Introducing

Hi there . . . I'm Mr. Northeast and this is the feminine version, Miss Northeast. We're not the Quiz Kids or any other brand of genius . . . just perfect examples of smooth average. We've been thinking, and why not after three years of grind, that soon we will join the ranks of the alumni. So, during the throes of reminiscence, we cooked up a collection of pictures on the activities of us and our friends. The little red school house may be finished with us but we'll have plenty of chances to use the modern democratic book "larn'in" we absorbed. We've got no complaints either . . . self government, modern equipment, and plenty of entertainment. No sir, whether we enjoyed school or not, we'll never forget it!

How well I remember the first day I approached the towering house of knowledge . . . Northeast Senior High School

Dear Diary:

September June

Sophomore Year . . .

My first day in Senior High . . . met the officials, office staff, and faculty. Elected to student council. Made the second honor roll. Joined a club. School ended.

Junior Year . . .

Here I am again! Joined the Courier Staff and tried for Nor'Easter. Saw the Viking Varieties. Band Concert tonight. Vocal contest today at assembly. Got a date for the R.O.T.C. Hop. Joined a society. We're always winning something . . . football Co-Championship and basketball Championship

Senior Year . . .

My last year of high school. Wore slacks and got smeared with lip-stick on Class Day. Heard the ballot, will, and prophecy read. Look at us, dignified seniors! Graduation.

