"Everyone belongs at Lincoln!"

"Television tastes funny" ~ Cheese

"I think that Lincoln students, most of us anyway are here to get certain things accomplished. We have talents and skills we want to improve on and get into a good college. I don't think we really have time to be hatin' on each other."

—Shawanna Meeks, Senior

"It's not a perfect place but compared to other high schools it's much better. Kids still tease but they are a lot more accepting of differences."

—Ms. Lacy Hill, Teacher

"I was always amazed at how much our kids took their academic and extracurricular gifts in stride. At Lincoln it was assumed and expected that if you were here- you were special."

—Mr. Steven Saraggs, Vice Principal

"Just proves that education is the only way to make changes."

Josh Bechtel

Q: Do you think that it's easier to be openly gay at Lincoln compared to other KC schools?

A: Yes, except maybe Pasco. I think Lincoln is a better place than a lot of schools. For the most part Lincoln students have gone through school together since 6th or 7th grade so we're mostly comfortable around each other whatever the differences are. Of course, there's a down side to that too: everyone knows your business!

Mary Tripp

Q: As someone who definitely marches to their own tune, do you feel Lincoln students have welcomed you?

A: My graduating class was very accepting! We all grew up together! The younger students don't seem to be that way. Now days there's more indifference than teasing in all schools. I think Society has grown. Lincoln students are so busy doing all their activities and working on their grades.

Q: What about religious differences?

A: There are only a few Muslim students at Lincoln but everyone is cool about our faith. It's more of a topic since 9/11 but no one here at Lincoln treats you bad or different. Actually Akeem & my brother Mohammed joke around with our friends more than they joke with us!

-Abdurahman Sharif
Muslim

Q: If there are no race issues then why do the "white kids" sit by themselves at Lunch?

A: It's not about race, it's about interests. The friends I sit with like the same things I do. That doesn't mean we don't have friends we hang out with that are different races other times, like class, clubs or sports.

-Macy Pruitt

Is racism behind us here at Lincoln?

Patrick Burke

"Well, with my group it's not an issue... obviously for me, it's not...Centoria and I don't really think about."

Shayla Turnipseed

"When I first got to Lincoln the girls weren't very nice...they said I acted "white" but after everyone got to know me then we were cool. You just have to act like yourself who ever that is!"

Q: If Lincoln embraces liberal differences...how does the conservative student fit in?

A: At Lincoln you find your own group and hang out with them. There's a lot of things I wish people didn't do or say around me but mostly everyone respect my beliefs. We've even started a group called "The Club" where we can study, worship together and pray. -Paul Pickett

Josh and Tony "high five" as Eric Postura looks on.

Lincoln Seniors have no trouble putting differences aside for a common goal...GRADUATION!

Senior **Andy Hazelrigg**, known "racist", with his adoring fans girls! Ciara Anderson, Ashley Winston & Brittany Williams. "I like everyone based on who they are and not what they look like...I'm just realistic about the differences in groups of people that doesn't mean I don't like them. Look at my baseball team! We're the UNI and we're family! We joke with everyone on the team no matter what race!"

"I'm not a racist, I'm a realist."

Ms. Hill's 3rd hour French Class is a multicultural mix of Lincoln Freshman & Sophomores representing 7 races and 4 different religions!

Andrew Hazelrigg- meet all kinds of "people" *The Lincoln Way*

Resident Jewish Student **Elan Nachum** speaks about being the "Lone Jew"...

"I guess, I never really thought about it seriously. Mostly, everyone is cool and we all joke around! Of course, HS kids joke about everything! My last year here, when we were studying holidays in French, Ms. Hill asked me to talk about Hanukkah. We lit the Menorah that my Mom sent and I read then taught everyone how to spin the dreidel. It was fun being in the middle of things with everyone asking me questions."

"We all get along great! Jessica & I are close! Mean people are mean no matter what color or religion you are. If they want to hurt you they can find something to say." -Sumaiya Khan. Jasmine Washington adds, "Yeah, Lincoln is awesome! Sumaiya and I are tight!"

2005 Lincoln Homecoming

OCTOBER 28, 2005

Lincoln spectators came out high on school spirit looking for a thrilling show! They weren't disappointed, at maximum velocity, the team tore through the season and our homecoming opponents, the Pembroke Hill Raiders for 56-6 victory!

