In loving memory of those left behind

Healing

After so many goodbyes
And so many tears
How does one survive?

After so many friends
And so many lives
How does one live on?

After so much sorrow
And so many why's
How does one continue?

After so much confusion
And so much fear
How does one keep going?

The years have brought so much
Pain, death, and confusion
And we have yet to heal

But with their memories forever in our hearts
And the help of love and friendship
We overcome these tragedies

With us we take their memories
The memory of how they always smiled
The memory of how they always joked
When we were feeling down
And still don't believe they are gone

Varsity Tennis

Over thirty girls participated in The Girls' Tennis Team; over thirty girls worked very hard in learning and perfecting this life-time sport. The girls competed against some of the toughest schools in the area and played over twenty matches. One of the highlights of the season was our victory over Grandview High School, a team which previously we had difficulty beating.

For the first time we played a full junior varsity schedule with a great group of JV players. Assistant tennis coach, Coach Conley, did a super job this year with this junior varsity team.

The graduating seniors who are Tanttanna Allen, Karla Bussey, Pearlina Downs, Denise Stovall, Sara Landes, Sophan Khin, and Renee Radford provided leadership and strength on the court. Sara and Sophan have played on the tennis team for four years and have the honor of being the founders of the tennis team. These seniors will be missed.

Coach Munoz has commented, "All of the girls on the team made this a very successful year; their enthusiasm, hard work, and sportsmanship made this years' tennis team one of the best."

Fall Homecoming

Lincoln's pep assembly is ready and it energizes the crowd with hopes of a near victory; even though sometimes this feat is not accomplished.

The pep assembly begins with the performances of the Homecoming royalty candidates. These performances add to the excitement in the pep assembly. The fall sports teams are presented. First we have the Football teams, then Girls Volleyball, Cross Country, Boys Soccer and Girls Tennis. The Cheerleaders are presented and they do several cheers to excite the crowd.

Students have always participated in Lincoln's Homecoming Festivities-from hall decorations to the assembly, to the Homecoming games and the dance. The excitement of it all always attracts many students. However, this fall's homecoming dance was canceled. Ticket sales were not as prosperous as in the past. For some reason students were hyped for everything except the final party.

Spring Homecoming was again sponsored by the Student Council. Homecoming week was surprisingly different from Fall Homecoming. In comparison the Spring Homecoming surpassed the Fall Homecoming because of more participation in spirit week activities. Activities included pajama day, cross dress day, and hush day. For Spring Homecoming we had an extended pep assembly, the boys and girls basketball games and the Spring Homecoming dance.

The pep assembly was different. Students performed exotic skits and brave and athletic stunts in the auditorium. Unfortunately, this caused a great deal of controversy.

The boys basketball game was held at Northeast High School where we took on the East Bears. Also in contrast to Fall Homecoming, we received a victory at our homecoming competition. The girls basketball game was also held at Northeast High where the girls beat the East Beast.

The homecoming dance was held at Brush Creek Community Center. There was some controversy surrounding ticket sales and attendance. At the outset, general attendance was good. However, later in the evening most students left the party. Many continued with festivities at other locations.

To all my friends,

Darling Nikko, you've been my friend, sister. Love ya for everything. Life without you would be hard.
Leia, we've been through some of the worst but through it all your still sweet.
Tateasha, if it wasn't for you I would have never understood myself and become the person that I am. Thanks for TAFKAP.
Jamie, You've been there for me and Nikko like no other. Merri, **Gracie**, **Coy**, I hope you become as successful as you are sweet.

To my close friends:
The years have flown by since I came here in the 8th grade. I've gained the friendship of so many people. I know everyone will succeed at what they really want to do in life. I have grown very attached to our little click and it will be hard to say goodbye. Thanks for the memories you have given me because they will forever remain in my mind. Love you'll
David

To my Senior friends,
A lot of you I've known forever, but some only this year. I still love all of you and wish you the best. Good luck!
Maureen

Heather,
This was our year. We've been through so much in such a small amount of time. You were the only one I wanted to talk to during the whole "scandal" and of course you were there for me like always. I'll be here anytime for you until the day I die. I love you! Maureen

Melanie, Cammie, Sandy
We've had a lot of fun this year! I could always talk to you about anything and you were always on my side. I'm always here for you
I love you! Maureen

