A Rock built with tools . . .

With the construction of the new fine arts center, computer lab, and library, Rockhurst High School has entered a new era. The foundation has now been set for the complete development of RHS students in the '90's. Thus, "Building a New Rock" is an appropriate theme for the 1990 QUARRY.

The QUARRY begins with the tools that are used to form the Rock and make RHS unique. This is followed by the characteristics of Jesuit education that form well-rounded students and serve as the foundation upon which the Rock is built. These characteristics are further developed with different events in the Student Life section.

Organizations editors give an accurate portrayal of extracurriculars, while the Athletics editors recreate the scenes of athletic dominance that brought more state banners to the Rock in Coach Davis's final year. The Community editors depict the style and personality of the teachers and classes and illustrate the cohesiveness of students and faculty. This year the Academics section within Community combined with Faculty to organize the book and to allow space for features. Finally, to further unify the book, a cartoon is featured in the corner of each even-numbered page. To see the cartoon, simply turn to the end of the book and flip the pages.

In conclusion, I want to emphasize the monumental sacrifice made by the 1990 QUARRY staff to create this book for the student body. Although they did not receive the recognition given to athletic teams, this team made a major contribution to RHS. This staff was driven, not by a desire for glory, but by a love for Rockhurst. We think that this is the best yearbook RHS has ever had. We hope you agree.

By Scott Dennis, Editor-in-Chief

MOTIVATION RHS students have to be self-motivated to succeed in school. (above right) Sophomores take advantage of the studious atmosphere of the new library and get a head start on their homework.

DEDICATION The pride and joy of Rockhurst and two of its finest mentors—Fr. Manhard and Fr. Steiner—exemplify the meaning of dedication. Fr. Manhard celebrated his 92nd birthday and Fr. Steiner his 50th year as a Jesuit.

PRIDE Seniors Joe Sullivan, Don Clarkson, Mark Schneeberger, and Andy Smith (left) express their opinion with exuberance: Rockhurst IS #1!

CAMARADERIE (below) The varsity soccer team gathers around Coach Geldhof in preparation for the state finals.

COOPERATION (above) Sophomore Alejandro Schlager and senior Jeff Pohl use teamwork to paint a house during Christmas in October.

SYMBOLISM The stained glass Chi-Rho in the Jesuit chapel stands firmly implanted in seven rocks that symbolize the 7 liberal arts in education and the 7 sacraments of Catholicism.

Celebrating 200 Years of Jesuit Education

Building Strong Foundations

SPIRITUALLY Based on the spiritual vision of St. Ignatius (above), the founder of the Jesuit order, RHS education strives to create Christian leaders. (above right) Senior Mike Rader leads freshmen in prayer during Freshman Retreat.

The Jesuits first brought their methods of education to the United States in 1789 with the founding of Georgetown Preparatory School in Maryland. Had it not been for these pioneers of education, the Rockhurst that we know and love today may never have been created. RHS students acknowledged this by celebrating the bicentennial of Jesuit education in the USA.

The seniors attended a special celebration of the bicentennial at Rockhurst College on September 20th. Fr. Savage, from Rockhurst College, and Fr. Cummings spoke about the importance and progress of Jesuit education, and Fr. Cummings showed the seniors the original Rockhurst High School that was built in 1914. Although the high school separated from the college in 1962, the two schools have remained partners in developing well-rounded students.

The '89-'90 school year also marked significant milestones for two Rockhurst Jesuits. Fr. Manhard celebrated his 92nd birthday while Fr. Steiner celebrated 50 years of Jesuit life. Fr. Steiner noted, "Even after 50 years, the goals of Jesuit education remain the same."

The characteristics of a Jesuit education came from reflection on the spiritual vision of St. Ignatius. The mission of Jesuit education, according to the RHS Handbook, is to

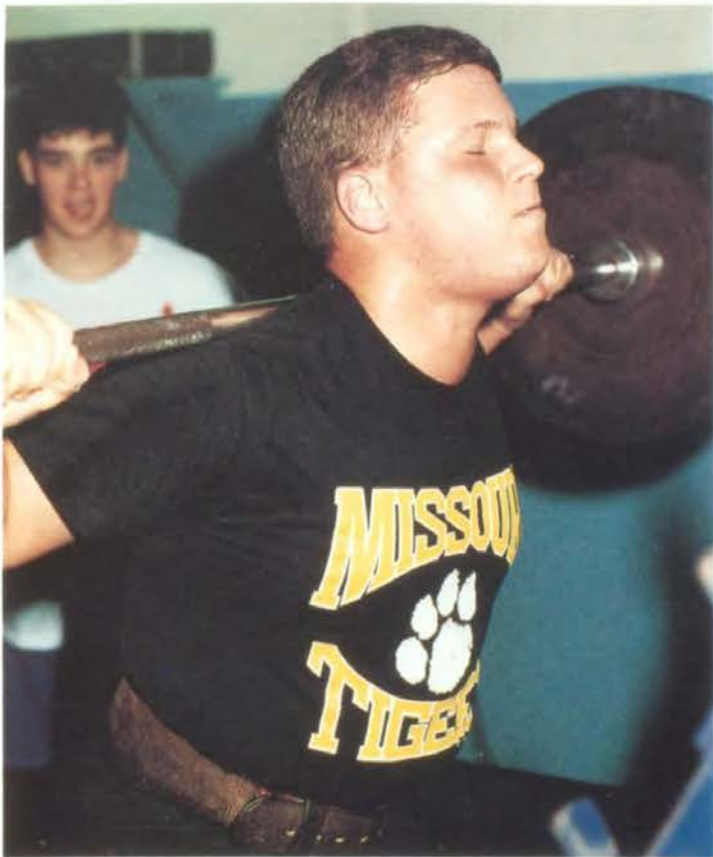

form a community of Christian leaders who strive towards excellence and guide the development of the world according to God's will. RHS principal Fr. Joe Snyder, S.J., said, "Jesuit education teaches that we can make a difference in the world by being of service to people so God's kingdom is built up."

With a Jesuit education, students had the opportunity to develop all of their talents. We were challenged **INTELLECTUALLY** by a college prep high school that produced test scores in the highest percentile, **PHYSICALLY** with competitive sports teams and weight-lifting programs, **SPIRITUALLY** with retreats and service projects that taught being "men for others," **CREATIVELY** with extracurriculars that stretched the imagination in writing, speaking, and art, **AESTHETICALLY** with a million dollar fine arts center for drama, choir, band, and pottery, and **SOCIALLY** as a tightly-knit group of young men who form a community.

The values that Jesuit education have instilled in us are important because we are the future leaders who can make a difference in advancing the kingdom of God on earth. This fact alone was ample cause for celebration.

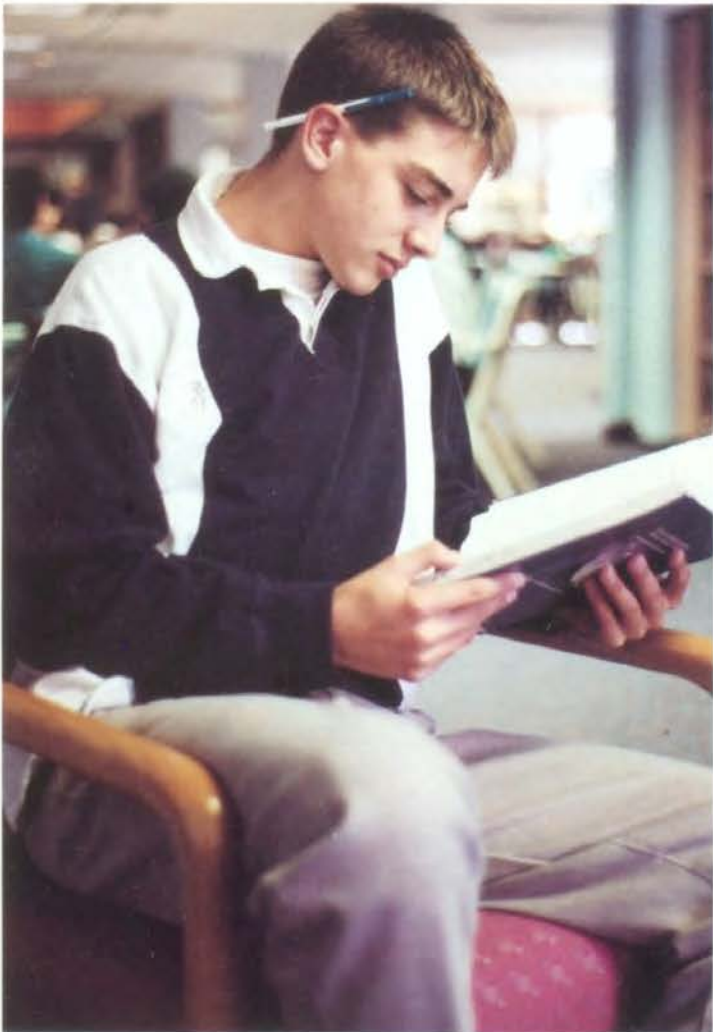

By Scott Dennis, Editor-in-Chief

PHYSICALLY Developing sportsmanship and physical condition is important at the Rock. (left) Junior Bob Courter spends time after school in the weight room.

SOCIALLY Jesuit education allows students to form friendships that last for life. (below) Seniors Brian Weiford, Brian Ward, and Brian Downey find a way to make work enjoyable.

AESTHETICALLY Expressing oneself through the arts has become a high priority at RHS. (above) Senior Chris Accardo displays his talent as a pianist with a classical piece at the President's Dinner.

INTELLECTUALLY A Jesuit education teaches students to reason and develop good work habits. Junior John Cucar (left) relaxes with a good math book.

Students in Service

RHS . . . yes, this does stand for Rockhurst in abbreviated form, but it also has a more significant meaning. RHS serves as a reminder of Respect, Hope, and Service to the community, both in and out of Rockhurst. "S" for Service has been a key ingredient of Jesuit education.

Rockhurst seniors sacrificed three weeks to serve the Kansas City community. The service project allowed the seniors to share their gifts with those who were in need. Unlike past years, the entire student body was involved in service, as the newly formed Junior Formation Program allowed the juniors to become active in the community in preparation for senior projects. In addition, the sophomores were required to perform 10 hours of service.

Christmas in October received the enthusiastic support of the student body to help the poor of the inner city. As evidence of the importance of this work, Richard Miller, director of Christmas in October,

said, "Companies and organizations like yours made this valuable experience possible and have set standards for cities across the country."

The generosity of the Rockhurst family contributed to the success of the Missions that supported deprived children in Central America. Not only did Rockhurst students improve the community, but a new school spirit emerged. A jubilant aura pervaded the campus as successful fundraisers, Sale-O-Rama and CACHE benefited through student participation. By completing the monumental \$3 million campaign headed by Fr. Cummings, the alumni provided a valuable service for the future of the school.

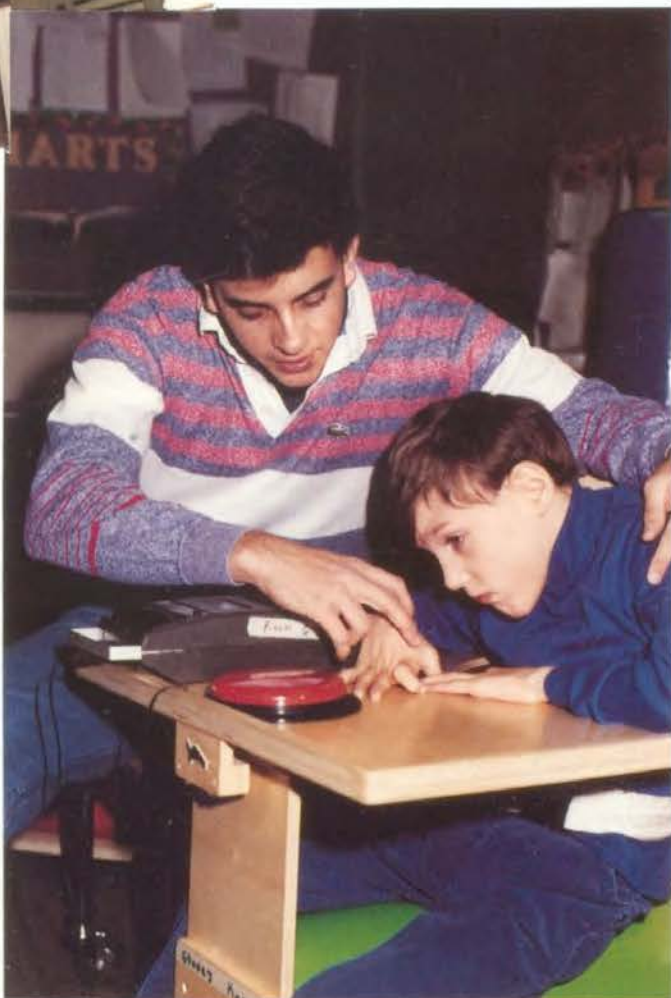

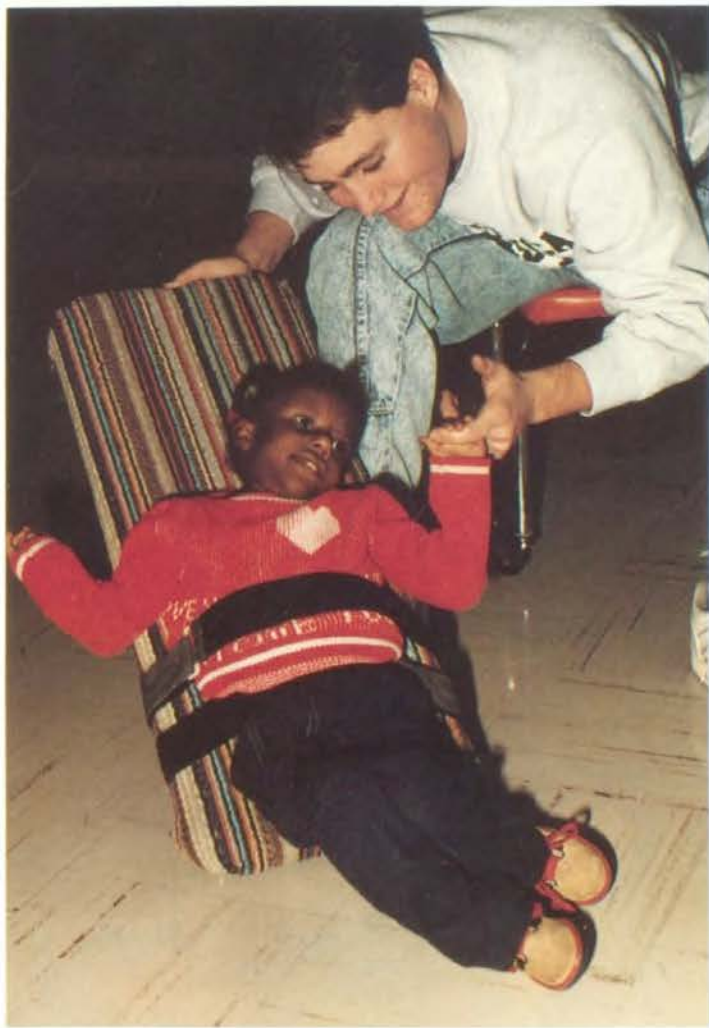

Thanks to the strength and dedication of our community, service was a key to the success of Rockhurst.

By Scott Dennis, Chris Donaldson, and Rick Grady

SACRIFICING time to serve the community . . . Juniors spend a Saturday repairing a home during Christmas in October (below) while senior Brian Tarwater plays "ride 'em cowboy" during his three weeks of senior service (right).

CARING for others ... Whether it's Bobby Reinhardt going to great heights to help the needy (left), Todd Geringer serving his school at the President's Dinner (below), or Matt Walker using a gentle touch to treat a handicapped child (right), Rockhurst students strive to be men for others.

SHARING our gifts ... Senior Tony LanFranca (above) shares his spirit and sense of humor with his four friends, and senior Ryan Bresette (left) gives his support and encouragement to a child during Senior Projects.

You GRADUATE!!!

The football and basketball teams win state.

Coach Goblen gives your class the infamous "whale_ _ _ _" speech.

"Can I go to the bathroom?" Mr. Ramsey replies, "I don't know. Can you?"

You get accepted to the "Rock"

