FRANKLIN S. LAMAR

Principal

Foreword

TIME has a way of slipping gently and softly away like snow on a sunny day, until we have completely forgotten those things which we once said we could never forget. Yet sometimes only a slight movement or a fleeting expression on a face may bridge the interval between the past and the present and bring a deluge of memories flooding back to us. But these are very unstable things on which to base our elusive, intangible memory, and so we have endeavored to preserve in this book all the gayest, most worthwhile, and the most momentous events of our youth. We have tried to capture between the covers of our *Nautilus* some of the foolishness and hilarity and some of the ideals, visions, and aspirations of youth, for those same ideals and aspirations will be our comfort in later years.

“What I aspired to be,
And was not, comforts me.”

May this book bring you great happiness and remain as an ever-present reminder of your joyful youth and happiest times.

It is a nation-wide organization for the upper fifteen per cent of the seniors of all high schools. Margie Plost ranked highest this year, and Billie Haynie was second.

CLASS DAY

"News by Television in the Senior Manner" provided the theme of the Class Day assembly presented on May 26 by the graduating class for the entertainment of the student body.

Using the various sections of the daily newspaper as their guides, these Seniors presented a snappy review consisting of the following numbers:

Fashion Page.....	"Vogue Presents"
Sports Section.....	"Casey at the Bat"
Music and Radio.....	"Dean at the Piano"
	"Leona and Lucetta, the singing duo"
Dramatic Section.....	"Hollywood Premiere"
	"Dr. Jekyll and Mr. Hyde"
Comic Strip.....	"Some Manual Favorites"
Society.....	"Womanless Wedding"
Legal Section.....	"Last Will and Testament of the Senior Class of 1939"
Editorial.....	"In Appreciation"

JUNIOR PROM

An outstanding event of the year was the forty-second annual Junior Prom, a farewell honor to our Seniors. The boys' gym formed a beautiful setting, with lights romantically dimmed. The Manual faculty was also invited to the social occasion, which is semi-formal.

Decorations featured pink, red, blue, green and amber pastel shades; center lighting was softened. Juniors and their guests, Seniors and Faculty, danced or watched the happy throng.

Girls' dresses in delicate shades of dotted swiss, organdy, organza, eyelet embroidery, marquissette and net, made a pleasing scene; an orchestra made the evening pleasant.

The Manual Society of Debate originated in 1898 by students of Manual and was dedicated to the purpose of creating an ability to speak. Professor C. C. Fairchild, public speaking teacher, was appointed adviser to the society by the faculty.

The society is open only to American boys who have a high scholastic rating and are clean, upright students.

The Manual Society of Debate is the only society of its kind that has an active alumni group meeting in major cities throughout the United States. The alumni group is like a big brother to the active society group, giving banquets and sending alumni members to active meetings to participate in discussions.

The Athena Literary Society, founded as a society for girls in 1915, celebrates its twenty-fourth year this spring and has well succeeded in its purpose to bind the girls closer together in friendship and fellowship. Every member has striven to uphold the motto, "No one is wise alone," and the six virtues, Modesty, Loyalty, Purity, Industry, Truth and Wisdom.

The two greatest events of the year, Initiation of New Members and Installation of New Officers, and the Senior Farewell were beautiful affairs, carried off with simplicity and quiet dignity. Miss Kube, adviser of the society and friend of the girls, gave freely of her time and talents, which was greatly appreciated by all members.

The Bentonian Literary Society hold as their main distinction, the fact that neither race, creed, nor sex has anything to do with entrance requirements. This cannot be said by another Manual society.

Inasmuch as this society's physical requirements are nil, the scholastic records must be and are average or above.

The Bentonian Literary Society was originally called the Laureate Club, and was started by Miss Stearns. Its single purpose then was for writing poems, but its interests now have very much broadened, and include essays, stories, composition, etc.

Results of its members' literary efforts have been many and varied, showing in some cases real talent.

The club consisting of interested, worthwhile members, led by competent officers, has achieved much and has been of great satisfaction to both members and advisers.