The crisp fall evening was filled with smells of grass, grid iron and hot dogs... Students, Family, Staff and Alumni filled the packed stands! Wrapped in Blue & Gold, they joined the LCPA Band and Cheerleaders in supporting the Tigers! The Lincoln Dance Team took center stage at halftime, delighting the crowds with the sounds of "Run it" by Chris Brown. Principal Regina Ellis had the honor of crowding our Homecoming Royalty including Queen Whitney Evans and King Joshua Antwine before Head Coach Roger Franks and his fighting Tigers took the field again to finish off their adversaries!

- Jacob Stanley, Trombone was select from student all over the US for the KU sponsored Prairie Wind Festival Honor Band.
- Out of a field of 33 bands at the annual Parade Marching Competition, they received 3rd place honors in their class.

- In addition, LCPA had 4 All-District Honorable Mention Band Members.
- Five Lincolntes were selected for the 4-State Honor Band.
- Plus all the seniors who were offered scholarships in band at notable university across the US.

"It was great to get perfect scores for 10 years in a row."

ROTC

The United States Army's Junior Reserve Officers' Training Corps, or JROTC, is designed to teach high school students the value of citizenship, leadership, service to the community, personal responsibility, and a sense of accomplishment, while instilling in them self-esteem, teamwork, and self-discipline. Its focus is reflected in its mission statement, "To motivate young people to be better citizens." It prepares high school students for responsible leadership roles while making them aware of their rights, responsibilities, and privileges as American citizens. The program is a stimulus for promoting graduation from high school, and it provides instruction and rewarding opportunities that will benefit the student, community, and nation.

Women *ON A* Mission

Lincoln's "Men on a Mission" affectionately known as "The Brotherhood" was created this year under the direction of Mr. Roger Franks. The young men were involved in weekly meeting throughout the school year with sponsors 1st Sgt. Brown and Mr. Fred Jones. The gentlemen had a busy year as they listened, learned and taught at Lincoln and out in the community. Religious diversity, health issues including HIV/AIDS, First aid, character and peer pressure were just a few of the important topics they covered. Once the Ladies saw all the good work these understanding young men were active in, they wanted to sign up! So we added *The Women on a Mission* to help serve as well.

Alania Guess F&L

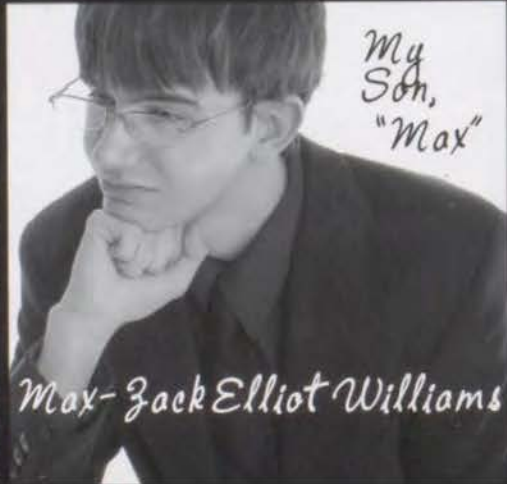

The film strip photos are - my very special children who graduated this year.

Carlton, Ashley and Max, I have known since they were baby freshmen. I just found my long lost daughter, Alania this year! We have laughed & jokes over the years, even shared sadness & tears. They brought me great joy & I hope I was able to be meaningful in their lives as well. I will miss them dearly!

The other kiddies are seniors that I just got acquainted with this year. They each have wonderful qualities about them that they could have only got from me so I believe they are my children too! Seriously though, they are fine young men & women and I regret that I didn't have a chance to get to know them better!

*My
Son,
"Max"*

Rehearsal

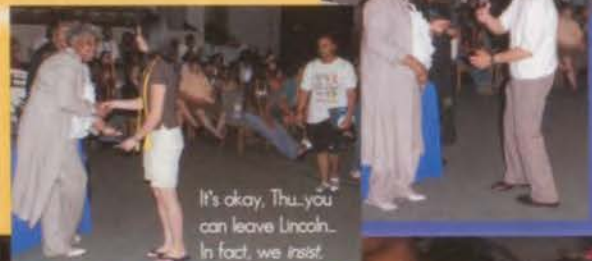

Grads practice their final walk as high school students.

Two of our best & brightest, Callan Wagner and Mary Tripp entertain themselves during rehearsal while Andy Hazelrigg and Patrick Burke contemplate why walking in takes 4 hours to practice.