FRESHMEN

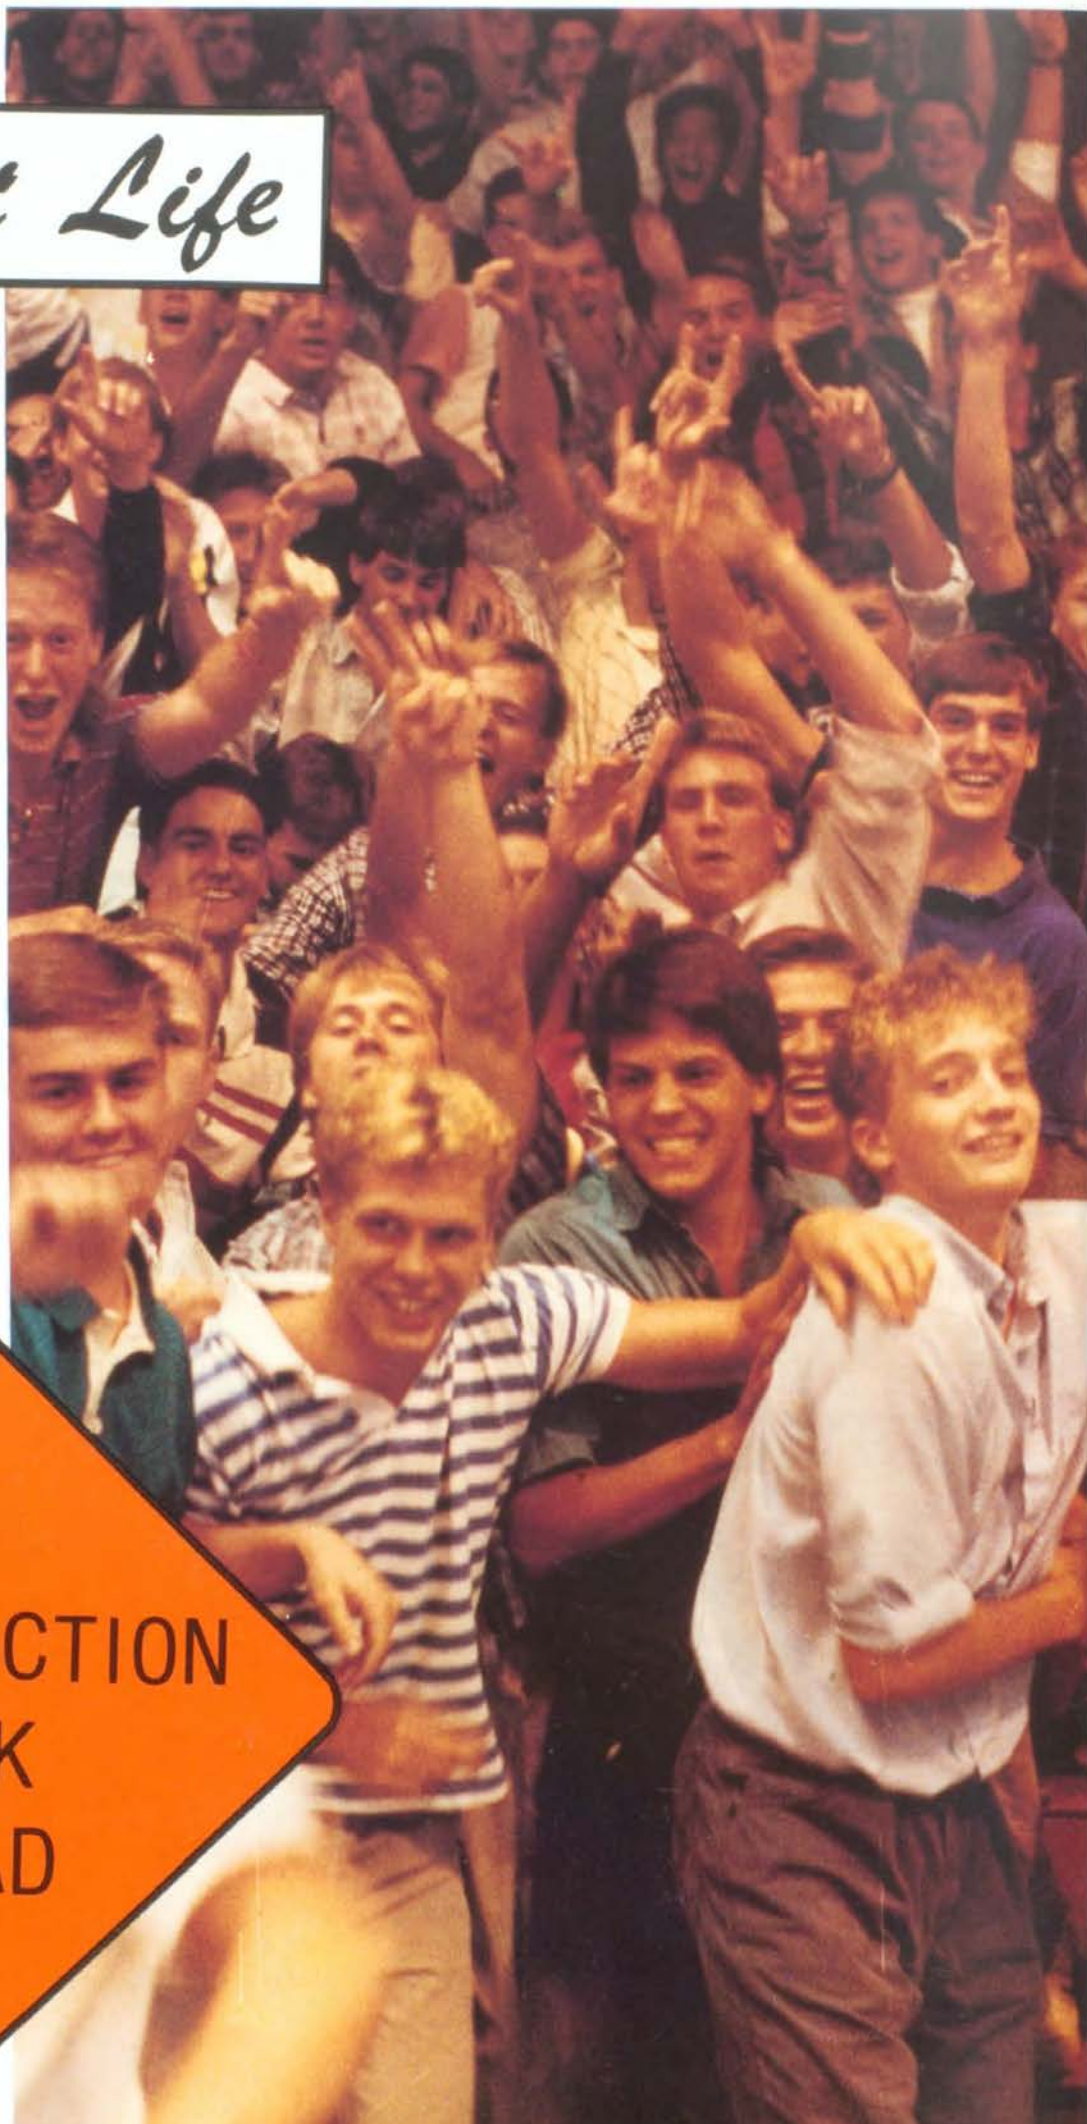

Student Life

School spirit gradually returned in high fashion to exemplify true Student Life in 1989-90. The Rockhurst community actively supported the many social, spiritual, academic, and athletic events, coming together as one dominating Rock with the Homecoming "Renaissance," state-bound football and soccer teams, Mission Week, and spiritual opportunities offered by the Pastoral Department.

This new fine arts complex added to the dramatics, arts, and culture of the new Rockhurst. Finally, students were rewarded for their academic achievements on Awards Night.

All of these factors combined to make student life at Rockhurst multi-faceted, and a new Rock was built.

By Rick Grady, Asst. Editor

CONSTRUCTION
WORK
AHEAD

ROCKHURST RENAISSANCE

For one Saturday evening, Rockhurst students traveled back to a time known for self-expression and intellectual progress—the Renaissance. It was a time of curiosity and excitement with a rebirth in arts and literature. This was an appropriate setting for RHS students considering the similar rebirth of arts and drama this year at the Rock.

The Seniors kicked off the week by attending the 200th Anniversary of Jesuit education at Rockhurst College Wednesday. They were able to see the original classrooms of Rockhurst High School and experience a homecoming for the entire school.

The student chariot races provided fun and laughter on Thursday, and on Friday the Rockhurst community gathered for an all school mass. Students also participated in the dance decorating party, an emotional pep rally, and a football victory. Although other activities were planned, lack of student support forced them to be cancelled.

At halftime of the 26-0 thrashing of Fayetteville, the queen candidates were presented in Ford Mustangs with their fathers. Lisa Meyer was named Homecoming Queen '90 in a coronation ceremony Saturday night.

By Scott Dennis, Editor-in-Chief

(left) Juniors Travis Huenfeld and Lance LeMay enjoy slow dances at Homecoming.

Soccer, Football take second at State

Rockhurst once again made its athletic prowess felt throughout the state with appearances in the championship football and soccer games. RHS placed second in both sports, and the coaches were proud of their teams.

"The season went just as expected. We planned on being in the state championship game," varsity Coach Tony Severino said.

"We really surpassed my expectations. I didn't expect to be back in the final with only two starters from last year's team returning," varsity soccer Coach Ron Geldhof said.

The football Hawklets went into the playoffs with a 7-2 record. After rolling over Hickman Mills and Park Hill, the team was ready to avenge an earlier loss to national powerhouse Jefferson City.

The difference between the regular season meeting and the state semifinal was the home-field advantage. This time, the Jays were playing before a partisan Rockhurst crowd of over 5000. The Hawklets prevailed 34-31 in a dramatic, four-overtime contest that many fans, both students and parents, said was the greatest high school football game they had ever seen.

While the football team was downing Jeff City in Kansas City, the soccer team was playing for the state title at the St. Louis Soccer Park. Rockhurst earned a spot in Saturday's final, defeating Sedalia Smith-Cotton 1-0 in double overtime Friday night. After playing 90 minutes of scoreless soccer (regulation plus one 10-minute overtime period), senior midfielder Todd Schieffer punched a shot past the Smith-Cotton goalie, ending the game with 8:41 remaining in the second overtime and sending the Hawklets to their second straight state final.

In the final, RHS faced Hazelwood Central, which defeated Oakville (ranked ninth in the

country by USA Today) in the semifinal.

With 12:37 left in the first half, senior Todd Geringer scored on a header to give Rockhurst the lead, 1-0. That lead held up until 14:00 remained in regulation, when Central midfielder Shane Battelle tied the score at one. Regulation ended with the score tied, 1-1.

The teams had played more than 2 1/2 overtime periods when RHS was scored upon, giving Central the title. Had the game gone through a fourth overtime period still tied, co-champion trophies would have been awarded.

"The team played extremely well. I couldn't be more pleased with the effort they put forth," said Coach Geldhof.

The following week the football team also competed for a state title. Their opponent was Hazelwood East, ranked 18th in the nation according to USA Today. The combination of East's size and speed, costly turnovers, and trouble getting psyched up after Jeff City did the Hawklets in.

East scored in the first quarter when RHS quarterback Jamie Pendergast was hit and fumbled into the endzone, where the East defense recovered for a touchdown. From there, East never looked back. Even though the defense held East to a hundred yards below their offensive average, whenever the offense got into striking position, the Hawklets gave the ball back through turnovers. East won the game 28-14.

Student LIFE Pastoral

The word "spirit" symbolizes one of the great intangibles at Rockhurst. We are one in spirit, and with the aid of the Pastoral Department, we are striving to make the tradition of the Jesuits the center of our school. Under the leadership of Fr. Jost and Mr. Ruby, the Pastoral Department succeeded in making Rockhurst come alive spiritually.

The department divided its efforts into three committees—liturgy, prayer, and environment. The liturgy committee planned the school masses; the prayer committee was concerned with the morning and afternoon prayers, while the environment committee tried to keep students spiritually aware through posters and banners.

A group of interested students and teachers comprised the Pastoral Board, which met monthly to plan future pastoral events and to evaluate past activities. According to Mr. Ruby, chairman, the Board had open meetings so that anyone could get involved.

Among the many activities of the Pastoral Department were Freshman Direction Days, the Senior Brothers program, the sophomore days of recollection and the junior retreats, the Junior Formation Program, and the various class and all-school masses. One of the highlights of the year was the consecration of the new Rose Theater auditorium as a place of worship, an event which will enhance the spiritual life of the school community for many years to come.

A YEAR FOR THE FUTURE

This past year was a major remodeling for the school building itself at Rockhurst. New areas of the school included a computer lab/resource center, an expanded library, new area for communications courses, and the fine arts building.

Ideas for these changes began in the '86-87 school year when the Board of Directors met to examine the past 75 years of education at Rockhurst and to assess the needs of the school as it moved into the next century. In order to make Rockhurst more competitive, they wanted a way to enhance the school and to give students a chance to demonstrate abilities besides academics and athletics. These ideas were called the Foundations Forever program.

Specific ideas for making Foundations Forever a reality began soon after. The idea was to enlarge the library into a computer lab and expanded study area which would encompass an entire second-floor wing. In order to do that, there had to be a place where the classrooms which would be torn down could be relocated. The Jesuit residence was an ideal place to move them because there were only 13 priests living in an area originally designed for 40.

To encourage undeveloped student talents in the area of the fine arts, places were made for a new fine arts center, which would contain a theater and classrooms for both music and visual arts. Fr. Tom Cummings and Mr. Dan Vater, development director, began to have architectural drafts made, and money solicitation started in 1988. By the next year, they had received 3.2 million dollars in pledges and gifts.

Construction of the fine arts center and the remodeling of the school began at the end of the '88-89 school year. The new facilities in the school were finished in the fall of '89 and the fine arts center in late December of that year. Mr. Vater said, "We now have the capability of being a dynamic college prep school dealing in a wide range of quality education. The goal was to give kids an opportunity to learn what they want, and now we have the means to accomplish just that."

By Phil Khoury, Staff Writer

(BOTTOM) Building Superintendent Mr. Dave Ellis seems happy with his new office. Mr. Ellis was involved in many of the construction projects throughout the school.

Opening

February 16th to February 23rd is a week that Rockhurst students will never forget. During this fabulous week, Rockhurst celebrated the dawn of a new era. Countless hours of dedication and hard work by Fr. Tom Cummings and his staff culminated in the biggest celebration Rockhurst has ever seen.

On Friday a private ceremony was held honoring Mrs. Rose Teicher, the board of directors, and the countless alumni who sacrificed of themselves to improve the school they loved so deeply. This small ceremony was followed on Monday with a jazz festival and a presentation in honor of retiring Coach Al Davis. After a welcome from Mayor Richard Berkley, Coach Davis was recognized as the "only married Jesuit" and was given the first ever "Outstanding Jesuit Award."

Tuesday was "Youth: K.C. Renaissance Night" as students were recognized for their academic achievements. Bishop John J. Sullivan, D.D., and the president of Rockhurst College, Fr. Thomas Savage, S.J., were the featured speakers. The evening was concluded with the presentation of the "Ignatian Award of Excellence" to distinguished men throughout the country who emulated the life of Jesus through the teachings of Ignatius.

"The Claiming of the Rose" in-

(ABOVE) Coach Davis joins J.R. Fleming and a parent in one of his favorite songs, "Hail the Blue and White" at "Al Davis Night".

cluded a formal cocktail buffet on Thursday night. The rest of the evening was full of entertainment as Rockhurst students Mike McGlenn, Pat Redd, Brian Reynolds, Chris Accardo, John Smolen, and Lewis Warrick joined national performers in celebrating artistic talent. These participants, along with the students who volunteered to host the celebration, helped make the week a huge success.

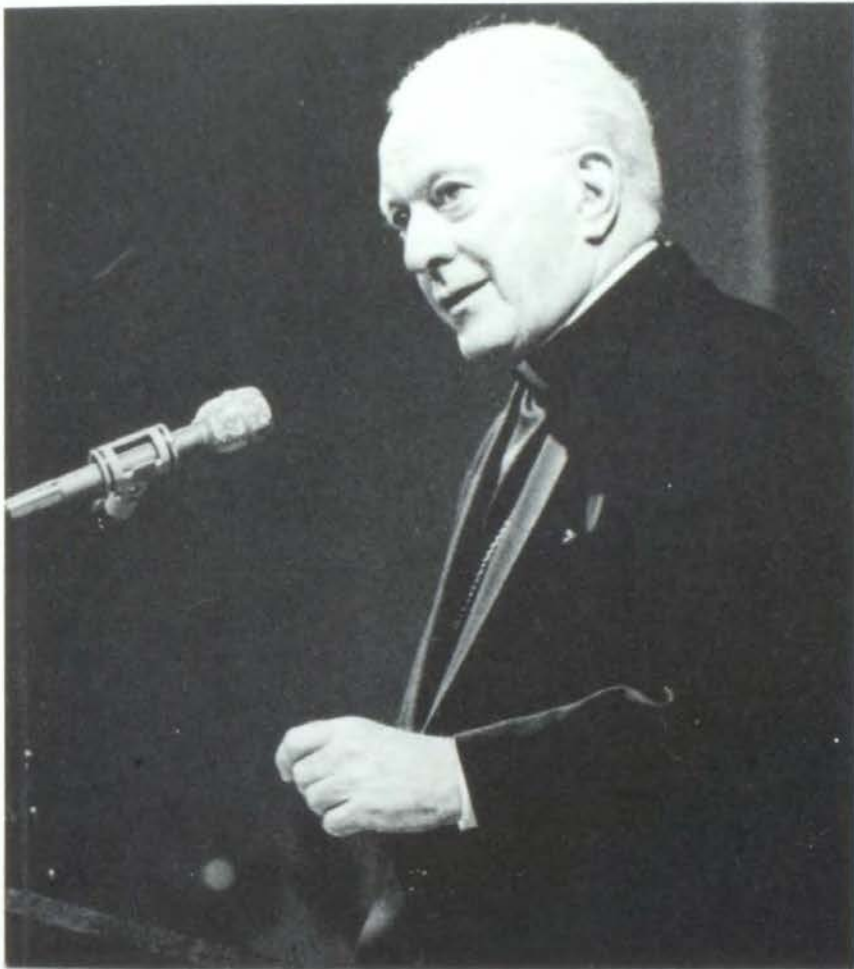

The climactic event was the first play ever performed at the Rose Theater as Rockhurst students presented "The Mousetrap" in front of a near capacity crowd. As the play concluded and the crowd erupted with applause, one could almost see Ignatius beaming with pride as Rockhurst entered the 90's with expanded opportunities for development of the complete person.

Students shine on stage

Amidst all the excitement of the new Rose Theater, the Rockhurst community learned that real entertainment doesn't come from brick and mortar but from the hard work and efforts of those who bring it to you. And through the hard work and efforts of Theater Director Mr. Buddy Zimmer and the Drama Board, the community was provided with a most entertaining year of drama.

Near the end of the first semester, the audience was rolling in the aisles as the Drama Department presented "A Feast of Fools," an evening of medieval farces including "Gammer Gurton's Needle," "Master Pierre Patelin," and "Ralph Roister Doister." While the play set new precedents with partial student direction, it also posted moments of unstoppable laughter and record-breaking attendance.

Also setting new precedents was the continuation of the Drama Board. Established in 1989, the board consists of select individuals who help Mr. Zimmer with directing, auditions, and play selection throughout the year. This new form of leadership within the Drama Department was spearheaded by their enthusiastic president, Steve Kibler.

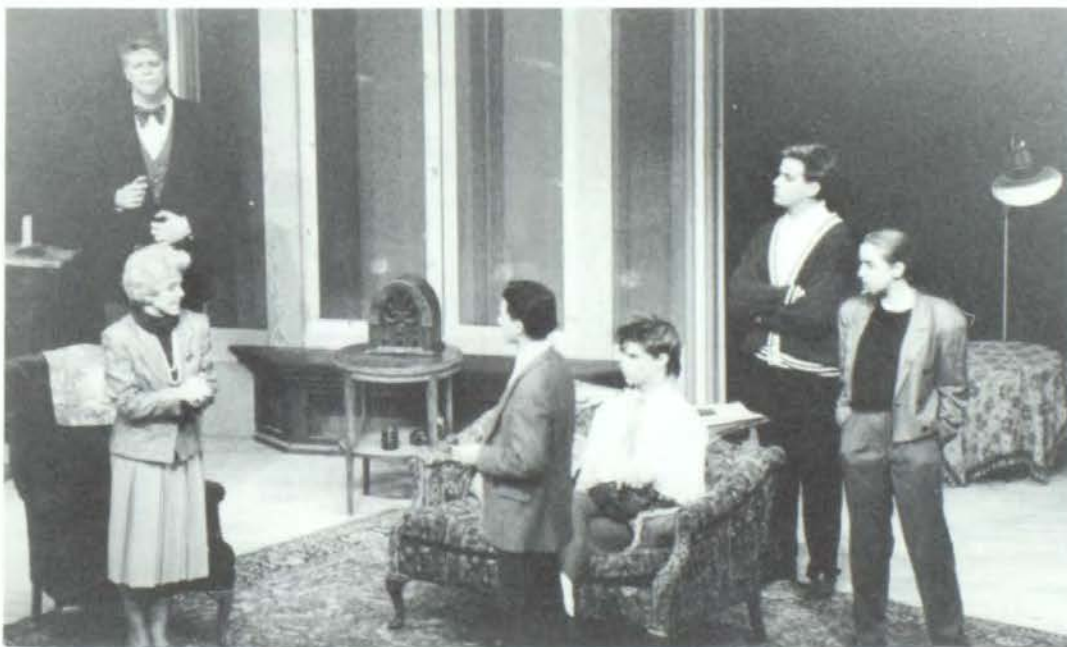

By far, one of the most exciting moments in the history of drama at Rockhurst was the opening of the Rose Theater. The excitement continued when Mr. Zimmer and the Drama Board presented Agatha Christie's "Mousetrap" as the first production to grace the stage of the new theater. Lavish sets, professional lighting and sound, black tie receptions, first-class performances by the performers and crew, and the brilliant direction of Mr. Zimmer and his assistants combined to set the standard for quality productions at Rockhurst.

A Celebration of the

ARTS

On Tuesday, May 1, the purpose of the Rose Theater was further fulfilled. As we met in the new theater as a school for the third time, the Rockhurst community celebrated the art present in the student body with the second annual Celebration of the Arts.

The event began with Dr. Jorge Tarcido introducing the RHS Jazz Ensemble featuring Chris Accardo on the piano, Ash Sawkar on drums, and Brian Weiford on the saxophone. This was followed by dramatic readings of original works of poetry by Jim Wilcox, Greg Cotton, and Todd Geringer. These selections were the intellectual tour-de-force of Rockhurst.

We were then entertained by the individual talent of juniors John Smolen and Chris LeCluyse. Smolen enchanted us with both his classical and original piano compositions while LeCluyse displayed his superlative voice by filling the theater with peaceful vocal selections in three different languages.

