Foreword

Within these pages is contained the account of the days we spent as loyal Lincolmites. With the passing of time, the memory of our school life will grow dimmer and dimmer and then fade away. Gone forever will be the routine of school life, the fun we had, and the friends we made. It is the hope of the 1954 Lincolnian Staff that, as you glance through this book in the years to come, you will recapture those cherished moments—and memory will be revived again.

Administrators

The Lincoln High School and Junior College is a democratic institution serving the educational needs of our community. It provides the facility, the instruction and the opportunity for every one of its personnel to achieve the optimum development of his intellectual, social, physical and economic self. We are concerned that there be individual growth in industry, in intellectual competence, in moral and social responsibility and physical development. To this end, our thoroughly prepared and experienced staff strives to serve our students in order that they shall reach their highest possible degree of culture. We are dedicated to this ideal and earnestly work toward its implementation.

We sincerely hope that we have rendered a service to this splendid class of graduates. Their parents have made many sacrifices to enable them to reach this milestone in their development. To these fine parents and their friends, our congratulations. We hope that each graduate achieves his goal, meanwhile, developing into a happy, useful and loyal citizen of our country.

MISS ROBERT-ELLEN ARNOLD

A graduate of Lincoln High School and for many years Registrar at Lincoln, Robert-Ellen Arnold passed on a few weeks before the beginning of the fall term. A loyal and conscientious alumna, a dynamic worker in civic affairs, she lives on in the memory of those whose lives she touched.

Mason D.

Newborn freshmen were they last year but now they're great sophomores doing much to make this a better school and community for the coming generation.

Courage to do right even though they face opposition.—That's what the sophomores say and that's what they believe in.

Only our sophomores could do so much in two years! Right Tigers!
