Paseo speaks . . .

Thirteen years ago I came into this world. The picture above shows me as I looked when I was born in 1926. Even then I made a proud figure high on the hill-top at Forty-seventh Street and the Paseo, but since that time many changes have been made. At first my front yard and the street in front were rocky and muddy. My auditorium was incomplete and several classrooms were not ready for use. Besides, the gymnasium and the shops at the back of the building were not finished. All these things made life during that first year rather inconvenient.

My interior was finished soon, however. The boys' gym and the metal work shop were completed and eventually I received a balcony in the auditorium. By that time my student body was so large that everyone could not be seated in the auditorium even with the new balcony. In the first picture you will also notice

that those little buildings out behind me are not to be seen. As I grew they were added. At first I had no fence around the athletic field, either. It was hard to guard the field during games until a strong fence was finally built around the field.

About six years after I was born my front yard was made more respectable by the paving of the street. It was quite a change to have a good concrete street instead of a muddy road leading to my doorway. Even after that my front yard did not look very nice for several years. Then the wall and the sidewalk were added and the ground was landscaped. Trees and shrubs really made me look a great deal better.

The next big improvement to my appearance was the construction of the parade ground and playground on the south side. The R. O. T. C. and the girls' gym classes use this space now. Then in 1938 a new gate and ticket office with a scoreboard appeared at the east end of my athletic field. In the course of years the appearance of the athletic field has been improved by planting trees and shrubs.

Last fall a new neighbor, Southeast High School, took away part of my student body. This year, for the first time, my student body is about the right size for the building. The auditorium will seat all of us now, and the classes are not as crowded as they used to be. I still would like to be able to remove the annexes in the back and have a new music room and woodwork shop.

The greatest change that has occurred recently is the addition this year of a new section containing a swimming pool and a girls' gymnasium and locker rooms. With this new addition I really feel quite proud and self-satisfied. I think the new section makes me appear much more complete from the south side, and the interior of that section is certainly handsome.

So you can see that there is a great deal of difference between the old picture of me and the way I look today. During the past thirteen years many changes have been made, and I think you will agree that I am a beautiful and well-equipped school today.

In the past thirteen years I have developed in other ways besides physical improvements in the buildings and grounds. Since the beginning my student body

has been large. Last year I had more than twenty-six hundred students. But the growth in size of the student body is much less important than the development of a fine type of students. In the past thirteen years a distinctive spirit and quality has developed. Through these years a fine feeling has grown among both the students and the teachers. My motto, "Remember who you are," has taken on new meaning. It sets the standard of the Paseo quality in character and school spirit. My students have a pride in their school and they represent it well in the community. They have a cooperative feeling and support their school to the limit. This feeling and this character bring me more pride than all the additions to my appearance.

One of the most important factors in fostering this school spirit is my home-

My New Pool . . .

room system. The business of the school involving students is largely transacted in homeroom groups. This essential part of my organization is a class with extended time for business. Thus the homeroom group is one in which the students and the teacher are well acquainted. Paseo's homeroom system is personal and effective in transacting business and creating school spirit. The homeroom forms a definite unit in the student organization of Paseo, as each is represented on the Student Council.

This year the Paseon is paying tribute to the value of homerooms in the life and spirit of Paseo High School. All during the past thirteen years the influence of homerooms has played an important part in the growth of that school spirit of which we are very proud.

GIRL RESERVES

Paseo is proud of her Girl Reserve club this year. Despite numbers greatly depleted by Southeast, the organization included nearly two hundred girls in its membership.

For the first time in the history of Girl Reserves at Paseo, the Freshmen were able to come to "big" meetings. Each triangle also participated in program planning in that each was responsible for one "big" meeting. Interesting were the results.

Christian in its outlook and an organization to "Help Yourself To Know Yourself," is this junior group of the Y. W. C. A.

Boys' Athletics

Introduction

It's a fine thing that Paseo has a good athletic record, but there is something much greater than just athletics. Paseo students have a name for being good sports.

The credit for this is due largely to the coaches. No boy who ever played on an athletic team at Paseo can forget his contact with these two men.

Cheerleaders

The cheerleaders always have a great deal to do with the performance of the team, and no one would expect so much pep and enthusiasm from any boy the size of these cheerleaders. These boys throughout the football and basketball seasons combined good sportsmanship with plenty of vigor and school spirit.

Lettermen's Club

This club is comprised of boys who have won letters in any of the following sports: Basketball, Football, Track, Golf, and Tennis.

A Championship in Basketball

The 1939 basketball season came to a brilliant close with the Paseo Pirates the undefeated champions of the Interscholastic League. Coach Armour's athletes gave a considerable shock to the critics and sport writers by snatching the championship from the grasp of Westport, Northeast and Manual, who were the pre-season favorites.

The Bucs started the season inauspiciously by losing to the Alumni. The boys came back the next week to defeat Warrensburg Teachers College High School, with Lowe and Kerr doing most of the scoring. During the Christmas holidays, both Rockhurst and Shawnee Mission took the measure of the Pirates. This must have been the medicine the squad needed, for not another team was able to down them until they met Joplin in the state tournament.

Westport was the first victim in the regular league play. Sullivan and Kerr were high point men, but a fine defense which kept the favored Tigers from taking many short shots was an important factor in the victory also.

Paseo scored what the critics called another upset the next week by taking a close and exciting game from Manual. At the end of the

first half the Pirates led 10 to 1, but the Crimson staged a big rally in the second half, and only a brilliant zone defense in the closing minutes of the game staved off defeat.

The Northeast game was characterized by close guarding on the part of both teams, as is indicated by the low score. Northeast failed to tally a point in the last quarter of this contest. Sullivan was high scorer in both this game and the Manual game.

The last three games of the season were supposed to be the easy ones, but Coach Armour succeeded in keeping the boys from thinking that they had the championship already won. The Southwest Indians fell, with Lowe and Sullivan doing most of the scoring and with Kerr holding Black scoreless.

East and Central were the last two victims in Interscholastic League play. The Pirate crew outplayed East by a wide margin, forging ahead at the first of the game and gradually increasing the lead. Israel was high point man. The Central Blue Eagles gave the Bucs a scare, but finally succumbed by a four point margin.

Not a game lost in League competition! Undisputed possession of the Championship of the Interscholastic League! With high hopes Paseo went to St. Louis to battle Central High School for the honor of competing in the State Tournament. The crowd of 2,500 that saw the contest consisted of 2,425 disappointed St. Louis fans and 75 enthusiastic and jubilant

Pirates. In a game that was close all the way Paseo emerged the victor.

Defeat had to overtake the boys sometime, and in the State Tournament at St. Joseph, Paseo was defeated by Joplin, who later went on to take the state crown. Paseo was defeated by William Chrisman in the consolation finals.

Football

The old gridiron got warmed up this year as the Pirate crew held the alumni to a tie with a passing offense that worked perfectly.

Things did not go so well in the next two games where the Bucs were defeated by Westport and Ward. Nevertheless they had that old fighting spirit that it takes to win, and with high hopes waited the next game.

Sure enough as the sun sank that night, all Paseoites rejoiced because the Northeast Vikings had gone down before the onslaught of the Pirates.

The next week however, Southwest still held all foes scoreless by beating the Pirates.

Next in quick succession the Pirates beat East and Central to give them second place honors with Central.

From the Buc crew, Roger Wren, captain, was elected to the All-Star team.