Senior Mike McGlenn and his father, Mike, continued with guitar and banjo selections from the 60's and 70's. Then, in a return from the previous weekend, the cast of 1776 performed four of the scenes from the humorous musical. The program was then climaxed with rock music from the Rock Band.

The crew of the production and the Pastoral Council were very helpful in making the program a success. Fr. Tom Jost summed up the event by saying, "It was a chance to show some talent and have a fun break from school."

The Celebration of the Arts has provided a forum for well-rounded students to express their artistic talent. This, along with the construction of the fine arts center, has allowed students to reach the balanced ideal for which students at Jesuit schools strive.

By Mark Donnelly and Scott Dennis

Rockhurst rewards dedication

Students who make contributions to Rockhurst through the athletic program are honored at banquets, through varsity letters, and by the presence of hundreds of spectators who watch them perform. Other students make an impact on the school through academic achievement and extracurricular involvement, but these efforts often go unrecognized by the student body. However, there is one event that does honor these achievers—the annual Awards Night.

Held in "The Rose" for the first time, the 1990 Awards Night marked the culmination of a year of hard work and dedication. First, extracurricular awards were presented by the moderators of each organization. Mr. Peppino Lynas then introduced the 1990 Chess State Champions and ignited the debate over whether to have a banner for the chess team in the gym to replace their "cardboard" banner.

Next, Fr. Mike Durso presented the academic awards to the top student in each subject from each class, followed by Mr. Tom Norman, who introduced the 33 senior members of the National Honor Society and announced the 32 new junior and senior members.

Assistant principal Mr. Stan Herbic continued with the attendance awards. This was followed by the presentation of special awards by Fr. Joe Snyder. A record-breaking 40 students received "R" Awards, recognizing outstanding service to Rockhurst, with Brian Downey receiving the Special "R" Award. Finally, various memorial scholarships were presented by Fr. Thomas Cummings. By Scott Dennis, Editor-in-Chief

Organizations

Rockhurst is a school of people with diverse personalities, desires, and talents. Each club or organization, ranging from the newly-formed Black Enrichment to the traditional QUARRY, allows a student to develop specific skills to the fullest. Such participants and the groups they comprise are the cooks who take advantage of the flames known as Rockhurst High School.

Through extracurriculars, students and teachers spent productive time learning, finding new friends, and having fun while at the same time provided helpful services to the community. Their work should be commended.

By Karl Didier, Organizations Editor

MEN
AT
WORK

Choir adds to masses

The sole purpose of the liturgical choir is to enhance the liturgies with music. As Saint Augustine said, "Singing is twice praying," and the students and faculty who participate in the choir add the element of music to the liturgies and provide edification for those present.

The choir was directed by Mr. Ed Lamprich, assisted by Chris LeCluyse, junior, as student director.

An effort was made to provide a variety of musical styles from very contemporary hymns with instrumental back up to a round sung in Latin.

The choir serves to get everyone further involved in the celebration of the mass by bringing a spiritual element that only music can provide.

Amnesty group stresses action

Fighting for some sort of standing among the much larger organizations at Rockhurst, the Amnesty International chapter established itself as a prominent group in and out of school.

Although moderator Mr. Steve Koesterer was disappointed by the lack of support by a majority of Rockhurst students, he was elated by the works of those many students who contributed their time and efforts for the success of the group.

Successful events such as the unprecedented candlelight vigil celebrating Human Rights Day and the Amnesty Concert featuring the bands "Dollhouse Opera" and "Cheeseburger Blastoff," propelled the interest of many students and faculty. Part of this success was attributed to the group's co-chairmen Chad Schembri and David Boschi.

While Amnesty's success was significant considering its rather short tenure at Rockhurst, Mr. Koesterer and the members still feel that "the groundwork has been laid down, and it is upon future members to continue construction."

Assembly highlights SADD's active year

S.A.D.D. (Students Against Driving Drunk) was active and visible at Rockhurst this year in its effort to keep the students aware of the dangers of abusing alcohol.

SADD Week March 12-16 was the peak of the organization's activity. Early in the week, "contracts for life" were distributed to the students, followed by an "Alcohol Alternative Dress-Out Day."

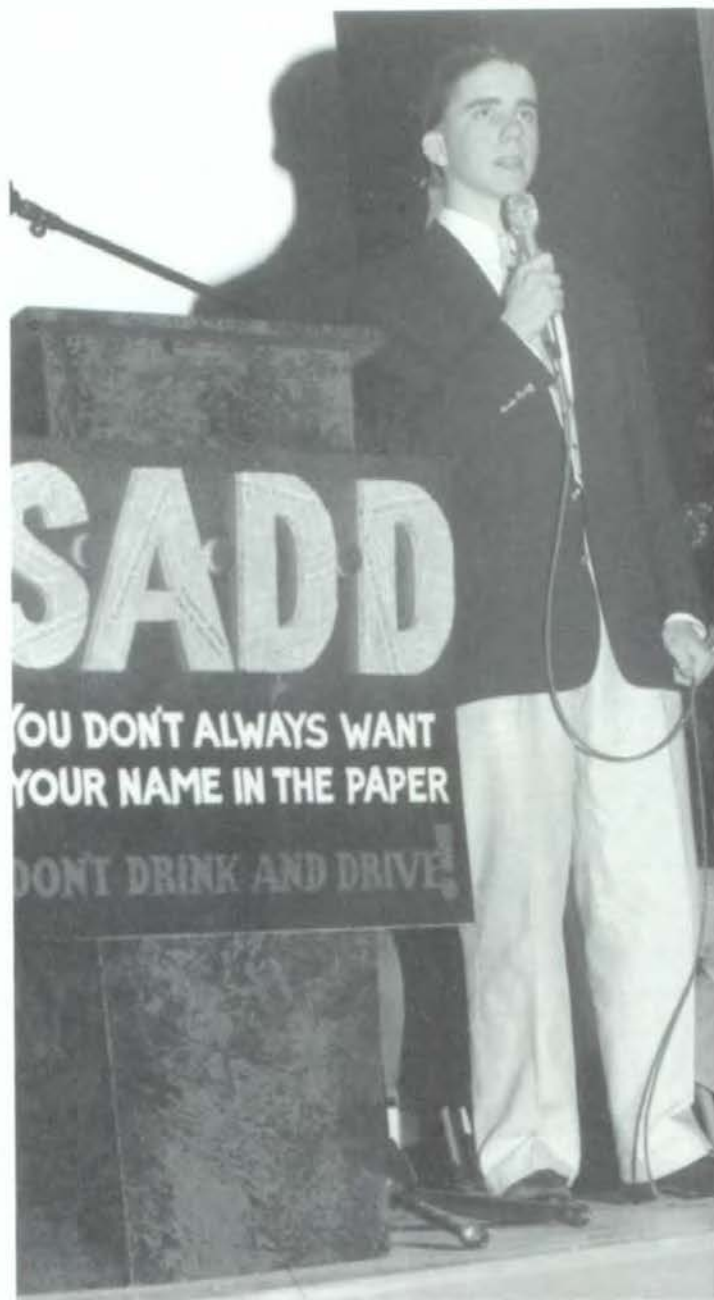

The SADD Assembly on Thursday featured a number of speakers who told about various aspects of alcohol abuse, from clinical to very personal.

Throughout the year S.A.D.D. targeted certain key times—before weekends and vacations—for special attention. Members wrote prayers for Friday announcements and distributed ribbons to the student body before Christmas and spring vacations, to be tied to radio antennas as reminders to drive responsibly.

Through these events, there is one message that S.A.D.D. wants students to remember most: DON'T DRINK AND DRIVE.

Service is central to NHS

(top) Juniors Matt Flaherty and Chris LeCluyse work/play at the N.H.S. Christmas in October house. (above) Tyrannia musicians Chris Accardo and Chris Spencer entertain at Battle of the Bands.

Once again this year, the National Honor Society played an important role in the life of the school. From academic assemblies to the third annual Battle of the Bands, NHS attempted to better student life.

Assessing the needs of the community and improving the school are foundation stones of NHS. The members and activities of NHS center around four ideals: scholarship, character, service, and leadership. Though many see NHS as specifically an honor for academics, an obligation to fulfill these other ideals is included as well.

In addition to Battle of the Bands, which earned over \$2,000 for the Jesuit missions in Belize, other activities of NHS this year included repairing a house for Christmas in October and contributing to various Rockhurst activities such as the telefund, open house, freshman interviews, and parent-teacher conferences.

NHS officers this year were Brian Weiford, president; Steve Kibler, secretary; Minh Hoang, treasurer; and Ash Sawkar, junior rep. Mr. Norman served as adviser.

SPA rolls on

"No mock-U.N., only two guest speakers; we really kind of missed the boat this year," Students for Political Awareness member Jeremy Holland claimed.

Although it does seem as though the '89-'90 SPA—led by officers Karl Haake, Jim Deeken, Chris Newman, Piyush Sampat, and Tim Mozee—has not been as active as in the past, the quality of the events held is a record of success.

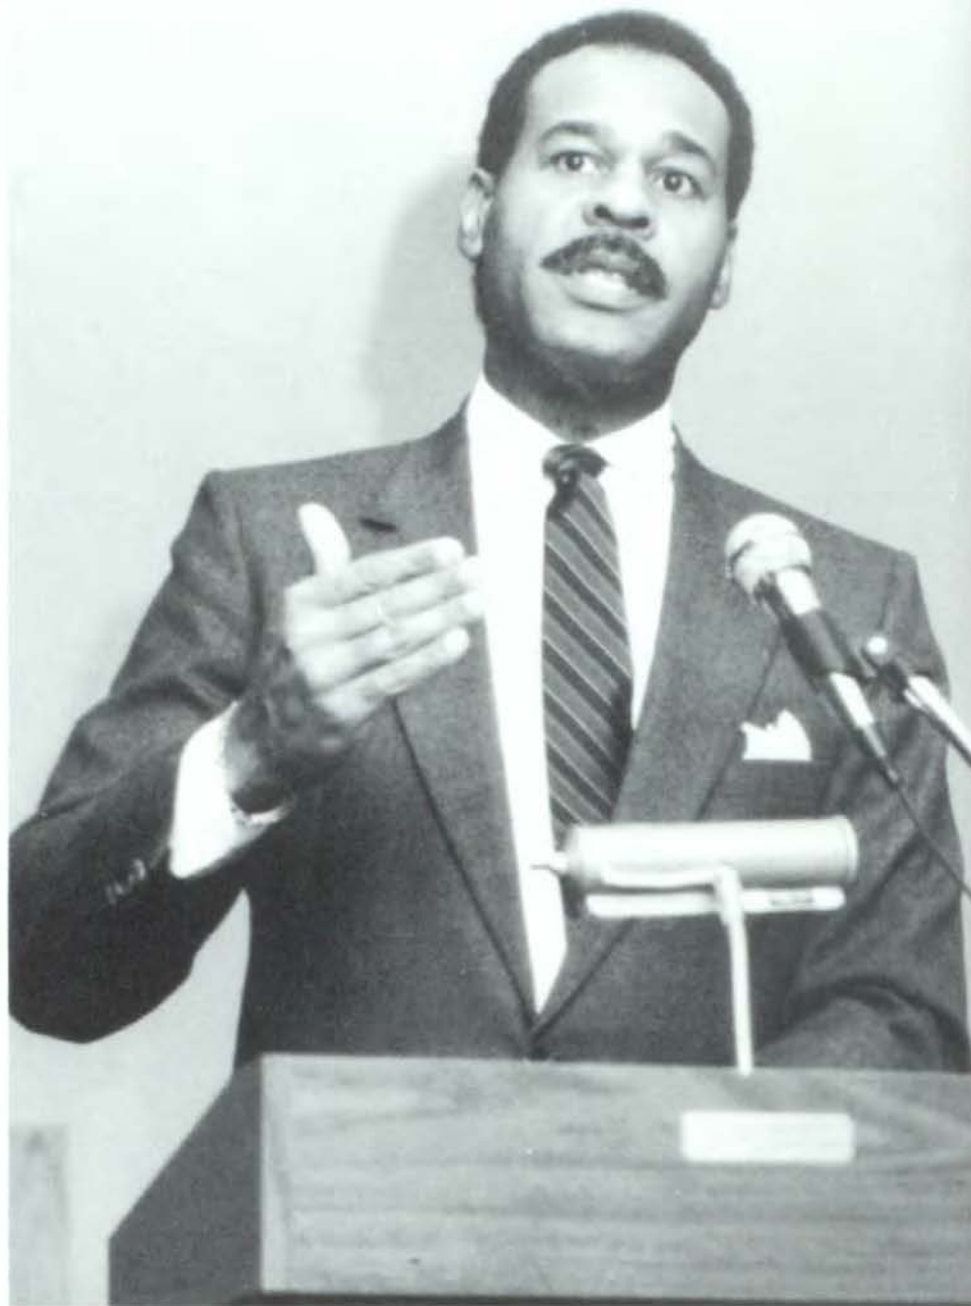

The two SPA guest speakers were local radio and television personality Walt Bodine and Kansas City politician Emanuel Cleaver. Both were tremendous successes. "My only regret is that only the juniors got to see Mr. Cleaver," SPA member Robert Teschner said.

Another of the year's highlights was the Open Forum. The bulletin board outside the history offices provided space for views on different issues. Tim Mozee created many interesting and topical boards for the forum.

The SPA sponsored one day of the education component for the new Junior Formation Days. This segment focused on a "Harmony in a World of Difference" theme and included a presentation by the Panel of American Women.

STATE CHAMPS!

The Rockhurst chess team proved its strength by winning the annual Missouri State High School Chess Championship Tournament for the second time in three years. During the competition the team defeated four St. Louis area schools, as well as Jefferson City High. As with other activities at Rockhurst, the Chess Team has gained in reputation and stature.

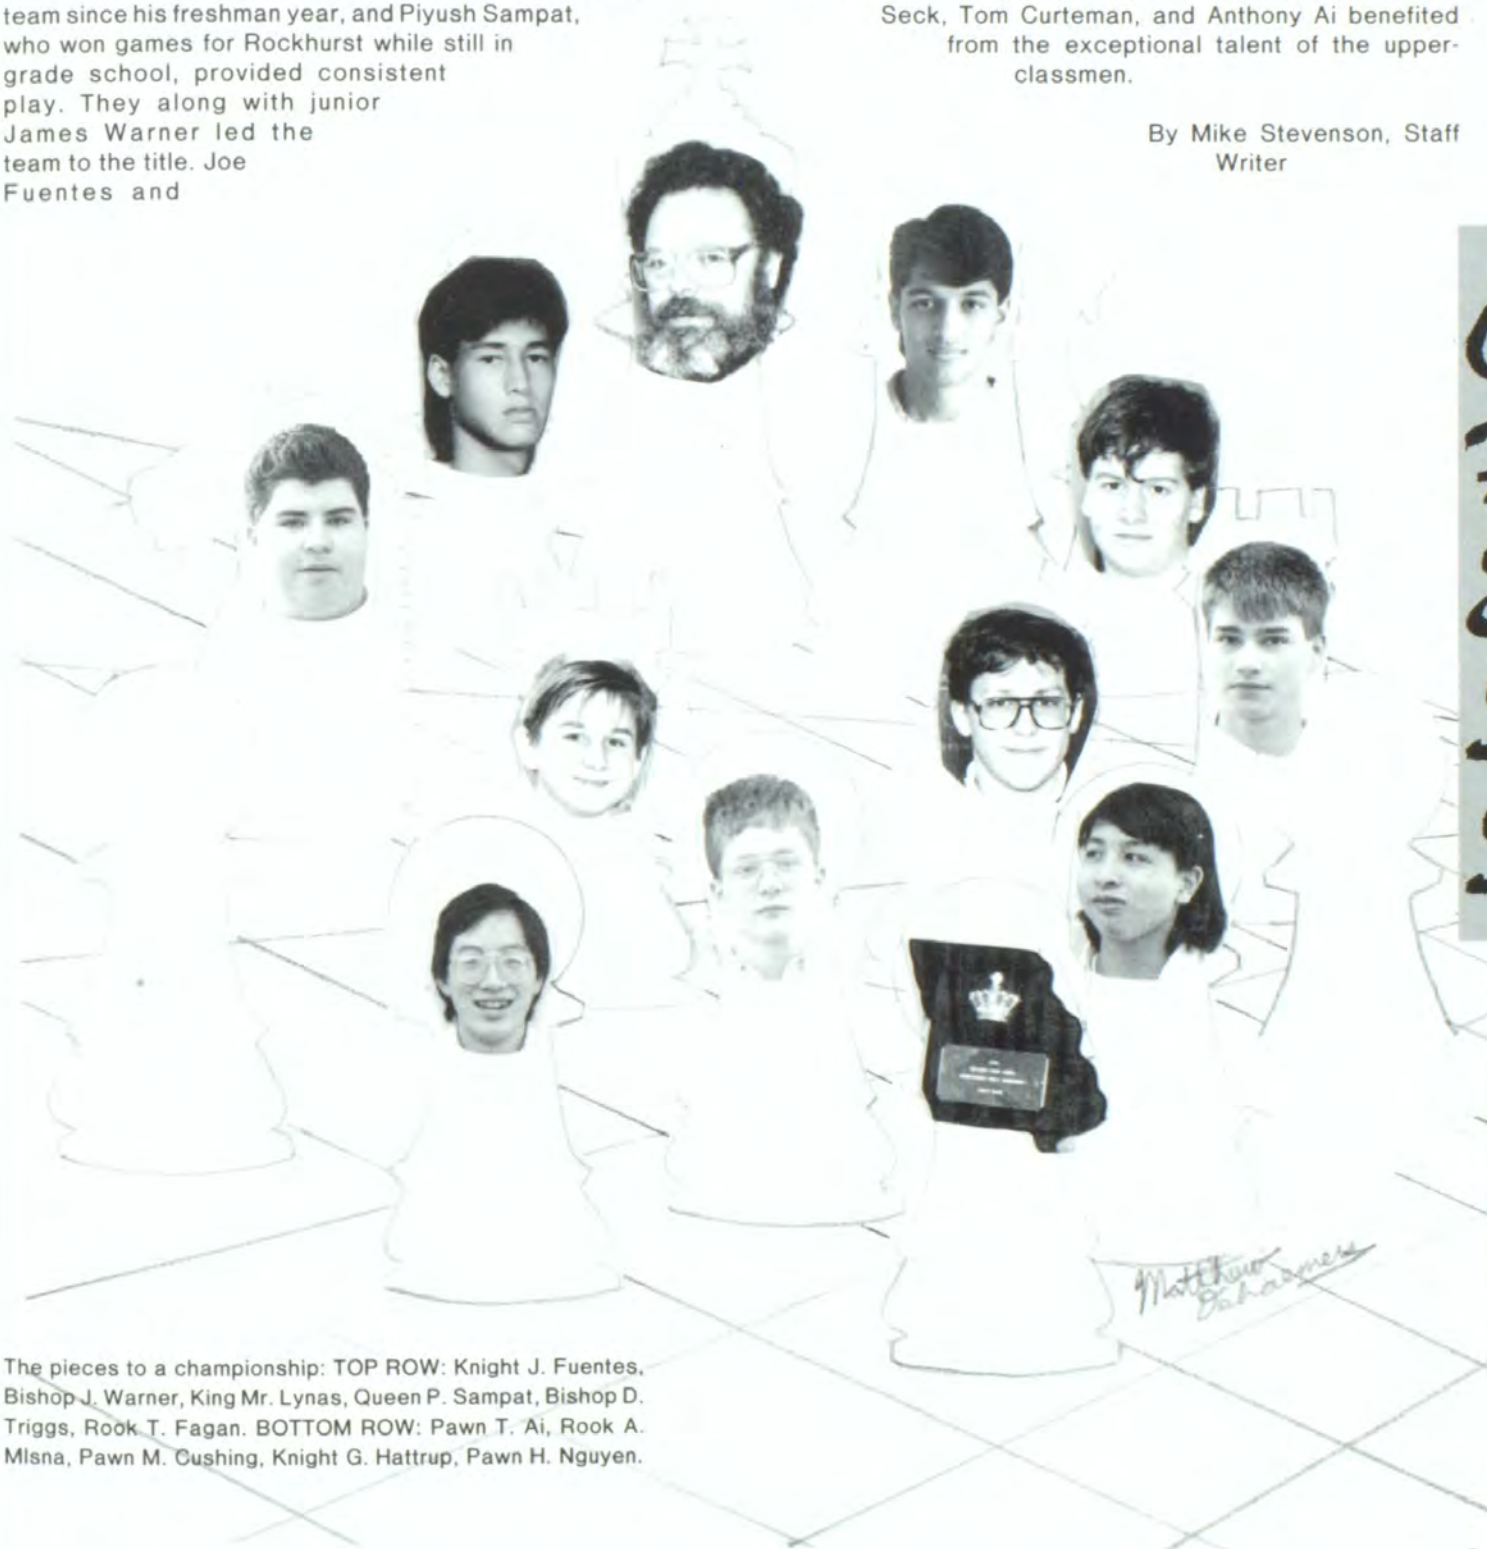

Seniors Doug Triggs, who has been a member of the team since his freshman year, and Piyush Sampat, who won games for Rockhurst while still in grade school, provided consistent play. They along with junior James Warner led the team to the title. Joe Fuentes and

Hung Nguyen were also key ingredients in the team's success.