For the annual fall play, Manual presented "Growing Pains," a farce in three acts, directed by Professor C. C. Fairchild. The male lead was taken by George Clute, who as George, was a typical high school lover—one moment with Prudence Darling, and ready for another when she turned him down. The feminine lead was taken by Billie Wise, who as Terry, George's sister, was a tomboy par excellence. She mingled boyishness with girlishness. The antics and trials of two youngsters kept their parents constantly in hot water.

The Girl Reserves were among the first of the clubs to welcome girls into their organization. There were no restrictions for any girl who was interested in the club's ideals and purpose, "To find and give the best." After a successful membership drive, during which the club grew rapidly, the Girl Reserves concentrated on making gifts for Indian children in Oklahoma. At the beginning of the second semester another party was given to interest new members. Then the girls stuffed paper Easter bunnies for some Negro children. The Girl Reserves' contribution to the school was a splendid mixer.

Besides their activities in the school, the Girl Reserves enjoyed activities at the Y. W. C. A., of which they are a branch. Speakers, many parties, and banquets comprised the fun.

A lovely recognition service for the girls' mothers, combined with the Senior Farewell, closed a successful year for the Girl Reserves.

The year 1938-1939 has been another year of activity and enjoyment for the Manual Music Department, which is composed of six classes. The most advanced of these is the A Cappella Choir, which has participated in numerous events of the school year, as well as outside programs. Our year of successful entertainment began with an all school Community Sing followed by a Thanksgiving Assembly presented by the Choir. The annual Christmas concert of sacred music proved to be a very beautiful and artistic one. The spirit of Christmas was inspired by the effective stage decorations of white Christmas trees, red pine cones, and a background of blue sky, glittering with silver stars. A beautiful feature of the program was the processional of students, garbed in white vestments, their faces gleaming in the candle-light.

The Manual Choir was honored to participate in the Christmas Program presented at the Municipal Auditorium by all the High School A Cappella Choirs of Kansas City. This event was broadcast over WDAF and KMBC.

Outstanding among our spring activities was our Easter Service in which were heard our most talented soloists. We will long remember the impressive solemnity of the occasion. The green of the palms, contrasting with the pure white lilies, formed a perfect background for the sacred music.

This year the Choir filled engagements at the following churches: Ivanhoe Park Christian Church; First Church of the Nazarene; First Baptist Church in commemoration of the Welsh Celebration; and last, the Criterion Class of the Linwood Methodist Church. In addition to our church performances, we sang for the Public School Broadcast over WDAF.

The Baccalaureate Service, in conjunction with all the high school choirs of the city, was another distinctive feature of this year's work, and with Commencement music presented by a Senior Girls' Chorus and the senior members of the A Cappella Choir, the year ended successfully.

The Girls' Sports Club was organized in the fall of 1938 by a group of twenty-six girls active in after-school sports. Membership is restricted to those girls who have earned at least five points toward a school letter.

The purpose of the organization is to develop a love for physical activity for its own sake, to create a desire for a higher physical efficiency, to encourage good sportsmanship and active participation in after-school sports both individual and team.

SPORT ACKNOWLEDGMENTS

This year's Manual Basketball team would not, could not have been as good as it was without the loyal support it received from the members of the Pep Club, Alumni, Student body, and a basketball-minded faculty.

It looks as if the Pep Club is now a Manual institution. Manual was the first high school in Kansas City to have a definite group of students who were dressed uniformly to cheer its team on, but now the idea is fast spreading. Inasmuch as other schools now have pep clubs, Manual is still the leader in this form of activity. Miss Davis is largely responsible for the success of this organization.

Our cheerleaders this year were a great credit to our school, and no small amount of credit must go to them. They faithfully attended all games, and their injections of spirit were just what the team needed more than once. Our gallant cheerleaders this year were Herbert Cross, Paul Fairchild and Charles Purdy. Nice going, boys!

VOLLEYBALL

This year, as last, Manual failed to win the Interscholastic League Volleyball title by a narrow margin. Our boys were beaten by Westport in the first round. Manual took the first game, after getting off to a bad start by a score of 15-9. The next two games Manual got off to flying starts, but didn't have the finish or drive that Westport exhibited. As this was a single elimination tournament, Manual went out for good, but Westport after narrowly beating us, went on to win the championship.