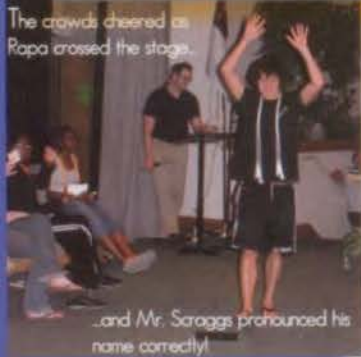

LCPA Beauties in pre-evening wear! Nice jammies, Kydall!

No, Mr. Munoz, you can't graduate again!

It's okay, Thu...you can leave Lincoln... In fact, we insist.

The crowds cheered as Papa crossed the stage.

...and Mr. Saraggs pronounced his name correctly!

"Our worst fear is not that we are inadequate, our deepest fear is that we are powerful beyond measure. It's our light, not our darkness that most frightens us. We ask ourselves, 'who am I to be brilliant, gorgeous, talented and fabulous?' Actually, who are we not to be? 'You are a child of God.'"

-Principal Regina Ellis quoting from Nelson Mandela

On May 23, at 7:00pm, Lincoln College Preparatory Academy graduated the 2006 class of Seniors.

Mr. Tony Fishback played as the Seniors followed the ROTC Color Guard and distinguished LCPA Faculty into the Sheffield Family Life Center to the emotion charged "Pomp & Circumstance". The guests was enlivened by reflections and messages of direction from esteemed classmates Principal Ellis and Mayor Alvin Brooks. Mrs. Angelee Colley lead the choir in a touching selection and four of her seniors brought the crowd to their feet singing "The Strain is Over Now" accompanied by fellow grad Joshua Colley. Graduate Talia Brady played with fellow band members that night before the highly regarded Administration and school board presented the diplomas. It was truly an amazing evening for all.

...and the celebration continues!

Keisha Wilson grins as an overwhelmed Keisha Keith follows close behind.

There were important speakers, including Maria Antonia from Channel 9 News. There was beautiful music, heartfelt tears and hugs to celebrate the important honor of being chosen for the NHS. The students are selected based on evaluations in Scholarship, Service, Leadership, Character and Citizenship. *Congratulations to the new members!*

Teacher Poll!

Liken to the "People's Choice Awards" this poll isn't from colleagues or employers parents or politicians, it's the thoughts and opinions of the students at Lincoln. The people who sit in the classes before you for 180 days of their life and at the end of the day it's really their votes that count!

The votes are counted and the student body has spoken...Mr. Prouty is King at LCPA! With Mr. Conway, Miss Roberts & Ms. Hill as part of the Lincoln royalty, showing well in multiple questions, the court was filled out with top numbers for *Mme Delhalle, Mr. Blair and Mrs. Shirley.*

David Prouty, one of Lincoln's youngest teachers, rules the school with his peculiar wit, thought provoking classroom commentary and of course, his trademark trench coat

Mr. Prouty's votes were extremely high in most categories and across grade levels, winning by a landslide in the "Mostly likely to be on the six o'clock news" and "Teacher you want to see on the cover" categories!

The first week of voting had *Coach Manfred Sasser and Ms. Lacy Hill* tied neck & neck to be on the evening news but Mr. Prouty pulled way ahead by a considerable margin. *Mr. Henderson* had a significant showing in that category as well? Prouty was hands down the overall winner for the cover from the very beginning.

Mr. Kevin Conway was a "shoe in" for Best-dressed male teacher. After an overwhelming lead, the staff stopped counting that group for him! We did have two honorable mentions for the always professional, *Mr. Jay Henderson* and the conservative, sharp style of *Mr. Kevin Nelson*.

Best Dressed Female Teacher was tougher to call. *Mrs. Ruby Jefferies* with her "Chucks" and chartreuse leather skirt tied with her pink leather clad sidekick, *Mrs. Sharon Showalter* for third place. *Mme Françoise Delhalle* placed second in over-all style, consistently dressing chic, feminine and professional. The winning title fell to the well-dressed, stylish *Miss Regan Roberts*, another LCPA youngster.

Least likely to show a video was a "1-2" race" with Math teachers, *Mr. Fred Kester and Mrs. Stewart*. With *Mrs. Joanne Hurst* bringing up third. The "numbers" in the category went almost exclusively to the math department! Someone needs to make Math Videos! (All puns intended, of course!)