Freshman Glen Hattrup won four out of four games to take first place at his position at the City Cup Tournament the week after the Championship Tournament.

Sophomores Alex Mlsna and Jerry Comeau, along with freshmen Hattrup, Matt Cushing, Patrick Williams, Tom Seck, Tom Curteman, and Anthony Ai benefited from the exceptional talent of the upper-classmen.

Rockhurst team communicates 'excellence'

As R.H.S. evoked a new image in 89-90, so too did the Speech and Debate squad.

One goal introduced by senior captain Geoff Lysaught was to win sweepstakes for the first time in nine years. It took the well-balanced squad, led by seniors Lysaught and Piyush Sampat, only two tournaments to capture the coveted sweepstakes trophy.

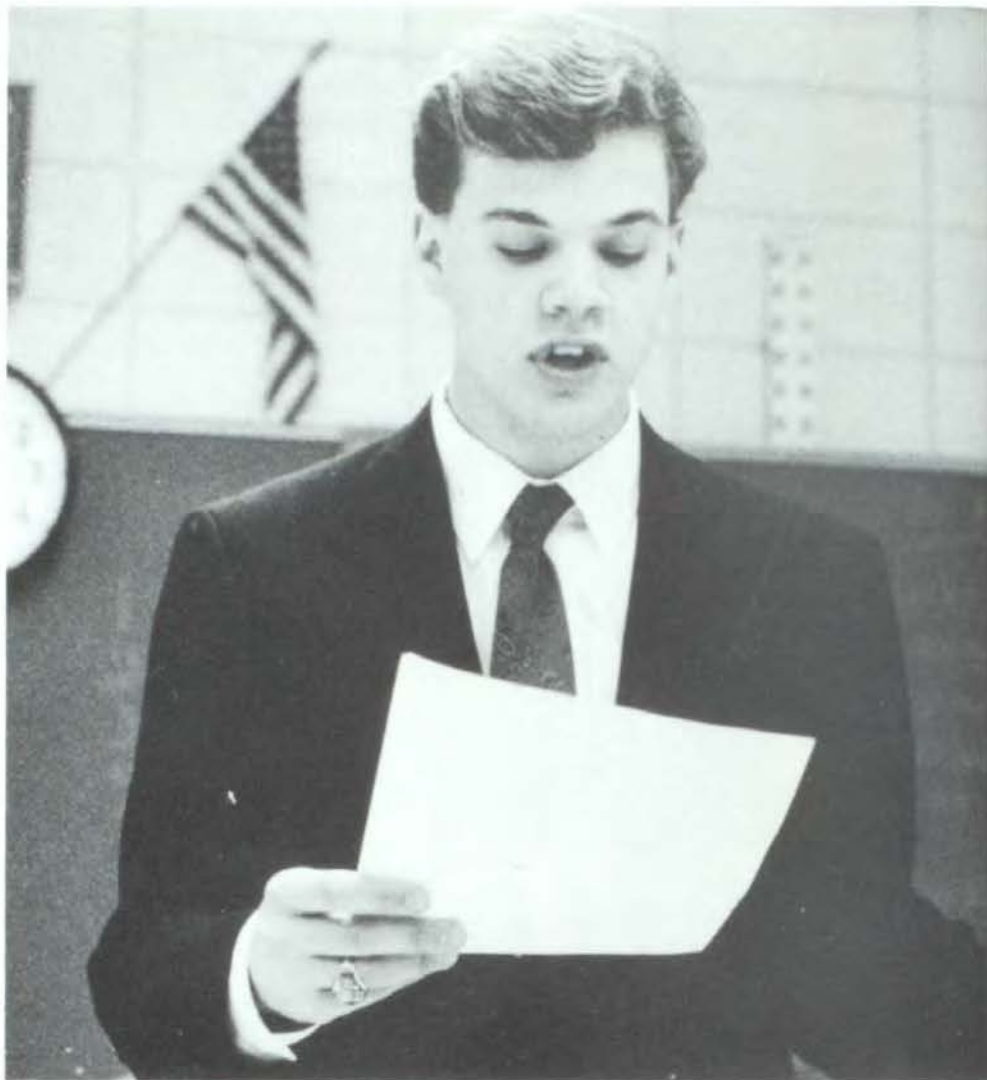

The fact that the squad excelled on the debate circuit was never more apparent than at the Oak Park awards assembly, where over half of the stage was occupied by Rockhurst men in their traditional blue blazers.

Seniors Lysaught and Sampat won first place in two of the five K.C. tournaments this year, the first time in seven years that a Rockhurst debate team has won two varsity tournaments.

As the seniors excelled, sophomore David Christian earned his way to the National Debate Tournament in San Jose, California, by winning first place at the NFL district tournament in Lincoln-Douglas debate.

All in all, the squad excelled both on the varsity and novice levels, a true credit to the devotion and efforts of the students and their teacher, Mr. Don Ramsey.

StuCo Satisfies

Student Council began meeting in early August with new intentions for guiding Rockhurst students. The main goals of president J.R. Fleming and vice president Todd Schieffer were to supply activities and functions for the students.

The first major activity was the Homecoming dance. With the dance a month earlier than last year, StuCo was pressed for time but managed an extremely enjoyable evening for all who attended.

Another noted success was the Valentine's Day dance, which the senior class strongly supported. This was a switch from last year's mixer, Valentine Video Data Dance, to a couples oriented theme, which Jason Hartenbach helped orchestrate.

The Sion volleyball game, which raised money for the missions, was, once again, a StuCo success. A good turnout from students and some exciting competition from the Sion volleyballers set the mood for a good cause.

While dances and other activities were successful, StuCo's biggest impact came with the revamping of the student constitution. The constitution, written in 1975, had not been adjusted until this year. Assistant moderator Mr. Tim Westcott put a great deal of time and effort into the complete overhaul of the constitution. Student Council met on various occasions to propose new amendments, such as changing the council's motto and making the standards for new officers more stringent.

Considering those improvements in the council constitution, this year's officers have left their mark on what promises to be a bright future for Student Council.

You've got to be kidding!

As I sit alone in the Quarry Room at 6:10 p.m. on Thursday, May 24, with the sounds of the Rolling Stones blaring through my eardrums, and as I look at the array of pictures, rough layouts, tri-copy and captions scattered across the table, I am reminded that this is it . . . that all of the late-night work and enjoyment has come to an end. In just a few days, the yearbook experience will be history for me, and all of the late night pizza feasts, last-minute photo needs, and crazy ideas from the editor will become a distant memory.

What a bittersweet feeling! So relieved that it's finally over, but at the same time, a feeling of nostalgia prevails. It's definitely going to be hard to leave this place. This little room in the wing of the Jesuit residence has been the source of countless memories.

My eye is first caught by the colorful "progress planner" chart that is color-coded by section and deadline. It doesn't seem that long ago when we first began to formulate ideas and map out the year's strategy. Now, only a few pages remain.

I also notice two small yellow notes entitled "Meeting Yearbook Deadlines" posted in the corners. Dozens of these were originally placed on every empty space by our moderator, Mrs. Jacobson. Frustrated by these constant reminders, the staff has done everything possi-

ble to destroy them, as well as the little yellow stickers she uses to critique our layouts. However, it seems this tactic worked because a gigantic sign reading "5 for 5, I to Go . . . Congratulations!" is evidence that all of the deadlines have been met, a task that only 10% of yearbook staffs accomplish in the United States. It looks like this will be the first book to arrive on time at Rockhurst in quite a while.

I also see some wadded up papers signifying another fit by our photography editor, Johnny Hwang. His drive for perfection and relentless attention to detail sometimes causes him to expect a lot, but, when it is all said and done, Johnny got the job done—and done well. The one person who deserves credit for the photographic excellence in this book is Johnny Hwang.

As my eyes scan our little "home", it's impossible to overlook the bulletin board which is jammed with notes from the editor. Because I have no memory, every idea I had concerning the book, whether it was while meeting with the staff, in the middle of the night, or during English class, was written down and then promptly posted.

I'm also reminded of the unforgettable laugh of Pat Fanning, the sense of humor of Mike Pateidl, my arguments with Karl Didier, Ash Sawkar's creative ideas, the "do-anything" spirit of Mark Donnelly, the ever-critical but productive Andy Zmijewski, the artistic talent

of Chad Gerlt, the innocence of Jim Deeken, the undaunted enthusiasm of David Keim, the grace under pressure of Pat Gitto, "Guy Smiley"—Rick Grady, the quiet diligence of freshman Phil Tierney, the last-minute help of Matt Koehler and Robert Madden, and the timely contributions of Phil Khoury, Brian Frey, and Phil Pileggi.

Oh, how could I forget our late-night entertainment? Because yearbook is not a class and all of the work must be done after school, the staff was forced to work late nights and some weekends during "deadline time." Without the support of a little beat-up black & white TV and a giant ghetto-blaster, we may never have made it through those 3:00 a.m. nights to meet deadlines.

And as I thumb through the "proofs" or rough copies of the book that we get before it is published, I have the feeling that it will be one of the QUARRY's best ever. This staff has really accomplished a lot. The quality of a book is a reflection of the dedication of its staff and its moderator. I think our moderator, Mrs. Carol Jacobson, and the entire staff have a strong loyalty to Rockhurst High School and a desire to represent it well. We took pride in our work and we gave it all we had. What I will remember most about my QUARRY experience won't be the 208 pages in the book but the group of people I can now call "friends." That's what made it all worthwhile. By Scott Dennis, Editor-in-Chief

PREP NEWS

Prep News ratings shine

For the fourth consecutive year, the Prep News staff garnered an All-Missouri rating by scoring an impressive 512 points out of a possible 500 on the judging scale. On the judge's official comments, he stated that the Prep News was "the most outstanding I have reviewed in years." Prep News moderator Mr. Mark Bubalo attributed these high marks to the '89-90 staff's overall consistency.

"This staff was quite enthusiastic," Mr. Bubalo said. "They never let it drop the entire year."

The staff made their most impressive mark in the art of layout and design. This also caught the eye of the judge. "In design, I have found no other school to match your pa-

per's finesse," he said. According to Editor-in-Chief Karl Haake, achieving excellence in layout and design was a goal that the staff aimed for since the beginning of the year. "We agreed as a staff that we really wanted to put emphasis on layout. We were all influenced by USA-Today, but I think our creativity is where our ideas came from," Haake said.

The overall feeling surrounding this year's Prep News staff seems to be excellence.

"I think that it's very clear that the staff did an excellent job," added Mr. Bubalo. "They have proven to be excellent writers and layout artists."

ROCK COLLECTION

The ROCK writes on

The Rockhurst student literary magazine, The ROCK COLLECTION, produced a 48-page book under the direction of Editor-in-Chief Robert McNamara. The annual publication was based on the theme "From the Outside Looking In."

"The magazine intends to reflect the inside of the students because what they usually show is just their exterior," said moderator Mrs. Sandra Owens.

The cover is done in a unique style. The front cover has a jar of stones that spells out Rock Collection. The back cover is the negative of a picture of the jar spilled out. Pat Redd and Robert McNamara expressed great creativity on this cover design.

The staff was flooded with submissions that were filtered through to bring a final product. "Quite a bit of fine poetry was submitted, but we believe we picked the best," said senior Norm Bamber. Many works of art, in all forms of poetry, prose, drawings and photography, were published.

"Kevin Kiekbusch's realistic design in pen and ink was the crowning glory of the artwork," said senior editor Greg Cotton.

The general attitude of the ROCK COLLECTION staff seems to be that this year's book is one of the best in Rockhurst history.
By Todd Geringer, Staff Writer

(BELOW) Jay Thomas concentrates to finish some art at the light table before the upcoming deadline.

Black support group thrives

The black support group, or Black Enrichment, is a new organization at Rockhurst this year. Under the direction of Mr. Dennis Bullard and Mr. Eric Berg, the group hoped to identify and help resolve any problems that minority students had with the environment at Rockhurst. It hopes to one day make the school a place where prejudice and discrimination are nonexistent. This was done through monthly meetings at which students, teachers, and guests discussed current problems and ways to resolve them.

Because the name Black Enrichment may be misleading, the group will be renamed by the beginning of the 1991 school year. The group is not meant for black students alone, even though they were the original focus. As Mr. Bullard said, "Anybody can come." It is hoped that the diversity of

the Rockhurst community will be represented in the group so that the problem of racial disunity can be tackled effectively.

In its first year, the group was a tremendous success. At each meeting, there was nearly a 100% turnout of the students involved. The group had some

special guests speak, such as former teacher Mr. David Alvey and former student and Rhodes scholar David P. White. The discussions at the meetings were a

learning experience for all who participated, and real progress was made.

If the group continues as it is, maybe one day Rockhurst High School will be a place where color, race, or background won't even need to be discussed.

Athletics

The 1989-90 athletic year provided yet another climactic page to Rockhurst's book of sports history. The Rock again turned out fantastic results in all areas—a tradition which has come to be expected.

All three fall sports participated in state competition. Both football and soccer placed second in the state with some of the most exciting post-season play ever witnessed at the high school level. To add to these achievements, the cross-country team sent a runner to compete for state ranking. Winter sports produced an excellent basketball record of 18-6 and the voyage of a wrestler to flex his muscles in state competition.

With the addition of strong performances in track, tennis, baseball, and golf, this was a year for continuing Rockhurst's dominance of Missouri athletics.

Memories remain as Coach retires

By Bert Roney

After 38 years of service to Rockhurst, Mr. Alton Davis's final year has come and gone. He has long stood for the tradition of excellence at Rockhurst, motivating his championship teams and emphasizing academics.

Most anyone who has shared time with Coach Davis will be able to tell you of his great narrative ability. Through his years at the Rock, Coach Davis has kept a memory of almost everyone who ever played under him. If something is said about track, Coach Davis can take himself back to the '60's, when he coached one of the best runners in the state. Or he will tell about his experiences in France during World War II. The stories just seem to flow out of him.

More important than the stories, though, is the lesson about life which they contain, for Coach Davis is more than a great coach, and a great teacher; he's a great philosopher as well.

A plaque which sits on his desk sums up the way he leads his life: "He who trims himself to suit everyone will soon whittle himself away." Coach Davis has always believed in being yourself. He's not afraid of offending anyone when he does whatever he thinks is right. This is what I think makes him so unique.

One of my first Coach Davis experiences occurred during my freshman year at a meeting for all those trying out for the golf team. The first thing Coach Davis said to the team was, "I wanna tell you right now, I hate a liar, a cheater, and a thief. If you have any problem with any of these, don't come out for the team because I don't want you." I've heard the exact same line every year since then and can't help thinking how strange it will be next year when the familiar voice of Coach Davis isn't heard lecturing to the prospective golfers.

With Coach Davis leaving, there will be a void within the walls of Rockhurst, but more than all the things we will miss about him, his retirement will leave many students without a good friend at school—a friend for advice or just to talk to. But even though Coach Davis will not be teaching or coaching next year, his memories and tradition will still be felt forever.

(Above) Pausing in front of many of the State banners which came home to the Rock during his tenure as athletic director, Coach Davis looks ahead to a well-earned R&R. (Right) Just as they have shared their commitment to Rockhurst for nearly four decades, Coach and Mrs. Davis enjoy his retirement festivities together.

“Remembering the Coach”

“Losing Coach Davis will be a great loss to this school because of all the values he teaches kids. Kids don't realize what he's teaching them until after they leave. Then all of a sudden they realize that what he said meant something in their life.” Coach Tony Severino

“In a world of broken commitments, Mr. Davis is the most committed man I know. In his marriage, in his teaching, in his gift of self, he has changed thousands of lives.” Fr. Cummings

“I love Al Davis. He's the best guy . . . He's influenced two generations in Kansas City.” Matt Blake, '85

“If you got out of line, I was going to be there to put you back. I wasn't here to be your buddy. All I wanted was, when you got out of high school, that you would say, “That old man knew what he was doing.” If I earned that—that was all I was after.” Coach Davis

(Below) Expressive as always, Coach Davis addresses the crowd at his farewell “roast.” (Top right) “Coach Davis or Bust” . . . created by junior Matt Dehaemers. (Bottom right) No doubt about it—the man means business

Rock Is Second in State

Rockhurst's hopes for a third Missouri 5-A State Football championship in the past four years were extinguished against a nationally ranked Hazelwood East team in the state championship game. There were no controversial calls, no fluke plays, and no excuses, just a hard-fought game in which the Hawklets came out on the losing end. The Hawklets finished their fine season with a 10-3 record, including what has been deemed the most exciting game in RHS history, a four-overtime victory over Jefferson City in the state semi-finals. The Hawklets began their season on a sour note, falling to Fort Smith Northside, Arkansas, 28-3. Fort Smith capitalized on big plays and used their superior athleticism and team speed to keep the Hawklets at bay. The Hawklets were down from the first play of the game and were forced to change their strategy.

"The big plays really hurt us. We got behind early, so we had to start passing," said Coach Severino.

"Though it was a disappointing loss, it served as a kickstart for the rest of the season."

The Hawklets went on a rampage for the rest of the regular season, finishing 7-2 as they entered state competition with important shutout victories over Lee's Summit, S.M. West, and Fayetteville, Ark. Their only other setback during the regular season was a 10-7 loss at rival Jefferson City. The dominating Hawklet defense played the Jays to a 0-0 tie at the end of regulation, only to lose in the second overtime on a 22-yard field goal by the Jays' placekicker. It was a tough defeat, but, as senior tight end Tim Mauck said, "This loss doesn't bother me. I'd rather lose to them in the regular season than in the playoffs." Words of wisdom . . .

The Hawklets sailed past Hickman Mills and Park Hill in the first two rounds of the state tournament and were primed to unleash their fierce defense on Jeff City in the semifinals—this time at Rockhurst.

A crowd in excess of 5,000 people watched what athletic director Al Davis dubbed "the game of the decade." After four grueling overtime periods, the Hawklets prevailed on a fumble recovery in the end zone by Mauck. Rockhurst had advanced once again to the state finals, but the Jeff City game proved to be too much of a mental and physical drain, and the Hawklets lost the final game to Hazelwood East by a score of 28-14.

