy cane dance—a fast moving tap—a gorgeous array of costumes . . .

Do you recall—the cleverly produced skits—along with the music of the orchestra, who looked very elegant indeed in formal attire—the Eddie Duchin of the Central Playhouse—combined to climax an evening's entertainment long to be remembered as a credit to the Central Players.

## ARMISTICE DAY PROGRAM

In honor of the anniversary of Armistice, a stirring assembly was presented in our auditorium. This year the drama, "The Inevitable Hour," was given. The play concerns a chancellor and the choice he must make between peace and sacrifice, war and destruction, for honor. Those stars in the cast were: Bob Urquhart, Bob Archibald, Foster Smith, Herbert Woodrich, Dorothy Jones, Enid Heiten, John Demaree, Irwin Baird, David Brenner, Bob Spalsbury.

## THANKSGIVING DAY PLAY

The directors in our studio selected as the Thanksgiving play, "Bread," by Fred Eastbourne. The cast was chosen from the speech classes, and the play was directed by Miss Lacy.

## THE ROLL CALL

Undoubtedly the most thought provoking moment in our high school drama is the Armistice Roll Call. Then we pay reverence to those from our school who gained their starring contract "over there."

## SENIOR WEEK PLAY

Those stars who have had several successful seasons in our Central Studio have given their last production—but what a program it was. As a climax to the senior week activities, these stars presented first a senior play entitled "Sweet 16," and on the following day a unique musical program.

### THE NATIVITY CAROL SERVICE

One hundred fifty student stars took part in our annual Christmas Pageant.

This stirring program consisted of several selections by a string ensemble, and a medley of Christmas carols featuring Daphne Davis as harpist. Four tableaux were presented.

### THE WAKITAN PLAY

Lights, Action, Camera, so ran the dialogue of the Wakitan play, when the members of the board undertook to audition the talented stars of Central. Many a contract was given through the medium of student applause, and stars fairly glittered from our stage.

## SENIOR WEEK MUSICAL

Central seniors were in the limelight for an entire week with all sorts of excitement, programs, and dances. But all good things must end. As a fitting finale to a very busy and thrilling time, these students presented an extraordinary musical program starring a goodly portion of the senior class in dance numbers, senior orchestra, and novelty selections.

## WASHINGTON DAY PLAY

"Washington at the Delaware" was pre-

sented in our studio as a patriotic tribute to our first president.

## ALL SCHOOL PLAY

One of the highlights of the year at Central, is the All School Play. This year a popular three-act comedy, "What a Life," was selected. It deals with the scrapes of a sixteen-year-old High School student, his trouble trying to remember Roman history dates, and his all important love affairs.

#### GIRLS' GLEE CLUB

A MAJOR part of any production is the music department. Included in the very fine department of our school is the girls' glee club. They have appeared in starring roles several times, always giving an enjoyable performance.

In order to become a member of the Girls' Glee Club, it is necessary that you be a junior, and also to attend the tryouts held each spring. To become a member of this highly successful organization requires a spirit of cooperation, ability to concentrate, as well as an excellent voice.

Along with appearing before the student body, the Girls' Glee Club is often called on to perform at various functions outside the school.

The Girls' Glee Club is ably directed by Miss Beulah Mae Bennett. Officers of the club are: President, Harriett Hart; Vice-president, Corrine Lovett; Secretary, Maryanna Poindexter; Treasurer, Margery Denton; Reporter, Freda Case, and Librarians, Evelyn Sledd and Elizabeth Grable.

ORCHESTRA

*Orchestra Brings  
Harmony to  
Our Studio*

MORE than sixty pieces comprised our splendid orchestra this year. The members of this large organization have enjoyed their work very much. Under the direction of Miss Beulah Mae Bennett, the orchestra has played for all our assemblies. They displayed much talent when it played in the coronation of the football queen, the Christmas program, the Easter program, and numerous other programs. The orchestra has been one of the best that Central has had in years.

