2/Sadie Hawkins

Girl Picks Up Tab!!!

That time honored tradition of the lady paying for the date is honored at Harmon during Sadie Hawkins week in February. Activities included a slave auction, a car race, dress up days, and ending with a dance held in the commons.

"It really makes a break in the everyday routine," said Junior Tammy Stuart. Prizes were awarded for the best costume each day. The following Monday all the young ladies of Harmon were broke and life went on as usual.

Diane Joseph drew the most money at the auction: fourteen dollars.

4/German Trip

Steve Young and James Gaston visited Germany over spring break with teachers Carol Zastoupil, Roselea Shepard, and Ted Thomas. Thomas sponsored the trip. "It helped us appreciate our German class more," said Young. "I could get around pretty well, but it was tough to understand the natives. They talked so fast," said Gaston. "Not everything on the trip was smooth though, I left my passport on the train," said Young. He also, left it at the airport.

Students toured much of Germany and practiced their German with the natives. Many Germans knew English well, said Cannon.

Thomas even got into East Berlin because he knew some people there.

Play: Jury Room / 5

Murder Strikes Jury Room

Suspense, intrigue, and countless murders occurred on the Harmon Stage during the spring production of the Jury Room. The play ran two nights and was witnessed by 80 people.

The Jury Room was directed by Janet Kurtz, Drama teacher at Harmon. She also supervised the set design. Principal characters were performed by John Hill, Bill Brough, and Jan Nichols.

Drama utilizes dialogue, stage make-up, art work in designing the set, sound effects, stage lighting to create the illusion that what the audience is seeing is real. It allows the audience to escape into another world.

All Win

No winner was proclaimed in this year's talent show because some of the acts brought in outside help. "All were winners," said Norvan Daniels who along with Janet Kurtz sponsored the talent show. Singing and dancing acts comprised the talent for the show. In all, 15 acts participated in the show.

8/Fine Arts

The Spring Festival had various things of student art set up in the commons. At the Spring Festival, the teachers got together a Teacher's Choir.

The Fine Arts Festival, is an annual event here at Harmon. The admittance, shows, and the other performances were all free, with small fees for foods.

There were some different organizations selling food. The junior class sold sundaes and nachos, the German club sold German food, the sophomore class sold Mexican food, drinks, and funnel cakes, and the drillteam sold an assortment of food.

There were displays of paintings, clothing, photographs, and art to "show off" the talent of many students at Harmon. There were fortune tellers, facepainters, and Mr. Brightwell and Mrs. Whiteside displayed their talent at making stain glass decorations.

Boys Track/11

Tracksters Take 2nd In K.C.K.L.

Despite weather postponing many of the track meets this year, Harmon's boys reeled off a number of impressive wins. The Harmon mile relay team of Bobby Scott, Randy Henderson, Eric Horton, and Gemit Williams took first with a 3:31.3 time at the Harmon Relays. This effort pushed the Hawks into fourth place. Fighting wind and rain, Harmon placed second in the KCKL. Kevin Harvey won big in the 120 yard high hurdles. Robert Brown scored a double win in the long jump and the triple jump. Mike Hobbs took first in the 880 yard run, and David Salas took first in the Javelin.

Ladies K.C.K. League Runner-up

The Lady Varsity Hawks won more meets this season than any other Lady Hawks track team since 1975. They brought home first place from the Schlagle dual, Harmon's own Mo-Kan Classic, and the Springfest. The ladies took second at the KCKL, fourth in regionals, and ninth in state.

Out of 19 points scored in state, Dimita Jones scored 18 of them: scoring first place in the 400 meters, and second in the 800 meters. Jones was the top scorer on the team with 138 $\frac{1}{4}$ points. Others did well too. Sophomore Janice Ussery finished with 134 $\frac{1}{2}$ and Junior, Janice Rice scored 100 points.

Coach Jim Conoway noted that in events his lady hawks won 46 and lost 16. "Our Juniors should bring fame to Harmon," said Conoway.

Harmon Honors Students

The National Honor Society, Quill and Scroll, and the Awards Assembly are three spring events that Honor students of Harmon. It is the time when Harmon faculty says thanks for all the support it received from students. It is testimony to the real purpose of school; learning skills, gaining insights, solving problems within accepted standards of society. At this time, scholarships are announced, and recognition is given to those who have achieved. These events occur in May as a prelude to commencement.