One

Day

With

Our

Principal

DEDICATION

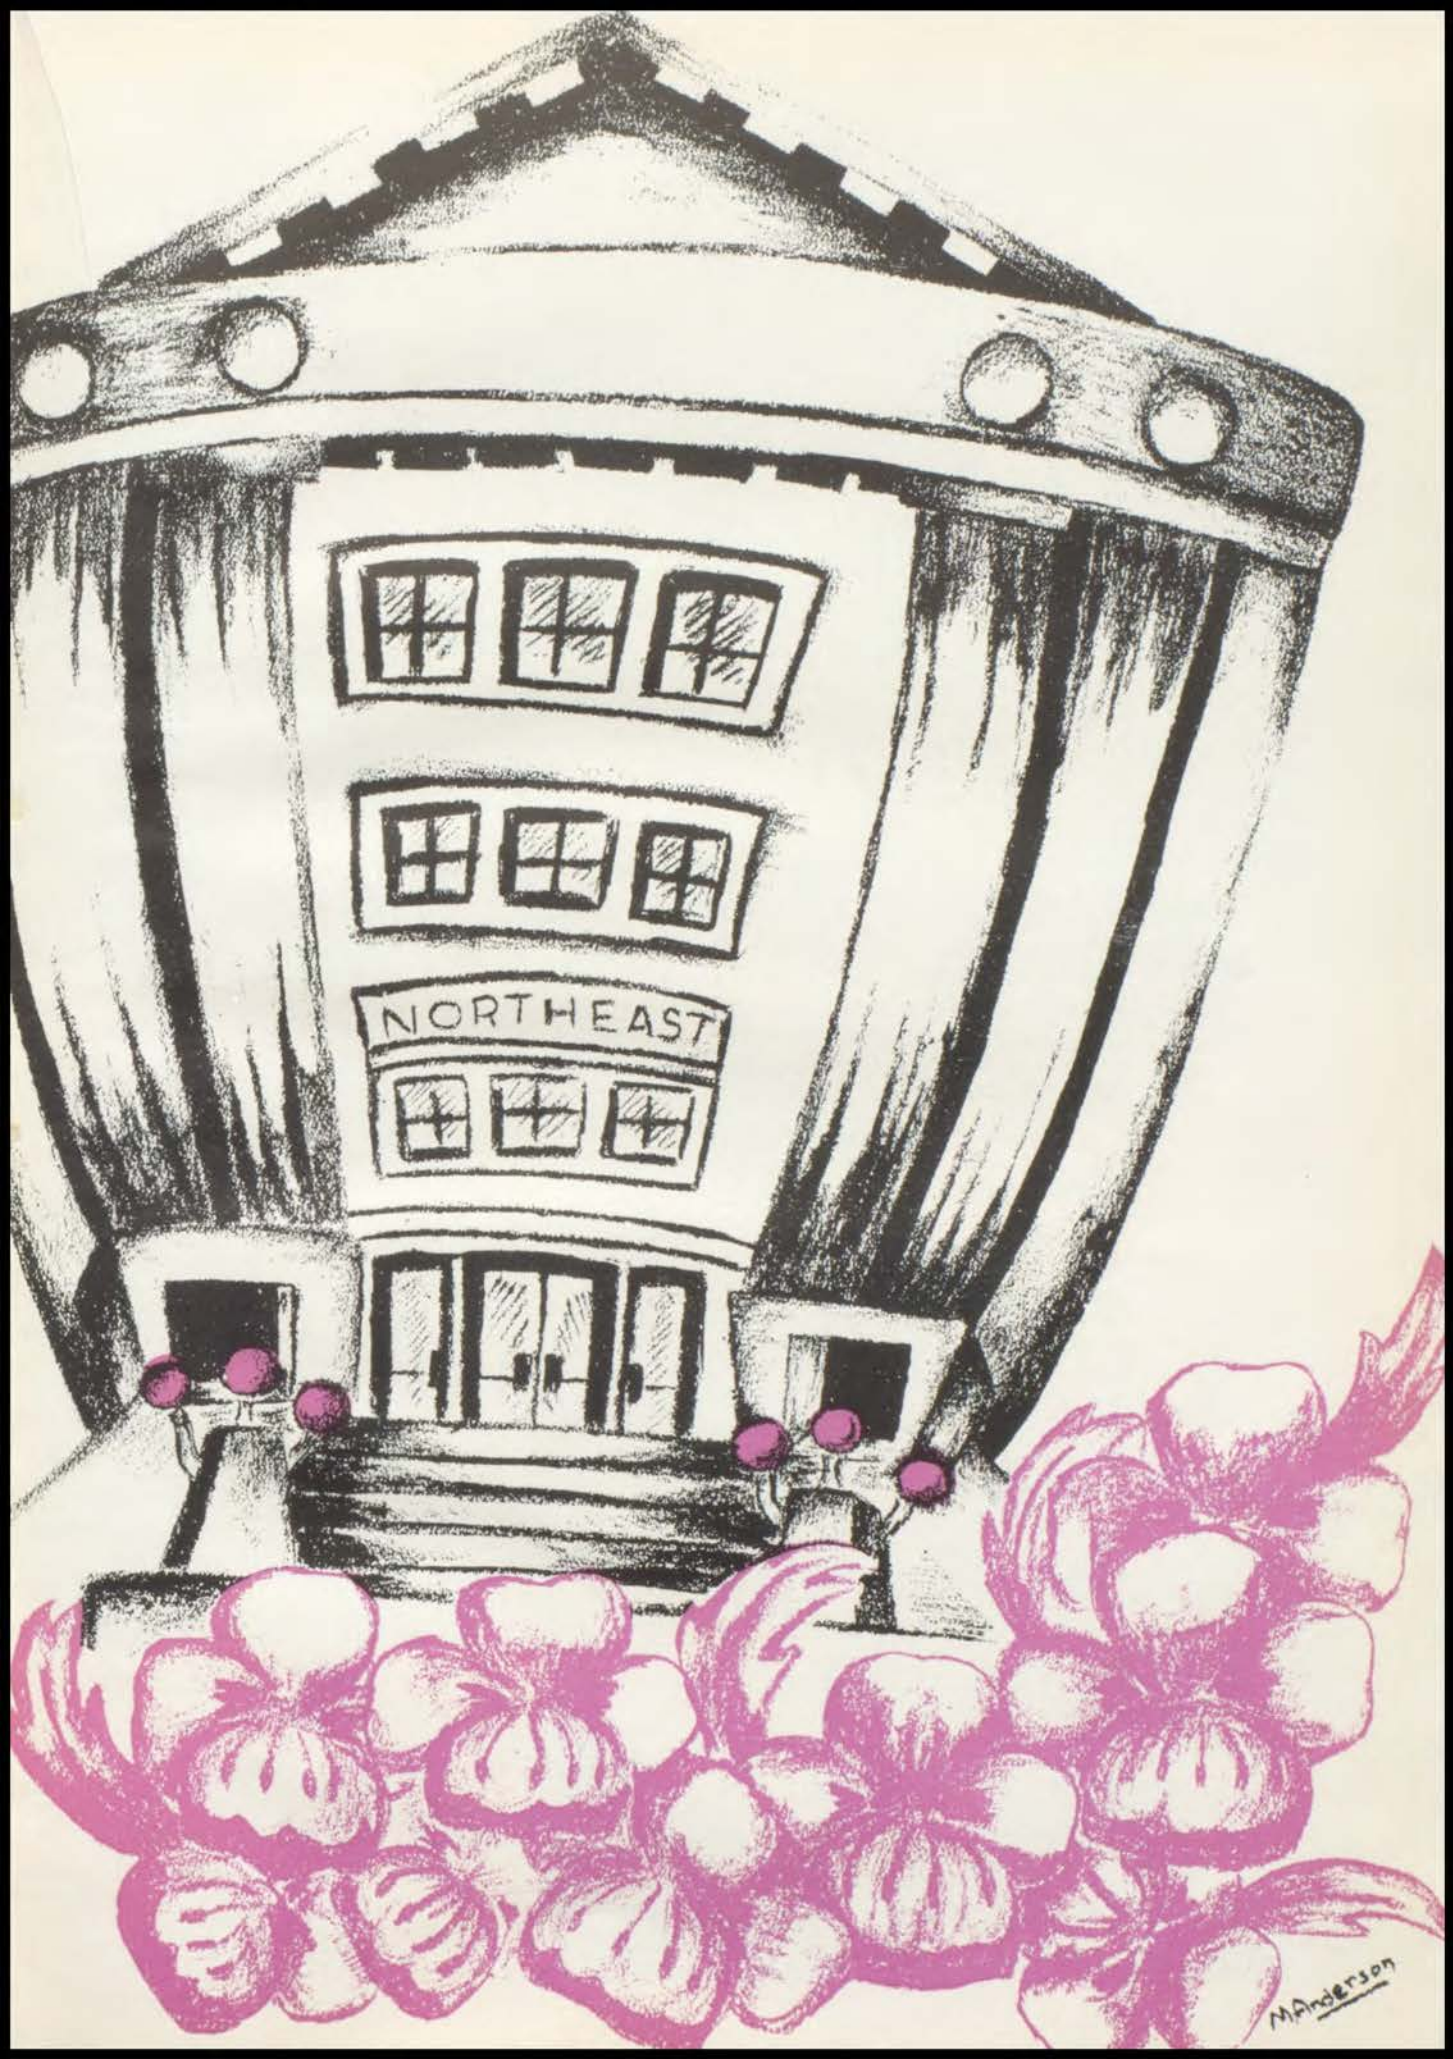

In appreciation for the helping hand he has cheerfully extended to more than 7,337 students, and in recognition of his genial personality, warm smile and whole-hearted devotion in the 15 years he has served as Principal of Northeast High School—to our Principal,

MR. A. T. CHAPIN

we affectionately dedicate this 1942 Nor'easter.

Sophomore Interests

Of course I'm confused, who wouldn't be with all the new experiences I've had? My title now is the disgusting name "sophie," at least the upper-classmen delight in flinging it at me. The first days of enrollment passed quickly after the meaning of 4-2, 3-3, and 3-2 courses was explained to me. Then the great problem of deciding whether Latin or algebra was the easier subject was solved—I took them both. I soon made friends of the office force after lingering too long in the halls and being faced with the prospect of obtaining an admit. By the way, I shortly discovered the use of excuse cards, locker permits, and tardy slips. They surely come in handy, don't they?