Paul Noel was concert master the first semester with Gene McDaniel his assistant. The second semester, Gene has been concert master and Marguerite Brock as assistant. Shirley Bell is principal of the second violins.

#### ORCHESTRA STRING SECTION

Front Row, reading left to right: Howard Triplet, Alene Hall, Helen Blosser, Barbara Walters, Martha Newkirk, Bonnie Jean Meyers, Harriet Lou Trautwein, Shirley Bell, Charles Neidinger.

Second Row: Cecile Hurt, Eleanor Harpster, Alma Mall, Kathleen Lard, Marguerite Brock, Sarah Calton, Marjorie Kramer, Betty Lou Wallace, Betty Best.

Third Row: Tommy Gumbert, Melvin Sweet, Vernon Barrow, Helen Langtim, Eloise Keller, Gerald Cook, Jerry Ford, Jerome Fee.

Miss Bennett says that the orchestra is very good and she enjoys working with the group. Although the entire group is too large to travel, a trio composed of Marguerite Brock, violin; Barbara Walters, cello; and Carolyn Schadt, piano, have played dinner music on several occasions.

The personnel of the orchestra is made up of fourteen first violins, fourteen second violins, three cellos, two string bass, five flutes, seven clarinets, five saxophones, three trumpets, two trombones, two horns, two drums, one bassoon, one viola, one piano, and assistant accompanists.

The orchestra has studied several of the famous symphonies and overtures, and has also enjoyed some of the better semi-classical music and popular musical comedy.

**O**UR band has become famous throughout Northwest Missouri because of its many and various activities. The complete band played its first engagement at the American Royal Horse Show in Kansas City early last fall. Out of town visitors commented favorably on our well groomed band in both the Christmas parade and the Apple Blossom parade. The band was met with unanimous approval from the student body when it played for them on several occasions at assemblies. This active organization gave enjoyment and added color to such programs as that of the Missouri State Teachers Association and the Central High School Community Association. K. F. E. Q. had our band play over its wavelength for one half hour on the student program. One of the highlights of Central's musical year was the all school concert at which the band played an important part.

## DRUM MAJORS

These three talented strutters have served as more than excellent publicity agents for Central Studio. They have led our band in many exciting adventures both in the city and on tours throughout this part of the country. Perhaps our biggest thrill came from seeing their snappy uniforms and whirling batons in the big arena at the American Royal in Kansas City. Then there is always the excitement of our own football games when these peppy stars keep our enthusiasm up to a white heat through their many capers. They have won honor in many contests, and thus keep the name of our studio constantly in the eye of the public.

### FOOTBALL

**C**ITY Champions. What better could describe the success that the Central Indians enjoyed during the 1939 season? The records show that the Tribe won five and lost three games. The Indians scored 117 points to their opponents' 86.

In the first game of the season, William Chrisman of Independence defeated the Indians, 13 to 7. In the first intra-city game against Lafayette Bode Litton scored one touchdown and threw the other to John Stinson to win, 14 to 7.

Central outplayed and defeated a strong Springfield team to the tune of 19 to 6.

Central journeyed to Topeka, where they went down fighting to the score of 13-0.