Twang to my girls. Once there was a marrot who sat on Hyde Hill singin' ssssssssss. Rage on the first Sittin' on the 3rd floor eatin' Lucky Charms, but just the marshmallows. Wanna mattress? Meet cha at Pyramid. Sandra D

To all the Lincoln youngins remaining. Prepare to work hard during your remaining years here, but remember if you do this that success is sure to follow. To my brother, Enc H., I am sure you'll make it where ever you end up. You are very smart, but stop being so lazy. To classes '98, '00, watch out '01 cause their going to rule the school when we're gone. And to the class of '98 thanks for the laughter, the fun, and the times of comfort we shared. My girls, Danielle, Shawnta, Lashawnda, Erin, Sherie and Roshawn. We sure did have fun joking around. R.I.P. David, Charmaine, Ryan, and Shaun.
With Love, Keichanda

Anastasia Alma Natalia Lopez,
You will be my best friend forever. Our hand-shake should go down in history... well maybe. Don't forget what we have been through these past 2 years, and always stay gooly. Thanks for being there. Turner of a Peige

Brittney,
Life is like a Haunted house, you never know what you are going to come across and sometimes the things you do come across may scare you. When you come across these obstacles I know you will overcome them because you have a great spirit filled with determination and an appetite for life. I wish you all the joy and happiness one person can give for you future. And also thanks for being a great friend and "Moma".
Love Always, Tylsha

Tosha W., Khadija M., Tanianee A.,
Well this is the last year of our high school lives. Even though our friendship won't truly be the same for the New Year's incident it was just merely a hurdle in our friendship. But everybody's friendship has its ups and downs. It's been fun all the times we played practical jokes on each other. And all the times I've showed who's the boss. There's so many dates I can't begin to name when we've went out and kicked it. Tosha do good in school, stop hooking. Khadija(Nae-Nae) don't go to school and be free. Tanianee when you go to school stop taking steroids. And always remember Phenomenal Women go worldwide.
Love,
Kenya Blanks

Daimon,
Even though you push me around, call me names, and just plain out pick on me you have become a special friend that will always have a place in my heart. I pray that your future is filled with lavishness and "Hog-Style" things. Just stay yourself and things will come easy! Remember me always!
Love now and till the end, Tylsha

To: Mr. Jae'
You are the only one who understood my pain. Thanks for everything. You'll always be my brother no matter what people say or do.
Much Love, Tae'

To Andre King
It was cool tellin' you my problems/dirt. It was even better knowin' you weren't tellin' EVERYbody else. I consider you my brother.
Rachel

To all my M.O.B. brothers in crime, I'd have to say that I'm glad we were able to clown together as a CRU. Through all the dirt we've done and all the disrespect we've given people (whether they deserved it or not) I would like to say, like my boy Will E. would say, "I don't give a f(#!)" If your feelings or pride have been hurt by any ruling member of the M.O.B. Cru (Tre, Cortney, Wiley, Romell, Will, John, or Valley) that's just too bad. Good luck in life fellas. Tre'

Romell,
Ever since the day I fell in love with you my life has never ben the same. We had our problems in the begining, but we got through it. We've grown closer than close. Nothing that could ever come our way can come between us. Though we are not together as man and woman should be, the intangible feelings that we share for each other exist forever within. The bonds we've made, the love and tears we've shared are a few of the memories that no other love can take from me. I love you, now and always, and though we've gone separate ways and let others into our lives, the love I share with them will never be like my first love.
Love always, Janel Howard

Peige- You're my bestest buddy pal. Thanks for always being there for me. Don't ever change or forget about me. I love you man!
Anastasia(Stasia) Lopez

Nily Bhit-
Though we're tight, I won't ever forgive you for that one infamous phone call. Stay gooly Macaroni Toni, and don't forget a bit when you go to Detroit.
Coly Bhit-
You are one of the most psycho bhits I know. Though you try to get hype on me every now and then, you are still a good hit. Stay true and you'll find someone who'll be true to you.
Lima Bean Bhit-Tharx for being my friend through adversity. Thank you especially for being there at my lowest points, even though I told you not to take that shower in the boys locker room! Carly Bhit & Brandy Bhit-
Ya'll are some true bhits to the heart. It's been fun! Pearlina, Rachel, Tara, and all the other bhits I forgot. Thanx for staying true, not fake!