You know what, we have self government. The student council makes laws and they are carried through by representatives from the home rooms. If you're not too ignorant and put some elbow grease on your home work, you are sure to land on the honor roll. This is something to work for I mean to tell you. Then there is a system of continuing your favorite subject beyond the classroom by joining a club. I learned more and had the opportunity to add some real fun to the daily monotony by means of the social events.

The first year has gone and with it my puzzled expression, for now I'm a knowing Junior lying in wait for the new batch of sophomores.

Ask me something, anything at all, I can answer it. That's right, I'm the timid sophomore grown up into the amazing junior you see before you. I got the literary urge early in the year, so I became a member of the Courier staff, our weekly newspaper. I've put in my bid for an editor's berth on the Nor'easter staff. Did you see the Viking Varieties? That's the annual show composed of Northeast's most talented students and believe me, it was solid! Right here goes a plug for the band, orchestra, and vocal music department, they certainly gave out at assemblies with grand entertainment.

Junior Activities

W. Hoop

For the first time, a Northeast boy received the highest office possible for an R.O.T.C. cadet. We present the Colonel (fanfare). Also, ours is the winning rifle team of the city tournament. If you go out for social get-togethers, dances, and literary learning, keep your grades up, look intelligent and one of our six literary societies will grab you up. To belong to Northeast this year is definitely THE thing. Why, my goodness, our football team captured a co-championship in the Inter-scholastic tournament and the basketball quintet won every game in the city tournament to be crowned the champion team. They represented Kansas City in the state tournament. We've done so much this year that I'm breathless telling you—so I'll see you next year. By the way, I am a senior now.

If it's entertainment you're looking for you're sure to find that the Band and Orchestra are "Johnny on the spot," ready to do their darndest to please you. If you're a "hep cat" looking for a "groove" to "jive in" then your best bet is Northeast's Dance Band which is "solid plus."

The honors which have been brought to Northeast through these three musical organizations in the past few years have been numerous. The complete co-operation and diligent work of these students who are members of these organizations will long be remembered here at Northeast. The high light of many an Assembly has been the special music prepared by one of these groups.

Of course every group to be completely successful must have a sponsor and in this case honors are due Mr. Nevin E. Wasson, director of these three organizations.

VOCAL MUSIC

Mr. Frank E. Chaffee, known to his students as 'Pop' has finished with the true Viking spirit his twenty-ninth year at Northeast.

The a cappella choir has done some elegant singing this year and they have had a lot of fun doing it. They have sung at the Ivanhoe Temple, Benjamin Harrison school, Northeast Junior, over the radio, and at other places throughout the city.

The Girls' Chorus and Boys' Glee club have really been going places during the last year. They have done some fine work and they have brought a lot of credit to Northeast.

SECOND SEMESTER BOYS' QUARTET: Frank Anstine, Gerry Kerr, Lawrence Allred. Absentee: Paul Fredericks.

The above picture is of the First Rifle Team which won first place in the City Matches, 2nd place in the Inter-Mural Matches, and 12th place in the Corps Area Matches. The latter placing is considered to be a fine one for a high school team. For in those matches the team competes with all of the Military College, Academy, and High School teams in nine states of the middle west. After averaging the scores of all of the matches fired by the team, it was found that Charles McDaniels was the best shot with Jack Cook only one point behind him. This first team was the first Northeast Rifle Team to win a match over the Wentworth Military Academy rifle squad. Sergeant Healy said, "The first rifle team of this year not only won the City Championship but is possibly one of the best teams that this school has ever had, or any high school, for that matter."

Coach E. A. Markey, who "went to town" and developed a first rate squad. **Mr. D. L. Deniston**, who handled all the financial burdens of interscholastic sports.

1942 Interscholastic League Football Trophy

With ten lettermen returning, Coach E. A. Markey had little difficulty in mustering a squad that systematically downed five league teams to win the third championship title in the history of the school.

The Vikings' defense was exceptionally good and their running plays functioned well behind excellent blocking. In the five league games Northeast played, only seven points were scored against the Vikings—the best defensive record in the history of the school and of the interscholastic league.