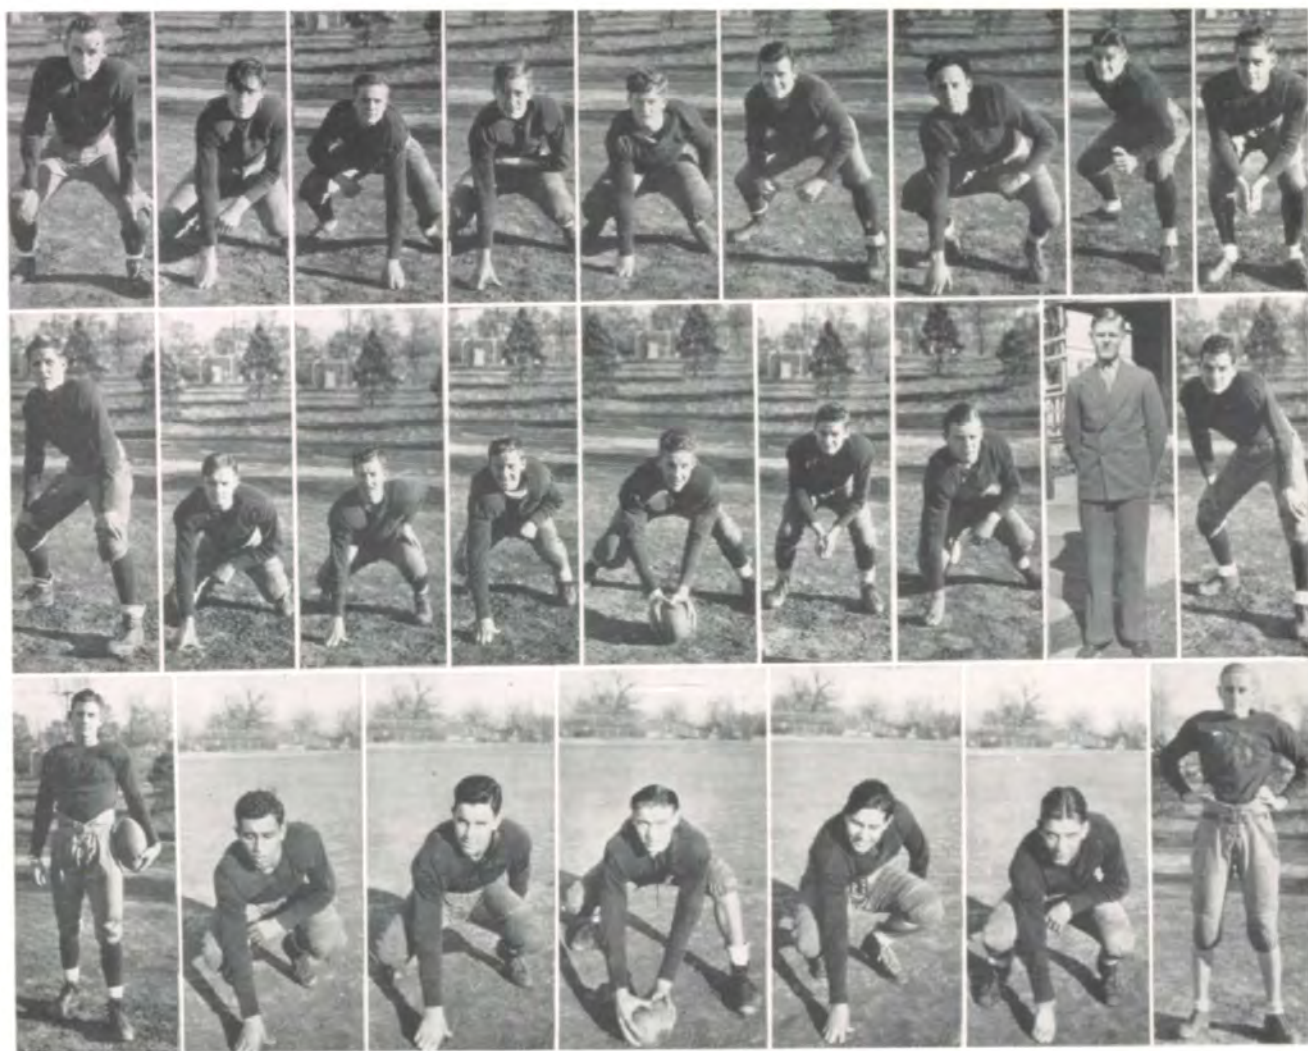

Hensler and Israel got second team All-Star and Millard, Fuller, and Heinemann received honorable mention.

SECOND TEAM FOOTBALL

The second football team ended their season this year with two wins, two losses, and a tie. The team was coached by Mr. Wehrle and he did a fine job of it.

In the first game the Buc seconds battled it out to a scoreless tie with the Northeast Vikings.

Next came Southwest who won that game 24-6.

East was then beaten after a hard fought battle on the part of both teams.

Central was then put aside by a score of 15-6 bringing to a close a most successful for the Paseo Pirates of next year.

SECOND BASKETBALL TEAM

The cagers' second team came through the season with flying colors led only by Southwest and Northeast. Fred Kohl seemed to be a part of the basket and will return again next year to put the ball through the loop for the first team. Boys who will return again next

year and will probably play many games for Paseo are Haynie, Thorp, Johnson, Noel, Kirk, Lewis, and Quisenberry. Many others will return to play, and, so at the end of a fighting season the seconds are wished luck and the hope that they will live up to the record set by this year's championship team.

Track

Coming in behind Central and Southwest for third place in the city meet, the 1938 track team ended a successful season. J. C. Davis, all round track man from Paseo entered the state meet but was unable to place. Among members of last year's team Jack Mansfield was the only letterman to return this year.

In the first tilt of the 1939 track season the Pirate crew was swamped in a $73\frac{1}{2}$ - $17\frac{1}{2}$ defeat by Southwest.

The only Paseo man who got a first was Jim Pfister, who won the half mile.

The Pirate's next foe was Southeast, who was nosed out by three points with the score

$47\frac{1}{3}$ to $43\frac{2}{3}$. In this meet Pfister came through with another first in the 880-yard run. The 440-yard dash was won by Mansfield of Paseo. In the high and low hurdles Quisenberry and Geelan of Paseo won. The shotput was won by Douglas with a distance of 41 feet $2\frac{1}{4}$ inches.

The Blue Eagles scored a $51\frac{1}{3}$ to $39\frac{2}{3}$ victory over the Pirate trackmen. Jim Pfister again won the half mile while Robb and Quisenberry tied for first in the pole vault. In this meet Mansfield again won the 440 and Geelan won the low hurdles.

As the Paseon goes to press, the state and city meets are still in the future.

GOLF TEAM

Congratulations to the Buc Golf Team for the fine work in bringing second place honors to Paseo. A proof of stiffer competition than former years is the fact that this year's team had a lower score than the one which won first place honors last year.

Every Saturday morning for at least six weeks these golfers were at work from 8 o'clock on either practicing or competing with

other schools. If you play golf you can understand how much work it is to play all day. If you don't play golf just try 18 holes some day. Ralph Schockey and Dale Hanchett, Paseo Golfers represented us in the state tournament at Columbia and received 8th place out of 30 entrants from 1st and 2nd place high school teams over the state. Mr. Leach, this year's adviser entertained the team for a weekend on his farm after the season was over.

TENNIS TEAM

Lettermen returning from last year's tennis team this year were Howard Friedman and Harold Lewis. George Spink, also a member of last year's team, also played on the cham-

pionship Inter-scholastic League doubles team. Kenneth Jensen and Sanford Schneiderman were added to the lettermen this year and as things look this is a team of great promise.

Boys at Work---or is it Play?

R. O. T. C.

It is the mission of the R. O. T. C. to awaken in the students a better appreciation of the obligation of citizenship, to prepare them to discharge their duties as a citizen and to qualify them as a leader whether in peace or war.

Our own R. O. T. C. unit, though not as large as in former years, participated in the Jubilesta parade, the Armistice Day parade, the R. O. T. C. Circus, the Field Day Meet, and the city rifle matches.

The Paseo battalion also had two outstanding social events during the year which included an R. O. T. C. banquet and a Military Ball which was held in our new gymnasium.

The membership of the Officers Club consists of all the commissioned R.O.T.C. officers at Paseo. Miss Marguerite Downs and Sergeant Hess are the sponsors.

RIFLE TEAM

The rifle teams of the various schools are supervised and trained by the sergeants who serve as instructors of the R.O.T.C. units. Paseo's team went through a very successful season, taking part in the preliminary matches, and the city match. It was represented on both the first and second corps-area teams.

CADET MAJOR

Paseo's battalion had a fine commanding officer in Major Len Nelson. His record for the entire three years of Military training that he received at Paseo was outstanding. During his first year in R.O.T.C., his attention to all duties becoming a cadet was recognized and as a result he was made private first class. During his second year he was advanced to the rank of corporal and received the First Place Proficiency Medal given by the American Legion. To end this excellent record he was given the well-merited rank of Major, commanding officer of the Paseo Battalion.