Funniest Teacher was a bit tricky because the students weren't sure if it was funny...laugh with you or funny...laugh at you! Either way, the winner was none other than the delightfully odd *Mr. Prouty*. *Ms. Hill* came in a close second with *Mr. Conway* only a few votes away from tying 2nd place. Rumor has it that the three plan to open as a team act at the local comedy clubs over the summer. There were two surprisingly high totals for *Mrs. Bridget Shirley* and *Dr. John Sherba*. We had a smaller but significant group for the duel of *Martz and Bata* as well. It must be a "band thing"!

The always animated *Ms. Lacy Hill* with her colorful costumes, playful rooms, jars of candy, pockets full of loose change and cleverly bizarre ramblings won for Coollest teacher! She was followed closely by the now famous or infamous *Mr. Prouty* and third naturally when to the remaining member of the trio, *Mr. Conway*.

The administration and parents will be pleased to hear that the Most Challenging Teacher had 3 winners and several runners-up. We divided this one by grade levels, *Mr. Conway* taking the vote with 9th and 10th graders and the invariably high expectations and smart wit of *Mr. Gene Blair* and *Mme Françoise Delhalle* tying for 1st place among the upperclassmen. *Miss Roberts* had leading numbers here as well. *Mme Delhalle* had a strong total in the lower grades too.

Once again, Lincoln can be proud that the Mostly likely to make you Think category was very high for several of its faculty members. The overall winner was *Mr. Conway* and high numbers followed near for *Mr. Blair, Mr. Knebars, Mme Delhalle, Mrs. Shirley, Ms. Hill, Miss Roberts* and as always, *Mr. Prouty*.

The one we couldn't call was the Teacher who influenced you the most. As it should be, *each and every faculty member as well as coaches and our three administrators had votes in this one.* With unique gifts and personalities, the Lincoln staff enriches the lives of our students everyday. We did see an accumulation of figures for the following individuals:

Mr. Conway, Mr. Prouty, Mrs. Golden, Mme Delhalle, Major Buske, First Sgt. Brown, Ms. Hill, Mrs. Jefferies, Mr. Scraggs, Dr. Saha, Mrs. Showalter, Miss Roberts, Mrs. Colley, Coach Franks and Coach Hawkins.

The aforementioned men, Head Football *Coach Roger Franks* and Boys & Girls Soccer *Coach James Hawkins* split the vote for favorite coach. Track and Assistant Football Coach *Lee Allen* tied Head Basketball Coach *Andy Jackson* for second and Assistant Football *Coach Newell* was third.

While *Mrs. Newton* and *Mrs. "B" Buford* took high second and third places, *Mr. Jay Henderson* was the unanimous winner for Favorite Sub! We had frequent requests to have "Mr. Henderson" as he's called, join *Mr. Prouty* on the cover. *Miss "B jr." Bankhead* had a noteworthy fan group for being cool, stylish and hot!

Finally, it goes without saying that, although there were quite a few positive comments for *Mrs. Ellis* and *Dr. Saha*, *Mr. Steven Scraggs* was a no contest winner for favorite administrator! "Scraggy" as he's affectionately called by the students won the hearts and mind of the Lincoln students with his easygoing style, genuine support and fair play. He was also a special request for the cover!

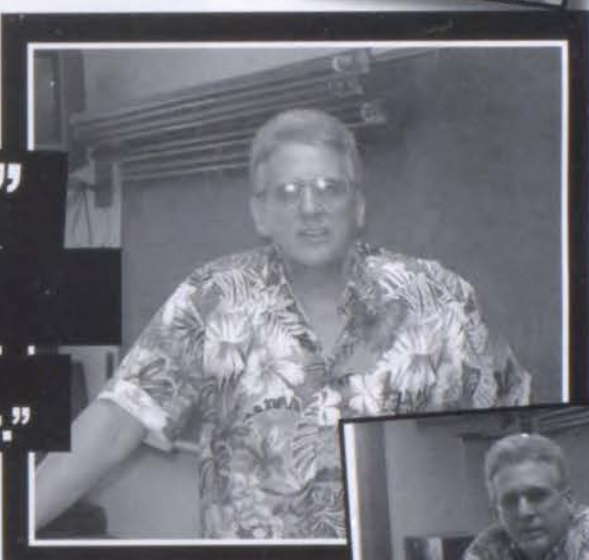

Well Lincolnites...there you have it! Now when you go out in the world and reach all those dreams, conquer all of your obstacles and succeed when no one thinks you can...remember every once in awhile who helped you get there...a teacher

"Mr. Prouty is King at LCPA!"

"Mr. Kevin Conway was a "shoe in" for Best-dressed male teacher."

"The invariably high expectations and smart wit of Mr. Gene Blair."