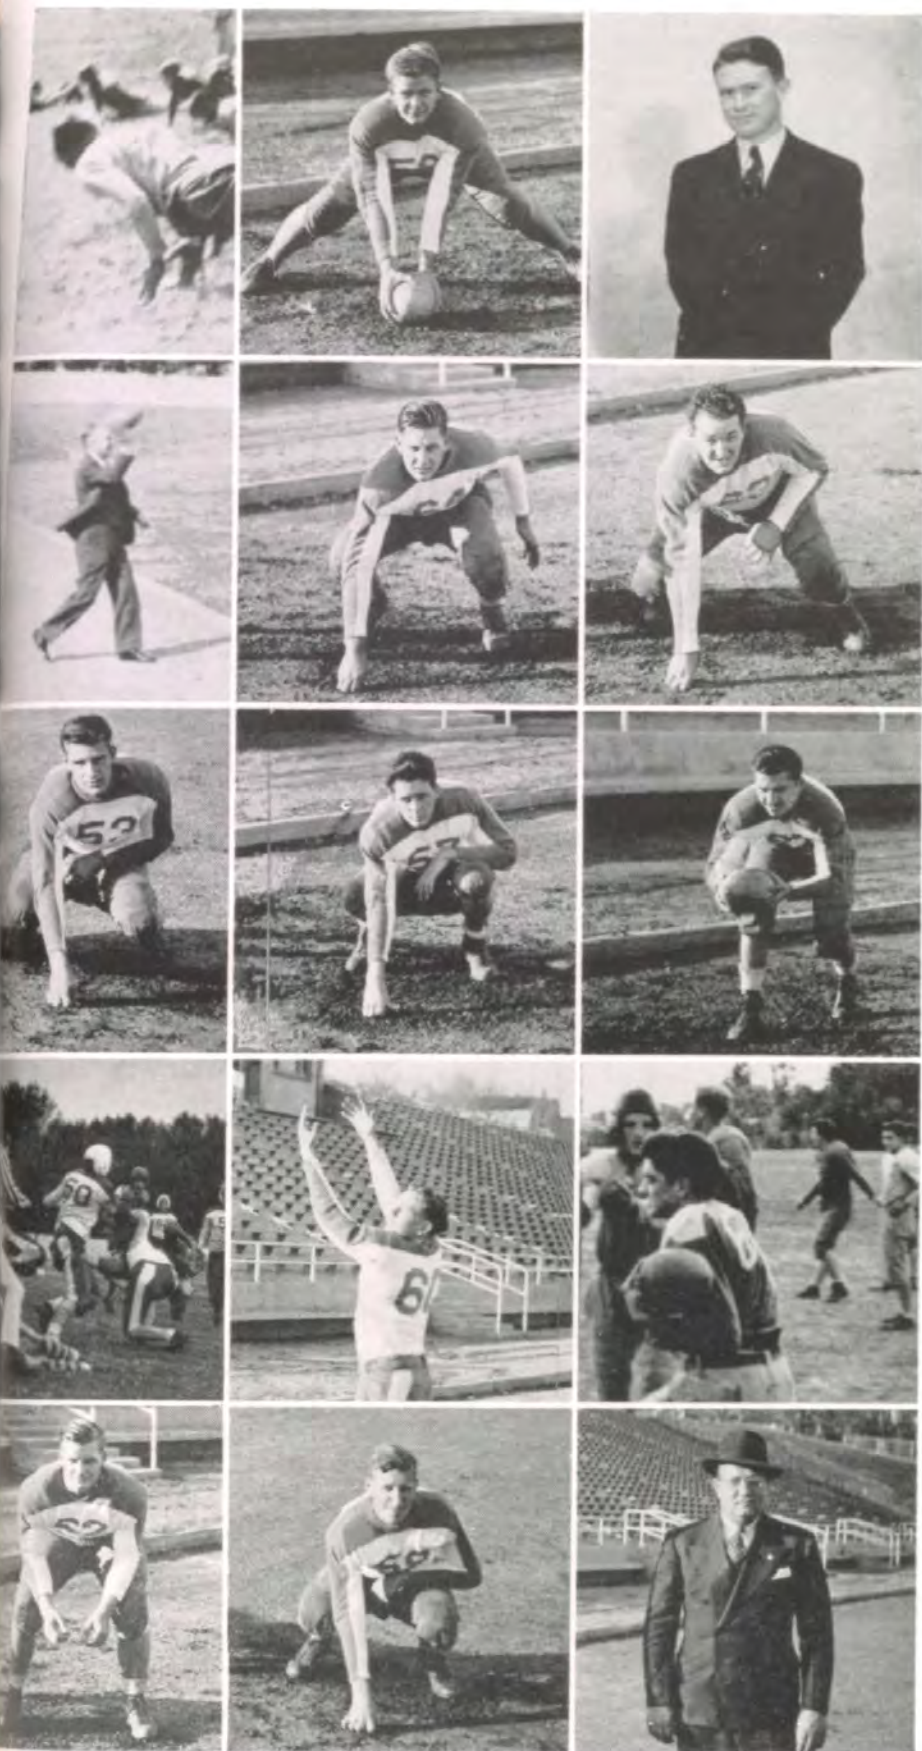

Coach Embree used the entire team in defeating a weak Christian Brothers eleven, 20-6.