FRESHMAN ATHLETIC MANAGERS

First Row, left to right: Marie Untrif, Mary McWilliams, Shirley Todd, Audrey Smith, Catherine Bennett. Second Row: Margie Ake, Patty Rex, Marjorie McNeal.

HOCKEY—LOIS SHIELDS

Lois, better known to her friends in the gym as "Butch," produced a winning hockey team at the Southwest play-day, as she was both manager and captain. This tall volleyball captain was shortstop on the baseball team, and for three years played guard on the basketball team.

INDIVIDUAL SPORTS—MAXINE GILLE

Maxine Gille was chosen individual sports manager. Playing both guard and forward, Maxine guided her team to many victories, as she was captain of the squads of '37 and '38. Paired with Shirley Todd, she reached the

semi-finals in tennis and was crowned "champ" in the horseshoe pitching contest.

BASKETBALL—HELEN M. BELL

Because of her fine leadership and her ability to play the game, Helen Bell was chosen manager of the court activity. Leading seniors in scoring, she helped her teammates to many victories. "Ha-ha" won the championship in ping-pong and was captain of the hockey team for two years.

VOLLEYBALL—MARY WALTERS

As volleyball manager, Mary acted as hostess of the volleyball play-day at Paseo, March 18. She was captain of the volleyball team last year and did an unusually fine job of playing guard on the basketball team. Her athletic ability was also shown on the baseball team and in the back field on the hockey team.

BASEBALL—BOBBIE D. McNEAL

Bobbie was well prepared to manage the baseball season this year after having been captain of two after-school teams. As tallest member of the basketball squad, she was guard for three years, one year being captain. Paired with Helen Bell, she went to the finals in ping-pong and tennis. She was high point letter girl.

FRESHMAN ATHLETIC MANAGERS

The freshman athletics were taken care of by the freshman managers chosen last spring by Dr. Hoernig. They are Catherine Bennett, hit-pin baseball; Marie Untrif, soccer; Mary McWilliams, giant volleyball; Audrey Smith, individual sports; Patty Rex, captain ball; Marjorie McNeal, baseball; Margie Ake, social dancing; Shirley Todd, point system.

First Row: Lois Shields, Maxine Gille. Second Row: Helen Bell, Mary Walters. Third Row: Bobbie McNeal.

Third Row: Margie Ake, Betsy Moody, Patty Rex, Etta Shelton, Mary McMilliams, Frances Weeks, Audrey Smith.

Atalantas

Marching forward to higher ideals of sportsmanship, the Atalantas completed their ninth successful year. To instil in the girls the love of wholesome activity; to develop girls with organic vigor, nervous energy, and strong muscles, to emphasize the participation in all sports; to set high ideas and arouse the ambition to acquire them; to make girls capable of quick thinking and quick acting; and last but not least to make the girls good sports at all times, whether winning or losing, is the purpose of the Atalantas. Their motto is:

When that great Scorer comes
 To write against your name,
 He'll write not whether you won or lost
 But how you played the game.

To obtain membership in this honorary sport club a girl must have earned her Paseo letter. She can earn this award by participating in

after-school activities, receiving two points each night and when she has seventy-five points she is awarded her letter.

This year, at last, the Atalantas sponsored another "Gym Frolic." There students danced to the music of the Mixer Orchestra and individual games were played. They enjoyed some sort of a social each month. In May they had their annual spring luncheon and an alumnae baseball game and picnic is planned for June.

The officers were: Helen Bell, president; Lois Shields and Bobbie McNeal, vice-presidents; Marie Untrif and Mary Walters, secretaries; Mary Walters and Marie Untrif, treasurers; Margie Ake and Marjorie McNeal, reporters; Patty Rex and Lois Shields, sergeant-at-arms; Shirley Todd and Margie Ake, historians.

HOCKEY

With unusually fine weather prevailing the Seniors captured the inter-class hockey crown. The senior team was led thru this defeatless season by Helen Bell; the juniors by Marjorie McNeal and the sophomores by Lillian De Shon and Pauline Denniston. With Lois Shields, manager, and Dr. Lena Hoernig, coach, the games were played every Monday and Thursday on the asphalt field and 49th and the Paseo. Almost every night the teams were short two or three players but this tended to make the games more interesting. Members of the championship team were Marie Untrif, Margie Ake, Bobbie McNeal, Helen Bell and Mary Walters who kept the forward going. The hard hitting of Lois Shields, Maxine Gille and Shirley Todd in the backfield kept many a goal being scored by their opponents. The hard hitting junior team came in second and the sophomores third. Members of the junior team were Florence Capara, Betty Jo Stuckey, Marjorie McNeal and Mary Senninger occupying positions on the forward line. Betty Werkowitch, Cecilia Daniels and Betty Crane took care of the backfield with Leah Jean Putman stationed between the goal posts.

BASKETBALL

The juniors, who as sophomores last year won the girls inter-class basketball title, again reign victoriously over the court activity. The games ended as they did last year the juniors and seniors, then juniors and sophomores, in a tie. The deciding game was played April 13, in the girls' gym, the first official game to be played there. When the final whistle was blown the score was 11 all. It was decided to play a two-minute overtime period. In this period Marjorie McNeal, leading scorer and outstanding player of the junior team, scored five points; she connected for two field goals and one charity toss. Cecilia Daniels was chosen by her teammates to lead this championship squad, while Marie Untrif was chosen captain of the senior team. Members of the junior squad were Cecilia Daniels, Marjorie McNeal, Florence Capra, and Betty Werkowitch, forwards, and playing defence, were Leah Jean Putman, Betty Crane and Betty Jo Stuckey. The senior team was composed of Marie Untrif, Helen Bell, Shirley Todd and Maxine Gille, forwards, and Bobbie McNeal, Lois Shields and Mary Walters, guards. The sophomores chose three captains, Mary Goodwin, Maryanna Calhoun and Marion Shields.

VOLLEYBALL

The number of girls that turned out for volleyball was surprisingly few compared to previous years. The juniors and seniors formed one team due to this decrease and their opponents were the sophomores, the freshmen having a tournament of their own. The sophomores finished in first place, having defeated the combined team of juniors and seniors in three games. Those on the winning team were: Mary Goodwin, Besty Moody, Peggy Reuteler, Nona Dale, Virginia Westfall, Susan Stemmons, and Marjorie Venell. No captains were chosen.

BASEBALL

Last year's Paseon had gone to the printers before the baseball tournament was over. The idea of having girls' home room baseball tournament was tried for the first time and the girls of Miss Spencer's home room won. The student manager last spring was Mary Stone, who trained a picked group of girls to represent Paseo at Northeast play-day.

As there is to be no baseball sports day this year a picked group is being trained to play in an alumni game around the first of June. Shirley Todd was chosen captain of the seniors, Leah Jean Putman and Audrey Smith of the juniors.

PLAY DAY

The only interscholastic competition the girls are allowed is the play days held at the different schools at the close of hockey, basketball, volleyball seasons. The Hockey "Pow-Wow," or the hockey play day was held Oct. 29, on Southwest field. No official scores are kept of these games and no team is considered champions, but Paseo came better in the hockey play day than any other play day, winning two games and third game ended in a tie. Box lunches were after the games. Lois Shields, hockey manager, was chosen captain.

The basketball play day was held at Northeast, Feb. 11. Although the team boast no outstanding victories, they did quite well considering the fact they were used to playing on a much smaller court.

Due to inadequate facilities Paseo's girls were never able to play host to one of these play days, but with the new gym, the Atalantes and other members of the Physical Education department were hostesses to the volleyball

play day, March 18. Mary Walters, volleyball manager, was the main hostess of the day, aiding her were Cecilia Daniels, art chairman, Helen Bell, luncheon chairman, Marie Untrif, entertainment chairman, and Bobbie McNeal, equipment chairman. Lunch was served in the cafeteria with Mr. Stigall, Mr. Shephard, Mr. Strong Hinman, superintendent of Physical Education, and Miss Patricia O'Keef, assistant superintendent of Physical Education, as special guest. A dance was held afterwards in the girls' gym.