"SCRAGGS!"

"Team Highlights"

The two person team that has kept our athletic department up and running for over two decades is none other than Mrs. Elma Golston and Coach Manfred Sasser! They work together seamlessly, one always picking up where the other leaves off! These two dedicated, tireless members of the Lincoln family have served our students well over the years! Together, Golston and Sasser teach gym and health classes to each and every student that comes through our doors. Both have coached our students in a number of sports and activities including Basketball, Track, Cheerleading, Football, and Pep Club. Coach Sasser has served countless times as Athletic Director, organizing schedules, teams and buses throughout the year. While Sasser is busy securing transportation, dealing with the fields, equipment or hundreds of uniforms, Mrs. Golston keeps the gym in top shape! Her cheerleaders and pep club work all year making signs, fund raising, feeding the players and traveling to games for much needed support! So we just wanted to say, in case we don't mention it often enough...THANK YOU! Mrs. Golston and Coach Sasser for all you do for Lincoln Students!

The 2006 Lincoln Tigers blew through the season ending 12-0 as IL Champs before going on to crush opponents at the district level. Afterwards, they kept the momentum going, winning the next two playoff games which took them all the way to Columbia. The "Dream Team" played their hearts out coming in 3rd but 1st in our hearts, evident by the 6 buses and car loads of fans that cheered until the very end! The word in the pressroom was simple: the 2006 Lincoln Tigers were a superior team with the perfect player in each position, everyone knew this was the team to watch!

"The photo shoots we had on the way to games, especially the St. Joe game were the best! We were a close team even though I was just the manager it was cool to still be apart of the team, the girls were very close on and off the court which is why they got as far as they did."

MIDDLE SCHOOL TALENT SHOW

8TH GRADE RECOGNITION

Well, this is it. We're all done with the 05-06 Yearbook. Seems like there should have been a big party or something...#fireworks, maybe? Instead...the team when on their way with summer plans and I had laid in my yard with Sugar for a couple days. To us this is a masterpiece, a historical document, worthy of a place in a museum. The book not only chronicles the life of Lincoln for the school year but it also represents the blood, sweat & tears of my staff and I. Of course, I think, I did most of the crying & sweating! *wink* So for you, Lincolnites, this is a big, bold and bright yearbook chocked full of colorful memories! It better than anything you've seen before, still... For us, it's creativity, friendship, endurance, strength, trust, intelligence & love!... For us, it's humor, tears, sleepiness, growth, energy, motivity, joy...

So we hope you continue to enjoy this book for many years to come! Please remember to praise our good works and overlook our errors... we did our very best to edit this book! Names and spelling were checked and double check but with limited time and resources we're sure that some mistakes were missed. To that, we extend our sincere apologies for any errors made in this publication and promise to improve with the coming year's book.

Now, for the most important part of the book...the acknowledgement and thanks! It goes without saying that this book as with any noteworthy project could not have been completed without the help of others.

First and foremost...Mama & Sugar! They endured long hours, sleepless nights, many moods, piles & more piles of stuff all over the house! My most precious niece Lauren & my dear nephews Taylor, Thomas, Seth & Matthew...they either didn't see me or saw me from the other side of my laptop...this is my only regret as those moments can not be replaced.

- Mr. Jerry Buss, the Middle school half of the book! Couldn't have done it without him!
- The Yearbook Staff, especially, all the unofficial staff members who worked twice as hard as anyone else! A big hug to Alania Guess, Rebecca Gnefkow & Tam Tran Huynh! These ladies went above and beyond for me and I can't thank them enough!
- To everyone who stepped up when I just grabbed you from the crowd!
- To the Faculty & Staff of Lincoln...especially Mme Delhalle, Mrs. Richberg, Mr. Blair, Mrs. James, Mrs. Colley, The B&B Connection, Mrs. Alder, Mrs. Bankhead, Coach Sasser & Mrs. Golsten.

-Thank you so much to all the faculty that purchased yearbooks for themselves or as gifts for students! It truly helped us pay for our book!
 -To Mr. Nelson, who took large wads of money from us at any given moment and still kept our accounts straight and a smile on his face!
 -A special little thanks to Mrs. Harris, for letting me use her restroom late in the evening and keeping me healthy!