Coach Severino attributed much of the team's success to the leadership of the 39 seniors on the team. "All 39 seniors had heart. They drew off of their experience over the past three years and really contributed, one and all, to a successful year."

All-American senior lineman Mike McGlenn summed it up by saying, "We had a great season after a rough first game, though not winning state was a real disappointment." By Joe DeSimone, Staff Writer

JV Football

Frustration Schedule snags hold squad to four games

Despite a frustrating season due to schedule problems, the JV football team had a very productive year. The team played only four games, and the fourth game was stopped in the first quarter due to rain. However, even though they didn't experience many game situations, the team was scored on only once in 13 quarters of play.

When Coach Berg was asked what played an important part in the squad's success, he said, "The sophomores filling in spots and the junior unity were keys to the season."

Team unity was a unique aspect of this year's team, which is important in carrying on the Rockhurst tradition of athletic dominance.

Perseverance

After suffering two heartbreaking one-point losses and struggling to a 1-3-1 start, the sophomore football team faced a monstrous challenge in unbeaten Blue Springs. The Wildcats had beaten the Hawklets the year before, and Coaches Rick Wikiera and Buddy Worth were searching for someone to step forward and produce. "Running back David Thorn really came through for us against Blue Springs. He scored several touchdowns and ran for well over 100 yards," said Coach Worth.

The Hawklets defeated Blue Springs soundly in a game that Coach Worth called "the turning point of the season." "The kids realized that all the hard work they put into it was worth it. They hung in there, and everything came together mentally," Worth commented.

After the Blue Springs game, the squad won 2 of 3 games as the offensive and defensive lines controlled the line of scrimmage. Coach Worth cited the team's work ethic for its success. "The team had good morale, but at the same time they took practice seriously. They came to practice to improve their skills," said Worth.

Tailback and cornerback Matt Gunter agreed. "We worked very hard in practice with a lot of running and full contact scrimmages. The hard work really paid off." By Scott Dennis, Editor-in-Chief

Freshman Domination

The Freshman A team had a seemingly perfect season this year. According to Freshman Head Coach John Morris, the team accomplished both of its main goals—(1) no team scored on them, and (2) they finished the season undefeated. One factor in the squad's success was their overall depth. Coach Morris added, "The keys to this year's freshman team were great talent, a tremendous work ethic, and strong team unity."

The Freshman B team, coached by Mr. Frank Griffin, also had a successful season. Despite playing other A teams, the squad was impressive and finished with a winning record.

By Phil Khoury, Staff Writer

Oh, What a Season

Theirs was a season marked by determination and guts. It was a well played year which brought rewards such as record of 21-4-2 and a second place state finish. With a relatively new team made up of individual players, Coach Geldhof formed a single unit of champions.

The squad started the season with four straight victories including a first place finish at the Raytown South tournament. The Hawklets then fell to rival Park Hill in a physical game that included injuries to both teams. Rockhurst lost the game on a controversial play that was eventually protested. Although the protest was not upheld, it served as a source of revenge for the squad in the future meeting of the two teams.

The Hawklets then cruised through the remainder of their schedule and won the district championship over Center. After defeating a tough Lee's Summit team 3-1 in sectionals, the team was pumped up for its rematch against Park Hill. Goals by Mark Chonko and Scott Pribyl boosted the Hawklets into the final four in a game that senior mid-fielder Scott Dennis called the key to the season. "With this victory, we knew we had the talent to compete with anyone in the state, and we felt confident going into St. Louis," said Dennis.

The team had many attributes which made their season a success, the most outstanding of which was the superior leadership provided by the senior captains, all-state and all-metro players Todd Schieffer and Scott Pribyl and all-state defender Brian Wittek. "Our captains provided leadership in all areas of the field," commented Coach Geldhof. Junior

midfielder Phil Pileggi agreed by stating, "The seniors deserve a lot of credit. They were the nucleus of the team."

Another outstanding aspect of the team was its dominating defense. With only one senior returning to play defense (Wittek), the remaining defenders were all first-time varsity players. Geldhof complimented their performance by saying, "The defenders pulled up from the J.V. team, and our junior goalkeeper James Warner did a superior job all year."

The state game itself was a hard fought battle which pitched the team against the eighth ranked team in the nation. The game went into triple overtime with a heartbreak ending that occurred with a fluke goal. "We played extremely well against the eighth ranked team in the nation. It was a good season with a great finish," concluded Geldhof.

(RIGHT) Even though the ball takes a bad hop on the rock and grass-ridden field, Brady Barbier is able to control the play.

Haircuts + Talent = Wins

The 1989 JV soccer team continued the Rockhurst tradition of soccer prowess with a 10-2-2 record. Leading the Hawklets offensive attack were junior Fernando Aldaco, freshman Matt Koetting and freshman Dan Duryee. Aldaco, the JV co-captain, led the team with seven goals, and Koetting and Duryee contributed 6 and 5 goals respectively. Sophomore Brady Barbier was cited by Coach Mike Larson for steady play throughout the year while junior Alex Dye was noted for strong defensive effort.

The most memorable game of the season was at Olathe North when Dye and teammate Kelly Wilson collided in midair. Wilson suffered a

concussion, and both players were sent to the hospital. Because of the delay, the team had to continue the second half in the dark.

According to Coach Larson, the key point in the season came with the Hawklets' 3-0 victory over S.M. North. "After battling injuries, the Hawklet offense and team came together," said Coach Larson.

The most obvious characteristic of the successful year revolved around the haircuts of six JV players. These "mohawk" type cuts were an inspiration before playing Miego, according to sophomore Chris Dennis, but the issue was a mystery to Coach Larson who construed them as a team identity. No matter what these cuts meant, the important issues were decided on the field where Rockhurst outscored its opponents by a 34-6 margin.

Freshmen take a licking, keep on kicking

Although the freshman soccer team struggled to a mediocre 3-3 start, the squad rebounded by winning their final six games in dominating fashion.

"At the beginning of the year, we relied on a few individuals to get the job done. It took a while for the players to get used to playing with one another," Halling said.

However, that all changed at the S.M. East Tournament, where the frosh annihilated their opponents in what Coach Halling described as the turning point of the season. "In the tournament we played against teams our own age, and we passed much better. It became more of a team effort instead of individual play," said Halling.

Players cited for strong performances included midfielder Riley Cronin, goalie Darrin Porch, forward Justin Reed, and defenders J.J. McGuire and Joey Randle. "These players showed by their performances that they can keep our program strong," Halling concluded.

Sideline Support

Wherever you could hear the crowd roaring away, you would see this year's yell-leaders commanding the cheer. They energized the crowds of students and fans during the fall football season, all the way from pep rallies to Jeff City, Columbia and the state football championship. They also kept a good following of students for the soccer team and their drive to a second place finish in the state competition.

Mr. Sailler, the moderator for the yell-leaders, said, "We had a great bunch of yell-leaders for football. They cheered their little hearts out. The enthusiasm generated at the two Jeff City games was something special. The basketball yell-leaders had a far more difficult task. It's hard to create excitement before less than 20 students. It's an area the Rockhurst Spirit Committee needs to address."

(TOP) Senior Ryan Barr shows that the essence of running is more than physical exertion—it's to continue on.

Harriers Enjoy Great Season

Dr. Jorge Taracido's varsity cross-country runners enjoyed the finest season ever for a Rockhurst team. Its fifth place finish in districts left them one spot short of a berth in the sectionals. They enjoyed a #8 ranking in Missouri and sent two runners, Pat Fanning and Rick Grady, to state.

The team earned two first-place finishes at the Bishop Ward and Bel-Ray Invitationals. Those meets, plus the road to districts, were cited as highlights of the season.

The team's success was due partly to competition within the team. 60 members were involved in the program, so people were constantly competing for spots. Another factor was the senior leadership of Rick Grady, Ryan Barr, Kyle Myers, and Tim Mozee. A third factor was Coach Taracido. According to Fanning, "He worked us hard and prepared us well for every meet. He's a great coach because he makes sure running stays fun!"

JV & Freshman Cross Country

Young runners unified

Perhaps "festive, instructive, and productive" best describe JV cross country in 1989. A strong group of freshmen and sophomores, guided by the leadership of several juniors and seniors, combined to form a competitive team. The strong results of '89 can be seen in the fact that virtually every team member medaled during the season.

Cross country coach Dr. Jorge Taracido noted strong performances by sophomore Craig Schieber and freshman Mark Wisel, both of whom placed first in meets and shared time with the varsity team.

Although cross country is individualistic by nature, the team also showed great camaraderie. Endur-

ing grueling practices with three-mile warmups and miles of track work helped bring the team together.

"The year was really a good experience, with every one pulling for one another," commented junior Mike Pateidl. Freshman Mark Donnelly added, "After every meet we had a pizza party, and we volunteered as a team to work on a house at Christmas in October. These events helped us become friends and contributed to team unity."

Coach Taracido agreed, declaring, "We were extremely cohesive; when you have forty people all supporting each other, it is extremely exciting."

NOTHING BUT NET

The 1989-90 Rockhurst Hawklets came into the season as a very young but experienced squad ready to defend their state title. They finished 18-6, while playing an extremely tough schedule against such powerhouses as Raytown South, Creighton Prep, and Jefferson City.

The Hawklets played some impressive games this season as they destroyed one of Kansas' highest ranked teams, Schlagle. They also pulled off thrilling victories against such teams as Creighton Prep and tough St. Joe Benton.

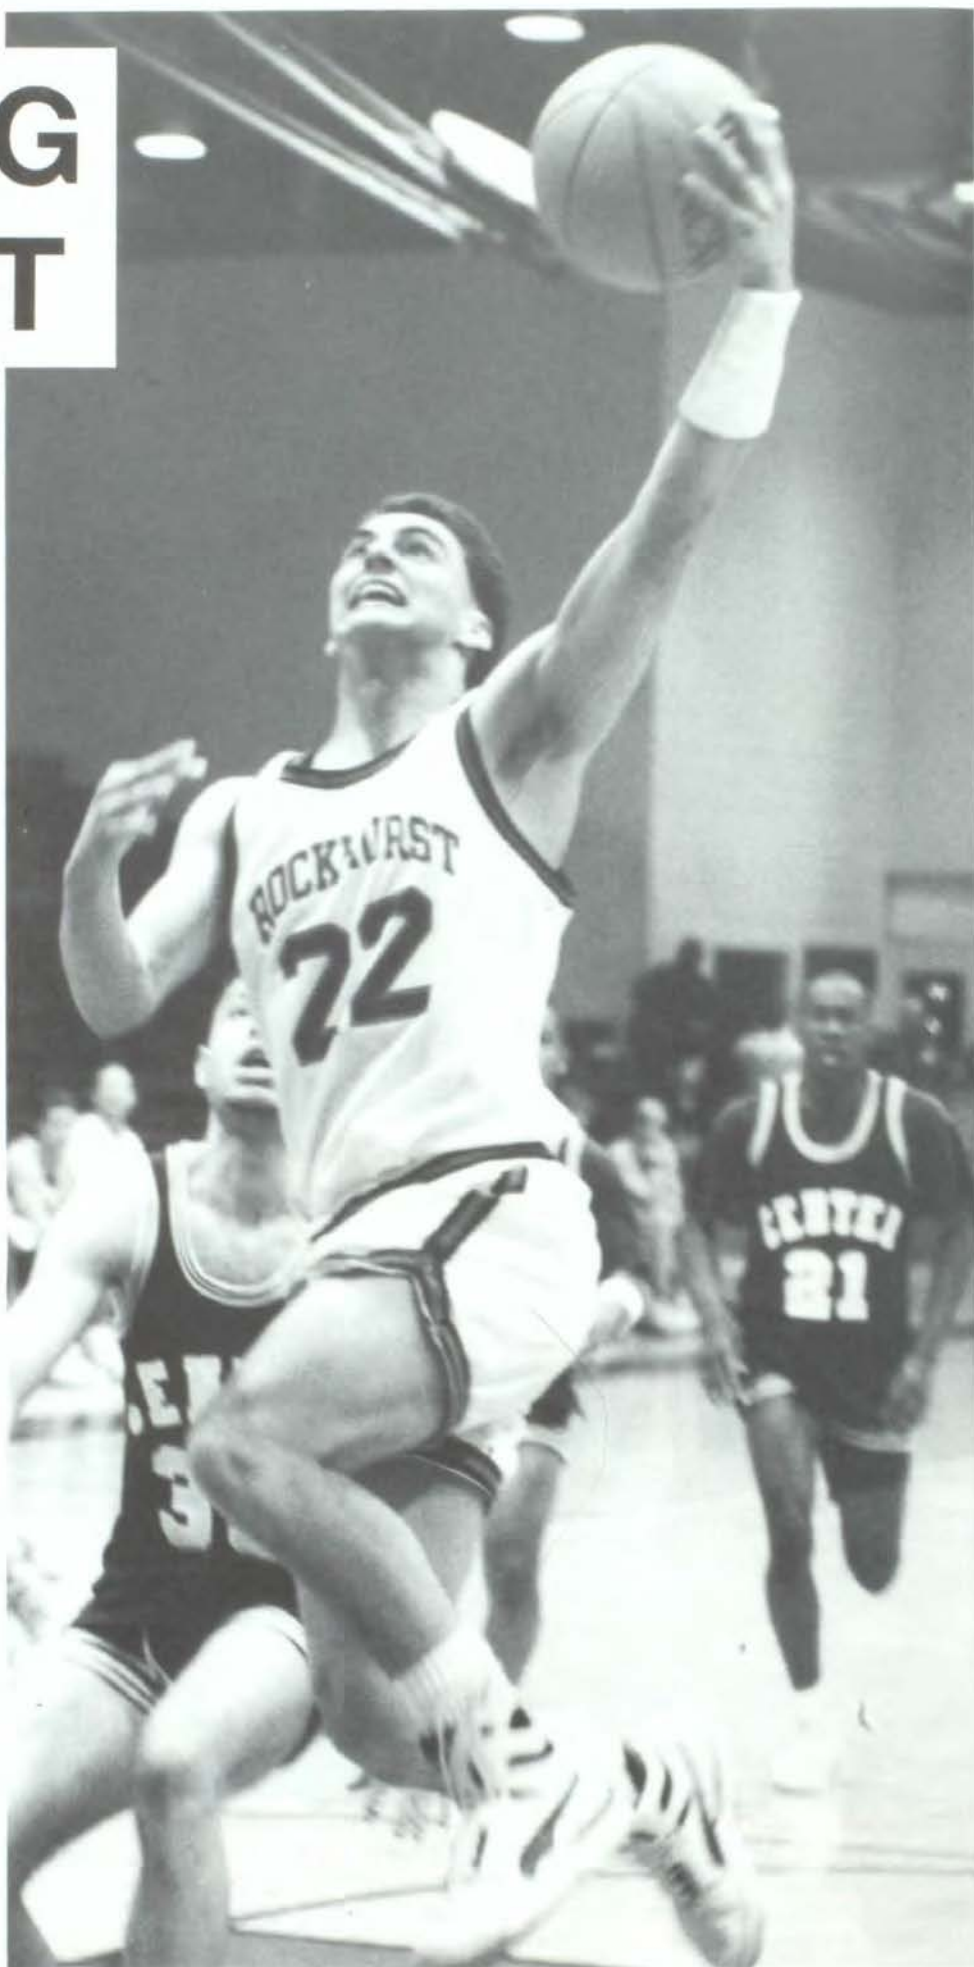

Rockhurst's strength lay in the hands of their powerful defense and their strong inside game. The team was excellent at controlling the game's pace, exploiting the weaknesses of their opponents, and rebounding on the blocks.

The inside game was led by a front line made up of junior center Brian Frey, senior forward Chris Cotton, and junior forward Shawn Winn. These three players combined power with a nice shooting touch to lead the team in scoring and rebounding.

Head Coach Doug Bruce summed up the year as a good season with the only disappointment coming in the district playoffs as the heavily favored Hawklets fell to the underdog Center Yellowjackets, thus ending their hopes for a fifth straight district title.

Wins add up in JV season

Coach Mark Bubalo came into the 1989-90 season with another powerful group of young Hawklets ready to build on their talents. The team showed a strong 13-6 final record, and Coach Bubalo praised his young players.

The JV squad was led in scoring and rebounding by junior Todd Powell. Some other key leaders were juniors Adam Boal, Mike Diederich, and Jon Gubera. Coach Bubalo also cited freshman phenom David Frey, sophomore guard Ryan McDowell, and sophomore forward Rob Shaw as having very good seasons for the young Hawklets.

(BOTTOM RIGHT) Sophomore Ryan McDowell sinks a three-pointer while (BELOW) junior Scott Severino drives to the basket and knocks out his opponent. (LEFT) Juniors John Karl and Todd Powell take advantage of varsity player Josh Selzer and Coach Bubalo.

Sophs produce winning season

The sophomore basketball team cruised to a 13-5 season, drastically improving from the 9-7 record posted during the 88-89 campaign. After getting off to a slow start, the squad put it in gear and won seven of their last eight games. This was encouraging for Coach John Morris, who had been waiting for the team to gel.

Coach Morris cited the Olathe North game as the key point of the season. The Hawklets trailed most of the game but rebounded to defeat Olathe North and capture the championship in the Shawnee Mission Tournament. The sophomores also avenged a loss to S.M. West the previous season with a thrilling three-overtime victory over the Vikings. This victory illustrated the improvement the team had made in only one year.

Coach Morris cited outstanding play and leadership throughout the season

by Brady Barbier, Greg Kratofil, Dustin Reeve, and freshmen Justin Heider and Tom Brooks.

Pleased with the success of the team and their season, Coach Morris stated, "Their willingness to improve and to play good defense as well as a patient offense allowed them to do the things it took to win games."

Freshman teams achieve unity in first season

More than 80 freshmen tried out this year for the freshman basketball teams. Only 25 made it. These 25 players came from many different schools and programs, and their differences needed to be ironed out before the teams could begin to play as a unit.

The A-team, coached by Mr. Griffin, had an inconsistent but beneficial season, finishing 11-7. They started out with two good wins but then lost the next few. The team started "gel" with a series of tough road wins, climaxed by a come-from-behind win against Raytown South at Rockhurst.

The B-team, coached by Mr. Halling, had an all but unblemished season. They were 11-0 until an overtime loss at Shawnee Mission East and finished a blistering 13-1.

Grapplers take down

Though the average student doesn't hear much about them, the wrestlers at Rockhurst are alive and doing much damage.

For the last several years, wrestling at Rockhurst has been on the incline. This year the wrestlers managed to get three people past Districts and one wrestler to State.

"The season had a very good start," said Coach Rick Wikiera. "The wrestlers were full of enthusiasm and ready to go." Though they struggled midway through the season, the Rockhurst squad finished flying high.