This spring instead of having a baseball play day, Central will be host to an individual sports day, May 6.

SWIMMING

Swimming classes were held second semester after the opening of the new pool. The classes were opened only to those ready for life-saving work and were given under the direction of Dr. Lena Hoering and Catherine Bennett, student manager.

First Row: Norma Reiman, Martha Frentrop, Margaret Boles, Patty Dickenmeyer, Jane Durbin. Second Row: Marilyn Bondurant, Joahn Garland, Alice Elliot, Rosalie Austin, Viola Allen.

FRESHMAN ATHLETICS

The freshmen girls are not allowed to compete with the upperclass teams, so they organize their own teams, elect their captains and play among themselves.

As a preliminary to hockey, the girls are taught to play soccer which has rules and regulations similar to those of hockey. Marie Untrif was the student manager.

Managed by Mary McWilliams, two giant volleyball teams were formed, Jane Merunether and Martha Frentrop were elected captains.

Goal shooting contests were held as a build-up for basketball. Margaret Boles registered the highest number of goals made. Patty Rex was the student manager.

Baseball has just begun, Marjorie McNeal is student manager and the Rubelee twins, Jackie and Patty, were chosen captains.

INDIVIDUAL SPORTS

Individual sports, the only activity in which a girl may prove her ability, gave many who do not care for the more strenuous game the opportunity to excel. Individual games played this year were ping-pong, tennis and shuffle board. Ping-pong proved to be the most interesting. The singles last spring were won by Marjorie Dafforn, sophomore, Helen Bell, junior, and Mary Stone, senior. Due to other activities in the gym last spring the doubles tournament was carried over until this fall, then Leah J. Putman and Marjorie McNeal were defeated by Lois Shields and Shirley Todd; those were later defeated by Helen Bell and Bobbie McNeal, who won the title. Tennis singles were won by Helen Bell when she defeated Julia Robb. The doubles as yet are to be played but in the semi-finals are Helen Bell and Bobbie McNeal opposing Shirley Todd and Maxine Gille. Nona Dale and Lillian De Shon won the shuffle board tournament.

The Paseon

It is well said that "A thing of beauty is a joy forever."

Although this Paseon may not be classed among beautiful objects, nevertheless, we, the humble yearbook staff, sincerely hope it may prove "a joy forever." Whether we deserve criticism or praise is for you, the owner of this book, to judge.

Few, who are not on the staff, realize just how much work there is in compiling the Paseon. Work begins in the summer, when a test given by the engraving company, must be taken and, worst of all, passed. It continues 'till Senior Day, when the annuals are distributed. However, the fact that "all work and no play makes Jack a dull boy" is taken into consideration, so a few social activities, picnics and parties, are mingled with our labor. As you can imagine, Senior Day is a great event, as well as a relief, to us. It is at that time we learn, by your approval or disapproval,

whether or not our work has been in vain. On commending this year's Paseon to you, we are hoping against hope that you will say "This is the best Paseon that has ever been published."

Paseo Press

FIRST SEMESTER

Two new services were instigated by this crew of amateur journalists of the high school variety. They are namely: the placing of a Press Board, which has a changing of materials at least twice a week, and the issuance of a small paper to everyone on the first day of school in the fall. This paper contained in-

structions as to where to obtain programs, a welcoming of freshmen, and a section devoted to a Press subscription campaign.

Also added to the paper's repertoire were several new "heads" and a few feature columns, one, namely, "Who Is It?"

SECOND SEMESTER

Ably carrying on the new services instigated by the first semester staff, this staff has also added such things as: "Aroundabout," "Here and There at Other Schools," and a new editorial "head."

This staff was fortunate enough to be able to cover the St. Louis-Kansas City basketball games at St. Louis in which Paseo was victor-

ious in the game between the champions of both cities. Also included in one of their issues was a Treasure Chest, original literary works by students in the English department.

Miss Helen Jo Crissman directs the reporters in their compiling of copy. She also directs the "cubs" in their study of newspaper tactics. The printing is carried on under the supervision of Mr. James A. Voth.

QUILL AND SCROLL

The Quill and Scroll, an international honorary society for aspiring journalists, was organized in 1926 for the purpose of encouraging and rewarding individual achievement in journalism.

This organization endeavors to instill in students the ideal of scholarship, to advance the standards of the profession of journalism by developing better journalists and by inculcating a higher code of ethics; and to promote exact and dispassionate thinking as well as clear and forceful writing.

Kenneth Fox, '34, former editor of the Paseo Press, president of the Quill and Scroll and the Missouri Interscholastic Press Association, who is now employed as a "leg man" for the Kansas City Star, was guest speaker at the January meeting. The club meets twice a year, at the close of each semester.

Members who have done outstanding journalistic work and service to the cause of journalism are chosen by Miss Helen Jo Crissman, newswriting instructor.

The officers were, Fred Metcalf, president; Lodema Williams, vice-president.

Freshman Induction Ceremony

One year ago at Paseo a tradition very dear to our principal's heart was established. This year that tradition was carried onward and the ceremony introducing Paseo, in all her glory, to the freshmen, achieved even reater renown.

The high ideals of Paseo were colorfully shown and picturesquely expressed by students. Norma DeJarnette, in a Silver Robe, represented Sincerity. In a robe of Gold, symbolizing Honor, Mary Ruth Fogel elucidated the priceless value of Honor. Loyalty to one's school, one's parents, and one's friends was delineated by Robert Ridout in a Blue satin robe. Red of Courage was depicted by Vivan

Marshall. To face the trials of school, and later to fight life's battles, takes Courage. Ted Kirkham and Barbara Reber were the Senior Boy and Girl who showed Arthur Garder and Patricia Geivet, the Freshman Boy Girl, what was expected of them.

The purpose of the Freshman Induction Ceremony is to give the Freshmen an opportunity to know the services which they may render to Paseo, to "look over" the different special interest organizations before making their debut into the social life of the school, and to instil in their hearts loyalty to the high ideals of PASEO HIGH SCHOOL.

FALL PLAY

"Honor Bright," a comedy by Meredith Nicholson and Kenyon Nicholson, offered an excellent opportunity for the application of intriguing dialogue and fits of temper by the cream of the student actors and actresses.

Richard Barrington's love affair and ensuing engagement to a typical Broadway chorine, provides the plot for the story. Richard seems of spice and comedy to the affair.

to face entanglements from every side, but comes forth with his new love, Honor Bright.

The leading role of Honor Bright afforded Dorothy Meek a chance to show her acting ability.

Dialogue by the Irish maid and the Scotch servant was tongue twisting, and the fits of temper by Tot Marvel added the right amount

SENIOR PLAY

We, the seniors of '39, are quite sure our play, *The Royal Family*, written by George Kaufman, and Edna Ferber, was the best senior play ever produced. Judging from the applause, we have the audience to back us in saying it was unexcelled by those of former years.

The story, as you know, concerns the lives of three generations of actors in one family.

Some believe the idea was suggested by the prominence of the Barrymore family in our stage history.

Another fact which added to its prestige was that there was really no one leading man or woman, just as a senior play should be.

The play offered opportunity far varied characterization, ranging from the depicting of a seventy-two year old matriarch, Betty Jones, thru the next two generations.

MASK AND WIG CLUB

The Mask and Wig Club renders invaluable service to the school by applying artistic make-up to the actors in assemblies and school plays. The members must pass active tests in the art of make-up before gaining admittance to the club.

Officers were: Maxine Gille, president; Jimmy Peuter, vice-president; Betty Couch, secretary and treasurer; Frances Lunsford, sergeant-at-arms; Norma De Jarnette, reporter; Miss Seehorn, faculty advisor.

STAGE CREW

The work of the stage crew can never be underestimated. It is not just the pulling of curtains or the moving of a piano once in a while, but the stage crew at Paseo constructs all the scenery used in assemblies, plays, and programs.

All the boys on the stage crew agree that the scenery and setting for the Freshman Induction Ceremony were the hardest to prepare. The boys worked from three o'clock until six for nearly two weeks and last year's crew gave nearly two months of their summer vacation constructing this scenery.

