# Fall Homecoming

Lincoln's Fall Homecoming 98 - 99 was Off the Hook, starting with one of the most memorable SPIRIT WEEKS in recent history. Each theme day was a complete and total success, full of tiger pride. The annual Fall Homecoming assembly was HYPED. Unlike, previous years the assembly was moved into the Gym, because of roofing repairs. The mood was actually terrific, because the atmosphere allowed everyone to celebrate and cheer their teams on in more ways than one. (i.e. screaming, standing up cheering) From Girls Tennis, Cross Country, and Girls Volleyball to Boys Soccer and FOOTBALL, all tiger sports were represented to the fullest. The excitement didn't stop at the Pep Rally. It carried over to the presentation of Lincoln's Homecoming Royalty. On top of that the Blue Tiger Football team fought to death in a make or break effort to become District Champions. Unfortunately, the Tigers fell short of the passing glory in a "heart breaker" to the Southeast Knights, 6 - 12.

# Spring Homecoming

Spring Homecoming 98-99 was centered around the anticipation of the big game against arch rival Central. Part of the hype was that the game would be televised.

Homecoming week was great. Students and teachers all got into spirit. The week ended with a great assembly. The Royalty candidates put on some original performances. The game with Central ended in a disappointing loss after a valiant effort on the court.

To my fellow Musketeers Tamasha-Girl whatever! You know there is no need to explain what you mean to me. No matter what happens in life you will be my #1 partner in crime. Nicole, Nicole- I am so glad to have you as my girl cuz you gave all the support a friend could. I just wish you wasn't such a freak!

We will keep it tight, I know! Much love, Laney-Mar 99

Katy & Kelly, Thanks for appreciating my unique sense of humor. It has been super having you in a number of my classes. For some reason I feel the need to stay on my toes, when around you, because of your higher level thinking tactics. Hope to stay in touch after we leave. Jeremy & Amy

Brandon: Despite anything you see, think, hear, or believe, Aerosmith can beat anything you ever pull out. ME

To: Patricia Stan Gray What can I tell you that you don't already know. Every second we spend apart feels like eternity. I have cherished every second that we spent together. You are the nicest, most caring, and the most beautiful person I know. This is why I love you so much. You are a very special part of my life. You are not only my girlfriend, you are also my best friend. You will always have a special place in my heart. Love always, Larnae

To S16: I was there first (before the girlfriends) and I'll be the last to leave. You all made me laugh, and in each one I do believe. I wish you all the best in everything you do. Keep in touch, and I have gone through our separation. But we again found our way, I care for you all and I mean what I say! I'll hold our memories for a LIFETIME! \* Larnae, don't forget me, I was there first (and I know you still want me). \* Thanks for all the rides! (Past and Present) Nicole J.

Amy, You've made my entire high school experience unforgettable. Without you I probably wouldn't have made it this far... to be able to write this small note of token of appreciation. Although we sometimes don't connect on our opinions, the connections that we do make are worth three lifetimes and a whole eternity. After this, whatever comes our way, but my heart has adopted a love for you, and once something travels to your heart, I never drift away. Love, Jeremy

You fill me up w/ life and love. Even though, you will be leaving, going off to experience bigger and better things in college, you will always be in my heart, I'm happy for you and hope and pray that you will do and be the best you can. The memories I have shared w/ you are unforgettable and more than special. You know I will miss you a lot and you will be on my mind. To my fellow cheerleaders, Thanks 4 all the memories, especially going to Kansas schools and just kicking it. We have become the best squad in the IL, and I will always remember every moment at each game. To Larnae: There are so many things that I would like to say to you, but words can't express what you mean to me. Before, you came into my life! couldn't imagine that I would find someone who truly made me happy. I've come to cherish so many special things about you, your smile, your reassuring touch and the way you understand me and sometimes better than I understand myself. Not only are you my boyfriend, but my best friend. I wish you nothing, but love & happiness in life, whether it's with me or not. (Shanella) Our friendship has been like this crazy topsy-turvy rollercoaster. But it's one of the best rides I've been on! (That was corny wasn't it?) But it's true, (Erika) Your the greatest! Sorry our relationship strayed 4 a minute but I'm glad we got back on track. I always need a ghetto girl w/ me! (Patricia) We go way back to 3rd grade. And you are still the sweetest person I know. I'll be looking 4 my wedding invitation in the mail! Mariane 99

Bug, Tyisha, Heather- Heather- We've become closer this year, and I consider you some of my closest friends. I wish you the best of luck in the future. Love Always, DCW

For those who hated me because you wanted to be the diva that I am, it's sad you had to cheat and scam ( Senior Poli ) For those who drink water... I know you mad cause you talk you couldn't fade. You sit and plead that you're all natural, you talk behind my back, and then jock my style ( Fake ) See I don't need fair-weather friends, quite simply, Ya'll can blow like the winds... To all ya'... I say FAREWELL! I never liked ya'll for real anyway, most importantly I say... Don't Hate the Player, Hate the Game! N/Cole J.