Mr. Walter McGregor and National Honor Society inductees are at a reception.

'Truly' is Prom Theme

The 1983 Junior-Senior Prom was "Truly" a night to remember. The Prom was held this year at the Crown Center Ballroom. The evening started off with a banquet that included various selections of meats, vegetables, and a large selection of desserts. A variety of music was played which consisted of pop, rock, soul, and country.

The theme of the Prom was "Truly" and was played throughout the evening. It was a beautiful evening with beautiful surroundings, and was considered by many as one of the best proms J.C. Harmon has ever had.

Baccalaureate Gives Guidance

Giving spiritual guidance is the reason that Baccalaureate is held. As part of their separation from Harmon High School, students are reminded of their place in the universe and that they are as Thornton Wilder would put it, part of the mind of God. Students are admonished that what they should do upon entering the world is to be an expression of that mind which conceived them. The choir, orchestra, and a local minister set the tone for this dignified occasion.

Graduates Face World

Commencement is a beginning, a weaning from adolescence into adult life. Decisions must be faced. Do we go to college, trade school, get a job, get married, seek a military career? These students say good by to Harmon, but Harmon will always be a part of them.

Students Saved from Starvation

The Hawks Nest is a small business run by different clubs at J.C. Harmon. It saves Harmon students from attacks of the munchies by selling them "junk food" such as chips, m and m's, snickers, Hi-C, fruit drinks etc.

Junk food isn't the only thing sold there. Basic school supplies are sold there too: paper, erasers, and magic markers.

What Do Hawks Wear?

Fads and Fashions come and go but, the students at Harmon are always in the fashion and fads race. Muscle, Japanese, and Ocean Pacific were the popular shirts. Chic, Sasson, Calvin Klein and Lee were popular jeans. Nike, Kaepa, and Adidas were popular tennis shoes. Students also wore folded down boots topsides, cowboy boots, sweaters and dress shirts, and nylon jackets. The fashions were worn with pride and were admired.

Marching Band Takes First

J.C. Harmon's marching band, directed by Norvan Daniels lived up to its potential this year. They took first place at the Wichita State festival. It seems that the many hard hours of practice paid off. The band played at all home games and performed at many parades, including the American Royal and Silver City parades.

Band Upholds Motto

With the motto, "The bitterness of sacrifice is worth the sweetness of success." J.C. Harmon Band Department's four outstanding aggregations had a proud year.

The four organizations: Marching Band, Stage Band, Pep Band, and Symphonic Band participated in several civic activities, concerts, parades, festivals, and school assemblies.

"We are extremely proud of the many contributions this department has made to the school, community, and state by involving the many young students in developing their talents and character through the idiom of instrumental music," said Principal McGregor.

Orchestra Performs Music

The orchestra performed concerts in the fall, winter, and spring at Harmon. Furthermore, the orchestra performed for the baccalaurate and commencement exercises at Harmon. The orchestra provides a different musical experience for band and stage band, concentrating on the more lush sounds of strings as opposed to the sounds of horns and brass.

Chamber Singers Make Music

Chamber Singers, Acapella Choir, Mixed Chorus, Chorus and Treble Cleff performed fall and spring concerts, and took their musical sound to many places in the community. Christmas was indeed the busiest time for the groups as for two weeks prior to Christmas, the singers went to all the grade schools in the area spreading the sounds of Christmas. This tour was a two week engagement that saw singers and Mr. Keith Longstaff sacrifice many long hours in order to put on these programs.

"It is a devotion that few realize unless they take part in it." said Sherry Hernandez, junior varsity cheerleader.

Hawkettes Achieve More Than Before

The Drill Team had a busier year than in the past performing in more events than ever before. They also went to a camp in the summer at Emporia, Kansas. At the camp the Drill Team learned different styles of routine giving them a variety of routines for the 83-84 season.