Lawrence, Kansas, handed Central its third defeat of the season by the large score of 27 to 6. Pat Green, Lawrence's star back, carried the ball for four touchdowns against the Indians. Bode Litton made the only Central touchdown.

The Indians defeated a weak Hamburg team, 32 to 14. Embree used his reserves for the majority of the game. Agranoff scored three touchdowns for the Tribe.

The Indians, defending their title, downed a strong Benton team in the annual Turkey Day game, 19-0. Central really turned on the power to cinch the city championship.

Five of our players made the all-city team. They were: Bode Litton, Yannie McPherson, Ed Goforth, Frank Gill and Harold Entsminger. Hats off to these boys.

**1940 BASKETBALL**

*Indians End Successful Season*

**T**HE 1940 basketball season as a whole was a success. Out of the 19 games played the Tribe won 12. While the Tribe finished second in the intra-city, the Indians won the regional tournament and the right to go to the state tournament.

The opening game of the 1940 season was an intra-city match with Lafayette. The Indians defeated the Shamrocks, 21-20. Bode Litton led the scoring for the Tribe. The Tribe journeyed to Warrensburg, where they defeated the Bulldogs, 17-12. Bob Raidt was outstanding for the Indians.

The third game of the season was another intra-city match with the 1939 champions, Benton. The Tribe was defeated, 15-12. Earl Stark stood out for the Tribe. The following night the Indians lost to Wyandotte High, 27-16.

Hitting their stride, the Indians defeated Christian Brothers, 18-15. The next night Central played host to Topeka High. The Indians defeated the Trojans, 34-26.

The next night the Tribe lost to Trenton, 27-22, but returned to form to defeat Topeka, 44-31. Earl Stark and Bode Litton starred for the Tribe.

The next night the Tribe lost to the Warrensburg Bulldogs, 35-28. Earl Stark and Bode Litton were high scorers for Central. The Central Combination clicked and the Indians defeated Joplin, the 1939 State Champions, 31-29. Baker and Stark were outstanding for the Indians. In the final game of the season the Tribe defeated Springfield, 36-21.

Central pulled a mediocre season out of the fire by winning the regional tournament. In the opening game the Tribe defeated Maryville, 28-21. In the semi-finals Central defeated Benton, 38-24, and downed Christian Brothers in the finals 29-28.

### 1940 TRACK SEASON

**C**ENTRAL starts its 1940 track season with three returning lettermen, Gene Hawk, Bill Hawkins and Melvin DeHart. However, Coach Arch Arnold Embree has the invaluable services of Harry Agranoff, Rod Smith and Leonard Fisher, members of last year's track squad. These competent performers, with the help of Assistant Coach Allen Hatfield, should pile up a convincing record for the 1940 season. Coach Embree, as is Central, is confident that they will.

## STARS RELAX AMID VARIED SPORTS PROGRAM

### GIRLS IN SPORTS

Within the walls of the Central Playhouse, the girls are given a chance to relax their tired minds from the thoughts of Latin, geometry or chemistry, as the case may be, by participating in a wide variety of after school sports. There are six major sports offered to the girls. They are: Basketball, volleyball, baseball, bowling, hockey and swimming.

If for any reason a girl cannot participate in these major sports, there are a variety of lighter sports offered, such as ping pong, horse shoes, archery, badminton and fencing.

A girl who participates in these sports benefits greatly in gaining friendships and learning the true meaning of sportsmanship.