2: That take female A.K.A. CAMILE, I want someone write any thing to you, but I felt like I was leaving you out. I felt like it's my duty to say something to you before I leave. As far as your affairs, he wasn't yours from the get go. SO GET OVER IT! I got something, you'll never have, I know you are waiting, wishing, and hoping for that day to come, so you and him can be together and become one. That's funny! He don't want you for nothing more than just a friend. GET OVER IT! He don't want to be your man, hope you find someone that wants you cause he obviously doesn't. Mind your business and leave me and my name out of your mouth. Just because he looks at me and not you, don't mean you got to hate. Don't be sad. Stop trying so hard to impress everybody, they all see your fakeness. Ain't no need to kiss that butt, I know I got you trembling, scared with fear. Ain't no need for all that drama, just wipe away those tears. Ask him who he wants, I'm sure he will say it's me not you, and it will always be this way!  
The wrong one to mess with!

To everyone that lied on me or believed those lies - Too bad cause you messed up on a d\*\*\* good friend! I hope you're talkin about me just as much when I'm a successful professional!

We have really been through some times together. From "psycho" boys to funny acting females, we've remained friends and I am truly thankful. DeAndra': We have been through so much together. We've had some good times, as well as some bad times; but through it all, our friendship has withstood, showing how strong we are together. We hold so many memories that others can only wish they had (especially when it comes to the brothers). We have those fun-filled memories from '96 that no one will ever be able to take, and all those times when we just went out and kicked it like it was 1999. But it is 1999 now, so it's time to party like we've never partied before. Thanks for being a friend! Nae

Becky- Life is a roller coaster we all have our turn. So I think we should all jump on board and have fun. Don't ask me what I'm talking about cause I have NO idea, like always. Angel of Mine a.k.a. B the Bishop This past year that we have spent together has been more than special. I wouldn't change anything that has gone down between us. You know I love you and I always will. No matter what happens to us and our relationship. Every moment spent with you has been a dream. Stay tru 2 me over the summer and forever. Love, Birdy s.k.a. Queen B (you know)

Bug- You are a little sexy thing. We've been tight since 10th grade. I want us to stay friends, so lets keep it tight. Love, Dezzai

My Best-girl Tylsha & Heather- The road was rough at the beginning, but we overcame it. As we drove further, we realized that a friendship was developing. As we stopped at the light, we almost encountered a wreck, but we trampled right past that obstacle. Driving further helped us to realize that the friendship we have will continue to grow stronger with every problem encountered. When the road finally ended and it was time to go on our separate ways, we each realized that the love for each other will never be lost, but consensly in our hearts. Our friendship has come a long way, surpassing many other cliques that tear apart. I will always remember all the times we shared, be them happy or sad. Even though you freaks had to put up w/ my mood swings, I'm proud ro say you accepted the real me and stood by my side. I know your future holds promising hopes and dreams. Stay TRU and always remember TOP Notches, turn the party scene OUT! Love Always, Rashanda \* Bug' Fuller P.S. Thanks for any needed advice. And we really went through some petty stuff!

3rd Lunch Crew: I have 4 words...THE FOOD WAS GREAT!

To: All the Fake Ones When I first met you, you seemed to be real cool. But as the years continued, I became the fool. I would watch you each day, ignorant is how you would act. Looking upon you with disgust, is how I chose to react. But now I've come to see, how fake you really are. You're not actually real, not even by far. So to end this poem, to you I must say. You must keep it real, starting with today. From: Erinne' c/o '99

Hey C., I just want you to know that I will always love you and that you are the best thing that ever happened to me. (Next to my other girlfriend, Vanessa). Boron

To: P  
Sitting in the back of the class just doing my thing. Looking up at the clock wondering when the bell will ring. Constantly flirting with you everyday, hoping that special girl will look my way. Asking for one chance to prove myself, but in back of my mind I know you have someone else. So I patiently wait for my time to come, cause I know in my heart you are the one. I'll always remember that poem and you will always have a place in my heart as well. Thanks for the flirts, visits, talks, "not leading me on", smiles and friendship. I will truly miss seeing you during the school day. Congratulations on your graduating. May God bless all your endeavors in life. Hugs and Kisses.  
Avec tout mon amour, Diadonna Elise

We have so many memories in this building together. From Gin and Juice to 816, we have a history that I don't ever want to leave behind. I know that as we go down our separate paths, we may lose touch but we will never forget the many memories that we have here at Lincoln. Much success and happiness to everybody!

P.S. If you walk on banana peels you might slip and fall, so walk on cookie crumbs. They are much more stable. But don't walk on crumbs if you are sneaking up on somebody cause they can be loud.