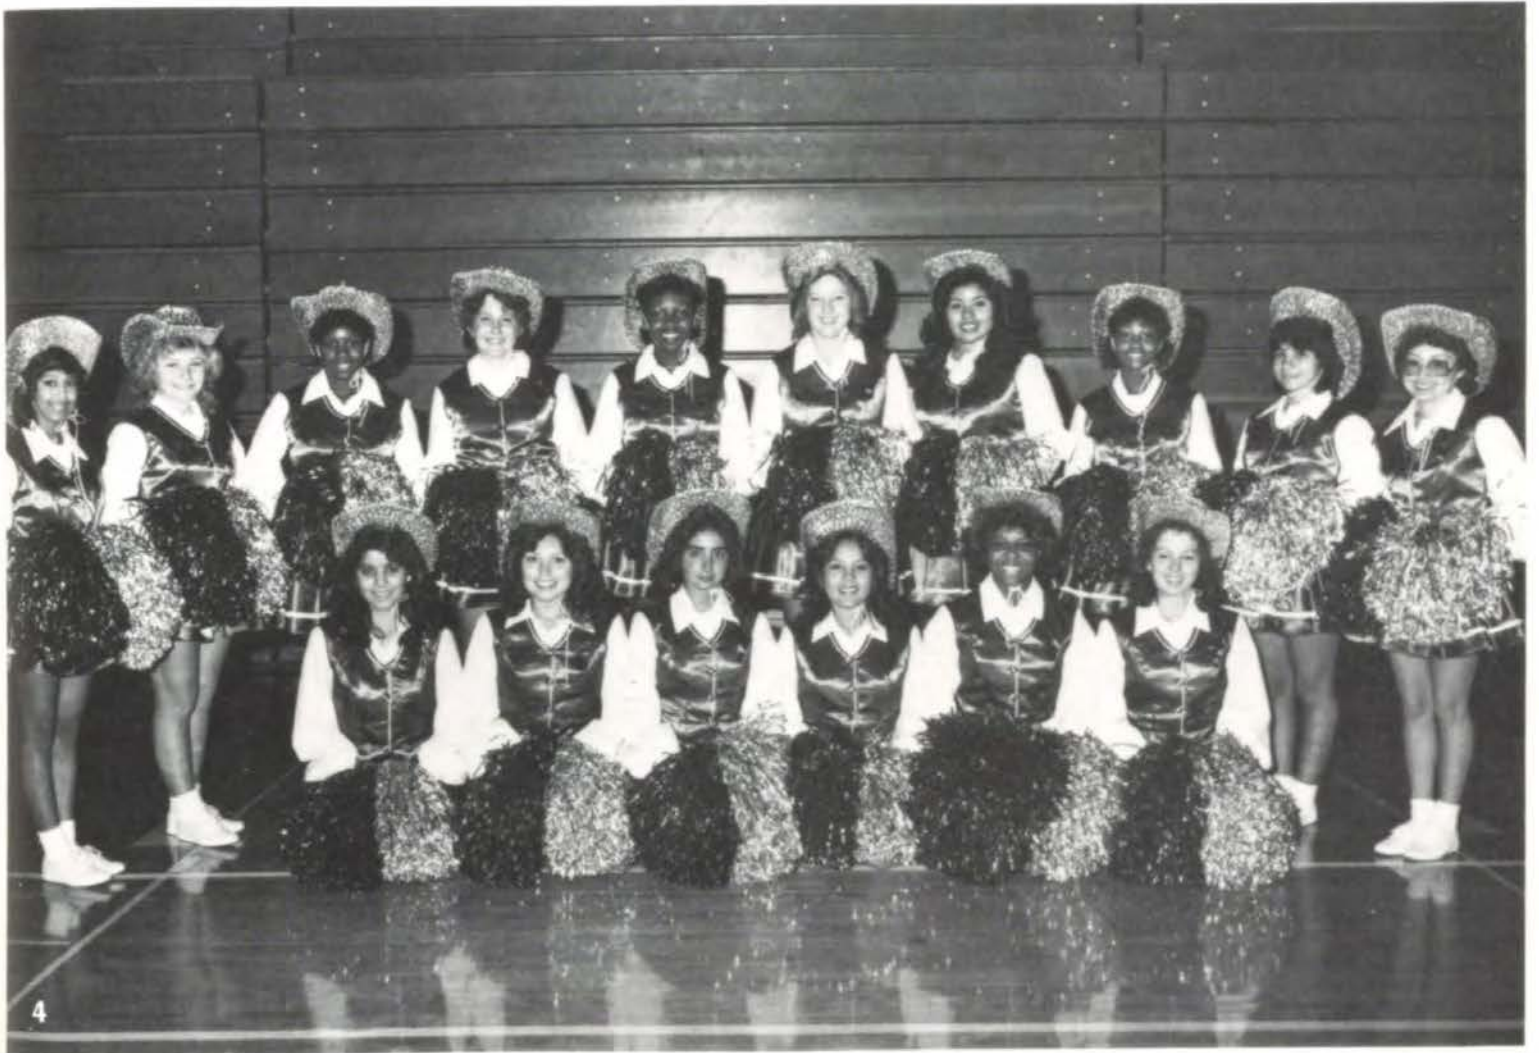

The Drill team took home many first place ribbons. "We had to learn five routines in one day," said Brenda Estrada. One of the many functions of the Drill Team is performing at halftime during basketball season. The team worked up a new routine for every game.

Ladies Step High for Harmon

Adding color and style to the marching band's season are the Dancing Dolls and Flag Girls. Appearing in front of the band at all shows, these young ladies serve to identify who the band is while adding that extra sparkle that makes the band appearance memorable.

Behind the smiling faces of these performers lies hours of practice and physical training that make a physical task look easy.

'Time Machine' Desolves Time

A typical American family has their life disrupted when the appearance of a young George Washington appears via a "time machine." The resultant confusion is at times helpful as he gives valuable lesson in history to the modern family, while at the same time he gets a glimpse of the destiny of his new born country. The play ran two nights.

Aerie, Talon Are the Pulse of Harmon

Both the Aerie and Talon made changes in style this year. The Aerie went to a layout style similar to Life magazine using larger pictures than in previous volumes. Editor Julie Gonzalez said, "We thought that with larger pictures, people could be seen easier."

Tina Medina, Talon editor, said that as a result of a newspaper contest the Talon went to a modular style layout, with a Hawk on the mast head and better photography. The staff also published a newspaper on the first day of school. "These changes put more life on Talon pages," said Medina.

Clubs Add Interest to School Routine and Daily Life

Clubs augment the school program by allowing students to pursue special interest to a further degree than just classroom activity. To students who have the creative urge, creative writing club and sketch club serve that purpose. Creative Writing club furthers an interest in poetry and the short story. It publishes a literary magazine called *IDIOSYNCRACIES*. Sketch Club takes many trips to art galleries, and this year continued to decorate the walls of Harmon with paintings.