-Our administration, Mrs. Ellis, Dr. Saha & Mr. Scraggs! Without their support, this book would not have been possible! Mrs. Ellis stepped up in the very beginning by helping us buy digital cameras and new software when there really wasn't any money available! She also inspired us with the phrase she created at the beginning of the year "The Lincoln Way" reminding us that Lincoln is a special place and we must all strive to hold up the highest standards for our school, our community and ourselves! Our administration all helped in ways that they probably aren't aware of either...just those little things all year that made my life easier and things run a bit smoother!

-A big thanks to my personal (so I thought!) unofficial "Computer & Tech Team" - Mr. David Blackwell, Mr. John Stajcar & Mr. Kevin Conway! An extra special thanks to Mr. Blackwell for all the extra computer, schedule & sanity help as well!

-A very special thanks to Coach Franks, Coach Hawkins, Coach Jackson & Coach Atkins for letting me to rekindle my first love of sports photography! ...and I couldn't have made it through the year without my continuous support team of Jackie, Kelly, Larry, Shirl & Brain! Thank you so much for every table set up at the last minute, all the messes in my room and the ones that overflowed out into the hallway, closets and wherever I went! Thanks for the bathrooms and back doors opened late in the evening and especially for amazing self-control when I never left on time!

Thank you to Mr. Prouty and Mrs. Branch who kindly loaned us their classroom computers! We couldn't have made this book without them! I'd like to thank all the student photographers who took so many of the great images in here!

Outside of LCPA, A huge thanks to Paul, Mike and of course, Harry of IPAS! The guys provided me with equipment, advice and sanity! We wouldn't of had all these awesome shots without them!

My sincere gratitude to Carl Caldwell, Brandy Waithe, Pam Worthington & Mary Meyers from Jostens. They taught us, helped us and had unbelievable patience with us! Especially, me!