Kaii - We met when we were four and have almost been inseparable ever since. I've grown to love your versatility and you've grown to love my attitude. You are truly my sister in my eyes and in my family's eyes. I wish you nothing but success and happiness. Friends Forever OK? OK. I Love You Girl!  
Heather (leather)

To the Old CRU 99 -  
I know things are different between us, but that's a part of growing up. We have matured into separate paths, made other friends, and made individual plans for the future. Basically, we have grown up into young women. I wish each and every one of you the best life has to bring, because you deserve the very best. Please don't settle for less.  
Good-bye, Shelley

Mrs. Cizer -  
You have greatly influenced my life. I admire your loving personality and your crazy sense of humor! Thanks for zutting up with me!  
Love, Tylisha

To Patricia and Larnell -  
I love you guys a whole bunch! You two be safe this summer. (Heir! Heir!)  
Love, Tylisha

Landon M - Forever & Always

To Sandy - you've always been a great friend, despite our faults, and I thank you from the bottom of my heart. To Cammie- you became a great friend and confidante, and I hope we stay friends for a lot longer. To the both of you, we've shared some of the best, worst, funniest, and saddest times together. Your friendships mean a lot to me.  
LYLAS, Becky

Rashad -  
Dear-heart, you know how I feel about you because I constantly express my feelings. The fact that we're going away to the same school makes me smile everytime I think about it, because I'm going away with my best friend as well as my boyfriend. Even though people have doubts about our future, the fact still remains that we're happy now and who knows what the future holds. I've been with you three of the four school years and some of my most memorable moments include you and that's very special to me. I LOVE YOU!  
- Fat Girl

Shonora -  
Always remember that you're a beautiful person inside and out, no matter what others say. Stay true to yourself and don't grow up before time.  
Love Always, Erika

Tenysha, Sharon, Melantha, Jeanette, Deidre, Jossan, and Kristen P-I don't know what I would do without friends like you all. I know I'm psychotic but since you all still claim me that shows that you are all wonderful, caring, psychotic people. Stay TRU!  
Love, Bre a.k.a. Queen B

Ms. Martin - West,  
Thank you for these wonderful years! You have been a great influence in our lives and have become both a teacher and a friend. You have inspired us to move on and accomplish bigger and better things in our lives, as well as to enrich ourselves through the finer things of life. We all enjoy your many outbursts, and we all are not afraid to get on the floor and get dirty! We will never forget your eye patch, your madness during yearbook deadline, and your red feet (Dewey)! We're sorry that we must now leave you in this sn''@ school, but we will definitely be back to visit our favorite teacher.  
Always in our hearts,  
Sandy, Mary, Kaii, Dewey, Taylor, Emilee, Shira, Chandra, Erinne, Mariene, Diana, Deandra, Bug, & Tasha.  
P.S. - RRRRRR Maty-Captain.

To: Mom & Dad  
Thank you for being there when I needed you the most. You were always there when it counted the most. Thank you for letting me experience life. I am happy that we are close. I know that I don't always do the right things but you are still in my corner. No matter what you say to me I know that you love me. You have instilled good morals and values in me to make me a responsible adult.  
Love your caring daughter, DeAndrea

Heather,  
I don't know where to start. This "thing" we have started in the 7th grade and is now recurring. This "thing", or whatever we got, I hope will last until both sides decide to end it. But, you will always have a place in my heart.  
Love Always,  
Andra'

Ernie -  
You are, by far, the definition of a unique person. Thank you for being real and for making school interesting (if that's possible)! I wish you nothing but the best in the future, and maybe now you can make new friends!  
Love, Chandra

Shanelle -  
Thanks for all the advice you've given me for the past seven years. Some of it was a little off target, but all was from the heart. I love you and wish you nothing but success. P.S. Kick it a little at Fisk.  
Heather

To: Dee  
We have known each other since freshman year. We might not have hit it off right then but we do now! You've been a good listener and I respect that in you. K.I.T. don't get little-o-me.  
from: Tae' CRU of 99 !!

To: Mr. Cohens 2nd hour  
Thank you for all of the help that you all gave to me. When I was feeling down all I needed to do was come to class and get a few laughs from you all. Nicole when you was there we had some nice talks sometimes about you know what.  
Love, DeAndrea

Jack,  
You are truly a spectacular human being and I will cherish your friendship forever.  
Love Always, Erika

To: Victoria -  
We have been through alot of things, but through it all we have become closer than we ever been. We keep on pimpin and keep on getting the males w/ your crazy butt.  
Love, Cynthia

To: Major Bussa -

Collin: You and I have had our share of good and bad times. I think the best times were when you lived across the street. That was so much fun! Whether or not you know this, I used to have the biggest crush on you in the 8th and 9th grade but nothing ever came of it. Collin you are a sweet guy and I know some day you'll find what your looking for (and you won't have to pay for it). Remember me when your rich and famous and I'll do the same.

Miss Tam-dogg,  
Thank you for any advice needed. I know you were always by my side and there to catch me when I fall. I will miss you and your "creeps," just like I know you will miss me gossiping on the phone in the counselor center. Remember me always, and I know you'll be at CMSU cheering me on.

The time we spent kokin' it, going here and there, and supporting each other has been special and warm. Since 6th grade I've grown close to all of you and I appreciate you all loving and caring for me. Please don't let me or each other go. Hope to see you all at the next level in life.  
Kali and Diana - we had some/all good times hanging out with you chicks. The runs to California during fourth hour, kickin it with the football team, AMC moments, and hearing accounts of your wild & crazy weekends (cause you all know I'm all married & domesticated). U got much love 4 U & U. Let's live it up after 5-24-'99".