The Sketch Club is one of the most active in organizing the Harmon Art Fair in the spring.

Acting, Debate, and Forensics help foster confidence in speaking situations. Acting forces the student to become something other than what he/she is, and thus gain an empathy for the world that others live in. Furthermore, acting teaches that it is a good exercise to "make-believe."

Debate teaches the student to be objective in research, to see both sides of a problem, and to think "on your feet." It also teaches the very important skill of speaking before an audience.

Forensics includes all types of public speaking, including oral interpretation, extemporaneous speaking, formal speaking, and informative speaking. These skills allow a person to have a pleasing delivery when called upon to make a speech or presentation.

Clubs Enhance Communication Skills, Teach Confidence

1. The foreign language clubs all serve native dishes at the Harmon Art Fair.

2. Susan Easley, a member of German Club, practices her German.

Its possible to experience far away places without ever leaving your own back yard. Foreign language study attempts to broaden the horizon of students and therefore give the student wider choices for future work or schooling. The clubs try to enhance the rigors of language study by giving students some culture. Field trips to art galleries, learning to cook food in traditional manner, having Christmas parties using customs of Spain, France, and Germany.

Foreign Language Clubs Take Students to Other Lands

Clubs Explore Students' Interests, Students' Minds Students' Hearts

Maintaining a healthy body, mind, and soul is essential in maintaining a posture suitable to exploring the world around us. Without the ability to expend the energy necessary in finding the truths of life, and the will to go that extra mile in serving our fellow man, exploration would be incomplete. It is fitting that this spread features both the Health Careers Club with its main goal the pragmatic one of preserving the human body, while the Explorers Club makes distant parts of the soul its domain. Both represent the two needs of mankind, to nourish both the body and soul. The mind thus is fully blessed.