The head of the Physical Education Department and instructor of all the tap classes is Miss Madeline McDonald, known as Mac to all the girls. She works tirelessly when Capers and the spring exhibit rolls around. Miss Jessie Jutten, the sponsor of the Girls Athletic Association, is a source of inspiration to all the girls. They set a fine example of true sportsmanship for the girls to strive to match.

### MIXED DOUBLES

This sport has been gaining momentum for the past few years, and has at last hit its stride. A popular sport, it attracts many contestants each year.

The winner of the girls' tennis tournament, Beverly Dankers, teamed up with Jack Baker to take the mixed doubles.

## Players Surpass Fellow Competitors

Hockey is the newest girls' sport played at Central, since it has been played only three years as a major sport. It is a game that requires not only teamwork and strategy, but also individual and co-operative effort on the part of every player on the team.

Central has good equipment and a very good field for the two hundred girls who participated in this sport this season.

### HORSESHOES AND GOLF

One of the best liked minor sports is that of horseshoes. This year's champion was Beth Thuman.

Although only a small part of the girls have mastered the art of golf, it is fast becoming popular with the girls. Clara Donly, senior girl, won the title of golf champion.

### BOWLING

Every Saturday the bowling fans were seen at the Red Crown and Recreation alleys. A smoothness in rhythm is required to gain success in this sport. Barbara Danforth is the champion bowler.

## Teamwork Developed Through Active Competition

### TENNIS

In the early fall the girls are fascinated by the tennis courts to the east.

### VOLLEYBALL

Volleyball is perhaps the best all-around sport. It trains muscular co-ordination, it holds the interest and attention of the players.

### BASKETBALL

Basketball may well be called one of the most popular sports offered to the girls in Central.

# Actors Seek Recreation and Pleasure

## SWIMMING

More than eighty Centralites participated in swimming this year. The girls are divided into three groups: Beginning, Intermediate and Advance. It is liked and enjoyed by all taking part as well as healthful activity.

## G. A. A. BOARD

The G. A. A. Board is the administrating division of the Girls Athletic Association. It is comprised of a President, two Vice-Presidents, a Secretary and the managers of the various sports.

## ARCHERY

Archery is one of the minor sports offered in place of the more strenuous gym classes. This year Eleanor Saxer showed her great skill and accuracy by winning the championship.

### BOWLING

Bowling has become one of the most popular of individual sports at Central. The reason for its popularity lies partly in the intrigue of the game itself, and partly in the sociability which surrounds it.

Success in bowling depends on rhythm and co-ordination. More than one hundred and fifty girls participate in this sport.

### FENCING

This is the first year that fencing has been introduced to Central. It has advanced from the time when it was used to settle a dispute of life or death until at present it is considered only rousing exercise. Fencing is a good all-around sport which results in balance, grace and agility.

## MAJOR SAMUEL FAIRCHILD

Major Samuel Fairchild, although he has only been P. M. S. and T. in St. Joseph for a year, has won the respect and esteem of all the cadets. He makes regular visits to the R. O. T. C. unit and gives helpful information. During the year he has been here he has started many new ideas for the benefit of the units. Two of the most outstanding are the election of Sponsor Colonel and Captains and the giving of awards for outstanding service.

## THE REGIMENTAL STAFF

Central High School was again fortunate and placed six men on the city regimental staff. The appointments were made by Major Samuel Fairchild, P. M. S. and T. of the high schools of St. Joseph. The staff is selected on the basis of service, ability, leadership and scholarship. The cadets from Central who received staff appointments are: Colonel, Jack Walker; Major Adjutant, Bob Barman; Majors, Owen Henry and Paul Noel; Battalion Adjutants, Richard Homan and Paul Liebowitz.

#### OFFICERS CLUB

The Officers Club was organized this year and replaces the Shield and Spear as the honorary military society. The qualifications are the same as the Shield and Spear except that the members must hold the commission of an officer.