SWIMMING

Swimming is Manual's most individualistic Interscholastic League sport. Our aquatic star this year turned out to be sophomore Charles Prichard who won first place in both the 50-yd. and 100-yd. freestyle events. Although all of our boys tried hard and did their best we won third place; no improvement over last year's standing.

BASKETBALL

Undoubtedly this year's basketball team has been one of Manual's greatest. Some people might say this was impossible since we only won second place, but, nevertheless, many critics of the league, and many people here at Manual say this year's was the best in the league. And with new coaching ideas, faster speed, and better equipment, this year's competition was certainly among the best.

All of our games, with the exception of the Central runaway, were fast and furiously fought.

Only in two Interscholastic League games were the Cardinals forced to bow in defeat. Two Manual boys were rewarded for their excellent work in the Interscholastic League by receiving All-Star berths on the annual All-Star team. These boys were

Frank South, a sharpshooting center, and Lawrence Barker, high point man of the league, and a Cardinal forward.

Following is a brief summary of Manual's efforts in the Interscholastic League:

PASEO vs. MANUAL

Little did Manual think or realize they were playing the future League Champions when they lined up against Paseo in their initial encounter on Friday the thirteenth, but at the half with the score at 10 to 1, loyal Manualites realized something was wrong. However, the boys came back fighting, and the comeback they produced was unrivaled in the league's history. The boys ran the score up from 10 to 1, to a tie at 17-all with only a short time to go, but all of this was to no avail as Paseo, showing momentarily championship form, ran in two goals to our one to make our first start a loss, 19 to 21.

EAST vs. MANUAL

The Manual team beat a team that didn't know when to quit, when they finally forced defeat upon East 24 to 19. The Bears' attack weakened after the third quarter, and we gradually widened a small lead into the difference of win or lose. Fortunately for us, we won.

NORTHEAST vs. MANUAL

This game was a crucial one, as the loser was almost certain not to win the title. Accurate passing, fast running, and ability to make shots, were the deciding factors in this game, and gave Manual the victory 31 to 26.

CENTRAL vs. MANUAL

This was our one exception to hard fought games. The outcome was never in doubt, and in beating Central 35 to 19, we took the honor of making more points in one game than any other team this year.

WESTPORT vs. MANUAL

Despite a whirlwind start that had the score run up to 8 to 2 against Manual at the closing of the first period, the final victor was dear old Manual. The Manual boys had gotten warmed up by the end of the first quarter, and a rush of shots put the Crimson into a 13 to 11 lead at the half. From then on Westport was trailing, and the end of the game showed Manual to be the winner 27 to 20.

SOUTHWEST vs. MANUAL

Undoubtedly, one of the most furiously played games Manual has participated in this year was this game. Southwest spurted into an early lead, was ahead by 9 to 6 at close of the first period, and 15 to 10 at the half. The end of the third period found the Manualites back in the game with the score at 16-all. The lead changed hands four times in the last quarter before a Southwest goal with slightly more than a minute to go proved to be decisive.

Dec. 23—Beautiful Christmas program, then Manualites skip home for the holidays.

Jan. 2—Students return to school with some good resolutions to study for final exams.

Mar. 15—WOW! Was that some assembly that climaxed a most successful year in basketball! The first and second teams filed on the stage with expressions of great premonition on their faces, as they resigned themselves to what was coming. Coach Bevans awarded the letters. Was that some speech from Alfonso Tamayo!

Mar. 24—That little man with the big name, Sherman Dreiseszun, heads the senior class. Miss Davis and Mr. Brock are senior advisers.

Mar. 31—With spinach and castor oil mixed, and some ceremony, the clubs and societies initiate new members.

Apr. 19—S-A-Y! Speaking of colors, the boys put one over on the girls with their "pajama-top" shirts of "speak-for-themselves" colors and brilliant design.

Apr. 21—After a fine assembly of tumbling and "downright risking their necks," the boys' gym classes start their baseball training.

Apr. 26—The Girl Reserves sponsor a mixer with the latest tunes and PLENTY of wax on the floor.

Apr. 28—Oh, me! Spring fever and romance hits Manual, hence the dreamy expressions.