Clubs Prepare Students for Home, Work; Clubs Make the Day's Tasks Fun

Some clubs emphasize the world of work in a more realistic way than do others. The work study program is a case in point. Students actually contract for outside work and are graded not only at school but by their employer as well. Here school takes on a more relevant look than do other classes as the values fostered by the school are tested in the "real world." Commercial Club also is more pragmatic in its approach than the rank and file school club, taking the business world as its point of interest. Job opportunities are examined first hand through field trips, speakers, and interviews with business leaders.

Clubs Stimulate the Brain Promote Interest in Competition, Train the Body, Mind, and Soul

Two clubs that on the surface appear vastly different are the Science club and the H club. But both in their own way promote growth. The Science club attempts to show the physical world to students, while being at the same time one of the most active clubs in school.

The H club, or lettermen's club, focuses on that most exciting of extra-curricular activity, the sports arena, seeking to promote fair play in the sports arena, but a winning attitude as well. Winning according to rules and playing within limits is as true to sports as it is true to life. That truth is a hallmark of the H club.

Teaching the world of commerce to students becomes the goal of Commercial Club. Guest speakers detailing the opportunities for work in the business world make up a lot of the activities of the Commercial Club. Field trips are also a major part of the program, taking the skills taught in the business classes and applying them on the actual job cite are the goals of such field trips. Commercial Club is traditionally one of the biggest clubs in the school.

Key Club is a service organization that co-ordinates many fund raising drives and community projects that help Harmon become a positive force in the area.

SAC is the governmental body of Harmon High School. Organizing school activities is the job of the Student Activities Council. Pep Club is the spirit of Harmon. Running pep assemblies, cheering at games and seeing the Harmon speaks with a unified voice at all athletic contests is what Pep Club is all about. This year, many teachers bought Harmon sweaters and T-shirts to give Harmon a unified look.

PEER Club is a club that tries to help members become more sensitive to the needs of others. Only in its third year at Harmon, the PEER club stands ready to help fellow peers with understanding.

WORLD-3M0303A

When the Harmon faculty reported back to Harmon for another round of duties, facing them was a barage of criticism, government studies, reports, and political commentary about the nation's schools. Some reports stressed the need for more science training, fearing that this country was losing the arms race to Russia. Others stated that the real crises was that not enough language study was being accomplished and these studies argued that English training needed to be increased. Stiffer requirements, at the university level, higher pay for teachers, longer schools years were all proposed as remedies for American Education's ills. On the local front, continued low scores in reading and math competency skills in Kansas City, Kansas Public schools brought the problem in focus. But USD 500 took steps to meet the problem.

Stiffer requirements for students taking part in any extra-curricular activity became a reality. A weekly check on those students insured that the academic program was not secondary to the athletic program. Students were withdrawn from competition if their grades did not reach certain standards. Increased requirements were implemented and it is speculated that in the near future, Harmon will have a seven period day as opposed to the current six that existed this year.

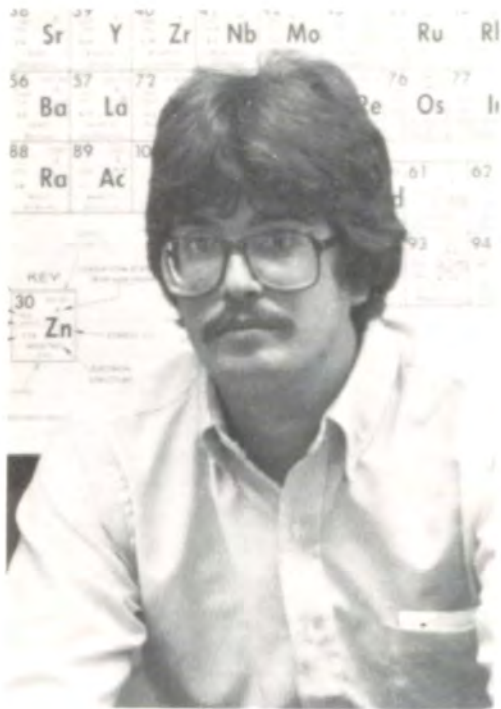

Computer literacy for every student became a goal this year. This move created a new department within the math department, and will necessitate a new supervisory position up-town. (continued on page 101)

Accounts of school districts dropping advanced academic courses because of lack of student interest and enrollment have been numerous.