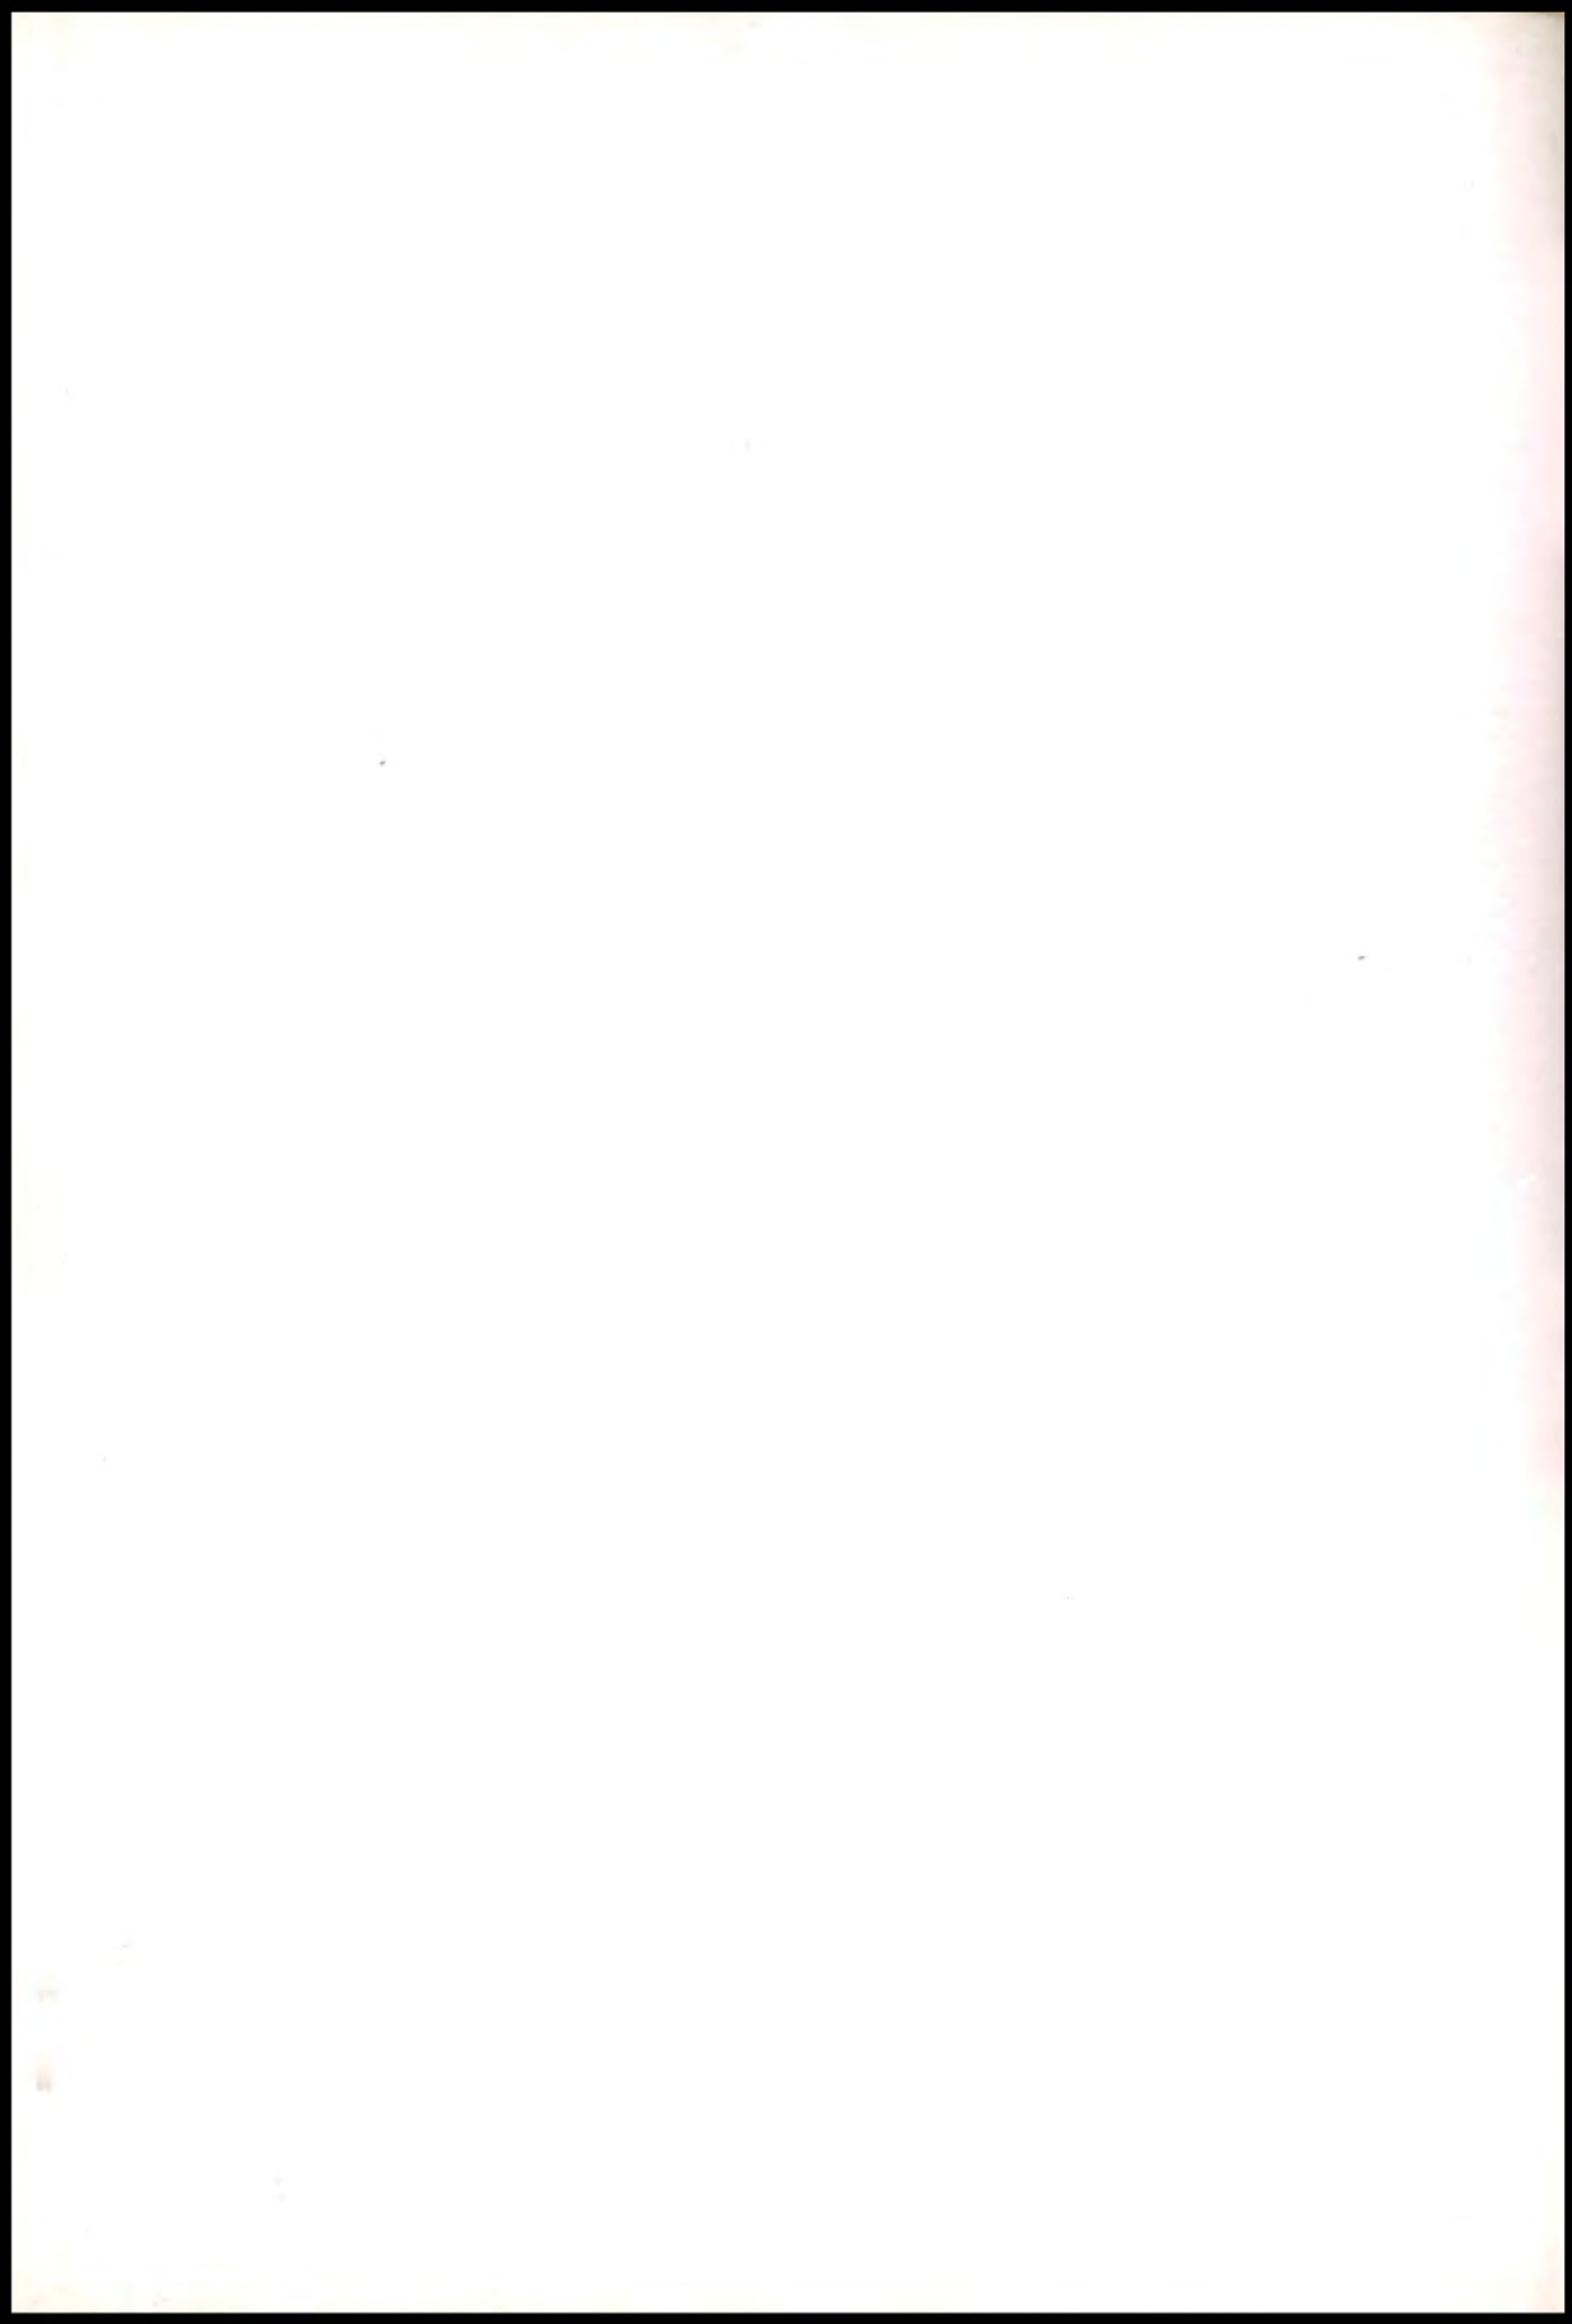

#### RIFLE TEAM

The rifle team was founded in 1922. It has always been an organization that has won honors for Central. Coached by Sergeant McCroskey, the team won the first city championship in eight years.
