FRIENDS HOW MANY OF US HAVE THEM?

Friends. Ones we can depend on?
Friends. How many of us have them?
Friends. Before we go any further,

Now, you can look the word up again and again,
but the dictionary doesn't know the meaning of friend.

Some are o.k. and they treat you real cool,
and some mistake your kindness for bein' a fool.

Homeboys through the summer, winter, spring, and fall,
and then there's some we wish we never met at all.

When we first knelt together, we barely knew each other.
We had no intentions on becoming lovers.

let's be friends.

We like to be with some because they're funny.
Others come around when they need some
money.

Friend is a word you use everyday.
Most of the time we use it in the wrong way.

Some you grew up with around the way,
and you're still real close to this very day.

And the list goes on again and again
but these are the people that we call friends.

But in no time at all you became my girl,
me and you, one on one, against the world.

Talkin' on the telephone for hours at a time,
or else I was at your house or you was at mine.
And then came the arguments and all kinds of problems,
besides makin' love, we had nothin' in common.
It could a lasted longer cause it started out strong,
but I guess we went about the whole thing wrong.
'cause I don't know when it came to an end ...

... because we became lovers

You say you and your girlfriend were so tight
you took her out with you and your guy one
night.

before we were friends.

She even had a set 'a keys to your home
and you shared mostly everything you owned.

And then she shook your hand and stole your
man
and it was done so sweet it had to be a plan.

Couldn't trust her with cheese, let alone your keys,
with friends like that, you don't need enemies.

You wonder how long it was all goin' on
and you're still not sure you're glad he's gone.

You say, "well if she took him, he was never mine",
but deep inside you know that's just another lie.

And now you're kinda cold to people you meet,
'cause a something done to you by some creep.

But nevertheless, I'll say it again,
that these are the people that we call friends.

FRIENDS

How many of us have them?
Friends. Ones we can depend on?
Friends. How many of us have them?
Friends. Before we go any further, let's be friends.

AUTOGRAPHS

BOWIE'S BASKETBALL BUILDING

ONCE UPON A TIME, IN A FAR FAR AWAY GYM

there sat a Coach pondering.

You see, he had some problems

how to take a bunch of nuts (& bolts) and build a team.

After hours of thinking, he finally had a plan,

THE PLAN

which he revealed to his construction bosses.

1. Start with a good foundation (practice).

2. Check to see who measures up

and

who doesn't.

3. Build a strong wall

with the guards.

4. Work on the hammer heads

5. Add some electricity

with the best shooters.

6. Sand off the rough edges

and the real rough edges.

AND THE FINAL TOUCH

A little decoration.

The team is built!

Back to the old drawing board.

But alas, as the stats show, it was not totally sound. There were some cracks in the foundation, a few electrical shorts, and the walls occasionally fell over. But on the whole, the Coach was pleased with his building and plans to remodel it next year, hoping to create that "DREAM TEAM".

FURTHER ADVENTURES OF THE NOT NICE SQUAD

Our story begins in the cafeteria with the discovery of a dastardly deed...

...all the hamburgers are missing.

Students were visibly distressed.

Some resorted to eating from the trash.

Footprints leaving the scene indicated...

The military, who had been called in, got nowhere.

...someone or something with 2 left feet.

Unfortunately they lead to a *DEAD END*.

Who you gonna call????

The Squad immediately went to work interrogating suspects...

Burger Busters!

...known felons...

...freaks...

...and beautiful women.

An alert Burger Buster noticed bun crumbs.

It turned out to be a dead giveaway for...

HARRY the HAMBURGLER!

NEWSPAPER STAFF

You see, I'm caught in the middle.

Under the sponsorship of Mrs. Melissa Wiggins, Paseo once again has a functioning newspaper. Ms. Wiggins, working with a staff made up entirely of Freshmen, were publishing a Pirate paper as often as possible on the stringent, non-existent budget allotted them. Students enjoy having a paper as part of their school year.

FRESHMEN PUBLISH PIRATE PAPER

Now, what we have here is failure to communicate.

BLACK HISTORY ASSEMBLY

Brenetta stands brave as Eskew emotes.

Paris and Sheila wait their turn.

Black awareness is emphasized.

Charles and Cynthia do scene from *Purlie Victorious*.

Renita and crew help put things in focus.

Is that right, Nee-gro?

Graduating from ugly to uglier.

Cinderella and her evil stepmother.

Mad scientist arrives on the scene.

Her wish is his command.

The Fairy Godmother struts her stuff.

The Big Peanut!

Prince and Vanity 2 Ugly 4 Words.

This is my man.

Mr. Mendez makes his move.
