We Respectfully Dedicate
the 1997 Yearbook to:
SHARON M. VAUGHN
February 13, 1953-
February 20, 1997

"...Sharon Vaughn lived her life taking each moment and making the most of it. She had a wonderful sense of humor and the ability to find humor in situations that others would only see as negative. She was also able to laugh at herself, and she helped me laugh at myself...Sharon was a mother, sister, daughter, friend, and teacher. Our lives will be emptier for her absence, because they were made fuller by her presence. I feel very honored to have known her and called her my friend."

-Barbara Schell

"Simply the brightest, most articulate, talented, caring, considerate, thoughtful person with whom I have ever worked."

-Kathy Morrison

"I will always remember Sharon for her pride as a mother to Brian and Vanessa. They were included in nearly every conversation with her."

-Kathy Morrison

"Sharon was such a positive force on our staff. She had a way of defusing anger with her wonderful sparkling sense of humor. She was the consummate professional. Sharon was very creative, an example would be the bright colorful display cases in the halls. She truly cared about the kids and the teachers.

Sharon's family was important to her—she so enjoyed talking and sharing about her own children, yet she seemed to regard our students and teachers as almost her extended family. Any time there was a need, Sharon was there. She is irreplaceable."

-Richard Wholf

"A large part of Sharon's life was loving children, and her face would glow with excitement whenever she talked about Vanessa and Brian. You will be missed not for what you did, but for who you were."

-Jim Munoz

"Sharon loved her job and family. She was a super role model for all who knew her."

-Coach Foster

"I will remember Sharon for her sweet nature, gentle spirit, and all of the hard work she did here at Lincoln."

-Rebecca Lindley

"Sharon will always be remembered for her wonderful spirit, her creativity, sense of humor, and sunny attitude. She will be deeply missed."

-E.B.

"Sharon shared her dance videos of Vanessa with the Drill Team. Vanessa visited with the Drill Team. Several times Sharon came down to see and dance with them."

-Ms. Ghrist

"Sharon's smile, laugh, and sense of humor were always highlights of my teaching day."

-Joe Marlow

Sharon: Caring, sharing, loving, understanding, gentle, tireless, friendly, kind, and faithful; Sharon was all this. But for those who knew her, words can not express all that she truly was.

-Glenn Brewer

"I was always amazed at Sharon's ability to be positive about everything and everyone. In the 9 years I worked with her, I never heard her say an unkind thing about anyone. I will miss her sweet spirit."

-Cindi Holmes

"...true blue friend, kind professional mentor, and funny phenomenal woman, will be deeply missed."

-Debbie Eterling

Ms. Vaughn

People pass in life
Leaving shadow-like memories for those
Who remain behind.
Had we but taken a second look
To see what the Creator had given us to share,
What would we have seen...?
But life moves fast and we still faster yet,
Missing the close encounters which are
shoved past us on the Road of Life.
A sadness
Made from wanton care-less-ness
Of someone running faster than the need,
Showing his dearth of
Heart-full-ness
And human-ness
And settling for something far less
Than love-li-ness in his attack on
Beauty.
Sharon lived,
And loved
Joyous moments of fulfillment,
wrapped in
Talented offerings.
A quick smile,
A helpful comment,
A continence of happiness,
A wealth of finesse in little things—
All given with grace.
And by that Grace,
Remembered.

Varsity Football

Football
Dave Bernard

Before the season even began, The Blue Tiger Football Team had envisioned a great year. The Tigers returned twelve varsity players who saw plenty of action last year. With a combination of a smart quarterback, a beefy offensive line and fast power-backs the Tigers had a team worthy of defending the league championship. The Tigers got off to a blazing start winning their first six games. They allowed only six points per game in their first five games and a total of 38 points through six games. The defense was solid all year, and just when the offense started to come around, the competition got tougher. The Tigers went on to lose their last four games and wind up 6-4. However, they did have a record of 5-0 in the IL, which tied them for the league title with Central. All in all, the Tigers had a productive season and have a promising future with the upcoming underclassmen.