An analysis of enrollments in the five high schools of Kansas City, Kansas refutes much of the criticism that has been directed our way.

In the English/Language Arts area, 758 out of 1500 are enrolled in English classes that are designed to be college preparatory experiences. This is equal to one-half the total senior enrollment. In addition, another 193 students are in Humanities.

Davies further went to say, "Foreign Language enrollments total 862 students in beginning courses, and 752 students in advanced courses. At least two Foreign Language courses are offered at every high school.

Davies further noted that 825 students enrolled in advanced math classes. 113 were enrolled in Math Analysis, 70 in Pre-calculus, and 37 in Calculus and 505 in advanced algebra. Wrote Davies, "It is interesting to note that the computer labs in our five high schools are fully utilized with 633 enrollments in beginning classes and 194 enrollments in advanced classes for a total of 827.

Joey Borajas works on an English theme.

Davies concluded that in computer education over a four year period, over 3300 or over half of all high school students would be in a computer program.

As of this year, Harmon requires English 11, and the word went out from the counseling, that instead of enrolling twice a year, that enrollment for the full term would be a reality by the 1984, 85 school term. Such a move suggests some changes.

Driver's education is popular with the Sophomore class.

While we are speculating at press time, it appears that the reinstatement of English IV is a fore-gone-conclusion. "I think it will be required," said English teacher, Lola Perkins. All the signs of going back to the basics, or things as they were twenty years ago. "One of the reasons we think that a seven period day is an inevitability is that it is one way to preserve the elective program and still get in all (continued on page 110-111)

the requirements that are coming," said Principal Walter McGregor.

Both Steve Crum and Lola Perkins have attended computer seminars and are convinced that it is the wave of the future. "We need to automate the Journalism program," said Crum. "No newspaper types on typewriters anymore; terminals are used." Bob Gadd, Inter-Collegiate Press representative for Harmon's yearbook said that ICP is ready to put the Aerie on computer.

Picture 3: Mr. Pittman discusses how well he feels.

Picture 4: Lori Salas takes time out for a shot by the camera.

This raises grave problems for the students who may not have the aptitude or background for advanced study. Plus, if the proposed renaissance in Education is a reality, those at the senior high level now may be squeezed out by those now in grade school who will benefit from such intensive training. (continued on pages 112-113)

For the last two years, Kieth Carr has taught a non-credit introduction to computers for faculty in his spare time. Not only will students need to be computer literate, but faculty too.

How does all this affect students? The student who is to fit into tomorrow's world must be more than manual laborers.

So while President Reagan began making Education a campaign issue, and government reports rolled off the presses at alarming speed, with alarming findings about the state of education, Harmon students quietly adjusted to the increased requirements forced on them, and teachers put up with the additional forms detailing students' weekly progress in order to keep eligibility forms up to date.

Homecoming Beauties

Homecoming was celebrated September 30 with Kelly Keith being crowned queen for 1983. The traditional dance was held October 1, at Harmon. Attendants for Homecoming were Freshmen, Jill Sandin, and Martha Wilcox; sophomores, Teresa Reyes and Johnna Salazar, and juniors, Kelly Quijas and Karen Spencer. Nanetta Kimbrough and Renee Warren were senior attendants. The theme for the dance was NIGHT OF DREAMS COME TRUE.

Andre Reyes was the D.J. for the evening. PTSA provided free refreshments and many clubs took part in various forms of the event. "This year was even more organized than last year," said Homecoming sponsor Janet Borgstadt.

Hawks Tops in KCK Take League Title

The varsity volleyball team took the league title in Kansas City, Kansas. Molly Madrigal and Vicky Tayllr were named to the All-League team. Madrigal also made the all-tournament team at the KCKL tournament October 15. Coach Charlotte Davis said that this team will provide a solid foundation for next year's team because "we should have a lot of experience." The Lady Hawks were defeated by Shawnee Mission East on the third and final match at the sub-state level.

Davis said that the team did not have a super-star but executed well as a team, thus enabling them to compile a 13-8 record for the season. With only two starters leaving, Davis thinks that next year's squad will be first rate.

