# Middle School Student Council

The sponsors of the student council program in the middle school are Mrs. Cole, Mrs. Nelson, and Ms. Etterling. The student council is a student wide body that lets the students give their own opinion on issues, things they think should happen, and activities in the school. The student council plans most of the fun activities that go on in the school. The students elected the officers on October 23 2003.

# NATIONAL ACADEMIC LEAGUE

N.A.L. (National Academic League) is one of the many clubs here at Lincoln College Prep middle school and other middle schools throughout the nation. The coach for N.A.L. is Mrs. Shepard. Her job is to train the N.A.L. students for the competitions in the spring. They give the students handouts and packets to memorize. The students also get daily quizzes to see if they memorized the packets and worksheets. To be in NAL, you have to be in 7th or 8th grade, have a GPA of 3.0 or higher, and be willing to study.

In the competition, one school competes with another school. First, the schools compete with the ones in their district. Then, the best school in the district get to compete with other schools in the state. Last, the school that beats all the others in the state will go to nationals, where the best schools in the whole nation will compete against each other to find out who is the best in the nation. # Science Olympiad

Science Olympiad is a series of 23 science and math events that challenge the student to apply their knowledge. Students can compete in events such as Bottle Rockets, Bridge Building, Robo Billiards, Science Crime Busters, etc. In these events students must prepare a device to be tested or put together or they must prepare a notebook and resource materials in order to take a written test. All events require the student to go above and beyond the normal classroom materials. Students then have an opportunity to attend metro area meets to compete against other middle school students. The best in each event can be awarded medals or ribbons. Any student in grades 6 through 9 can participate.

Junior Classical League is a Latin club for students that take Latin I or II. It is an optional class to take after school every Thursday with Mr. Buss. JCL is about learning more about the Roman ways and beliefs. This year the kids are learning about Roman and Greek mythology. In JCL they read books about Greek and Roman mythology. Then in April they get to go to Columbia. There they compete with high schools about the information they learned. Each year JCL seems to be a hit and the members hope this year will be good too. They compete against each other to practice and to learn and try to get everything into memory every Thursday for the competition. JCL is a fun way to learn Roman stuff. That is what JCL is all about

# Girl Scouts

Girl Scouts is a program for girls founded by Julia Gordon Low in Georgia. In the beginning it started with just 18 little girls in Georgia. Now all around the world there are millions of girls scouts. Girl Scouts is a program devoted to teaching young girls to develop self-potential, Skills to relate to others, and ways to develop a value system. Girl Scouts is held afterschool every Wednesday. All 6<sup>th</sup>, 7<sup>th</sup>, and 8<sup>th</sup> Grade girls are welcome to attend. The Girl Scout leaders at Lincoln Middle are Ms. Lartice, and Ms. Tracy. Girl Scouts at Lincoln really know how to have fun. By: Erica Stevens

# National Junior Honor Society

7th and 8th grade students who have earned a 3.5 cumulative grade point average while at Lincoln are eligible for NJHS. Students must have good citizenship with no ISS or OSS. These standards must be maintained in order to remain in the program. An individual community service project is required of all members

# Pawprint Staff

There are many clubs and activities you can do at Lincoln but the one with the best and greatest reward is the school newspaper. It serves a very useful purpose at the school. It keeps the staff and students informed and it is something to read during homeroom. The school newspaper staff makes one newspaper a month. This year the school newspaper is the best ever; it is longer, has more pictures, and better stories. Now more kids are using our school newspaper for something other than filling up the wastebasket. This year the school newspaper also has an advice column. As always the newspaper also has stories and articles on real life events. This makes the Paw Print the best.