The members of the stage crew must be present at all rehearsals in order to know their part. It is one of the most important parts of any program.

Mr. Pringle has been adviser of the crew in place of Mr. Campbell who was in charge in former years. Most of the work has been done, however, under the management of Bob Nahas, this year's captain. They have certainly done a fine piece of work and offered a great service to Paseo and deserve all the thanks to be given them.

DEBATE TEAM

Since the beginning of time the human race has been forever involved in a series of arguments, physical or oral, friendly or hostile. Paseo's debate team, made up of students from Mr. Richmond's fifth and sixth hour public speaking classes, carried out this love of con-

test to the best of its ability. The team debated very successfully with Southwest, Manual, Westport, and Rockhurst during the course of the year. The standing question for debate this year was: "Resolved: That the United States should form an alliance with Great Britain."

ORATORICAL CONTEST WINNER

Another activity indulged in by the high school public speaking classes of this city is the American Legion Oratorical contest. The

representative from Paseo in the contest was Bill Mathews, who gave a very good account of himself.

CHARITY SPEAKERS

At the first of the year, a call went out to the members of the public speaking classes from the Allied Charity organization, asking that speakers be chosen by a process of elim-

ination to aid in soliciting money for this worthy cause. Paseo had two speakers in assembly and sent several others to various churches.

PASEO A CAPPELLA CHOIR

Under the direction of Miss Marguerite Zimmerman, the Paseo A Cappella Choir has had a very busy year. The first appearance of the year was at Open House, where the choir delighted a capacity audience. Then came the honor of appearing at the opening meeting of the Missouri State Teachers Association early in November. Appearing in the huge Municipal Auditorium before more than 10,000 of Missouri's teachers did not seem to awe the members of the choir, who performed with their usual skill. Many favorable comments were heard from members of the audience, a number of whom were from outside Kansas City.

The greatest honor of all came when the

choir was selected to appear on a National Broadcast. Other appearances were at the Christmas program in Municipal Auditorium and in our own assembly. Many engagements have been fulfilled since then.

Their next appearance was at the Business Men's Bible Class, the largest of its kind in the world, at Ivanhoe Temple, April 16. Their last appearance was at the graduation ceremony of 1939.

PASEO CHORAL CLUB

Under the direction of Miss Marguerite Zimmerman, the Choral Club appeared in the Armistice Day Assembly and in the Christmas Program. They also appeared at the fashion show, morning and evening.

Her hobby, favorite study, and ambition is art. For variety she will attend the Kansas City Art Institute . . . **BOOY, VIRGINIA**—Virginia, a Girl Reserve and Peppy Pirate, is going to give up Piracy upon graduation. She will have airsickness instead of seasickness to overcome, when she becomes a hostess on an airplane.

BOWERS, DOROTHY MAY—Dorothy, after attending a Business College, wants to get out in the world and make some money. How strange! She was president, vice-president, and secretary of her home room. She is quite a commercial soul, as she enjoyed typing, office training and bookkeeping . . . **BOWMAN, PHYLLIS**—Phyllis, who engaged in mathematics, and horseback riding, was a Girl Reserve. He also wants to be a Sports announcer. He enjoyed American government . . . **CLINE, LOIS**—When Lois becomes a Secretary, she will be able to put her shorthand into use. She was reporter of her Senior home room and in the spring participated in the Fashion Show . . . **CLINKENBEARD, VIRGINIA**—Virginia seems to be one of those persons who has a nose for news. She likes to collect autographs . . . Bill was in the Keats, Radio Club and the Christmas Play his freshman year. He was a charity speaker . . . CRAVENS, CORNELIUS—If you see "Connie" with a worried look on his face, that's a result of wondering where the Auto Club's next dollar is coming from, for he was its Business Manager. The Engineers elected this member of the Press Staff to preside over them . . . CRAWFORD, GRIFFIN—Griffin is quite an aviator. He not only flies, but builds model airplanes. DYRHOOD, GAYLE—Gayle preferred throwing knives, with the Paseo Pirates, than hatchets with the Southwest Indians, so she came to Paseo this year to finish her high school career. FRIEDMANN, HOWARD W.—Howard was so teeming with tennis that the Tennis Team twice took him on as a member, as did the Spanish and Auto Clubs. In his home room he was president and representative to the Student Council . . . FRIEDMAN, JUNE ROSE—June's husband should have nice warm sweaters, because her hobby is knitting. He claims figure skating and the study of ballistics as his hobbies and the works of Shakespeare as his favorite study . . . He was sergeant-at-arms and vice-president of his home room and intends to enter some field of journalism . . . GARROTT, ROBERT—Music being his hobby, Bob was a member of the band. GOUDELOCK, HUGH JAMES—Jim, the proud possessor of a Traffic Squad pin, was a home room president, vice-president, and secretary. He has started early on his ambition to be a geologist, as he is the Agassiz Club reporter. Jim was on the football squad . . . **GOUDIE, JIMMIE**—Jimmie, contributor of several cartoons to the Paseo Press, enjoyed the fellowship and speakers of the Hi-Y. Next

make it known that he is no relation to the other gentleman by the same name. So, for his sake, please bear that in mind. Don was in the Auto Club and secretary of his home room.

HEINEMANN, HARRY—This little fellow was a member of the first football team, the Traffic Squad, German Club and Hi-Y Cabinet. "Heine" was also

year he plans to cheer the Jayhawkers . . . **GROENEMAN, MARY FRANCES**—Dogs are her hobby, Mary Frances tells us; but she didn't say what kind. The delight she took in typing explains her ambition to be a secretary. Mary Frances is another one who will attend Junior College . . . **GROOMER, MARJORIE**—Although we doubt if Marjorie's ambition to get in West Point is fulfilled, we do hope she may go to Hawaii, as she wishes. She was in the Fashion Show and held home room offices. Her hobby is sleeping, and her favorite subject is the hour pertaining to gastronomy . . . **HALE, BETTY JANE**—Betty was a member of the Muir and Talent Clubs. She held offices in the latter, as well as in her home room. She seems to be quite musical, as her hobbies are singing and dancing and she hopes to have her own orchestra . . . **HALE, DANIEL W.**—Dan certainly learned how to handle the baton at Paseo, for he was leader of the Mixer Orchestra for two years. He was on the track team and in the school band and orchestra. He was secretary of the Talent Club.

HALL, JAMES WILLIAM—J. W. says he enjoyed playing football, a statement not hard to believe after seeing him play as quarterback on the first team. He was also a pole vaulter on the track team and president of three different home rooms. . . . **HALL, LEO L.**—This member of the Keats, Sociology Club, and Mixer Orchestra was a captain in the R.O.T.C., president and student director of the band, and vice-president of the Talent Club . . . **HANCOCK, MARTHA ANN**—The Talent Club and Thicions claim Martha as one of their members. She was an alternate Student Council representative in her home room and intends to go to J.C. . . . **HARLEY, LEON**—Bowling and baseball are what Leon engages in for entertainment. But at Paseo he enjoyed printing. Maybe it was so he could learn the latest news before the rest of us. He was a member of the Agassiz Club . . . **HARRIS, HARLEY E.**—Harley used his leadership ability as president of two of his home rooms; his pep as alternate cheerleader; his acting ability in the Fall Play; and his "dead eye" on the Rifle Team. He enjoyed attending the meetings of the Hi-Y . . . **HARVILLE, PATRICIA**—Patricia thinks she has Paseo's biggest mouth. Judging from the vocal utterances which came from it, that's nothing to be ashamed of. She sang in several assemblies . . . **HAYDEN, AYRIEL JUNE**—Ayriel, an ardent stamp collector, also allowed her interest to be taken up in the A Cappella Choir. She belonged to the Muir Club and Sociology Club. When she graduates from J.C., she will take up comtometry. Don't ask us what that is! . . . **HEALY, MARY MARGARET**—Mary Margaret was a Thicion and president of her home room. reporter of the Keats and chairman of the Courtesy Committee of the Student Council . . . **HENDRIX, HAROLD**—Harold seems to be quite sporty, as he was a member of the Sports Staff of the Paseo Press, the Quill and Scroll, saves sports clippings, likes newswriting, and hopes to be a sports editor writer. He was a member of the Sociology Club, Traffic Squad for two years, and vice-president of the Keats . . . **HENNE, GLORIA**—A rare ambition among Paseo maidens -- to be an aviatrix -- is what Gloria is hoping for. The Girl Reserves and Home Economics Club enjoyed her membership. She was secretary of her home room . . . **HENSLER, ALLAN**—Allan used his hefty foot to kick the football down the field and feed the gas to his cute "little" car. He was a tackle on the first football team and served the Lettermen's Club and the Juntos. In the Auto Club he officiated . . . **HENSLER, GERALDINE**—The "ology's" seem to attract "Gerry," as she enjoyed physiology, psychology, sociology and plans to be a laboratory technician. "Officialogy" attracted her too. She held six home room offices . . . **HESTON, JOHN**—John's ambition is to be an artist. It will be fulfilled when he attends the Kansas City Art Institute. His many hobbies include canoeing, fishing, traveling, and photography.