JV Has 9-12 Record

The junior varsity volleyball team won 9 and lost 12. The team started slowly with four consecutive losses, but rebounded quickly to become more competitive. Late in the season they managed three consecutive wins and posted a four out of five stretch at one point in the season. The JV performs a very valuable function in that it is a training ground for next year's varsity.

Freshmen Have 10-3 Record

The Harmon freshman volleyball team compiled a 10-3 record on the year. The team grabbed a second place in the city tournament at Sumner and won six matches in a row at one stretch of the season. After losing to Blue Valley in the opening match of the season, the Hawks quickly won three matches in a row. They then lost to Ward before starting their winning string. The team was coached by Donna Cupkie.

The varsity suffered a long season producing no wins this year finishing the season, 0-9. It was a season short on raw talent but long on heart. Coach Hodges praised Bobby Scott, Willie Owens, David Honeycutt, and Tyrone Williams for outstanding effort. Williams was mentioned for his hustle, and Owens showed outstanding play as a junior. "We moved the football better than we did all year against SM South," said coach Troy Hodges of the final game of the season.

The key game was a loss to Wyandotte in which the Bulldogs took an 18-0 halftime lead. The Hawks came back in the second half to close the gap with two touchdowns but came up short with an 18-13 loss. The team set 34 team and individual records this year with Joe Driver gaining 1,008 yards and the team ground out, 2,445 yards.

Wrestlers Take KCK League

Harmon grapplers took league honors needing a win in the final match to capture first place. Heavyweight Frank McClenton took the final match to insure league honors. Harmon also sent four wrestlers to state this year: McClenton, Dave Moreno, Ralph Sanchez, and Julian Armenta. McClenton took state honors in the heavyweight class, and Moreno took a second at state in the 132 class. McClenton is Harmon's second state champion.

1. Frank McClenton stares down an opponent.
2. Chris Philgreen applies a headlock.
3. Varsity: Top row: Ralph Oropeza, James Curtis, Ray Blanco, James Everitt, Frank McClenton, Troy Hodges. Bottom row: Brian Hontz, Johnny Strange, Willard Davis, Julian Armenta, David Moreno, and Mike Hobbs.

Girls Compete Strongly to Win

Harmon's varsity girls had one of the better teams in the area, turning in an 11-7 record on the regular season. After slipping to 1-3 in the opening stages of the season, Harmon improved and moved to a six game winning streak. They took second in the Harmon Lady-shootout basketball tournament.

The JV was 7-9 on the season, posting a 3-7 mark in the league.

The varsity struggled this year to a 5-15 record at press time, making up in hustle what they lacked in raw talent. Harmon captured the opening game of the season, 48-40, over Turner. But it wasn't until the eighth game of the campaign that the Hawks got number two under their belt, a 55-37 drubbing of Olathe North.

Later they were to top Abilene, 59-51, and they followed with a close win over Russell, 49-43. The sweetest victory of the season was a 71-61 win over Ward in league competition.

The Student Center.

Going to McDonald's® is almost as much a part of school as going to class. You've made us the place to meet, to talk, to have a good time, to celebrate your victories and help forget defeats. You've made McDonald's more than just another place to eat. And that's why, at McDonald's, we do it all for you.

for our chance
to show the
coach what we
could do.*

1

1. Rita Garcia gathers her thoughts.
2. Governor, Toney Anaya of New Mexico stopped by in Kansas City to kick off the vote and registration drive and education project.
3. Molly Madrigal—senior—is congratulated by the Snowball royalty queen, Chris Moreno—senior.

Beyond the Eyes of the Achiever

Shall Come
a
Master
to Crown Him
the
Scholar

Let Us Be Known

Before we enter into the light of the world, I shall admonish you to remember all of your honorable achievements during your years as a pupil.

You have acquired skill in every aspect of knowledge. Because of this you shall be known as a scholar. Your next challenge is sharing your competence with those who revere you, for they shall someday replace you.

Now let us travel together in this land of freedom. Let us make use of our knowledge because in time we will be crowned by the Master.

Hereafter, let us be known as alumni of J.C. Harmon High.

*Julie A. Gonzalez
Editor in Chief*