Girls Tennis

Girls Tennis
Jordan Conrad

The Lincoln Prep Girls Tennis Team, headed by 3rd year veteran head coach Jim Munoz, and 1st year assistant coach Cathy Conley, enjoyed its most successful season in '96. The Lady Tigers faced a harder, more advanced schedule than the previous two seasons. They had a varsity, junior varsity, and freshman team for the first time.

Seniors Rebekah Smith and Jordan Conrad finished as #1 doubles; junior Sophan Khin and Rebekah Smith finished as #1 and #2 singles, respectively.

Rebekah and Jordan competed in District play in the doubles division along with Sophan and Junior Sara Landes. Neither team advanced, but there are high hopes for Sara and Sophan for the 1997 season.

The #3 seed in singles was Kelly Johnson. Kelly competed in District play in the singles division. She did not advance, but will return next year with improved skills.

The team worked well together with hard work and determination, two very essential items in insuring a successful tennis team. The team next season will have a lot of experience and knowledge of the sport; all but three girls will be returning.

Next year promises more participation and more scheduled matches.

Cross Country

Cross Country
Dave Bernard

The 1996 Cross Country season started off on a positive note. Coach Gene Blair knew that he had, "... some runner that could make something happen." Coach Blair's prediction turned out to be an understatement. The undisputed IL Champion girls team won by such a large margin that their score beat the total of the league's All-Star team. The girls team was a huge surprise in district competition, taking third place overall and placed the three girls in the top 20. The girls team did end up missing state by a mere 10 points; however, they return their top three runners next year and they will be looking to improve. As an individual, Kami Stoddard repeated as league champion and league MVP. Stoddard was also a state qualifier along with Megan Roberts. Sophomore Suzanne Whitt also had a great season, missing state by only 2 places. On the boys side, Ben England had a good season. The boys team is looking to rebuild, and more hard work should make them a contender for next year.

Varsity Volleyball

Volleyball
Tina Hinds

The Lady Tigers had an excellent season on both JV and Varsity. With six returning starters on the varsity team, it was hard for opponents to stop them. This year, the varsity team set goals for themselves, but they never knew they would accomplish what they accomplished during the 1996 season. The varsity team finished as Interscholastic League co-champs with a 9-1 league record. The JV team finished with a 10-0 record in the IL and took third place in the IL junior varsity Tournament. This was the first year in four years that the varsity team was able to compete in the IL Varsity Tournament, and the Lady Tigers took First Place. The varsity team finished second in District 15 with the help of 5 starters from the JV squad. Four starters clinched 1st and 2nd team all-District honors.

This season was a productive season for varsity and junior varsity, and the future is promising with upcoming underclassmen.

Basketball

The Lincoln Prep boys basketball program continued its vast improvement in 1996-97, and to say the future will be even more promising is an understatement. The program continues its improvement in slow steps. The varsity squad said farewell to six seniors this year, they included Gavin Ross, Dominic Flora, Warrick McDaniel, William Smith, Kareem Trice, and Derrick Royston. Under first year coach Joe Greshum the varsity Tigers finished 10-17 and 2-6 in Interscholastic League play. The varsity could claim experience and leadership, returning three starters from '95-'96 in four year varsity lettermen Gavin Ross and Dominic Flora, and Sophomore Michael Watson. This years squad was perhaps the most talented team Lincoln has seen in a long time. Some key additions to the team were freshmen DeAndre Johnson(G) and Solomon Bass(F), who earned starting roles in their first year.

The Tigers had trouble playing consistently for an entire game, but their hard work and determination proved them to be a tough opponent. The program is still growing, but can build off near wins over two ranked schools in Missouri, in Metro(59-58) and Southwest(71-68), and an overtime loss to Washington, a top-ten ranked school in Kansas. Michael Watson led the team in scoring, and showed that he's one of the top scorers in the area. Senior Gavin Ross dominated the boards in nearly every game, and had some crowd pleasing dunks as well. Senior Dominic Flora was the top outside shooter on the squad, continuing to knock down the three point shot as he has done throughout his career at Lincoln. Warrick McDaniel was the sixth man, and proved that he is one of the top defensive guards in the city. The varsity Tigers' season had a disappointing end, though, losing to Westport in the first round District play.

