MANUALITE

1965

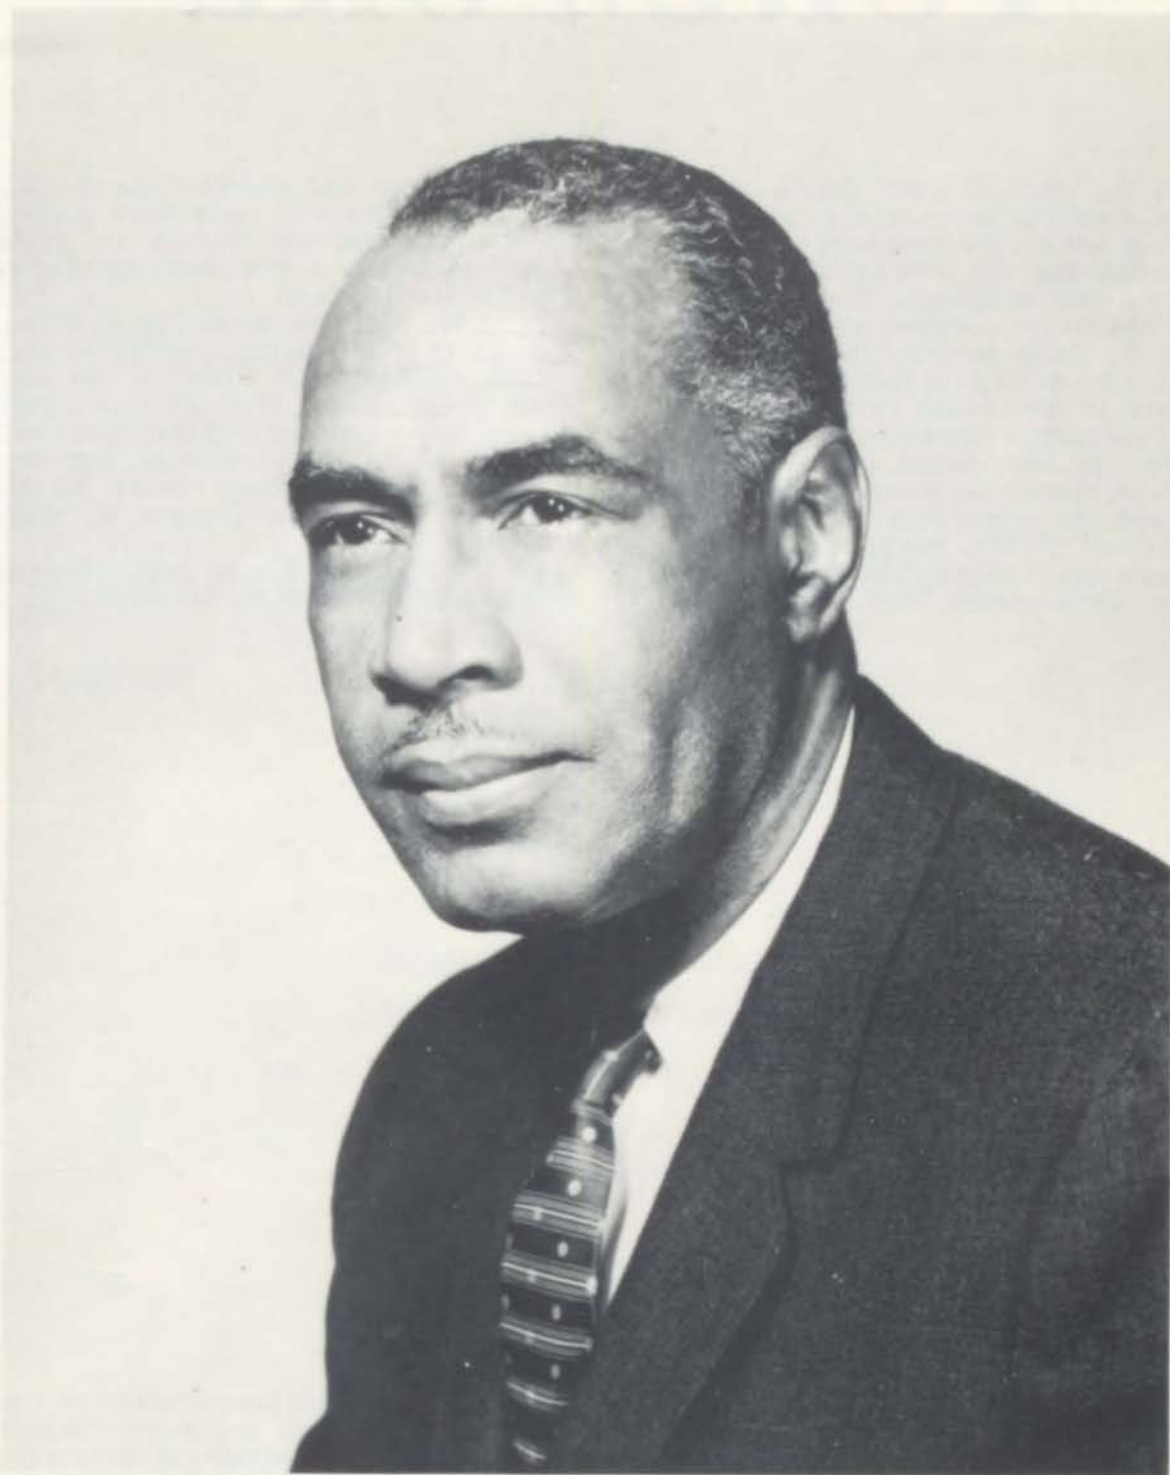

Manual High And Vocational School
Kansas City, Missouri

DEDICATION

During the past four years we, the students of Manual High And Vocational School, have enjoyed the sincere and devoted guidance of our vice-principal. He has given generously of himself in helping us to develop self discipline, dignity, sincerity and purpose in our lives. His policy of firmness combined with friendliness and personal concern for each student as an individual will long be remembered by each of us. It is with fondest respect and appreciation that the yearbook staff dedicate the 1965 MANUALITE to Mr. Perry R. Kirkpatrick, our former vice-principal.

