**WHERE THE H\*!@ IS PASEO???**

Three years ago Paseo Academy of Fine and Performing Arts first opened its doors at our temporary site, 1936 Summit. The building looked old because it was, but it was brightened up through some hard work, some paint, and the feeling of community that has evolved because of the friendships between the students and staff. From the last curtain call, the last lighting cue made, the last dance number performed, the last poetry reading given, the last note sung and played to the last art exhibit hung, this "temporary" building will always be a part of our lives. An important part. Each of us has been touched by the sometimes strict but always caring staff and the sometimes wild and silly but always wonderful students.

When we move to the 47th and Paseo complex next fall, the past three years here will not be forgotten. No one wants them to be. But hopefully, then everyone in the metropolitan area will know the answer to the burning question

**Where the H\*!@ Is Paseo?**

Where everyone wants to be.

*live from Paseo.....*

The mission of the creative, visual and performing arts magnet high school is to provide the highest quality education with emphasis on pre-professional training in the creative, visual, and performing arts.

The mission of our school is exactly what we've tried to do since the ninth graders christened the school at its opening in 1989 as the first visual and performing arts magnet in the area. The first year was memorable in many ways. Everyone remembers sharing the building with the incorrigible sixth graders. We were all excited by being the "first" arts high school in the area. The SAC parent group established itself as a dynamic force of dedicated persons who cared about and continue to care about Paseo. Junior, **Chantal Savaresse** said that something happened that year and she grew to love art. **Jeria Mitchell** found the first year fun, wild, and knew that the class of '93 ruled the school. It was an exciting year ending full of promise with the now annual End Of The Year Dance at City in Motion.

When we opened our doors for the second year there were new faces in the crowd. The class of 1994 has alot of memories about its first year here. **Les Powell** remembers **Ms. Sigler's** 8th hour World History class the best because it was so much fun. **Karrie Colvon** was amazed by the amount of talent among the student body and really enjoys attending. Sophomores **Brandi Sawyer** and **Dani Haseltine** said that they felt a sense of family and togetherness when they entered the school last year. Others met new friends and really liked our school, including **Laurence Smith** and **Sharyse Wilson**. Students have a variety of reasons for liking Paseo. Some like the freedom and the acceptance of differences, the special assemblies, field trips, and guest artists. Some simply like it that people don't trip as much. Something for everyone.

This year we have added yet another class, the class of 1995. They have only had the opportunity to *enjoy* this building a short while but memories have been made. **Monique Jones** said that people came up and made her welcome on the first day of school. **Adam Rogers** feels this school has a very good arts program **Serene Fleming** noted that students who aren't serious about the arts leave. The addition of the 15 minute morning break between hours 3 and 4. is a time when students who live far away can get together and get to know each other better.

# FIVE

For the most part, Juniors, Sophomores, and Freshmen alike will not miss this building, but the memories left behind, that's a different story. And moving into the new facility is also a different story. It means no more rides to the area, no more sharing facilities with non-artists, no more peeling paint, no more all season 100 degree temperatures in classrooms, no more Westside memories, and no more "where's Paseo?"

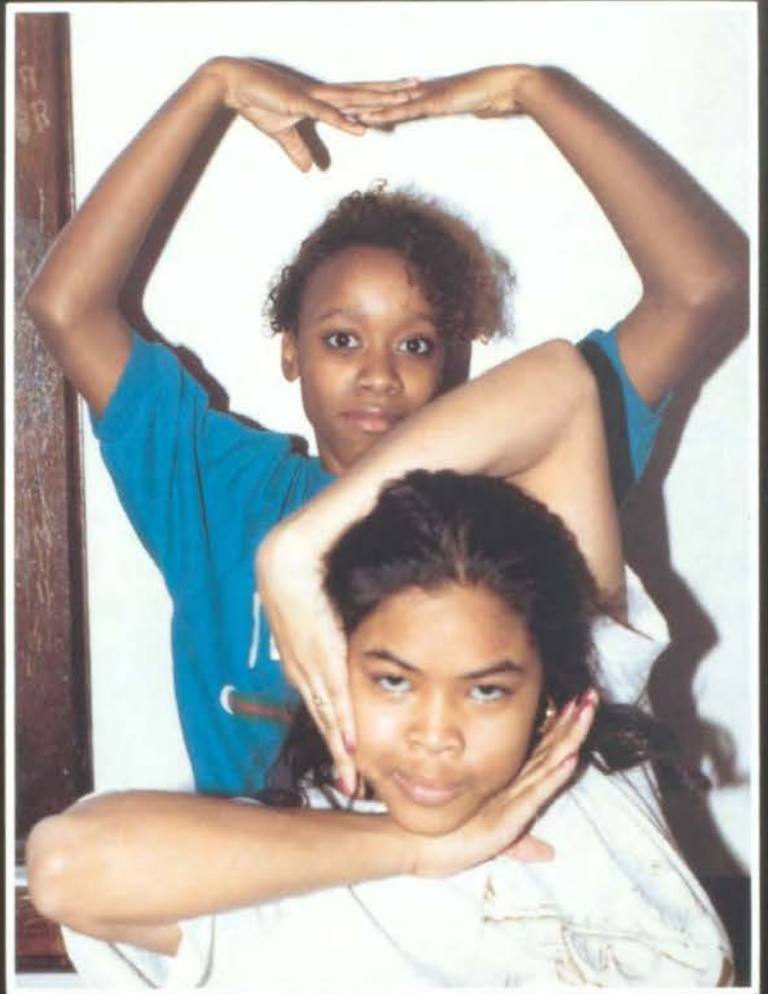

It means getting lost all over again, more room, a larger theatre, a campus setting, more students, state of the art equipment, hilltop prestige and the **first graduating class from Paseo Academy of Fine and Performing Arts.**

Leaving this building will be easy for most, because of the anticipation of the new, but what we **do** know is, that whether you've been here since 1989 or just this year,

**1936 Summit is Where the H#! Paseo was**  
and it was  
**where we wanted to be.**

We Are Always Happy To Serve You

PASEO PEOPLE LOVE RUTH'S!!

*Well, this is it, the end of the year and the end of the yearbook. We hope we've captured the spirit of Paseo and some of your favorite memories of the year.*

*We don't know about you, but we know we'll never forget this year. We've learned a lot from all the experiences Paseo has brought us. Through the good and bad times Paseo has given us the freedom to learn from these experiences. What Paseo provides is exposure to a variety of cultures, lifestyles, academics, and of course, art forms.*

*We have so much to look forward to, a new building, more teachers, the first graduating class in '93, and much, much more. The future is bright for the people of Paseo. But let's not forget the past year, and the lessons we learned from our experiences. Thank you, everyone, for another exciting year at Paseo,*

*The Portfolio Executives,  
Kip Ludwigs & Willa Truelove*

Marion Hiebert & Latonya Davis were here.

Justin Acker, our Track Team, was here but is on his way there.

**ON OUR WAY TO WHERE WE WANT TO BE!!**