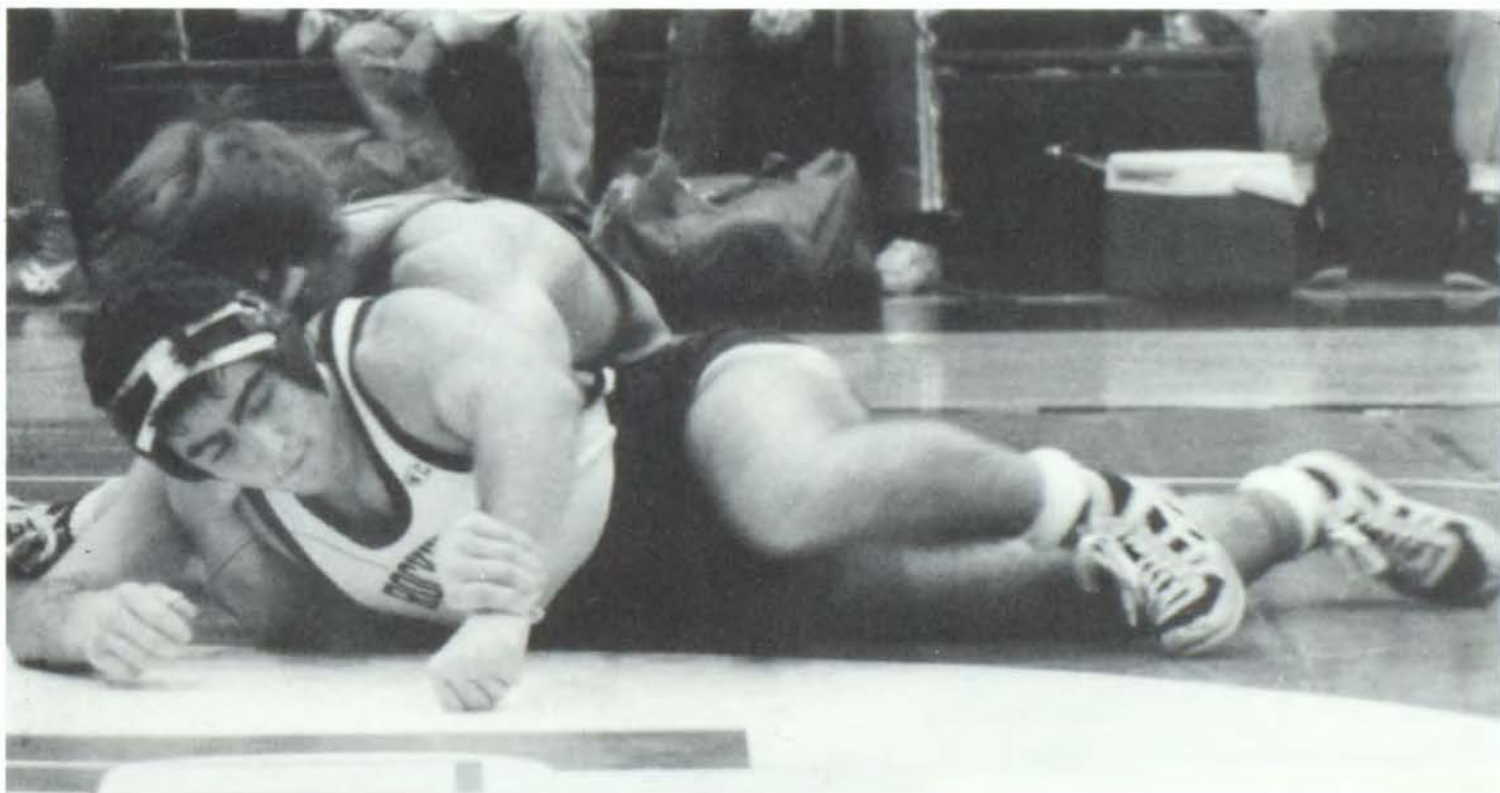

Four varsity wrestlers were a major influence on the team's success—Rob Hickey, Matt Huerter, Matt Schmelzle, and Ryan Barr.

Hickey, a sophomore, was injured throughout most of the season but finished strong at Districts. Seniors Barr and Huerter and freshman Schmelzle all went to Sectionals. Barr went on to State but was knocked out just before the medal round.

"I was very pleased with my outcome," said Barr. "I was happy just getting to State."

JV ends on top

The junior varsity wrestlers finished the season on top.

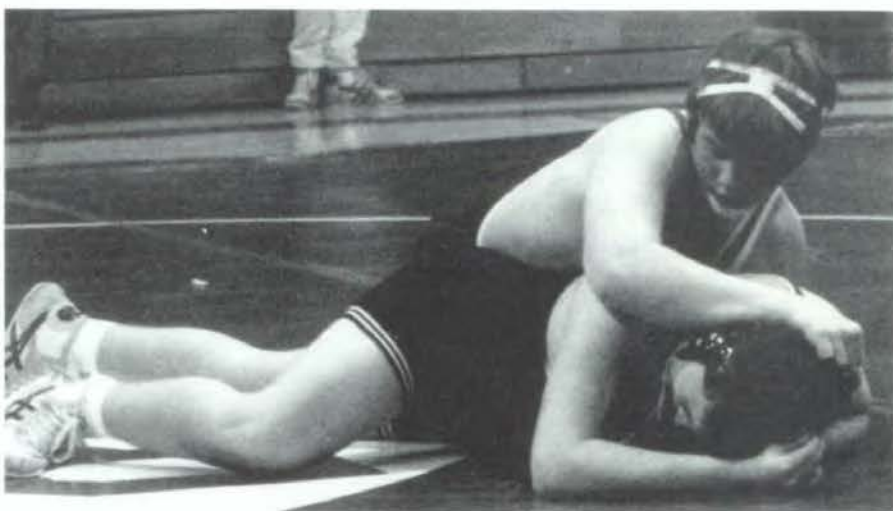

"The J.V. was a little different this year," said Coach Mike O'Leary. "The team was made up of all underclassmen and one junior." Despite this lack of experienced wrestlers, the J.V. finished with a 10 and 4 record.

Cited as strong wrestlers this season were junior Cary Brewer and sophomores Shane Holtz, Loreto Sulit, and Charlie Bock.

Brewer, the only upper-classman on the team, said, "I was a little worried at first because the majority of the wrestlers had only one year of experience, but after the first few duals, the worry went away and I felt confident that we could take on just about anybody and have a good chance of winning."

Holtz, Sulit, and Bock all finished with winning records and will be returning strong next year.

"Next year is going to be a struggle," said Coach Wikiera. "We will only have four returning seniors, so the remaining spaces will have to be filled by juniors and sophomores. But I do believe that this year's Junior Varsity will be able to fill those spots."

THE WRESTLER

You know your football player
And basketball player, too,
But there's one more athlete
I'll introduce to you.
His uniform is different,
The finest ever seen.
The fans call him their hero.
He really is supreme.
He is trained in a small room,
A room other have forgot
Where the temperature is over 100
degrees
And the air is scorching hot.
He's had a hundred bruises
And twice as many spills,
But keeps coming back
To give his fans a thrill.
And when he gets to Heaven,
To St. Peter he will tell,
"Another wrestler reporting, Sir,
I've spent my time in hell!"

New wrestlers learn basics

The 89-90 freshman wrestling season was a productive one. A total of forty freshman wrestlers developed so that by season's end each athlete understood not only the techniques but also what it takes to become a successful wrestler.

In overall statistics, the team did well, ending with a record of 8-0-1 in dual competition. Mike Johnson and Jim Thompson had the two best records, and both took first place in the Lee's Summit tournament. Scott Leathers also had a winning record and did well at this tournament with a second place.

Seven wrestlers on the team received Junior Varsity letters: Mike Kleffner, Joey Mabin, Andrew Stafford, John Goetz, Terry Huerter, Kevin Lysaught, and Mike

Johnson.

Matt Schmelzle, the only freshman to receive a Varsity letter, did exceptionally well. With his record of 16 wins and 13 losses, he led the team in reversals and was a sectional qualifier.

Overall the year was a great success. "This was a great group of kids to coach," Coach Koesterer commented. "They were hard-working, well-disciplined, and showed personal initiative in their work ethic.

"We are very optimistic about the future of our wrestling program, knowing that we will have this outstanding group of young men for the next three years at Rockhurst."

Trackmen Excel

TRACK

Head track coach Eric Berg knew his track team had potential. He was impressed with the team's depth and ability to compete in a wide range of events. At the beginning of the season, Coach Berg said, "That ability of an all-around team gives us the chance to place higher in meets. We can now concentrate on a team effort."

That team effort gave the Hawklets something that had not been accomplished in 14 years . . . they were able to win their own Rockhurst Relays. This major accomplishment was followed by an impressive fourth place finish at districts, where the 3200 relay team consisting of Mike Dierks, Craig Schieber, Brian Ward, and Mike Diederich and the 800-relay team of Dierks, Tim Mozee, Shawn Purcell, and Mark Neubauer earned second place finishes. The 1000-relay team of Dierks, Mozee, Matt Gunter, and George Owen finished third; Dierks finished second in the 800; Mike Miller placed fourth in the high jump; and Neubauer finished second in the triple jump.

At sectionals, the cream rose to the top as the Hawklet 800 relay team finished third, Neubauer placed second in the triple jump, and Miller was fourth in the high jump.

The team reached state hoping for some high finishers, but the day did not go as planned as no Hawklets placed. "That day, no one was on. You get those days sometimes," said Berg.

Although the team's fine effort and depth came to a disappointing end, the trackmen gained needed experience and achieved impressive goals.

FELLOWSHIP of CHRISTIAN ATHLETES

FCA swings into action at Rockhurst

A new organization was started at Rockhurst this year, the Fellowship of Christian Athletes.

Under the direction of Mr. Eric Berg and John Smolen, FCA had a rather successful year, which included sponsoring the extremely popular Whiffle Ball Tournament. The money raised, over \$100, was donated to the Cystic Fyrosis Foundation.

FCA hopes to continue next year in its objective of spreading the word about Christian living through athletics and daily example with more activities and, hopefully, a guest speaker.

By Jason Fauss, Staff Writer

The meeting agenda draws an unusual amount of enthusiasm from Rockhurst's F.C.A. members.

Baseball builds

BASEBALL

In its second year of baseball in over 20 years, the Rockhurst Hawklets not only showed great improvement, finishing with a 11-7 record, but they also won their first district championship, achieving a season-long goal.

The Hawklets advanced to the state sectionals, where they lost 13-3 to a Truman team that eventually went to the final four.

"I thought we were playing our best baseball of the season," said Coach Jerry Goben. "We improved greatly from the first few games, and the kids worked really hard through districts. Then it seemed like we just ran out of gas at the Truman game."

"Our record doesn't show how good this team really was," Coach Goben stated. "We played one of the toughest schedules in the city and lost a lot of close games we could just have easily have won."

The team was backed by strong pitching and a potent, yet at times inconsistent, offense. Coach Goben cited juniors Bob Courter and Josh Batz, along with sophomore Greg Kratofil as the anchors of the pitching staff. "The team couldn't have achieved the district championship without them," said junior super-fan Justin Scovil. "They gave the team the opportunity to win in nearly every game."

The offense had a season of ups and downs. Coach Goben cited junior outfielder Travis Huen-

feld, senior shortstop Doug Vogl, and junior first baseman Mark Chonko as offensive catalysts. "When they were hitting well, we began to play our best ball of the season. It seemed as if their hitting was contagious," Goben stated.

Goben also commended the season-long defensive effort of the team as a large part of their success. "Outside of a few lax games, we played really well defensively, and in high school baseball, winning is largely dependent on a strong defense," Goben said.

Junior pitcher Bob Courter summed up the season: "All in all, I was very happy with our improvement over last year and our accomplishments this year. A state championship would have been great, but by winning our district, I think we've shown that Rockhurst baseball is here to stay." By Joe DeSimone, Staff Writer

Tennis team strong into season finals

TENNIS

Following a mediocre, back and forth season, districts saw all RHS tennis players with a seed. Juniors Mark Fendler and David George and seniors Steve Salem and Hoyt Ogilvie were seeded second and third, respectively, in doubles while, in singles, junior Tom Helling and freshman Chris Eikermann were seeded third and fourth.

Helling and Eikermann both lived up to their seeds by reaching the semifinals before losing to the top two seeds. The doubles teams both had impressive victories in the semifinals, as Fendler and George defeated the number four seed 6-3, 6-1, and Salem and Ogilvie knocked off the number one seed 6-4, 6-0. Fendler and George won the closely matched final 7-5, 6-4, and both teams advanced to the state tournament.

"At districts everything really

came together for Dave and me as we reached our peak. If we had been able to keep that level at State, I think we could have gone a lot farther in the draw," Fendler said.

The district players were joined by seniors Larry Johnson and Brian Weiford at the number three doubles position as the Hawklets rolled through sectionals with a 6-3 upset over St. Joseph Central and a 6-0 win over North Kansas City to advance the team to state.

At state, Rockhurst lost to two-time defending champion St. Louis Chaminade 7-0. In the third place match, the Hawklets lost 5-3 to Jefferson City after being tied at 3.

"Chaminade was the class of the field. There's no doubt they are the best team in the state," Coach Ron Geldhof said.

Rockhurst's doubles teams took

similar routes through the state tournament. Both won their first round matches and then lost to eventual finalists in tough matches. Fendler and George lost 6-4, 6-2, to Parkway West's number one team. Salem and Ogilvie lost 6-3, 6-3, to eventual state champion Jeff City.

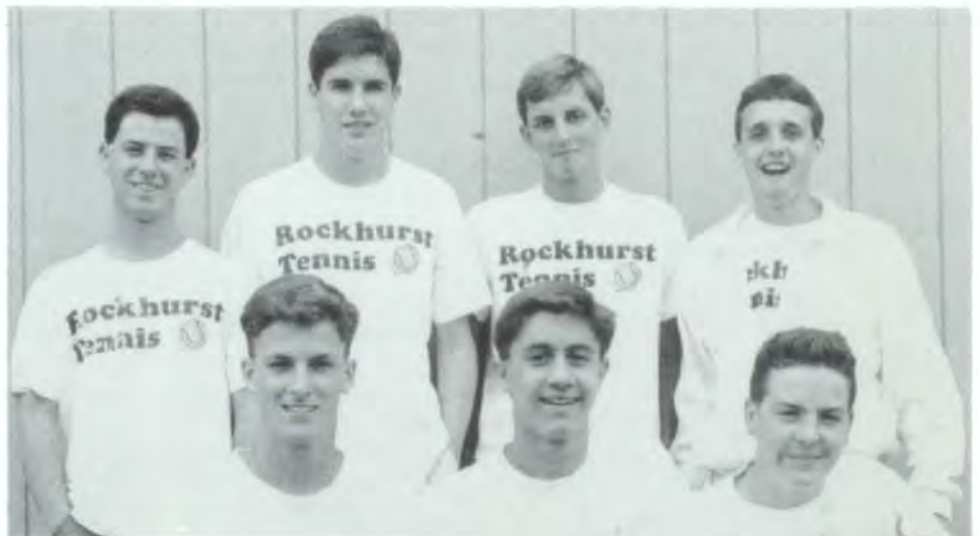

"There was only one break each set, and all but two of the games went deuce, so a couple points could have turned the match around," Ogilvie said.

"The players may be disappointed with the way the season ended at state, but overall, I think they did a heck of a job," Coach Geldhof said.

"It was a good season, and we're glad we were able to return to state, but we know we are capable of more and we'll be back next year," George said.

GOLF

Hopes drenched for state title

The 1990 golf team, coached by Al Davis in his final year, lived up to its expectations, although the team's main goal was washed away at the state tournament.

The team was led by the brother combination of junior Bert Roney and freshman Matt Roney and senior Chris Donaldson, who led the Hawklets with averages of 36, 37, and 38 respectively. Juniors Brian Klausner and Frank Stuppy also played a large part in the Hawklet run for the state title.

The team, which planned to let "Coach" go out in style with a state championship, began the season with a decisive dual-match victory over Lee's Summit. From that point the team went on to defeat Raytown, O'Hara, Pembroke Hill and Blue Springs, with the only loss coming at the hands of St. Joe Central.

In addition to their dual-match success, the team continued to prove its capabilities in the prestigious tournaments. The Roney brothers combined for a four-under-par 68 to win the Olathe South-Wolf Creek best ball tournament. In the Springfield-McDonalds Invitational, in which 20 teams competed, Donaldson led the Hawklets to a second place finish with a round of 75. The only team to place higher than Rockhurst were the Jays from Jeff City, as many other top five state finishers were downed by the Hawklets.

Bert and Matt Roney, Klausner, and Donaldson then led the Hawklets with a 77, 78, 79, and 80 respectively to capture second place in the Jeff City tournament, only four strokes behind Wentzville, the eventual state champion.

The Hawklets captured second place again at the District tournament at Hillcrest C.C., where the Roneys and Donaldson shot 79 in windy conditions to tie for second place in individual competition. But the Hawklets' hopes for their first state title in six years was drowned as torrential rains shortened the 36-hole tournament to 18 holes, causing their sixth-place standing after the first day to remain official.

Donaldson summed up the Hawklets' 1990 season as "a disappointment, maybe, but a very successful and rewarding season."

STUDENT vs. STUDENT

(ABOVE) Senior Michael Keller of the champions "Supreme Court" pulls up for a jumper against Steve Kibler in the championship game.

Kansas City has the Royals, Chiefs, Comets, and Jayhawks, but only at Rockhurst can you find the "el doctors," "Supreme Court," "Wasted," and "Doosh Crew." Rockhurst students enjoyed another highly competitive football, soccer, basketball, and volleyball intramural season, which increased in the number of students participating over a year ago.

The fall season included football and soccer, with each league divided into the divisions of juniors/seniors and sophomores/freshmen. The touch football league and soccer league were enthusiastically supported by the students, and as weather remained hot in October and November, so did the action as the champions were crowned.

Basketball season began in December with 3-on-3, which was a preview of the 5-on-5 action yet to come. Fifty-four teams stormed into the league, adding excitement to those cold February nights. As the top 16 teams entered the March madness, the action really heated up. The champion was declared the week before Spring Break with the senior team "Supreme Court" squeaking out a victory over another senior team, "Better Than Purcell." The game was not without controversy, especially with the quality of officiating, in which "Better Than Purcell" felt cheated out of the title. The "Supreme Court's" P.J. O'Connor summed it up best stating, "Let them whine all they want. It was a fluke they made it into the finals. We felt like men among boys out there." Welcome to Rockhurst intramurals.

The intramural season ended with the ever-popular volleyball league. Due to the large number of teams, the tournament was only single-elimination. Nevertheless, the year ended with a flourish, and the champions were crowned for yet another year.

By Rick Grady, Managing Editor

Rockhurst prides itself on its pursuit of excellence in both the classroom and on the athletic field. This drive towards overall development was publicly recognized when students were honored for their individual efforts with scholarships and post-season honors. The athletic honors were printed in local papers, while the scholarships were printed in the PREP NEWS.

The athletic recognition on this page combines with the academic awards on the opposite page to form a bridge between the Sports section and Academics section of the QUARRY.

Academics

The people seen in this section metaphorically represent artists. They are the ones who bring us their knowledge and experience, molding our minds into exceptional works of art. Inside and outside of class, their honest caring and passion for teaching truly designates them as the builders of Rockhurst High School.

This year's section is organized into departments to make it easier for the reader and to allow more space for feature articles. The poetry included in this section, written by Academics Editor Ash Sawkar, along with the photography, tries to recapture some of the timely moments we have spent together in the classroom. By Ash Sawkar, Academics Editor

Maintenance crew keeps Rock from falling apart

There were many new changes at Rockhurst this year, and the maintenance crew was right in the middle of every one.

Mr. Dave Ellis, the building superintendent, has kept this school going for the four and a half years that he has been here. Besides keeping the grounds clean and solving basically any problem from the boiler to the water mains, he now has many new tasks because of the Rose Theater.

"It's a great responsibility," Mr. Ellis said, "but I'm excited about our state-of-the-art theater. It means a lot for the kids to experience new kinds of learning in the arts."

Mr. Ellis has gotten a lot of help from Mike Willis and Harry Ward." Harry has been really great," Mr. Ellis said. "Practically alone, he has worked on the entry way to the new theater from the electrical wiring to the finishing touches of the entrance and the elevated walkway."