In her home room she was vice-president, secretary and treasurer . . . **HEUBAUM, VIRGINIA**—Virginia achieved a position which few girls do—sergeant-at-arms of her home room. Then her four years of gym came in handy! She was a Girl Reserve. He was president, vice-president and treasurer of his home room. He will attend Missouri University . . . **HICKEN, LUISE EMA**—Varied are the interests of Luise, who enjoyed reading, sewed well enough to be in a Fashion Show and knew German so well she joined the German Club. Her name was also on the roll of the Agassiz Club and of the Sociology Club . . . **HICKMAN, BETTY ANN**—Betty Ann found that the Fashion Show and A Cappella Choir made an interesting twosome, and she served two years in both. She belonged to the Silhouette Club and was vice-president of her home room . . . **HOAGLAND, SALLY ANN**—Sally, a Peppy Pirate, Girl Reserve, and secretary of her home room, wants to apply her art ability as a designer of clothes. chance to use her favorite study, Spanish, when her ambition to live in South America is fulfilled. She was an Iota, Girl Reserve, home room secretary, and Honor Roll and Press Staff member . . . HOFFMAN, KENNETH R.—Kenny released his excess pep as head cheer leader. He headed the Academy of Natural Science, was an officer of the Muir Club; Athletic Editor of this Paseon and was a member of

He held the offices of sergeant-at-arms in the Stamp Club and alternate Student Council representative in his home room. He will attend J.C. . . . **HOPPING, HELEN ELIZABETH**—It is hinted that Helen rather likes roller skating. At any rate, she tells us that her hobby is roller skating; her

teachers. Our Sophomore Year

pastime is roller skating; for amusement she roller skates, and she belongs to a roller skating club . . . **HOROWITZ, MORRIS**—As a guard on the first football team, this member of the Agassiz and Letterman's Clubs helped steer the Pirate's ship to many a victory. This husky gentleman has also been a member of the Traffic Squad and Student Council for two years and has held the Indian Wrestling championship for three years . . . **HOWARD, LLOYD**—Lloyd wants to be a teacher, and we see no reason why he should not make a good one, for he enjoyed literature, English, science, and Latin at Paseo . . . **HUGHES, MILDRED JEANNE**—After being in several assemblies at Paseo, Mildred hopes to be in a Broadway production some day. She belongs to the Sociology, Talent, and Choral Clubs . . . **HUGHES, RALPH A. JR.**—Playing ping pong particularly appeals to Ralph who also likes basketball. In studies, physiography appealed to him. Ralph held several home room offices.

He also built model airplanes and was a home room officer . . . **HUTTSELL, FRANCES LAVERNE**—Well, we all have a pet amusement and Frances's is riding in a car in the rain. When this string of hobbies loses its attraction, he wants to hitch up the old car and tour Florida . . . **JOHNSTON, MAX H.**—Max got experience in leadership in a first lieutenancy in the R.O.T.C., membership on the Traffic Squad, and presidency of his home room for four years. He was a member of the Keats and German Clubs . . . **JONES, BETTY BREESE**—Betty was a member of the Cynthians, the Muir Club, Debate Team, and was quite active in the Girl Reserves, presiding over it the latter part of her Senior year and taking minutes for it her Junior year. She was honored by being a Health Room Assistant and Charity Speaker in an assembly . . . **JONES, JACK**—Besides being able to say truthfully that he is one of the Jones boys, he can say that he is a non-commissioned officer in the R.O.T.C. Perhaps military training was the spark that set him off to collecting old firearms. He will attend J.C. . . . **JONES, RO-**

BERTA MARIE—Roberta displayed her talent in three fashion shows and the Whistling Chorus and was a member of the Girl Reserves, Sociology and Muir Clubs. She held the office of secretary in the Muir Club.

"buttoned" its way in, expe-

She was vice-president and treasurer of the Thicians, officiated in the El Ateneo, was on both Honor Rolls, and was sponsored by the A.A.U.W. . . . **KATZ, NEORA**—It is not strange that Neora enjoyed expression, or her part in the German assembly, here at Paseo, since she has played some parts in plays at the Resident Theater. Neora was vice-president of her home room . . . **KELLER, PEGGY LOU**—Peggy divided her time between the Thicians and A Cappella Choir. Besides music she assents that tennis is her hobby. She will attend either K.U. or M.U. and will choose nursing as her vocation . . . **KELLY, ROBERT**—Bob seems to like all sports. His hobbies are swimming, skating, horseback riding, and boxing. She was a member of the A Cappella Choir and hopes to be an orchestra vocalist . . . **KERR, RALPH EMMETT**—Ralph applies that ever-so-scarce ability to keep calm on the basketball court as well as in his classes, his favorite one being woodwork of which he is president. For his excellent playing on the first basketball team for two years he was made a member of the Lettermen's Club.

They are so rare! . . . **KRICHEVSKY, RAYMOND**—Raymond Krichevsky, knowing his knees knocked, nevertheless kept his voice in kilter and his wits keen when he practiced vocal gymnastics in public speaking. He also liked science, and naturally his name may be found on the roll call of the Academy of Natural Science and the Camera Club . . . **LA MAR, JEAN MAXINE**—Jean, as her name might suggest, represented the French girl in the Freshman Induction Ceremony. The A Cappella Choir was enriched by her membership for three years. She also was a Girl Reserve and pursued her favorite subject in the Sociology Club . . . **LANDIS, BRUCE**—This member of the Keats, Spanish Club, and Orchestra, may

be Paseo's only future cowboy since not very many of us can spin a rope and play a guitar as he can. He will attend the Rolla School of Mines . . . LA PIERRE, JACK W.—Being on the football squad wasn't quite strenuous enough for Jack, so he adopted bowling to give him a little exercise. He plans to attend K.U. and study Engineering . . . LARSEN, EDWIN L.—Ed is another who goes in for football

and bowling both. He received a first team letter. He liked dancing, was vice-president and secretary of his home rooms, and will attend J.C. . . . LEITNER, JOE—Joe seems to cherish chemistry, for he cogitates, and can create, chemical combinations in Mr. Carman's chemistry class, certainly combustible, but neither comely nor characteristic of any color or combination. He chooses to commence his career in commercial chemistry . . . LESKY, LOUIS—Paseo's inventive ability inevitably lies in Louis, as he says he loves to make gadgets that won't work.

sports reporter for the Press. The vitality of his write-ups characterized also his membership in the Hi-Y, Student Council, and Muir Club. He presided over the latter.

McCUE, JAMES—After James has spent an hour or two at playing some game, for he likes all sports, he likes to come in and read a good book. At Paseo

Serving as treasurer of her home room gave her additional preparation . . . LEVINE, JACK—This benevolent gentleman, after having his brown and bulky build to bowling and brutally breaking bats in baseball, made no bluff of his burden of busily, bravely, and boldly acting as "bouncer" in his home room. But neither was he backward in studying bulbs, blooms, and buds in Botany. He is bound for the business world and likes brunettes best . . . LINDSAY, DANIEL FRANKLIN—Dan's fellow students evidently believe him to be quite a he-man. He was elected as sergeant-at-arms in all of his home rooms, the German Club, and the Talent Club and was a captain on the Traffic Squad. He was a member of the Keats Club.