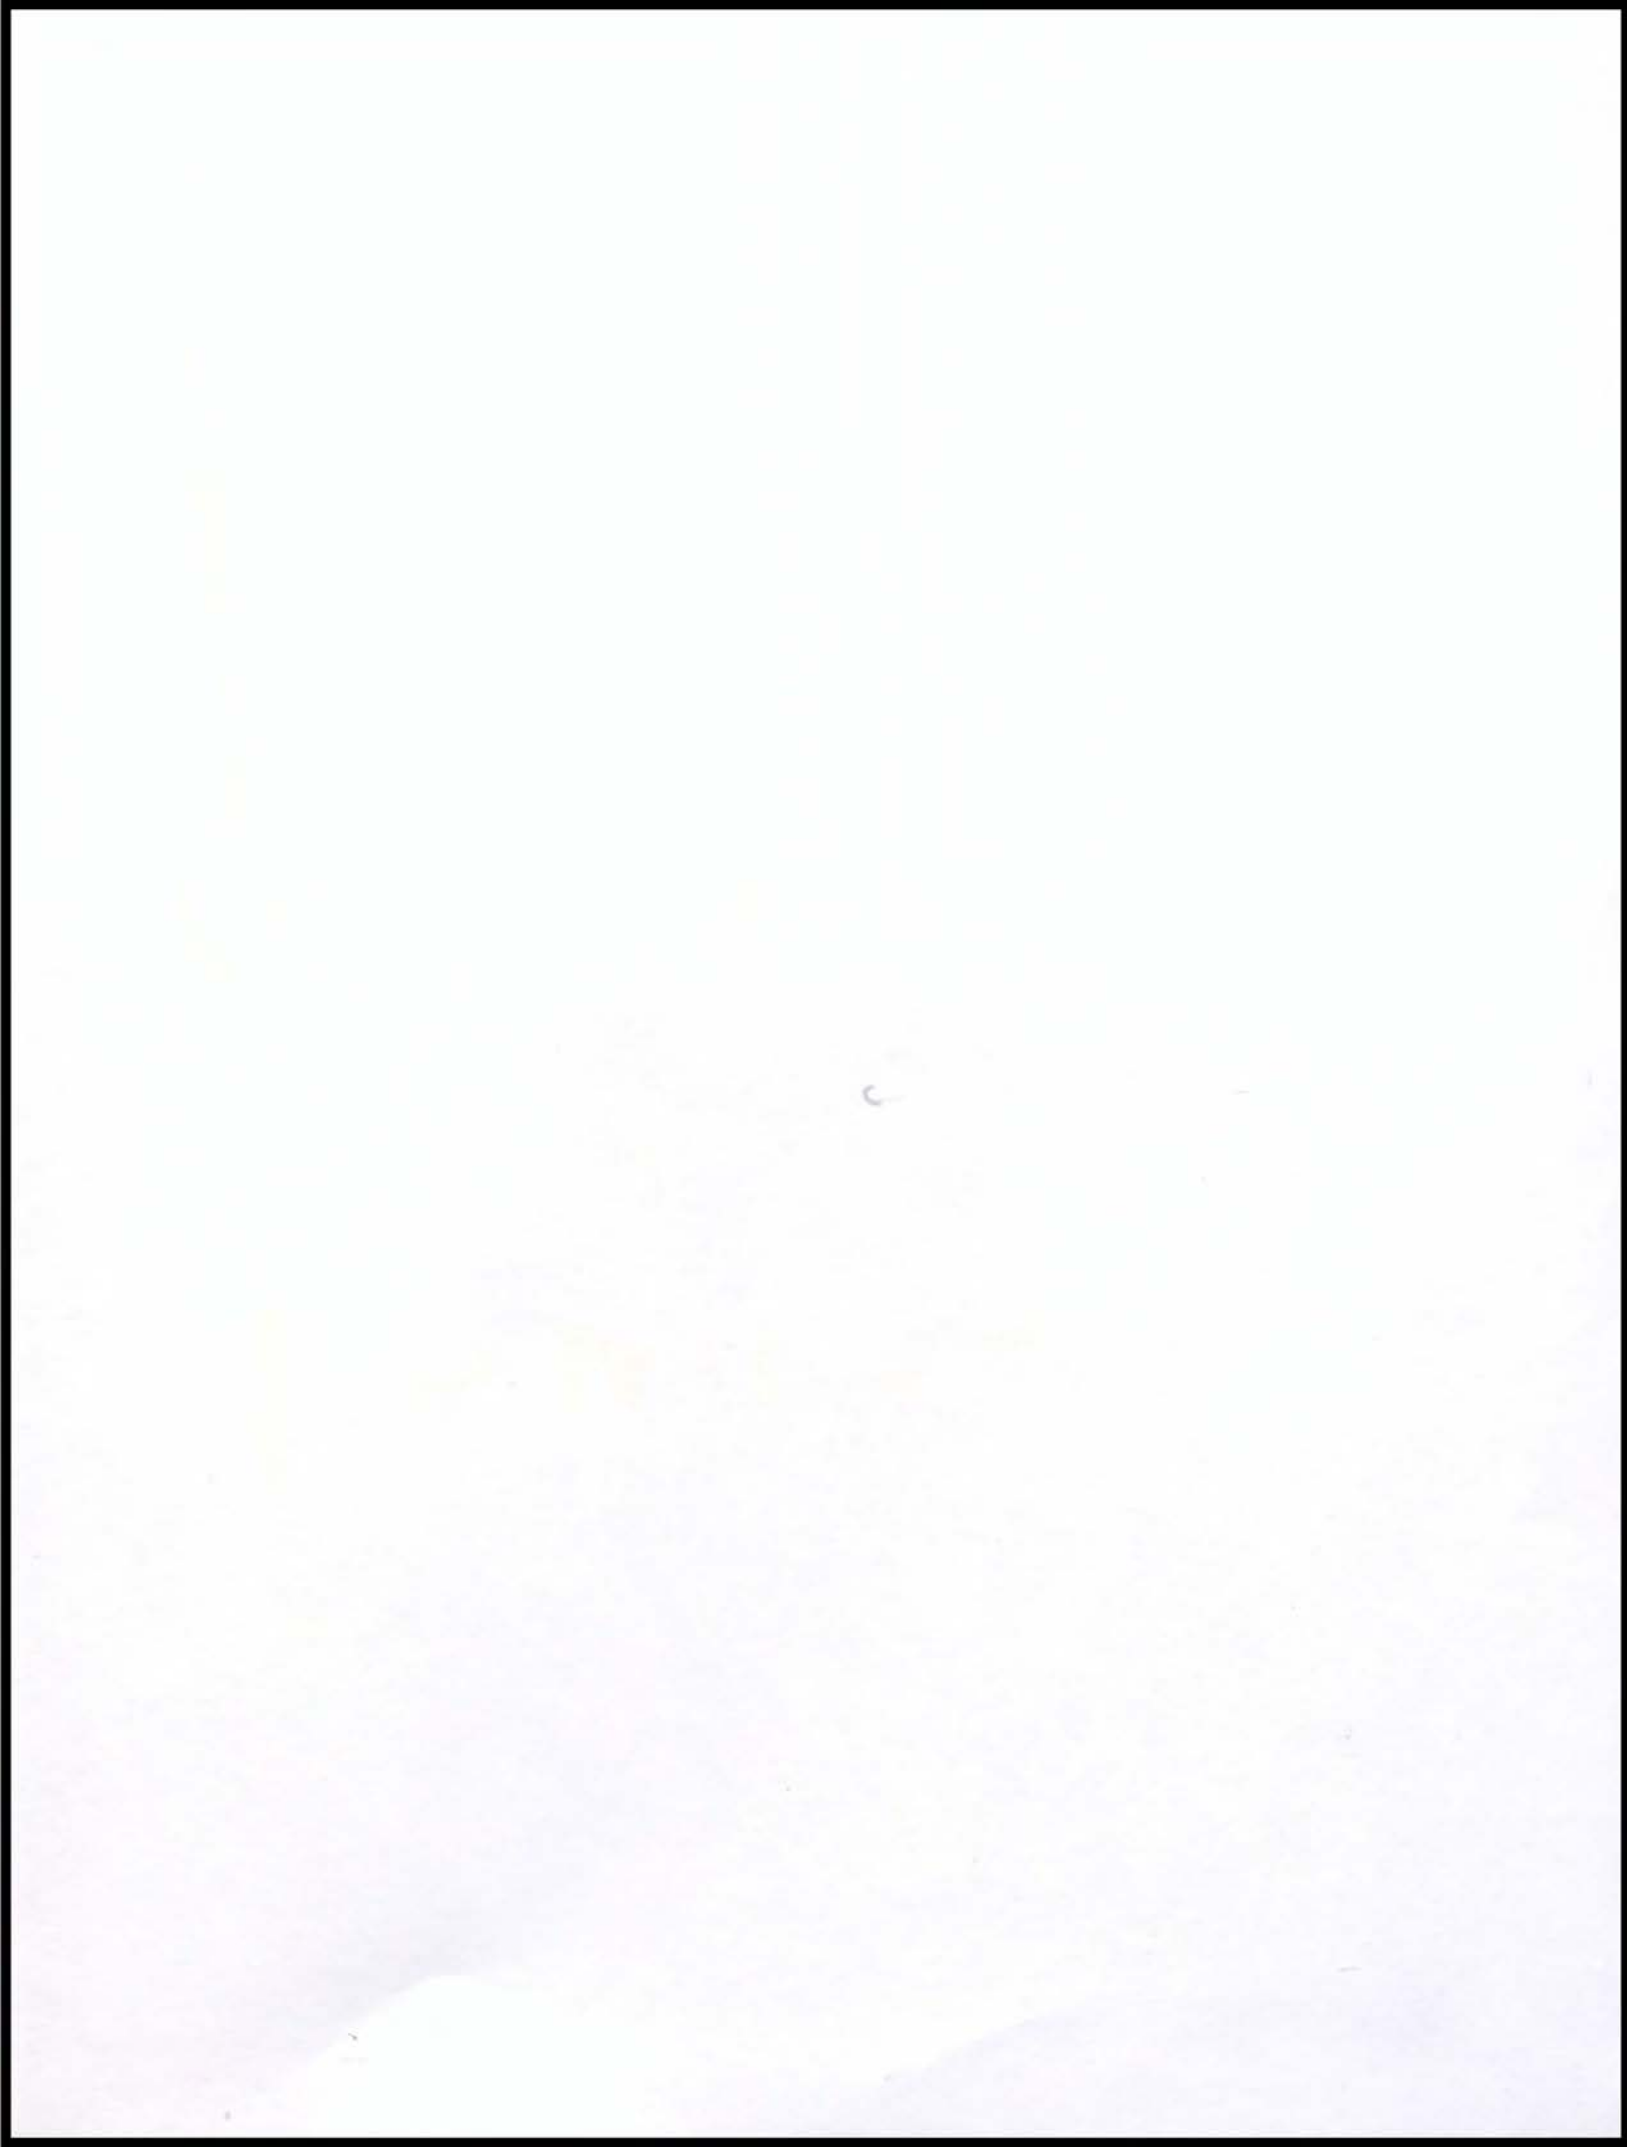

To all the parents, friends & family who supported us, provided rides, photos and bought our beautiful book!

Well, we sure hope we didn't forget anyone...rest assured if you helped us even in the smallest measure we are grateful! Our final thank you is to the students of Lincoln...thank you for supporting us and taking a chance on a new yearbook staff and a big, bolder book! We've already started brain storming for next year because it's going to take a lot of work to top this book!