The junior varsity team had a very impressive season, and caught the eyes of many coaches around the league. Under first year coach John Wilson, the JV Tigers showed excellent poise, discipline, hustle, and execution. The team was lead by its starting five, playing together for the second straight year. These five sophomores included the consistency and smooth play from "the Twins", Lamell and Darnell Smith, the three point threat of Darryl Jones, Dejzai Eskridge cleaning up the boards, and Andre King slinging no-look, behind the back passes and leading the squad on the floor. The JV Tigers were exciting to watch and are certain to turn heads in the future.

Collectively, the Lincoln Prep boys basketball program is improving steadily, and is finally establishing a respectable and winning tradition.

Varsity Girls Basketball

Girls Basketball 1996-7

The Lincoln girls basketball team endured a tough yet optimistic season. The varsity Lady Tigers finished 5-9 overall and lost in the first round of District play. The Lady Tigers were extremely competitive and showed a lot of heart this season. Seniors Rhan Cavi, Clarissa McDaniel, and Y'Anita Crim played their final season with the Tigers; their talent and leadership will be missed.

The girls basketball program at Lincoln can expect great things in the future. The Tigers return a handful of players with varsity experience, including one of the top guards in the area in sophomore Kristen May. The program will certainly bring much excitement to Lincoln for years to come. Congratulations on an outstanding season!

Varsity Cheerleaders

1996-97 Cheerleading
by Latasha Wallace

Unlike the other athletic teams at Lincoln Prep, cheerleading is a year around sport. The season for cheerleaders began in June of 1996 with the annual cheerleading camp. The first week of school, we kicked off with the first football game of the season.

During the second week of school we had Varsity squad try outs. Five of the eight participants made the Varsity squad; sophomores Ambrea Burns, Rashanda Fuller, and Kali Wilder; Juniors Latasha Wallace and Staniseia Woolridge. The returning '95 - '96 Varsity cheerleaders were: juniors Tynisha Andrews, Tanille Brooks, Tateasha Davis, Nicole Griffith, Janel Howard and Patisha Smith; Seniors Tina Hinds and Nicelle Reed.

The J.V. cheerleading squad also had a great start in September. The returning members and captains Rachel Fisher, Tyisha Moore and Diana Webber played a major role in whipping the J.V. squad into shape. It was a job well done.

Both squads cheered our teams to success and hyped them up when times were looking a bit low.

-To all the Teachers and administration-
Thanks for all the aid and educational opportunities provided to me over the past seven years. You've definitely had a positive impact on my life-for the most part. To all the folks who were against me, past and present, who may read this-be it bus drivers, coaches, English teachers, or even toy cops on power trips-I have got mine; I am successful and through God I am going to stay that way. So, the good and the bad was appreciated-It didn't kill me; but instead only made me stronger.
-Thank You again,
Nickia McMurtrey c/o 1997

Jan- I love to watch you and Jason bicker-very amusing. I hope we can stay in touch after we finally get out of here.
Tyler- you are the one and only couch bok choy. I'll miss your goofiness.
Aaron- I miss your hair! You never fail to make me laugh. Good luck in Chicago.
Nikki- thanks for keeping me company in Ms. Webb's class (that is when you came). I wish we could have been better friends.

Tene- you're a sweetheart. So pretty! I hope we have a lot more chances to hang out.
Allison- It's been fun laughing at Jason and Jan with you. I hope we can continue to do so
I love you all,
Amanda

To Melissa- We've been through hell and back, and all of it together. Thank you for always being there, and loving me no matter how crazy I got.
Jan- You were always there to hug me and let me lean my head on your shoulder whenever I needed it, and that was a lot.
Manuel- You made everything so clear when all I could see was how screwed up it was. You helped me accept things even when I didn't want to.
Sally- Your craziness made me look sane. And your attitude made me look nice. You were always available if I needed a good complaining session, thank you for that.
Matt- It's all your fault that I missed most of my senior year. Too much coffee and pinball just doesn't mix well with school. But you let me lean on your shoulder and listened when I whined. And we Rock in Spades!! Thank You
Amanda B- You are the most unique person I've ever met (with a few exceptions i.e. other artform freaks) But you told me when I was being unrealistic and crazy. And you taught me how to be loose when I was being too anal
Jessica- You and I are so much alike. We have the same years, and the same hopes. And the same understanding of each other. You are one of my best friends. Thank you for everything.
Stan- Thank you for always listening. And Thank you for being patient with me.