LLOYD, CARLTON WAYNE—Through his good nature Wayne gained control of the gavel in his home room. He earned a first team letter in football at the same time earned a membership in the Letterman's Club . . . LOWE, ROBERT T.—Bob hopes to be a coach; and judging by his basketball playing, he should make a good one, for he received a first team letter in basketball. His chief scholastic joy was science. He wants to be a chemical engineer after attending Junior College . . . McALPINE, MARGARET—Variety seems to be Margaret's motto, for she was a member of the Sociology Club, Girl Reserves, and Verse Speaking Choir. She was in the Latin Assembly; placed second in the girls ping pong tournament; and was the only girl in her favorite class, solid geometry, which she hopes to teach some day . . . McCALLUM, JAMES BAXTER—Sergeancy seems to be symbolic of Baxter for in the R.O.T.C. he served as a First Sergeant and in his home room as sergeant-at-arms. Spanish was next to R.O.T.C. in his heart . . . McCRACKEN, JAMES M.—That handsome lad running along the side of the football field was Jim,

He received a chance to make use of his favorite subject when he was elected secretary of the Spanish Club. Jack hopes to pilot a transport airship. He was a member of the Keats Club.

McVAY, BOB—Bob acted as president and secretary in his home room. Maybe the vagabond blood in this lover of science is the reason for his desire to run a bus of his own. He will attend Junior College. . . . McWILLIAMS, MARY—Mary was a member of the Girl Reserves and Press Staff. She proved her superb athletic ability by membership in the Atalantas and several teams and by managing freshman volley ball. She held offices in several of her classes and wants to be an actress . . . he will attend Junior College. At Paseo he enjoyed Spanish . . . MALKAUSKY, BETTIE L.—Instead of trying to compete with the radio at home, Bettie did her vocalizing with the Choral Club. ing as football manager. He played second base on the baseball team, and he also played basketball. He handled the funds of his home rooms twice . . . National Honor Society

"Scholarship is excellence of mind;
 Character, of spirit brave the seal;
 Leadership is vision for mankind;
 Service is toil to make that vision real."

This bit of verse written by Miss Irene Blase, an English teacher here at Paseo, sums up just what the National Honor Society stands for.

Membership in the society is the highest honor a student of high school can receive. This year forty-four students from the upper fourth of the class of '39 were chosen. In ad-

dition six Juniors were elected, who automatically will become the officers for next year.

The officers for this year were: Barbara Reber, president; Ted Kirkham, vice-president; Juanita Sheridan, secretary; Len Nelson, treasurer; Gretta Thorn, reporter; Henry Lee Warren, sergeant-at-arms, and Robert Nahas, torch bearer.

JUNIOR OFFICERS

First Row, left to right: Gloria Mullins, Nancy Brady, Shirley Rex.
Second Row: Dick Johnson, Howard Thorpe, Frank Kirk, Jeff Perky.

JUNIOR OFFICERS

Each year the juniors elect officers to lead their class. This year they were Dick Johnson, president; Jeff Perky, vice-president; Nancy Brady, secretary; Frank Kirk, treasurer; Gloria Mullins, gift receiver; Howard Thorpe, sergeant-at-arms, and Shirley Rex, reporter. The seven juniors ranking highest on the nominating ballot are given their offices through an elective ballot. They conduct meetings similar to those of the seniors with the same types of committees.

GIRLS SPONSORED BY THE A.A.U.W.

The American Association of University Women sponsors, in each high school, a group which includes the five girls who rank highest scholastically in the Sophomore, Junior and Senior classes.

These fifteen attended several events given for their benefit at the University Women's club. The Paseo group elected Barbara Reber, president; Lodema Williams, vice-president; Maryellen Henderson, telephone committee chairman, and Marian Shields, historian.

The extra-curricular activities of Paseo High School are directed by the Student Council. The primary purpose of this administrative body is, of course, to guide the students. It accomplishes this with admirable success.

Each home room is represented in the council. These representatives promote the sales of tickets to various activities. "All work and no play makes Jack a dull boy," is the motto of the Council when they discard business and promote recreational functions.

Co-operation is one of the chief assets of this business organization. Meetings are called when urgent business dictates, and resolutions are passed swiftly and skillfully.

Instead of dreaming of becoming President of the U. S. A., the forlorn freshman set his heart on becoming president of the Student Council. To achieve this goal, he must culti-

vate in himself the finest attributes of youth. Two seniors reach this goal every year.

By personally counting votes for the various elections, the Council fosters honest elections and thereby renders an inestimable service to the school.

Paseo is justly proud of the Student Council as it represents the cream of Paseo's students. By upholding Paseo's motto, "Remember Who You Are," the members make of the Student Council a lasting success.

The first semester Student Council was guided by the following group: President, Warren Israel; vice-president, Henry Lee Warren; secretary, Betty Luder; treasurer, Clark Williams, and sergeant-at-arms, Charles Fuller. Besides the officers the executive board members were Ruth Levitch and Fred Metcalf, seniors; Marjorie Dafforn and Frank

HEALTH ROOM ASSISTANTS

This year has been an outstanding one for the six white uniformed assistants to Miss Powers, our school nurse. Although to the onlooker it may seem that their most important job is bandaging injured fingers, in truth the girls rendered more valuable assistance by their tuberculin test campaign talks before the civics classes. By doing this they helped educate the freshmen in school loyalty and civic responsibility as well as arousing the student's interest in his own welfare.

Probably the most outstanding contribution has been the splendid work done by these six senior girls in cooperation with the class of 1939 in sponsoring the Senior tuberculin campaign.

The assistants are: 1st hour, Margaret Jo McDermott; 2nd hour, Evelyn McDonald; 3rd hour, Betty Jones; 4th hour, Norma De Jarnette; 5th hour, Mary Ruth Fogel; 6th hour, Juanita Sheridan.

First Row, left to right: Dorothy Cooperman, Shirley Lichtenstein, Lodema Williams, Second Row: Gretta Thorn, Dorothy Elstner, Billy Jean Cunningham, Carema Temres, Third Row: Mary Margaret Healy, Jane Smith, Henrietta Morrison, Rose Fox.

OFFICE ASSISTANTS

This year eleven girls were chosen after considering not only their ability but their scholastic standing as shown on their personal rating cards. In place of pay they received valuable experience and in view of this, labored cheerfully and efficiently throughout the year, performing such tasks as filing, recording, making out programs, calling students, checking grades, and other tasks assigned by Mr. Stigall, Mr. Shepherd, Miss Friend, Miss Larson, and Mrs. Christine. Five of these girls worked under Mr. Shepherd while six served as helpers in the outer office.

Senior Tuberculin Test

The students of Paseo High School wish to express to Dr. George H. Hoxie, Medical Director of the Open Air Schools, their deepest admiration and appreciation for his untiring interest in the health of all the school children of Kansas City, and especially for his kindly interest in the students at Paseo.

FLASH! Paseo has done it again!
Five years ago, the first Kansas City High

School to offer tuberculin tests to Freshmen was Paseo. Now we are first to offer the tuberculin test to the outgoing Seniors. Sponsored by the class of 1939, this important health measure was considered a grand success.

In the words of Miss Robina Kneebone, supervisor of health, "It is a great achievement when students assume responsibility and carry through successfully a project that they themselves sponsor."

Auto Club

To promote the idea of safety in student drivers and to develop right attitudes in students, not yet drivers, the Auto Club gave drivers' courses in study halls, gave the drivers' test to 1,000 students, sold 500 Paseo car tags, and awarded 350 drivers' cards.

Officers were: Bob McCarthy, Bill Cresswell, presidents; Fred Metcalf, Nadine Fugett, vice-presidents; Madeline Carr, Herman Schifman, Irene Flanagan, secretaries and treasurers; Nadine Fugett, Madeline Carr, art directors; Corlelius Cravens, Al Gerdel, business managers; Mr. Lovejoy, adviser.

The Paseo Auto Club is a pioneer among organizations of this kind in the United States. Other schools elsewhere have been encouraged by Paseo's example to start similar clubs, and

there can be no doubt but that many human lives have been saved by the increased care that has resulted from the widespread teachings of these high school automobile clubs and safety councils.