LAST WILL AND TESTAMENT OF THE SENIOR CLASS OF 1939

We, the Senior Class of Nineteen Hundred and Thirty-Nine, being of unquestionable sanity (due to our association with seniors only), do solemnly and cheerfully bequeath the following habits, advice, responsibilities, and good wishes to those whom we specify (and anyone else who might have use of them):

To our Principal, Teachers, and Advisers, we leave pleasant memories, cheerful expressions, and the realization that they were indeed fortunate to have been associated with us.

To the Junior Class, we leave places of honor and dignity to uphold (though we know it is impossible), and a remodeled Alma Mater to mar and destroy as we know they are wont.

To the underclassmen in general, we leave the opportunity to attain the heights of this exceptionally outstanding Senior Class (realizing, of course, that such a class exists only at rare intervals).

INDIVIDUAL BEQUESTS

I, John Smith, will my extraordinary oratorical ability to Billy Davidson, who will at least try to live up to my record.

I, Minnie Fleitman, will my natural journalistic talents to Barbara Smittle.

I, Jack Lee, bequeath my radical views on each and every subject to Lawrence Barker, who already shows promise of swaying an audience.

I, Paul Watson, will my outstanding ability to blush on any occasion to Alex Wasik, who could use a little shyness.

I, Betty Sloan, leave Eddie Stockbauer to any junior girl, who promises to keep careful watch over him.

I, Charles Bachman, bequeath my charming voice and handsome looks to Lee Grover.

I, Nellie Jackson, will my outstretched palms to Jack Kwiatek, an up-and-coming treasurer.

I, Sherman Dreiseszun, bequeath my string of presidencies to Paul Fairchild, who will probably do just as good a job with them.

We, Maxine Carmody and Mary Dumas, leave our dancing habits and latest steps to Athalone Cone and Juanita Sims, who already show tendencies toward "jitter-bugging."

I, Margie Plost, will my mastery over the mysteries of shorthand to Dorothy Perry, to whom shorthand is no mystery.

I, George Clute, bequeath my beloved earmuffs to anyone who promises to wear them on a warm day, as they are not used to cold weather.

SENIOR CLASS PROPHECY

I see in the future:

Nellie Jackson and Billie Haynie starched, efficient nurses at that beautiful, new million-dollar hospital in New York City.

Jack Lee, that eminent lawyer, takes to the soap-box to gain political prestige.

The great Carnegie Hall filled to capacity to hear the great concert pianist Dean Verhines.

Publishing his latest volume of poems and receiving the acclaim of the world is Rex Stark, poet laureate of Manual.

On her bucking bronco we find Ruth Schooling no longer a "Cowboy's" Sweetheart but his better half.

Billie Wise has trodden the difficult road to Broadway and her name is now one of those which dazzle the eyes of visitors to New York.

William Keith carries his rosy cheeks to M. U. where as the prof. of Journalism his classes are over-flowing with feminine "cubs."

Now teaching the offsprings of former Manualites is Irene Kadish, a teacher of the second grade.

Lucetta Irby and Leona Reed now occupying the star singing positions on a variety hour over a national hookup.

Doris Daniels enjoying the attentions of foreign nobility since her old man "kicked the bucket" leaving her a wealthy widow.

Frank South riding the range in the "Lone Star" state as a "rootin'-tootin'-two-gun shootin' cow-poke" on the old Bar X.

Coach Bevans has just completed his sixty-third successful year as a builder of basketball teams, and his Crimson Cardinals just cinched another title. That's not uncommon anymore.

What Is the Future of Electricity?

The marvels of electricity a half century ago were little known. Perhaps in just a few years, future generations will be saying that about 1939.

But these new developments will only come with the welding of long range planning, research, large monetary expenditures and skilled man power into one closely knit unit. The wise expenditure of labor, time and money has enabled this Company to meet the demands of this growing community for electric energy and the building up of an adequate reservoir for future growth.

Research is constantly going on to increase the efficiency and to extend the helpfulness of electricity in all phases of life. And because of this desire to delve into the unknown electricity is helping increase the span of life, reduce human drudgery and make living more worth while.