Bob Pierce was quarterback. His long passes, weaving runs, and sterling defense won for him a position on the Interscholastic League All-Star Team. Several other Vikings were honored by having their names added to the All-Star list. These were:

Kenny Bounds, tackle with a combination of speed, weight, and ability. Kenny worked his way to the top.

Joe Hempfling, tackle. Joe's steady defensive and offensive work was invaluable to the team.

Richard Petrechko, guard. His defensive ability and his aggressiveness on the offense, put him among the all-stars.

Kenneth Olsen, center. "Snapper" was a threat both on the defensive and the offensive, opening up holes so the backs could get through was Kenny's job.

Following in the steps of their big brothers, the second team, coached by Mr. George Calvert, tied for the second team championship. Several members of this team will be valuable in the next championship drive.

Coach R. Peters

Fighting an uphill battle all the way, the Viking basketball team turned back opponent after opponent to win the 1942 basketball championship. The team, always displaying a fighting, sporting spirit, no matter how great the odds, showed the courage and stamina of regular court veterans. Never a favorite to win, the Purple and White would put on a dazzling exhibition. This year the Norsemen went undefeated in league play. Northeast was fortunate in having two of its men placed on the All-Star team. These were Kenny Bounds, center, and Kenny Bass, guard. Both were invaluable to the team. Although he didn't make "All-Star," little Dick Soper won the admiration of the school for his contributions. The team, upon winning the league title, became one of the Kansas City entries in the State Tournament at St. Louis. Playing only a few days after the Inter-City game with Beaumont, the team relaxed too early before the Cape Girardeau, Missouri, quintet, and lost after gaining an early lead. Then Benton, of St. Joseph, those fast breaking court stars, slipped through the man-to-man defense, and nosed out the Vikings. Coach Peters also found time to develop a second team that tied for first place. From this group of youngsters, the Coach must select a quintet to defend the title next year.

The Pep Club at Northeast was the first one of its kind to be organized in Kansas City. It is a very democratic organization as the membership is open to any Junior or Senior girl during the first two weeks of the membership campaign. This organization has originated many new yells for the school and is particularly proud of the clever La Conga yell.

At each basketball and football game the Pep Club has a reserved section and the most lusty cheers come from this section. The mascot for the club this year was little Carolyn Wiens who performed all the yells with the cheer leaders like a real trouper.

Northeast is proud of her Pep Club and Miss Hortense Miller for its fine work in cheering the football and basketball teams to the championships.

GIRLS' SPORTS

Miss Nellie Stewart, Head of the Girls' Physical Education Department. Miss Stewart instructed the girls in volleyball, individual sports and first aid.

Ping-pong and hockey hi-lited the fall program followed by swimming, basket-ball and volleyball. In the spring, baseball and individual sports were featured. Besides playing quiet games, the modified gym classes learned first aid.

Coming through in traditional Northeast style, teams of superior ViQueen athletes made grand showings at the annual Hockey and Basketball Playdays held at Southwest and Paseo, respectfully. Northeast took honors in hockey and aerial darts, and lost only one of three fast basketball games. The purpose of playday is to teach girl athletes throughout the city cooperation, leadership, and a sportsmanlike attitude.

Miss Vera Bland, Girls' Physical Education Instructor. Miss Bland supervised hockey, basketball and swimming, before she resigned this winter to be married. Her position was capably filled by Mrs. Janet Morris, who taught baseball and tennis.

Student managers of the different sports organized the inter-class games, kept the equipment in good condition and helped the instructors choose All-Star teams. They are (left to right) Edith Boehmer, Hockey Manager; Delaine Kisse and Wanda Wampler, Co-Volleyball Managers; and Barbara Dowkins, Basketball Manager.

*Departing
Seniors*

Today I am an adult. Tomorrow will see me punching a time clock or starting in on four more years' study at some college. You've already heard everything Northeast gave us, so take a good look at the senior pictures, read the prophecy, will, and ballot—do you have any idea what kind of future citizens we'll make? If it's good, chalk one up for good old Northeast Senior and if it's bad, take another look at the individual. Well, I am an alumni now—on the outside looking in—but forever cheering for my school. So long.