To My Girl - Mika
Keeping it real is what you do best. Respecting all things said and done by little -o- me. You are truly a friend. Even though people talk behind people's backs, some of us still stay friends. I'm glad we are one of the few that do. Being like family is how it's always been. So let's keep it like that. Sisters Forever Luv, Tasha
P.S. 1 more year.....

You are a friend that I've been happy to have. You were there when I needed you most. You'll always have a friend in me. Keep it real in the nine-nine.....
Tasha

Everything,
I still haven't decided on whether you deserve to be on my team but I know that I want you there. Half of the things we do should'n't happen in their world, but everything happens for a reason, so we wouldn't be going through these changes if we do not want to. I honestly believe that you were meant for me and I for you but everything that is meant doesn't always go according to plan... I love you more than words or time can express. Danielle P.S. We did that

R. Fisher
You are a cool cat. You know as much as we gossip we should have our own business, but for real, thanks for everything. Tasha

To My CRU members,
Keeping it real is something one must always do. Ya'll are like family and family sticks together, no matter what. Ya'll know we have been through it all just about this year was hard, Let next year be better.
Love Tae'

Christna-(Scallywag)
I know that you have problems keeping in touch with reality but that's what we are here for, to help you with your troubles when you think you are going to loose your mind. I'm glad to witness the crazy mind spasms that you have when you are feigning over one of your male companions. LYLAS Shawnta

To my dearest love, D.B. Thank you for transforming into the man of my dreams. I've enjoyed the time we've had to spend together and I hope we can spend even more time with you in the future. Hope your life is blessed with everything you've always wanted. Thanks for the laughter and fun and love.

Little Brother,
Advice from your big sisters: don't throw bricks in the air.
Peige and Anastasia

Bug
A friend is someone that you can talk to, tell secrets, and kick it with. A sister is someone that always has a shoulder available to cry or a smile to cheer you up and open arms that accept every little mood swing that comes their way. I have found all of these qualities in you! And by the way a friend always has a kind word or two to say so don't worry "Goldie" will surely come around!

To: The C/O '98
I've known most of ya'll 7 years, merry go rounds of emotions, blood, sweat, and tears, overcome obstacles and fears. Although some close have perished, never let it be in vain, never forget the memories of a person connected with a name, c/o 98 inducted in the Hall of Fame, the 98 symbolizes a numerous amount of things. From pretty faces, with them nice physques, to horrendous nightmares that make you awake from ya sleep. Not to forget we got them prettyboy plays, pimps, and ballers, those that others fear, intimidatin underclassmen, all wannabees play the rear, for this is our year. We shinin like diamonds, steadily be climbin, the future is our playground, we got that perfect timin. Can you see my prophecy, May 28th, RLDS 121 strong, tassels blowin in the air, the next minute you see caps flyin evrywhere, ler me take you there. Mad jubilation and celebration, year to year it's all the same, graduate and pass the torch like the Olympic Games.
Sincerely Yours, Standby (STB) A.K.A. Shaun

To: My Cousin- Dear Fergy, it has been very nice knowing you. We've been through a lot of ups and downs over the past few years. We have grown closer as we have survived many obstacles that have tried to block our path. But all in all, it has been fun. To: All Da Plays Hata's,
It has been fun for me, seeing all you jealous h'oes get you profiles in a bunch over MY affairs. I've never understood your and or why you do the things that you do, but I guess jealousy and envy are the things in which you operate on. But it's okay cause I am still a plays and that's 4 life.

It's been fun knowing yal. It has already been written that you will live up to the Legacy that the M.O.B. Cru has left behind. But despite all the hate's keep running through the girls like running water. Remember girls are like buses you may miss one but you can catch another one every hour on the hour like clock work and remember THE PLAYA CAN NOT HATE THE PLAYA. Much love in whatever you all decide to do in life.

To: Tasha "M" From: Mika "M"
I am so glad that I found a friend like you. You are truly special and sweet. With a personality and heart like yours, you will succeed in life. Thanks for always being there for me when I needed someone one to talk to or comfort me. I will always appreciate your support and understanding. P.S. Tell "M" I said hello!! Friends For Life

To Knight of the Court- My other half. I really get tired of people confusing us, but I wouldn't have it any other way. I'm not having any part in your rowdy behavior in college. I'll be the good girl and you can be the bad one for those four years.