THE STAFF

Mr. Perry R. Kirkpatrick
Supervisor of personnel
School District of Kansas City, Missouri

FOREWORD

We, the youth of today, face a greater challenge than has ever been faced by the youth of our nation. We have been given many new opportunities and with each opportunity has come a new challenge. The acceptance of these challenges, offered us today, prepares us for those we must face tomorrow.

In the climate of fierce competition that exists in the world today, the technological revolution expressed in automation is edging the unprepared into a role of uselessness; therefore, we are acutely aware of our need and opportunity for educational and vocational growth. We believe that each day is a new opportunity for personal development and enrichments. We believe, also,

that the joys and satisfactions of a job done properly today will make each yesterday a memory graced with dignity and pride, and each tomorrow a new challenge that we will be prepared to face.

We feel that we are faced with a very unique over-all challenge which we shall call "The Challenge Of Time" - the theme of our yearbook for 1965. This yearbook will serve as a reminder to us that "The Challenge Of Time" is always with us, and the conquest of each challenge clears the way for another which is a process by which we succeed.

The staff sincerely hopes that you will enjoy this edition of the *MANUALITE*.

THE STAFF

Students of Mr. Dilley's American History class take time out to enjoy posing for this picture.

The good citizen-the informed and active citizen

American History Students of Mr. Dilley confer in groups concerning problems involving growth of our nation.

The School Library

Fall, 1964. National and international political and social events sent these history students scurrying to the school library to check information for class assignments and research papers. Manual's teenage library patrons are encouraged to rely on their own research abilities. This enables them to develop library habits that should prove useful to them in post-school years. A student graduates from school but never from the library; here he finds materials for recreation, continued personal study and self-help.

Joseph Randle is reading Current History preparatory to writing a paper on the history of presidential elections, while Clinton Cruise pursues a United States atlas.

Julie Hicks discovers that an atlas, a National Geographic map and a globe is necessary to find those "trouble spots" around the world.

Sandra Moltbia, Herbert Lemmons, James Humphrey and Vickie Silvers discuss the results of the presidential election. The smiles would indicate their candidate won.

The Freshman team opened up their league play by downing the Southeast Knights 60 to 41 and going on to beat the East Bears 54 to 27 and the East Bears 81 to 24. The leading scorers for the three games were Robert Bates, who hit 21 points against Southeast, Cornelius Johnson, who gathered 19 points versus Paseo, and Ronald Steele, who shot 66 per cent and collected 19 points on East. Each of these three freshmen have an average in the double figures and shoot better than 50 per cent. To credit such a good team we look at their fine Coach, Mr. Mentel Washington. Coach Washington, the wonder man behind the team, said, "As a whole all the boys are doing an outstanding job and we plan to keep up the good work." The freshman team are one of the leading teams in defense, only allowing 92 points being scored on them. On offense they're up in the money with an average of 65 points per game. *Track Queen,
1964*

Janice Alexander

The Cross Country Track Team coached by Coach Robinson, far right, made outstanding contributions to the honor of our school with their performance during this season. They are: Row 1; Larry Wright,

Herman Griffin, Albert Lowe, Eugene Griddine, and Roy Matthews. Row 2; Captain Freddie Harrison, Roosevelt Johnson, Algivan Belcher, Woody Brown, Leotis Belcher, and Coach Robinson.

1965 Track.....

Coach Harris congratulates Teddy Gibson on his winning a Jr. Varsity 440 yd. run in a record time of 52.2 seconds in the Interscholastic League Championship Meet.

This is Manual's 880 and Mile Relay Team; Track Captain Freddie Harrison, Woody Brown, Teddy Gibson, and Leotis Belcher. Track team members not present for photograph are; Charles Cason, Larry Roberts, David McKenzie, Allen Williams, Michael Hamilton, and Willie Miller.

Leotis Belcher seems to be lined-up in the blocks for a 440 yd. run, which is his specialty. (1964 City Champion).

This year Manual's Hurdle-Men are Sam Moody left, and Aron Holley right.

Manual's Freshman Relay Team: Reginald Holly, Michael Thomaston, Roy Matthews, and Terry Dickerson.

This year Manual's Track Captain is Freddie Harrison. Freddie is the type of person who will participate in any event chosen, and this quality is admired by the coaches and fellow players. (1964 Cross-Country City Champion).

Ira "Shot" Thomas is off and out of the blocks for a short sprint. Shot also participates in the other events.

And So.....

from my last discussion of 1964 summer vacation to my

first call to attention. . .

through many days of classes.

fond farewells. . .

difficult assignments. . .

Shortages of lunch money.

pep assemblies.

conferences on the run.

efforts to restrain my temper while Don and Shirley continue to "cut up" after the last bell.

survival of "behind my back" plots by the science department. . .

sharing my friend's homework.

overhearing all the nice things my favourite teacher tells a new teacher about me.

waiting and waiting for the football captain to come out and crown the queen. . .

noticing how eager our teachers are to get others out of the halls (even other teachers).

watching our delightful eighth graders in the library and knowing the work and responsibilities ahead of them.

I find it has been a wonderful year and a perfect climax to my high school experience. I have discovered that "The Challenge of Time" is indeed still with me. I, Manual Senior 1965, have come to the end of one phase of my life and must begin a new era by facing a greater challenge than has ever been my task.

Senior member of Manualite Staff.