In the drivers' tests that were given this year at Paseo, the boys upheld their frequently-heard contention that the women are poorer drivers than men. At any rate, the boys averaged nearly four points higher in average score than the girls did, and of the eighteen students who made perfect scores, sixteen of them were boys. The girls contend that while they may rank below the boys in theoretical knowledge, they are fully their equals in actually handling a car. Perhaps a test will sometime be devised which will be practical to use for large numbers to test their real ability as drivers.

Traffic Squad

The purpose of the Traffic Squad is to direct the traffic of the student body of Paseo High School. This organization renders invaluable service to the school by preventing congestion in the halls and cafeteria during the three lunch periods. Especially have they been successful in introducing the new time schedule for lunch periods.

The members are first nominated by the student body, the final election being made by the faculty. Before a boy is allowed to wear the silver badge, which signifies membership in the organization, he must be well qualified in character, leadership and scholarship as he is an influence to both upper and lower classmen. Although the squad members must sacrifice

their study period, they gain invaluable experience and are amply rewarded for their services by the admiration that their fellow classmates have for them.

In order to avoid confusion and disorder in the halls, the traffic squad, in cooperation with the courtesy committee of the student council, has issued courtesy stickers this year to the students running in the halls, dropping paper, whistling or performing other discourtesies.

The officers serving this year were: Bob Sharp, general; Warren Isreal, Dan Lindsay and Howard Novorr, captains; Harold Rice, Len Nelson and Al Gerdel, lieutenants. Mr. Shepherd is the faculty advisor of the organization.

CAFETERIA STAFF

Another group that serves us daily must be mentioned. The job of feeding over fifteen hundred hungry studes every day is regularly

dispatched by the cafeteria staff. The quantities of food that they prepare and serve will be left to your imagination!

CUSTODIANS

It is hard to realize what a tremendous task it is to care for a building the size of Paseo. Perhaps the following figures will surprise you, but they are only a few of the operating expenses for one year:

Fuel for heating \$3,536.93

Electricity for lighting	2,494.60
Water	361.50
Gas	148.20

For their unspectacular but faithful service, we owe the custodians, headed by Mr. J. M. Watson, a sincere vote of thanks.

MISS FRANCIS

Miss Anna McCoy Francis, for twelve years a teacher of speech and the dramatic coach at Paseo, passed away May 4, 1939. Miss Francis gave herself sincerely to her work. PASEO PARENT-TEACHER ASSOCIATION

The object of the Parent-Teacher Association is to bring into closer relation the home and the school, that parents and teachers may co-operate intelligently in training the child.

A spirit of friendliness and interest has helped to make this a very successful year. The Mary Harmon Weeks Scholarship Foundation, the Gold Star Scholarship, the Boy Scouts, Girl Scouts, Campfire Girls, Girl Reserves, and Hi-Y are some of the organizations to which we have contributed this year. The Mutual Help Center, maintained by the Kansas City Council of Parents and Teachers, has been one of our most worthwhile activities. New garments were given besides many hours of sewing.

Our Founders' Day birthday party and a hobby show with many beautiful displays of rugs, quilts, glasses, pictures, handcraft, and collections of all kinds were outstanding meetings. A series of teas helped to create a feeling of friendliness and an appreciation of the cultural agencies in our own community has been developed by our programs for the year.

The officers for the year are as follows: President, Mrs. R. E. Israel; first vice-president, Mrs. O. L. Rice; second vice-president, Mrs. A. J. Gerdel; third vice-president, Miss Lenhart; recording secretary, Mrs. J. T. Meredith; corresponding secretary, Mrs. F. O. Piepenbring; treasurer, Mrs. Reed McKinley; historian, Mrs. R. E. Corbin, auditor, Mr. E. E. Pringle; night presiding officer, the Rev. Mr. Blaine Hyten.

The Crystal Ball Says

Twenty years henceforth Warren Israel, president of the senior class, will be a doctor of renowned repute. Roger Frangkiser will be the better half of Maxine Monroe whose career as a concert pianist has not interfered with Roger's ability as a fine lawyer. Bill Bell, art editor of this *Paseon*, is now the husband of Evelyn McDonald, who relinquished her position as a high school history teacher, in order to be Mrs. Bell.

Nancy Blocher, one of the contestants for class flirt, has given up her plans to be an old maid and to sit at home and knit, but still retains her ability as an expert knitter by preparing articles for her children. Mary Catherine Brewer, "Cacky," has now settled down to married life with Alan (Blue Boy) Hensler. Phyllis Cashen is now entering her fifth year as private secretary to the president of the A. T. & T. Lois Cline, petite and attractive, after a short career as a secretary, is now the wife of her former boss, and is a center of social functions in the Newport set. Ned Douthat contrary to belief is not the husband of Virginia Stock by now, but after spending four years at California University has made a profitable business of his former hobby, photography.

Betty Dunlap has now gotten over the quick temper which used to cause so many arguments between her husband, Clark Williams, and herself. Norma DeJarnette is the singing wife of George Spink, and Mary Ruth Fogel has settled down as the wife of Jack Keim and is raising a family of football players. "Pee-wee" Edgington has lost his enthusiasm for the type of dancing he used to give out in the mixers with Helen Schiffner, his wife, and has settled down to being a safe and sane aeronautical engineer.

J. W. Hall has fulfilled his dream of youth, to be a good salesman. Betty Jane Hale, sister to maestro Dan, is now one of the leading girl orchestra leaders. "Chuck" Fuller is now a football coach at Washington University. Eugene Klein, now a research chemist, is working on a perfect cure for cancer. Edwin Lar-

sen has succeeded in his ambition to be a civil engineer with Barbara Scovel of '40 as his inspiration. Margaret McDermott a nurse is married to Harold Rice a prominent cartoonist with the King Syndicate, Inc.

Doris Marie Shaw upon completing her profession as a photographic model, married the son of the president of the First National Bank of New York City. Lois Shields has now replaced Dr. Hoernig as girls' gym instructor at Paseo. Virginia Stock is now an old maid commercial artist with *Esquire*. Incidentally, Barbara Reber is now editor of *Esquire*, and her husband, Ted Kirkham, is editor of *Ladies' Home Journal*. Peggy Peck, a former airline stewardess, is now the wife of T. G. Stephenson, a civil engineer. Len Burton Nelson is now an instructor in architectural work at Vassar.

Betty Kathryn Smith, a former Tower Adorable, is now sitting on the knee of her boss, at a construction job, Fred Lee Roland, what happened to Guy? Jane Waydelich (Janie) is running a bachelor hotel in hopes that she might eventually "land" one. Petite, but stocky, Evelyn Plattner, after her career as a professional model, has settled down to raising a family. As the score stands she has five children. Dorothy Meek is currently starring on Broadway in "Idiot's Delight."

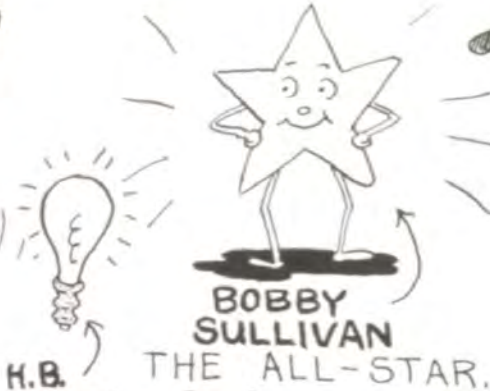

Betty Luder, wife of a prominent druggist, devotes her spare time to reporting murder cases for the *New York Times-Herald*. Robert "Mopey" Lowe is now a coach at Harvard. Robert Nahas, a chemical engineer, recently perfected his invention to make tall people short and short people tall. It is rumored he experimented on himself. Henry Lee Warren, a brilliant criminal lawyer, is now happily married to Adella Young. "Jenny" Wren has pursued his adventures as an archeologist with the inspiration of Betty Williams. Earlene Workman is now a teacher and finds great happiness among her pupils. Bobbie Dean McNeal is now Director of Physical Education in the Chicago schools, and has a national championship football team, composed entirely of girls.