To my M.O.B. Partner who always kept me well informed about the game. I never got the chance to converseate w/you before you left, on the freaks of the month. I didn't even get the chance to hip you to who I was messin with at that time (we're still chillin). You left so fast that Cru' didn't get a chance to have another crack session, and nearly leave cortney in tears. It's so many things I took for granted in knowing that you were always going to be around with the rest of the fellas, I never said anything to you! Wen enough with that sappy shit 'cause I know you would be clowning my words; so I'm going to close like this- I'm glad to have known you as a person, Cru member, partner in crime (many crimes- I plead the fifth), and most important, as my friend!
I'll never forget you. Much Love, Tra' R.I.P. David

To my parents thank you for coming together and creating me. Mom, the eternal love of my life. The majority of what I am today owe to you. My gift to you is my continued success. Dad, we've had our rough times, but despite what you think, I love you more than you may ever know.

My Thug Friend "Isha-Ty"
Well it has been a great year and I really enjoyed the fun times we had. Our friendship has grown over da years and I know it will continue. The kicking it, (my house Friday & Saturday nights, with the CLIQUE) and sad times (advice given from the heart, and big decisions) that we will continue to reminisce on. Thanks for your help and the love you've given me as a sister. Remember that friends stick together till the end.

Rachel
Thanks for being the great friend that you are. You will always get much love from me.
Tylsha

To my big sister Charmaine- I give big ups and much respect. I hate that your time was cut so short, especially when we were getting so close. I would have to say that you were, and still are the only one of my peers I truly respect. When I look back on all the things we used to talk about, I realize how much love I had for you as my friend and sister. It kinda hurts when I don't have anyone to talk to on a common level! But I don't tnp, because I know you're always watching over me. Thanks for touching my life and showing me that everything in the world doesn't have to be about Bullsh#! I'll always remember you and David, just check the tattoo on my back! Forever in my heart (My first heartbreak) Tre'R.I.P. Charmaine

D.E. Courtne & Mimi- This is just to let u know how much I appreciate u being there 4 me. Since I am the baby I know it's hard to put up with me but u do anyway. I'm proud to have 3 older sisters who are as nice, beautiful and intelligent as u are. Love, QueenB

P.S. Keep that F.A.

To: B.U.G.- I really love you too much to say for this yearbook, but I'll try to sum it up. Our friendship hasn't exactly been all ups but I guess that's due to other people getting closer to you. All I want you to know is that I was there in the beginning (especially when nobody else was) and I'll be here when everybody's gone. In my book, no matter how many other friends you have, I'll always be your best one. Love, Ray-Chil
P.S. Try to stay away from Central... You might get shot! P.S.S. Fake people never expose themselves in the beginning!

To all my senior friends: Alisha, Tosha, Patisha, Perlina, Tantana, Jennifer, Tiffany and all the rest of those I missed, not all of those who think I missed them just the ones I missed accidentally. Have a nice life in the real world.
Niece c/o 99

Shawn,
Even though I got beat up everyday by you, you were still cool sometimes and I hope that you'll find you a girlfriend cause I'm tired of looking at your face.
Niece c/o 99

For all the fake people in this school, thanks for all the hate comments and messages that y'all have given me throughout my years at Lincoln. Realize that you negativity has only made me more determined to be MYSELF and do the things that make me happy. I've learned that you all can't help me succeed in life and fulfill my dreams so why hold on to all the negativity that y'all brought me. At first I got upset about all the things y'all had to say but now I came to the conclusion that there will always be people trying to hold me back and push me down. I just have to be the strong one and not let those people make my life as miserable as their's are.
Tanille Brooks c/o 98, See you all if y'all ever stop in Detroit.

You showed me how it felt to be loved, made me realize when I was being used and opened my eyes to the truth. To: Marlene & CW
Marlene, I'm glad we got so cool last year and this year. Our many phone conversations and places we went were too fun! Too bad me and your boy didn't work out, but it's cool! Remain the same (except for the tude' at times) and you'll always be my girl. CW- Man, you are my boy. You are truly the only male I would let doggy me out, and laugh at it! But for real, you are a beautiful person inside and out and anyone who disagrees can kiss #@\$\$! Love ya' both, Shamika "Mika"