It's a great responsibility for the maintenance crew to take care of this school. They get very little recognition because they're always working behind the scenes, but without them Rockhurst High would be in a sad condition.

by Phil Khoury, Staff Writer

(Above) Mr. Ellis touches up the outside of his new office.

FINE ARTS

(BOTTOM) Freshmen Scott Leiker and David Kramer share a laugh with their acting teacher, Mr. Zimmer.

(RIGHT) Senior Barry Ryan proudly puts the finishing touches on his personal plate.

(BOTTOM RIGHT) Pottery instructor Mrs. Greany helps senior Sean Cussen decorate something only he could call art.

*Drawings and pottery
scenes from famous
pages
filled our halls
and graced our stages
What was once left in
solitude
is now greeted
by a multitude
But we must never
forget the
roots of success.*

COUNSELORS

(LEFT) Mr. Munninghoff and Mr. Berg are enlightened as they discuss a student's file.

(BELOW) Mr. Heringer assists junior Ryan Laws with a computer program that suggests possible colleges and scholarships for college bound students.

3..2..1..IMPACT!

Established in 1989, IMPACT—a group of concerned faculty members and administrators—made quite an "impact" on the Rockhurst community.

Dedicated to serving those students needing personal attention for various reasons, IMPACT implemented a much-needed social welfare program for the school community. While some of the problems addressed by the group concerned the academic life at Rockhurst, a great number more came from the psychological area—problems such as social adjustment and depression.

With problems as serious as these, the response of faculty volunteers to work with the group was tremendous.

"I was excited to see the genuine concern and generosity generated by the faculty," remarked Mr. Stan Herbic, coordinator of IMPACT. The group consisted of fifteen positions, with two trainees for the upcoming year.

While the problems dealt with by IMPACT are not always that visible in the Rockhurst community, the main goal of the program, in the words of Mr. Herbic, is "to detect potential problems early so that it is possible for appropriate school officials to intervene with the hope of preventing the students from getting into more serious problems."

By Ash Sawkar, Academics Editor

Freshmen

The Class of '93—through orientation, direction days, Homecoming, and retreats—became friends for life and a permanent part of Rockhurst. With their Senior Brothers, they adapted to a new lifestyle with more freedoms, more fellowship, and more fears.

Now, this section introduces the Class of '93 with pictures depicting freshman life from school mixers to enthusiastic sporting events to unusual teachers who drove freshmen berserk. Together, we formed our own identity and carved ourselves a piece of the rock. This is what our class is all about . . .

By Mark Donnelly,
Freshman Co-editor

NEW
KIDS
ON
BOARD

Adapting

Throughout the year, the class of 1993 has been through a lot of changes. When we first got here, we were little freshmen trying to make a good first impression on teachers, coaches, and other students.

We started our lives at Rockhurst with Freshman Direction Days when we came together with our Senior Brothers and got our first taste of the school. We had all started our respective sports: football, soccer, and cross country.

Just a few weeks into the school year, we had the Freshman Retreat, a very spiritual day for everyone involved, highlighted by a mass at the end of the day underneath the stars on the practice field. As the year went on, we witnessed our first pep rally and heard the infamous chant, "Freshmen off the hill!" We were introduced to the cheering sections at the football games, and we began to realize that going to school without girls isn't as bad as we thought it would be. We rounded out the fall sports and a promising cross country squad. We watched the varsity football and soccer teams go to state, as well as a cross country runner. We then moved into the winter time as we continued to grow not only in mentality but in morality as well.

Phew! We had survived the first semester. Now it was on to three new classes as most of us had returned for a second semester. Quicker than we could have imagined, we were through the month of January and into February. With the long-awaited Grand Opening of the Rose Theater, we were all introduced to the building that would be a big part of our lives at Rockhurst for the next three years. If you had worked hard enough to receive academic honors, you were invited to the grand opening, a treat for everyone. In March, we got our first long vacation since Christmas. . . Spring break—a much needed time of rest for us freshmen after along year. We got our first taste of an assembly in the new building with a very moving S.A.D.D. assembly.

As we finish our inaugural year at The Rock, I would say, as president of the Freshman Class, that not only has this been a learning experience but a very fun experience.

Seniors welcome little brothers

Helping the freshmen bridge the way between junior high and Rockhurst were the Senior Brothers. Their advice and friendship guided the freshmen in their first days.

Freshman Matt DeCoursey commented, "My Senior Brother helped me along. He showed me the ropes at Rockhurst. He told me what I could and couldn't do, and he tried to keep me out of trouble."

Freshmen first met their brothers on Freshman Direction Days. At first, the freshman and the senior brothers didn't know each other, but they grew to be friends in a night. The seniors felt that it was one way to give back to Rockhurst what Rockhurst had given to them.

The freshmen used the time to get to know each other and the school. Matt DeCoursey also said, "Freshman Direction Days really helped. They helped me to get to know my way around school. It also helped me get to know people so I wouldn't be a stranger on the first day of school."

The brothers were also united on the day of the Freshman Retreat. From noon to ten, the retreat was full of fun. The day started with drawing images of the Rock, which quickly moved on to "Win, Lose, or Draw" skits by the seniors, frequent journal reflections, and a discussion with girls from St. Teresa's or Sion. The day ended on a solemn note with the celebration of the mass. Overall, both the freshmen and the seniors enjoyed the experience.

Freshman Philip Tierney said, "The retreat was good because we had time to reflect and have fun at the same time."

GETTIN' SOCIAL

There are two things that a guy likes: a hot car and a hot date. Most freshmen might not have the first, but they have the second.

The first step to asking someone out was to see a lot of girls. The freshmen did this at the Blue and White mixer. Being advised to "Stay off the hill!" by "Macho Man" Mark Mehrer, freshmen met girls from St. Teresa's and Sion in the gym after the game. During the course of the night, many met their Homecoming dates and asked them to the dance.

During the next four weeks, they talked to each other and met for dates. On Homecoming night, the guys treated the girls to dinner at restaurants such as Winstead's. At the dance, they jammed to the band and got their pictures taken. Afterward, couples went out to T.G.I. Friday's, bowling, or to get ice cream.

The football games also allowed the freshmen to socialize. While cheering on the Hawklets, the freshmen got to meet other people. Battle of the Bands provided an opportunity for freshmen to meet again. Here they gathered class spirit and supported their favorite band.

Christmas in October gave the freshmen a chance to develop Rockhurst's motto: men for others. In this, the freshmen gave their time to those in need. They painted, roofed, or just generally repaired run-down houses. This awoke in the freshmen a realization that the world needs them and let them do something about it.

Such activities revealed to the freshmen what it means to be a part of the Rock.

Freshmen enjoy unusual teachers

"Freshmen couldn't find their ?!'s with a road map! Freshmen are whale ! ?! floating to the bottom of the ocean! Freshmen are not MEN!

Ah, yes, the dreaded first day with Mr. Goben. A version of this speech is directed at every geography class at Rockhurst. After these few words, he goes on to reveal how he will mold us into something resembling humans. By one class's count, in addition to his opening speech, he had used 11 expletives before the bell and thrown his podium across the room.

Unique, shall we say? Yet he is not alone. Different teachers make the adjustment to Rockhurst difficult and entertaining.

On the other side of the coin is Mr. Ramsey, the man who answers questions with questions. "Can I turn this in late?" "I don't know, can you?" "May I?" "Why?" "So I can get a better grade." "No. Zero. Card, please."

An interesting pair of opposites are Coach Sev and Coach Davis. In Coach Sev's class, you do the sports. Coach Davis's class, on the other hand, spends about 20 minutes doing the sports and the rest learning about a wide range of topics including the 40's, how to get rid of communism, and sexual promiscuity. And who could forget "Drop 'em, boys. Jock check"—especially during a mother's club meeting.

The model math teacher, Miss Pretz, whizzes the equations around while talking to her chalk. Another class favorite is buying number bags and multiplication signs and on-sale thinking caps at the "Number Mart."

These teachers, as well as those with more orthodox methods, allowed the freshmen to enjoy school while learning.

SALE-O IS HUGE SUCCESS

This year's Sale-O-Rama was described by general chairperson Mrs. Pat Schieffer as "a big success," not only because of the \$72,000 net profit but also because of the nearly 650 parents, students, and faculty who turned out to work.

"This is the biggest sale we've had since we moved to the fall," Mrs. Schieffer added. "More things were bought, more shoppers came, and we made more money."

Mrs. Schieffer cited Fr. Bill Steiner for working all year round to make the sale a success. "Year in and year out, Fr. Steiner is always there," she said. "He's the constant among all of the variables. I don't know what we'd do without him."

Interaction with friends, meeting new people and helping out the school were reasons given by the students for working at the sale.

"It's a lot of work, but it's worth it," said Mrs. Molley Smolen, one of the five co-chairpersons, "not just because of the dollar figure at the end but also because the fathers, mothers, and kids are able to help the poor, who benefit most from the sale."

Sophomores

It was the toughest year we've had; and yet there is still more. Hopefully you've all enjoyed it from dances to classes, history tests to biology labs, pep rallies to parties on the weekend, and being crazy to dodging demerits—through it all we have survived . . . well, most of us. I tried to capture for you the wise morons that you are. The photos and stories are an attempt at summarizing sophomore year. It isn't just a few people that make us who we are, it's all of us. I couldn't have done it without you. Now just sit back and ENJOY.

ENJOYING!

Our sophomore year was enjoyed by the majority of the class. It was our first year of returning to the Rock after our summer activities. It was a year that we will remember the rest of our lives, whether it be because of personal achievement, spiritual development, or self-discovery. Finding out who we are is a challenge for most of us, but as a class we helped each other solve that mystery.

As Rockhurst students, we experienced many events in our lives together. This year we spent time together in activities such as the Sophomore Days of Recollection, class and all-school Masses, and several weekend outings. The majority of us volunteered time to Sale-O-Rama, the CACHE auction, and the Special Olympics. These events and time spent together brought out the best in every one of us. As Rockhurst students, our best is the norm.

Many of our fellow classmates excelled in personal achievement in sports and academics. Their success came in large part because of the support they received. As a class, we've displayed great encouragement, whether it be in the stands at sophomore or J.V. games or in study groups at the library. The class of 1992 is blessed with many well-rounded students who

are also religiously sound.

Each and every one of us has grown to be a more responsible, caring friend in the last year. We are all individuals who combine together to assemble a talented, well-rounded group of guys. Our class can and will accomplish a lot together in the second half of our Rockhurst education and throughout the rest of our lives.

As we head into our junior year, many of us will look ahead to it with anxious eyes. We must be open to further development as more well-rounded persons. We must maintain support for each other and grow as a class.

As upperclassmen, the Tradition of Excellence will rest upon our shoulders. We all will work hard together because we can become the best.

May God be with you.

By David Thorn, Sophomore Class President

The Exam Above All Exams

Anxiety and anticipation fill my mind. By the end of the day, I will explode in relief or drown in sorrow. For six months I have prepared for this. I've studied and practiced. Finally, my birthday—and I now have the chance to test into new freedoms brought about by my DRIVER'S LICENSE!

The written test is distributed. "How many seconds before sundown should you turn on your headlights—and how do you know when it's sundown?" "How many car-lengths should you maintain between your vehicle and the one ahead of you when you're traveling 53.89 miles per hour?" "How many days will you rot in jail if you fail to come to a complete stop at the signal in front of the police station?" Eventually I sweat it out and barely pass the written test. This has already been the most nerve-wracking day of my life. I'm only 16, too young to have a heart attack! I HAVEN'T EVEN DRIVEN YET!

I now meet my execu . . . that is, examiner, Buford, who is 6'4", 280 pounds of muscle. He has the look of a man who has had a very rough day.

We pull out and I am driving fine until I approach the first intersection. I'm getting clos-

er and closer, when suddenly the light turns yellow. Now what am I supposed to do?

"Go for it!" I tell myself.

"No, you'll never make it."

"Go!"

"No!"

At the last second, I stop—a stop which sends Buford forward with a jerk. He reaches for his clipboard.

The examination proceeds without further incident, but the most dreaded part still remains: PARALLEL PARKING.

I give my best impression of parallel parking, and Buford steps out to admire my job. However, there isn't much to admire. I'm three inches in front of the car behind me, three feet away from the car ahead, and a foot and a half away from the curb.

Buford s . . . l . . . o . . . w . . . l . . . y tallies the results.

I did it! I passed the test! Look out, street-goers, here I come!

Sophs shave heads for soccer success

It was just another routine autumn at Rockhurst as students became reacquainted with their classmates, made plans for Homecoming, and braced themselves for state championship quests in soccer and football. Everything was going as planned when THEY arrived at the Rock. "They" were four JV soccer players—Joel Buffington, Corey Dugan, Matt Koetting and Jeff Kuntz—with haircuts that threatened to tarnish the image of the school forever.

What would cause them to risk their reputations and dignity by exposing a part of their bodies never before seen by the human eye? Inspired by the haircuts of varsity sweeper Steve Dobbins and JV teammate Chris Dennis, these daring individuals decided to develop team unity by shedding their hair.

"We were bored with our old haircuts," freshman Matt Koetting said, "and all four of us wanted to do something fun."

The players cut their hair before the game against rival Bishop Miege, and, despite having to deal with abuse from both parents and friends, the players said that the haircuts paid off as the Hawklets beat the Stags and went on to win five of their last six games.

"I might do it again next year," Koetting even said. "It makes me run faster."

The Pick-up Line

Adam and Eve, Ozzie and Harriet, Mike Tyson and Robin Givens—okay, bad example. The search for the perfect girl is as old as time.

Of course, there are many different ways to woo the ladies, but for purposes of this article, let's just deal with opening lines.

The preferred approach is the simple technique of lying. For example, one may entice a lady with the information that you own the establishment you are in or that you are a UCLA med student, or you could go as far as history teacher Mr. Koesterer and say that you're a Brazilian croquet player.

There's always the old favorite of coughing and saying that you have only two weeks to live. (Note: This may backfire if the girl finds you still alive after the designated time limit.)

If you are a truthful soul who doesn't care to practice deceit, there is always the alternative—flash money. Blow an obscene amount of cash on a convertible, a double-breasted Italian sportscoat, and some gold or diamonds and you'd be set.

If you don't find these suggestions helpful, you could always try being yourself, telling the truth and using your God-given talents . . . nah, what fun would that be?

THE SUBSTITUTE

"Hey, man, didja hear?"

What could I have possibly missed? Everything gets around pretty quickly here at Rockhurst.

"What?"

"Fr. Bare is sick today."

"I didn't know priests were allowed to get sick."

"There's more —our sub is Coach Kaiser."

Oh, no—the only person in the world who could make English worse than it already is.

When I got to the classroom, Coach Kaiser was already there. He took roll and nearly massacred the pronunciation of names from Smith to Zzmkskjwyke. It quickly became apparent that our mission was to drive our substitute insane.

Determined to conduct class, Coach inquired about the topics at hand. Eager to assist, one student

raised his hand and stated that we were studying the influence of sexual activities on the literature of the Middle Ages. Seemingly unshocked, Coach exclaimed happily, "Perfect! That was my master's thesis," and we spent the next half

hour listening to stories about knights and damsels in distress.

Discouraged, the class resorted to violence, and for the next 15 minutes, Coach Kaiser endured an intermittent barrage of superballs and paper airplanes. He, however, emerged the victor as he gave out twelve demer-

its, three jugs, and a referral by the end of class. Only I escaped unscathed to tell the tale.

Juniors

The following 18 pages provide a closeup view of the true Junior Class, the Class of '91. These pages are full of photos—photos that represent the juniors and their experiences ranging from Christmas in October to Mr. Norman's wild antics, Chris LeCluyse's catching his hand on fire in chemistry class to Junior Retreat and the Junior Ring Ceremony, and Sal Avila's knack of falling asleep in every class to Mr. Ruby's "Watershed Theory."

These experiences have molded us into the Junior Class capable of leading the school into the 90's. Now this is our story . . .

By Andy Zmijewski, Junior Editor

EXTREME
PRESSURE
HARDHATS
REQUIRED

RH

Uniting

I suppose that if there were any, the theme most characteristic for the class of '91 would be "unity." Returning to school this past fall, the juniors were united from the start, ready to tackle chemistry, history, or analysis together. While we were tackling academics, our sports also brought the class closer. Whether it be a Brian Frey dunk, a Pat Hernandez steal, or Jason Long carrying the victory flag after "the payback game," the juniors came together in a feeling of inspiration that kept everyone going.

The juniors' unity extended even further with the many activities and events throughout the year. Sale-O-Rama, Christmas in October, Special Olympics, and the Rose Theatre opening all allowed us to contribute and build our responsibility together.

Aside from the many activities, the administration hit us with an even greater project to unite us. We were the first class to participate in the "Junior Formation Days." By education on racism, service projects all over the city, and opening up to others on the junior retreat, we came to know ourselves and others much better. With the formation days and the numerous other events, it was very difficult not to catch the spirit of the Rock.

Using what we have learned our first three years at Rockhurst, the Class of '91 looks to grasp the responsibilities and leadership that comes with being a senior. The Rockhurst High class of 1991 is ready to continue the legacy of excellence that has always been a tradition at the Rock.

Bert Roney, Junior Class President

Bert Roney

Norman lives love for kids

If a student happens to pass room 203 on any given day at Rockhurst, he may be shocked to hear a shrill scream or the crash of a fist onto a desktop. These sounds do not indicate any anger or violent intent—rather, they are part of Mr. Thomas Norman's teaching method. "The challenge with teaching theology is that you're dealing with ideas," commented Mr. Norman, "so we'll try to act the thing out." act the thing out."

1990 marks Mr. Norman's ninth year as a junior theology teacher at Rockhurst. In addition to teaching, he also moderates the National Honor Society (seven years) and Students Against Drunk Driving (six years). One of the most innovative and original faculty members in the school, Mr. Norman enjoys the freedom these extracurriculars give to students and teachers alike.

"NHS to me is a wonderful opportunity to do some wonderful and creative things," he stated. Amnesty In-

ternational, SADD, the Battle of the Bands, and Christmas in October, all of which have emerged from NHS, give testimony to the new ideas continually surfacing there.

Mr. Norman's vigorous approach to life is not limited to the classroom, however. At home, he and his wife Robin care for four foster children ranging in age from five to seventeen. The Normans' own two children, Josh and Katie, join Cindy, Josh "O," Donna and Eddie to form the Norman family.

Mr. Norman gives his wife much of the credit for the caring attitude of the family. "My wife is a very holy person," he says. "She just loves kids."

Through his devotion to his family and to the Rockhurst student body, Mr. Norman seems to demonstrate an equal devotion to the younger generation.

(RIGHT) Carlos Prendes displays a gift certificate to the Nelson-Atkins Art Gallery at CACHE while (LEFT) Jason Fauss cuddles up with a new friend.

CACHE total highest ever

CACHE 1990 attracted about 600 people on its way to grossing \$350,000, the highest total ever.

Mrs. Judy Scanlon, secretary to the president, who also helped oversee the auction, commented, "There were many wonderful, wonderful people who gave a lot of neat things, but the biggest factor was the crowd; people came in a festive mood ready to buy."

CACHE, which stands for "Concerned About Christian Heritage and Education," raises money for operational costs of the school, in turn, helping to keep tuition down. "It was a lot of hard work, but it was really worth it. We had a fun evening, and we made money for the school; that's a good combination that's hard to beat," Mrs. Scanlon said.

Among the many donated gifts sold at CACHE 1990 were a Geo Tracker, a Pontiac Bonneville, a 23.38-carat diamond ring appraised at \$150,000, several trips, and six puppies.

LOCKER LOOKS

Since the youthful days of the "cubby hole," it has been apparent that the way one keeps his locker is a deep reflection of his personality. From being deplorably neat to my personal technique of "organized clutter," everyone's locker is different.

