MEMORIAL

ADMINISTRATION
and
FACULTY

Greetings to the class of 1966. It is with pleasure that I have the honor of certifying you; indicating that you have completed the prescribed high school course of study of the Kansas City, Missouri School District after four years of study.

Most of you I have had the unique privilege of knowing in the seventh grade at Lincoln Junior High School and have observed your development to this point.

You have completed one phase of your education and for most of you, more hard work and training lie ahead if you are to achieve complete living in the world ahead. More doors of opportunity are now opened to you than to any other graduating class in history. No longer is color a barrier in preventing you from becoming what you want to be.

I hope that the years you have spent in Lincoln High School have prepared you for the competitive society which you must face with dignity and courage.

I hope that by thumbing through these pages, in the years ahead, that the "Golden Days" of your high school experience will be recalled vividly and that they will stand out as the best days of your youth.

May the richest blessing of Almighty God be yours as you journey into an unknown future.

Sincerely yours,

Harry I. Harwell

"Tho' From Thy Guiding Hand We Stray"

At last we have come to the end of our journey. Along the way, we have gathered a wealth of knowledge and a treasury of memories. These, we guard in our hearts and in our minds--never to be forgotten or cast aside.

In 1962, we clamored for our places in Lincoln High School. We became active members of the chorus, orchestra, band, Red Cross, and other organizations and clubs. In several cases, we dominated these organizations and later became their leaders.

In September 1963, we moved from our seats in the balcony of the auditorium to the first floor. In addition, we gained distinction in other areas.

We had lots of fun. There were plays, club activities, concerts, community "drives", honors, awards, and "crushes".

But in the midst of play there was plenty of hard work. Some of us lost sleep worrying about the math and English tests. Some of us worried about chemistry, physics, and geometry. All of us had some fears--real or imaginary. Our worries, our fears, our hopes, our dreams, our disappointments, our failures, our successes have all been a necessary and important part of our growing up.

Now we look forward to our journey into adult life. We resolve to make the best of our lives, to become valuable members of our communities and our country. We know that this journey will be a difficult one; that it will be filled with temptations, fears, disappointments, and failures. And "Tho' from thy guiding hand we stray, thy memories will cheer the way; O, Lincoln High O, Lincoln High."

Mrs. Harriford gives special attention to two "special students"

Lincoln Callotype

Vol. XLII, Number 3

LINCOLN HIGH SCHOOL, KANSAS CITY, MISSOURI

November 24

Blue & Gold Capades

More than twelve hundred persons viewed the 1965 version of Blue and Gold Capades, the annual talent show, at the Lincoln High School auditorium on Friday, November 12.

The show called "... And All That Jazz" gave the history of jazz from the post Civil War Days to the present. Many outstanding names in music history were cited.

About one-hundred students took part in the program. Modern jazz dances, songs, and instrumental numbers were played. Three instrumental musical groups appeared and were quite popular with the audience. They were the Dynamics including Marshall Jones, Arthur Jones and Clifford Turner; the Trojans with Arnold Alexander, Eugene Alexander, Johnny Wright and Edward Deparis; and the Entertainers with Milton McKinsey, Javan Hardy, Burton Hurley and David Hardy.

Two surprise numbers revealed some talented members of the faculty. Mr. Norman Q. Hubbard played the mandolin. He was accompanied by Mr. Calvin Whitmore. Mr. Sidney Lovless played a trumpet solo. He was accompanied by Mr. Whitmore and Milton McKinsey, a student on the drums.

The show was sponsored by the instrumental music department, the Pep Squad and the newswriting class. Proceeds will be used to purchase materials and equipment for these organizations.

Students Sell Tickets

Six students—four persons from the newswriting class and two from the Pep Squad sold fifteen or more tickets to the recent talent show.

Mary Romborow was top with 21 tickets. Olie Nicholson and Ronald Franks each sold nineteen. The other three students sold fifteen each. They are Vert Gibson, Paula Nelson, and Gilbert Warner.

Drafting Students Attend Engineers Day at Rolla

Ten students visited the University of Missouri at Rolla for an Engineers Day, Saturday November 6, 1965.

When the students arrived at Rolla they registered at the Student Union. Then they visited representatives who talked on the different fields of engineer-

Olie Nicholson and Fonda Cagle have been appointed co-editors of THE LINCOLN CALLOTYPE for 1965-1966.

SIX TO UNESCO CONFERENCE

Six students from Miss Evelyn Mayfield's Fourth Hour current affairs class were chosen to represent Lincoln High School at the United Nations Educational, Scientific, Cultural Organization Meeting on Thursday, November 18, 1965, in the Municipal Auditorium.

Mary Ann Hopkins, Illinois. Gayle Brown, Lee. Christine, Richard Franks and Thomas Lock attended.

The National Commission for UNESCO is holding its 26th Annual Conference. It's the first time that a conference of the UNESCO's National Commission has been held in Kansas City, Missouri.

Six students were chosen from each of the surrounding schools to represent their schools at the conference; the students were excused from school all day to attend the meeting.