Coyote,
We've liked each other for a long time, it just took four years to finally do something about it. Fate does work in mysterious ways. (I'm not complaining though) You've held me up when no one else could, and always stood behind me. I've always known that I really needed you, that you would find a way to reach me. If something happens to you, God help me. As each day goes by, the more I think that we'll last for... a lifetime. I hope I'm right.
Oh yeah, thanks for putting up with me, especially when I'm acting like a number one supreme... well you know. Just toss in any ole' explicative. <Yes I just used a BIG word. :>

To my class-Even though most of my best friends aren't here, I've still grown to know and love a lot of you who are here. If we got through all of the classes before us, then we can definitely graduate knowing we've grown up the most. Can't nobody tell us nothing-if you smell it then it must be us, b-cuz you know. And even though 2 of us have fallen-my best friend Charmaine French, and Ryan Sayles, that only made us stronger. See ya'll in '98. BF

Damon-I've known you for 9yrs. I think we might be friends now. Have fun in college. Don't do anything I don't want to hear about.
J.C. 4- life.

Hoby-We've had G-days and shall have more to come, yes indeed! Mike-my loud friend. You will be a great announcer. You've got the lungs for it.
Brandy-I hope you get all your men.
Brian-To you I leave the booth, make me proud.
Kim-You know what I'm gonna say. That still goes today.
To my other J.C. Bros, J-Rock and King Ohav II. We shall always be brothers. Much love! from Terry "T-Bone" Hanes.

We are passing the SWOOSH legacy on to you, use it wisely. You are the spirit of the team. We appreciate your smiling sweetness. We'll miss you next year
Love, Rebekah and Jordan

Through the 15 years you've been in my life, I've cherished everyone of them. The bond we share is stronger than any other brother-sister relationship, and I hope and pray it will continue throughout our lives. Don't try to live up to anyone's expectations but your own, and don't worry about filling my shoes, your hard work, strong mind, and accepting heart will far surpass anything I've ever done. Stand up for yourself, as well as those who can't, and know that anything can be accomplished through Christ.
Your loving brother,
Aaron Jose Munoz

To the ladies in the CAB,
Yeah this has been a fun but rough 4 years together. Some of our members have had their problems with each other but its all gray. We still the tightest, and in the words of Puff Daddy, "Can't nobody hold us down!" Yeah and you know that we have an honorary male member, little Tayseen. As our sayin goes: you wanna be Ms Queen Bee but you can't be that's why you mad at me!
From the Queen Bee

To all my peeps from the "old school"- Syd, William, Trey, and Edward- 13 years is a long time to spend with folks, especially when we're only 18. We've watched each other grow up and change a lot, yet we've managed to remain friends without killing each other. We have been together too long to lose contact now- keep in touch, I love ya'll mate! Remember- blue and gold outside the rest and J.S. Chick is the best. -J.S. Chick

To Ms. Rollins, I just want to say THANK YOU- For all the times you allowed me to come into your office with a broken heart, full eyes, and worrisome mind. This year hasn't been easy for me at all and you've taken time out to give me advice and listen to my problems. You've given me strength in my weakest hour and showed me how to be POSITIVE and think positive when I'm "against all odds" (TuPac) you really are a special person to me. these words alone can never compare to the gratitude I have but I just simply want to say Thank You,
-CoCo

To Smokey (R.M.)
This '96-'97 school year has been a time I'll never forget. Who'd of thought that me and you would've ever gotten together. Who'd of thought that we would've gotten as close as we are now. I'm happy everything that happened, happened. I'm also happy that the little crush I had on you your freshmen year turned into the love that I now have for you your senior year. I want you to remember that no matter what you decide to do or where you decide to go after graduation, my heart will always be here for you.
Love,
Goofy(T.W.)

To the student body of Lincoln College Preparatory Academy- Believe that what you have in this school is superior to any other educational institution in the KC metro area. Appreciate and respect what the teachers are doing for you. Go forth with what you've learned and raise LCPA's legacy in the nation and world. Do your best, do your work, and make a genuine effort to comprehend everything that is put before you. Always be intelligent and never naive. I proudly leave my unyielding spirit to never give up to Lincoln Prep. Hope to see you soon, but if by chance we do not meet again until the end- I'll see you in the Rapture. Remember-no matter what you achieve, you will never even enter the vicinity of the greatness of the class of Nineteen Ninety-Seven---1997.
NicKia L. McMurtrey #33

Charles,
I leave Lincoln to you and Daniel. You both are so very important to me and leaving you two next year will be one of the hardest things I'll ever do. Remember to always stand up for yourselves and each other. I love you both very much.

I really appreciate having a shoulder to cry on, and a fool to laugh with. I feel like I've known yall all my life. There's no use in saying k.i.t. cause what we have is special, and exceeds all time and space. Kami- you'll always be my spiritual guide.-Thanks. I love yall like sisters for real.

To my baby K.J.! Boy, my have we changed from the 7th grade to the present. I'm sure a lot of things will change over the years except the way I feel about you. Cheron (Mrs. Trigg)

Camen (AKA Cathy Lane),
You have been my friend since freshman year. You are one of the very, very few girls that I can say has been TRU all 4 years at Lincoln Prep. Even though we will be going our separate ways(maybe not if Charlotte can help it), our friendship will stay strong, and remember you can have anything you want in life but my man.

To: Tionna Mabon
Even though you were in the wrong. A real friend looks past other's faults to see the good in that person, so I would like to thank you for all the times you let me bore you with my boy problems, and the times you truly had a girl's back. (Central) (Donnell's house).
You've always been a person, I felt I could confide in, and tell my most worrisome problems to. We've laughed, we've shared heartache and pain among other things(Bayou) and even if we never be as close as before. I've appreciated your "friendship".

To the 7th hour Psychology crew, thanks for giving me some of my greatest laughs.
To my freshman friend Tiffany H.-your huge amount of energy and smile always helps me start my day on the right foot, thanks.
To Nicole W., I admire you so much, because of you I believe that I can do anything despite all obstacles and barriers. I love you so much, thanks.
Tracy, thanks for you know what and Cathy, we can talk anytime.
Brandon and Maretta, I wish you all the happiness in the world.
-Chris G. c/o '97

To Daniele Lynn Fields: Nothing I could ever say here would relate to you how much you mean to me. No one could possibly replace you. Over these past four years, you have been everything a person could possibly be: rival, acquaintance, friend, best friend, and finally sister. We have been through a lot together: guys, non-guys(weasels and dorkmuffins) and sitting in the car together for long periods of time(the true test of friendship!) You're such a strange girl. We both know that Robert Smith is a god among mortals. The Cure Rules! Ya know, I'd love to touch the sky tonight.
I love you.
Anastasia E Witbolsfeugen

Gavin Ross and Damon Weatherspoon- I went through the little failed relationship thing with both of yall, but I got special friends in the end. Thanks for everything- yall know what I mean. I love yall like my brothers- freaky boys, I'm glad yall are there for me. If we loose contact I'm going to hunt yall down.
Love yall,
NicKia L. McM. 33

To Tasha, Addriene:
I bet you all are thinking who's wasting their money sending a shout out to me. Well y'all can thank me later(50 cents a piece) I just wanted to let you know that I know we've had our little spats in the past. But, y'all will always be cool with me, Prom '96 was so fun and we kicked it until I couldn't take anymore(y'all know what happened) Addriene we go back to K-3, and Tasha we go back like car seats that summer we "lived" at the Partyhouse. Well don't forget me cause I can't forget y'all. Love always,
Teremca M. White class of '97

S.O.A.R. for Chrst- it is through the support and education of this organization that I truly obtained Christ's peace in my heart. With the Holy Spirit working like it did this year. S.O.A.R. is merely on the brink of something extremely extraordinary. Praise Him for that. Thanks again S.O.A.R., its officers, and Mr. D. For the leadership. May God Continue to Bless-
NicKia L. McM. c/o '97

Much love to all of the TRU playaz who made this year tight: Joe, Vien, Anthony, Brandon, Kong, Sophea, and Bora. Stay 'bout it and TRU 2 da game.