At the conference, the students from each school were broken down into separate groups of twenty-five each. They discussed some of the following topics: "Disarmament", "Problems of National Alliances", "Financing the United Nations", "World Population Explosion", and many other topics related to the U. N. peace operation projects.

The students chosen to go to the meeting had to prepare themselves for it by doing research work on UNESCO and the United Nations. The research work involved finding the history, founders, scope, program, spread, organizational structure, officials, and any other information related to the United Nations and UNESCO.

Each student was required to report to the current affairs class what he learned at the meeting.

VACATION

Thanksgiving vacation begins at 3:15 p.m. Wednesday, November 24, and ends at 8:20 a.m. Monday, November 29.

News Class Competes Unit on Short Stories

The members of the newswriting class took a short course in short story writing as a part of learning to write for newspapers.

After library research and classroom discussion, each student made a plan for a Thanksgiving story. They wrote a sketch of the plot, developed notes to describe or narrate, selected the best ones for the largest amount of detail, reviewed techniques for writing narration and description and then wrote the story.

In this issue are a few of the stories which developed. Continued practice in short story writing will be provided in December, and it is hoped that some student's work will be published in the Christmas issue.

Christmas Greetings

Students may plan to purchase a Christmas greeting in the December issue of the school newspaper for a small charge.

For twenty-five cents and up, students may purchase space for their Christmas greeting in THE CALLOTYPE. The sale will begin December 1 and will end December 18.

Pep Assembly Held

The first basketball pep assembly of the year was held Monday, November 22 in the Lincoln gymnasium; the players were dressed as two different teams and went through some warmup drills and a short scrimmage was held.

For the first time in many years, the assembly was not in the auditorium. The reason for this was to give the student body a better idea of how the games are played.

The band, pep club, and students were cheering the team on, trying to help them get ready for their first game with Springfield Central this Friday. The assembly was a success.

UNsung HEROES

The football players who make the touchdown or perform some other spectacular act often receive a lot of glory. Many spectators often forget that there are many heroes on the gridiron who help to make touchdowns possible or who perform defensive tactics that are noteworthy.

A few of the unsung heroes are mentioned here: Gary Brown, Lincoln Center, was very accurate in getting the ball to the quarterback, and he was also good in opening holes and in pass blocking.

David Duncan, the left guard, was also good for opening holes, pass blocking and in the downfield.

Russell Davis, left tackle, was one of Lincoln's better linemen; he is a smart foot ball player.

Perhaps you know about the Frank twins. They are big and strong linemen and are smart football players.

Diamond Warren, Duane Reese and Howard Clark were outstanding.

Young football players like these block and make way for the backs. Many viewers do not know these persons as well as the players on the team who know them well and depend upon them. Gary Black, Willie Lewis, James Butts and James Monroe were able to make many plays because of the action of all members of the team.

A Tour To The Kansas City Star

Members of Miss Evelyn Mayfield's fourth hour current affairs class made a special visit to the Kansas City Star newspaper on Wednesday, November 10, 1965.

The current affairs class has just completed chapter four of the textbook which deals with vocation. In order to explore their vocation further, the students who were interested in Journalism as a future occupation visited the Kansas City Star.

The tour guide at the newspaper plant gave the students a history of the Star. Next, the guide carried the group through each of the different departments such as the Press Room, Circulation Room, News Room, and Advertising. They saw the printing press, and the special paper storage room. As the group toured each of these rooms, the guide explained the function of different machines and jobs.

After the tour was over, the guide gave each person a souvenir newspaper of the first issue published by the Kansas City Star. This issue was dated 1880.

COLLEGE DAY VISITOR, Mrs. Laura Cross, Associate Director of Admissions at Wichita State University chats with Harry L. Horwell, principal at the annual College Day. Carolyn Mayfield, senior, looks on. Wichita is Mr. Horwell's home town.

BIG BLUE BENGALS

Led by their fine quarterback Gary Black, the League's leading passer; the hard running Willie Lewis, the League's second best rusher and scorer; Gary Shepherd and sophomore James Monroe; the Big Blue Bengals played interesting and inspired football from their multiple offensive attack. The line was anchored by the All-City-Center, Gary Brown, along with Co-Captain Richard Franks. Ronald Franks, David Duncan, Russell Davis, Diamond Warren, Howard Clark, Duane Reese and sophomore Leroy Tunley made up the mighty Tiger line.

Who will ever forget the Tigers of '65 and their heartbreaking loss to Southwest in the last minute and fifty-three seconds, . . . their gallant attempt to catch Paseo in the last half, . . . or their thrilling come from behind victories with Sumner, Manual and Southeast (first over the Knights in Tiger history). . . and our HOMECOMING and the fabulous offensive display of power and speed by the Tigers in racking up a season high of 34 points on Westport.

COURT - BENGALS

The Tigers got off to a good start winning seven of their first nine games. These victories included first place in the Interscholastic League Tournament.

At mid-term, however, disaster struck claiming three of the starting five. Despite apparent obstacles, the boys displayed tremendous hustle and desire which make victory hard earned for the opponents.

Playing their last season for Lincoln were Gary Brown, Diamond Warren, Ronald Franks, Howard Clark, Roger Pendleton, and Teddy Byers.