As one walks through the halls of Rockhurst between classes, the differing tastes of students become apparent. Statistically speaking, most people enjoy viewing pictures varying from cars to women (and hot women at that) to Michael "Air" Jordan. Others arrange their lockers as

if they were banquets with all the food kept behind the locked doors. Still others put up pictures of different rock groups or use their lockers as closets for their wardrobes.

Occasionally one will find a student who keeps some books in his locker, but this is a rare instance. Some enjoy taking part in the ever popular hobby of stuffing fellow classmates into their lockers, but in an over-all survey, the most popular thing to keep in a locker, besides books, is absolutely nothing.

Ours is a world made up of many different people who combine to form one society. It's refreshing to know that there is still a place where one can display his own personal tastes—and maybe keep an occasional book at hand as well. By Michael Pateidl, Sports Editor

Program prepares leaders in service

Among the many "firsts" at R.H.S. this year was the initiation of Junior Formation Days.

The program consisted of three components: education, service, and a retreat. The three parts combined to increase the juniors' awareness of the problems of our society and an acceptance of responsibility for helping to solve these problems.

The first part of the program, the educational component, combined group discussion and role-playing with lectures by guest speakers such as the Panel of American

Women. The main focus of this segment was to find ways of avoiding any sort of racial or sexual prejudice so that we can all live together in harmony.

The service component dispersed the juniors to various parts of the metropolitan area to work in various service environments. This part of the program had the effect of helping the juniors to make true the words "Men for Others" by putting the participants in situations to readily help those in need.

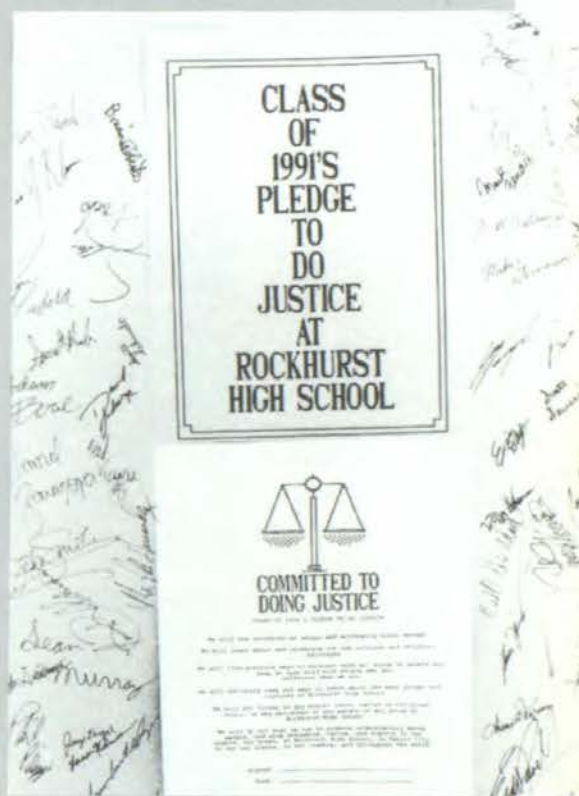

The retreat gave the juniors time to reflect on themselves spiritually

and to relax from the daily pressures of school life.

Reaction to the new program was generally encouraging. Most of the juniors seemed to enjoy the experience, and some felt more ready for the Senior Service Projects after having been through Junior Formation.

In the words of Mr. Tom Norman, Junior Formation days are "a wonderful beginning to the continued effort to make being a man for others more than just a topic of conversation."

**Juniors finally get
the chance to . . .**

Wear the Ring

The long-awaited moment had finally arrived. On May 18, 1990, the class of '91 was initiated into a leadership role at RHS through the second annual ring ceremony.

This mass and assembly took place in the Rose Theatre and was led by Fr. Cummings. Fr. Grovenburg blessed the rings and aided Mr. Norman, Mr. Delehunt, and Mr. Kreikemeier in distributing

them to the juniors.

Later that evening, the juniors celebrated their new power at the first annual Sp''ring'' Dance. Over eighty juniors attended, and it was deemed a great success by class officers Ash Sawkar and Bert Roney. With that, the Class of '91 was ready to take the helm of the Rockhurst Community.

By Patrick Fanning,
Staff Writer

(FAR LEFT) Mr. Dwayne Kelly inspires the Rockhurst community to act on environmental problems. (LEFT) Juniors Matt Flaherty and Dan Ulitchny are not earning date money but collecting aluminum cans during Earth Week. (BELOW LEFT) John Cucar seems jealous as Bert Roney shows off a lunch box used in an effort to conserve paper. (BELOW) The cans begin to mount for the Brother Eilert Scholarship Fund.

Let's Save the Earth!

Rockhurst students celebrated the first annual Earth Day Assembly in the Rose Theater. The purpose of the assembly was to heighten our awareness of the problems our environment faces around the world and in the community. The assembly was both the culmination and the beginning of a great deal of environmental activity.

In preparation for the assembly, numerous tasks were accomplished. Aluminum cans were collected by a number of students during both the freshman-sophomore and junior-senior lunch periods. The large number of cans were then

used as a prop during the assembly and then given to the Brother Eilert Aluminum Can Scholarship Fund. A number of students also donated their time in drawing posters and advertising Earth Day in coordination with a committee that planned the assembly.

The assembly itself featured two informative and captivating speakers. Mr. Dwayne Kelly, an Ecology teacher for 30 years, travelled from Northeast Magnet High School to discuss his interest in the environment and ways we could make a difference. Coach Dennis Bullard also gave a presentation on practical

ways to improve the situation in our immediate community.

All the fervor that prepared us for Earth Day 1990 did not fizzle away after the event was over. As a result of Earth Day, an Ecology Club was formed. Under the guidance of Mr. Norman and Mr. Delehunt, the Earth Day assembly planning committee was transformed into a permanent group. The excitement created by just this one day was so strong that it became the source of an active organization that has already had an impact on the Rock.

Seniors

Senior year, our last year—
captured here—
the agony, the hope, the un-
certainty, the confusion, the
joy and eventual triumph of our
final year—
the year in pictures,
Rockhurst the way we knew,
loved, and will remember it, on
the following pages, recalling
our last times together as a
class.

This our history,
ending here at the Rock but
beginning anew
elsewhere.

LEADING

After four years of service, friendship, and pride, the Class of 1990 will now strive for success outside of the Rockhurst community. With our great education, optimism, and will to succeed, there is no stopping us in the future.

When we came to Rockhurst in the fall of 1986, we fell into the typical initiation traps like buying elevator passes, but through all of the hardship freshman year had to offer, we slid safely into sophomore year with hardly any scratches at all.

We were the typical "wise fools" as sophomores, trying to attend junior/senior parties, trying to act cool with our new drivers' licenses, and treating the freshmen like unwanted scum. But we slowly began to realize what Rockhurst was really all about.

By the end of our sophomore year, we had experienced two football and one basketball state title. We were considered an extremely strong academic class

with great potential. And most of all, our class was "together."

Junior year brought about our excellence. We felt like we were leaders of the school, almost as if we were seniors. We were making ourselves part of the history of Rockhurst. We were all set for the climactic senior year, the end to our successful tale.

Senior year: so much can be said. We brought second places home in both soccer and football state competition, and seniors offered strong leadership in academics, extracurriculars, and service to both school and community.

As we leave Rockhurst, we will miss most of all the unity of the Class of 1990. Surely our commitment to success and our class unity will be credited by all who know the graduating Class of 1990.

Out-to-lunch program gets mixed reviews

The faculty allowed Rockhurst seniors the privilege of going out to lunch. While this may have seemed like a great advantage of being a senior, the program had its flaws. As senior Greg Cotton pointed out, "It's too short; you have to buy and eat your food in 10 minutes, rush back to school with your coke spilling on your pants and grease dripping on your steering wheel, and then sprint back to your fourth hour class. If you're a couple of seconds late, you get a jug."

Senior Frank Davis observed, "It's better than not having one, but if they expect us to act like men, they ought to treat us like men and not make us sign out."

Chris Donaldson offered a solution to the time crunch. "They should put the senior lunch period before activity period, so the seniors can stay out longer."

While seniors enjoyed the chance to eat out, the time shortage sometimes made the program a race instead of a chance to indulge in the fine cuisine of McDonald's.

Seniors Take A Break

Sitting across the border on the Yucatan Peninsula, 30 "gringos" from Kansas City soaked in the rays at a popular beach resort. The Americans needed their rest because they had many adventures planned for the evening. What was the cause for such leisure? Spring Break '90, of course. Students either travelled to tropical resorts, explored the ski slopes of Colorado, went on family vacations, or relaxed at home in Kansas City.

Described earlier, the trip to Cancun included snorkling, parasailing, deep sea fishing, historical tours, and some serious partying. Students vacationing in Padre Island also had the opportunity to develop their tans. Much time was spent on the beach where plenty of sunshine and pretty women were featured all day long.

While many seniors opted for tropical weather, other students skied the slopes of Copper Mountain, Vail, and Steamboat. Nearly 20 seniors drove to their winter paradise and arrived exhausted but eager to hit the slopes. After a full day of skiing, the ski-bums hit the night-life with eagerness and a full day of tumbles behind them.

Another popular spring break "hang-out" was back home in the great midwest—Kansas City. While the weather was pleasant the majority of the break, torrential snowstorms hit near the end of break, much to the chagrin of the local dwellers.

Spring Break '90, wherever it was spent, was a much-needed reprieve for the seniors as they climbed the ladder towards the fourth quarter of their senior year and for some began their "Senior Slide."

Learning to Love

As part of the formation that a Rockhurst student undergoes from freshman to senior year, a senior performs a three-week service project in the community to help the needy. This improves the character of the senior class by truly making them "men for others."

Seniors were sent into schools for the physically and mentally disadvantaged, nursing homes, and grade schools across the Kansas City area. Most of the project sites were more than glad to receive the extra help from the "fine young men" sent out by Rockhurst High School. There is no doubt that this added to the already positive image of the school.

The project was organized by Mr. Frank Griffin and Mr. Peppino Lynas, who were of great assistance in helping the 190 students find projects.

Some students returned disappointed because their projects were over and returned to visit their sites later during the second semester. One senior was quoted as saying, "As soon as I walked through the door, the kids jumped all over me. They were so glad to see me."

Although the projects only lasted a short time, the experience will stay in the seniors' minds for many years to come and will contribute to their overall character. Mrs. Ressie Brock, principal of the B. W. Shepherd State School for retarded students, claims, "The experience will contribute to the moral decisions a person will have to make later in life." The Rockhurst motto of being a man for others was clearly shown during those short three weeks.

Colleges

Create Confusion

As we entered our senior year, little did we know how challenging it would be to apply to college. For many, the process was frustrating, time consuming, and expensive. Personal essays, standardized tests, interviews, complicated forms, and application fees were all dealt with by most high school seniors. But according to Doug Triggs, who was accepted at Rice, "what you put into it was what you got out. I know it sounds cliché, but a person has to put forth effort if he hopes to be accepted by a certain college."

Other seniors felt the physical and mental tedium was not worth their effort. Robert McNamara, accepted at Northwestern, knew that, after spending many hours on a particular application, whether or not he was accepted "could depend on the whim of one of the admissions officers on that particular day." Such frustrations about the mixed-up admissions process were vocalized by other frantic students in this confusing process.

"The whole thing's almost a farce," rings out Jim Deeken, accepted at Vanderbilt. "One can work hard for four years, achieving the hallmarks of a good academic standing, and be rejected by a college on the basis of a test that's less than four hours' work—the SAT."

Scott Dennis, accepted at Notre Dame, claims, "The entire process is a burden because it requires too much work for students and even takes time away from studies. There is too much pressure involved because one standardized test can determine your entire future. Often students are admitted to colleges as statistics instead of as people."

With the admissions game finally completed, most seniors were excited about attending college. Whether attending universities from Chicago to New Orleans or from California in the sunny West to New York in the frigid Northeast, the struggle of the college admissions game was shared by all.

(Below) Robert Madden and Matt Koehler enjoy a slow dance with their dates. (Top) Seniors party to the sounds of "Perpetual Change." (Middle) Tony LanFranca, Steve Dobbins, Barry Ryan and friends line up for pictures. (Bottom) Seniors at Brian Tarwater's table seem to enjoy the good food and company.

RHS

Seniors have terrific time at **PROM 1990**

For seniors, there are two events that make May the exciting month that it is. One of these is, of course, graduation. The other is Prom.

Advance planning is needed so the evening runs smoothly. Tuxes must be rented, limos reserved, and money raised for the ticket. None of this can be done, however, until a date has been found.

On the big night, after he showers, shaves, and combs his hair, the senior is worthy of his elegant formalwear. Leaving his room, he encounters Mom and Dad, poised and ready with camera in hand. He quickly gets the corsage from the fridge and exits amid cries of "Don't forget to stop by!"

After picking up his date and "totally forgetting" to return to his house for pictures, he arrives at the Hyatt Regency Crown Center.

Dinner, "served promptly at 7:30," arrives at 8:10 and then the dancing begins to the sounds of "Perpetual Change."

Later, it's off to after-Prom at King Louis West, where seniors and their dates bowl less than perfect games, ice skate (and fall) less than gracefully, and shoot billiards into the wee hours.

The evening ends with breakfast and a dawn arrival back home, capping off a night that holds many memories for years to come.

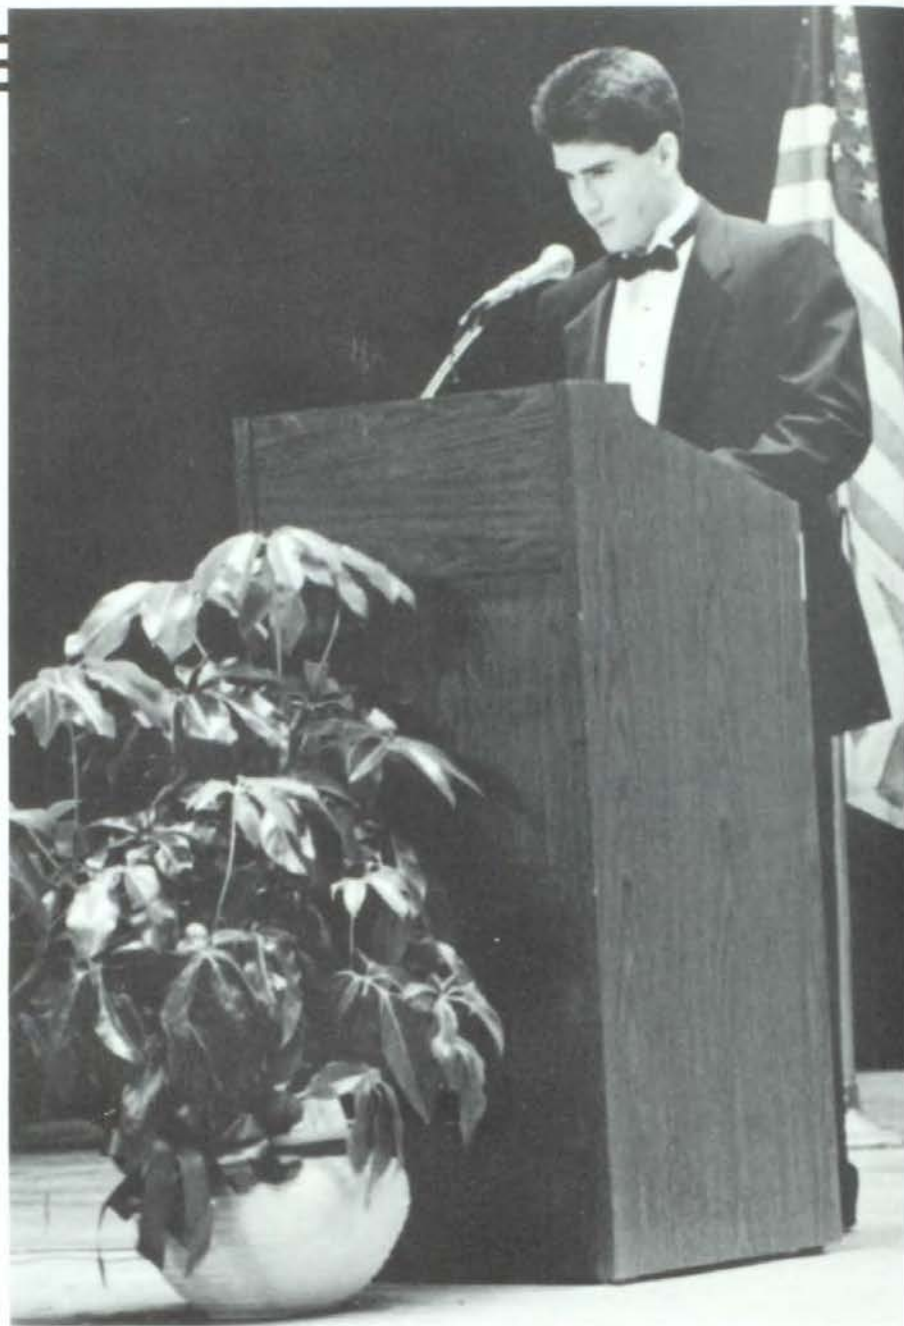

By Steve Salem, Staff Writer

(Top) Eric Baker and Geoff Vontz demonstrate how to have fun dancing or just standing still. Bottom left Chris Oldham makes room for Mark Mehrer's energetic dancing style. (Right) Kevin Effertz and his date take time for a hug between the salad and the main course.

GRADUATION

(Left) Greg Egan accepts his long-awaited diploma. (Right) Brian Downey presents memories of the past and challenges for the future. (Bottom) The Class of 1990 enters the Music Hall for their final honors.

T ime to celebrate four great years

There comes a time in each senior's life when four years of hard work and struggle fade away, and a new, uncertain and exciting path emerges. The focal point of this important change is graduation.

Graduation marks four years of friendship and academic achievement coming to an end. It signals the end of high school life, which we as a class loved, hated, and struggled through. Yet at the same time, it is a new beginning.

Graduation Day started off with a mass, as students and their families and friends gathered at the Cathedral to celebrate the Eucharist with Fr. Cummings. This was followed by a brunch at the Barney Allis Plaza Hotel. After brunch, students walked over to the Music Hall to assemble for their

graduation rituals.

Master of ceremonies Todd Schieffer kept the program running smoothly, introducing the various speakers, including Carl G. Kloster Award Winner Brian Downey, who presented a humorous and nostalgic account of our four years at Rockhurst, from the time we appeared at our first fall sports practice to that day, when we found ourselves at the Music Hall, eager to receive our diplomas.

Pat Moran received the valedictorian award, and Norm Bamber was recognized as salutatorian. Coach Davis and Mr. Tuckness were commended along with Father Synder for their service to the school, which ended this year, as we as a class also left Rockhurst.

By Jim Deeken, Senior Editor

"For evil to triumph, good men must do nothing. Don't do nothing. For God's sake, do something."
Fr. Cummings' homily

(Left) At last! Seniors throw their diploma envelopes high in the air . . . but they hold on tight to the contents.

(Above) The big day is finally here. Don't they look a little anxious?

And the Survey Says

WHAT TO YOU THINK WILL BE THE BIGGEST PROBLEM THE U.S. WILL FACE IN THE '90'S?

- (1) German re-unification
- (2) Bush dies; Quayle President
- (3) Competition with European markets
- (4) The deficit

Also mentioned:

Drugs, A.I.D.S., and a critical shortage of Twinkies

WHAT IS ONE MAJOR CHANGE YOU WOULD MAKE AT ROCKHURST?

- (1) Women! (by a large majority)
- (2) Lose the neon rose
- (3) No surveys
- (4) Bigger course selection
- (5) More snow days

 ginia Greenlease at the Presi-
 dent's Dinner.

Fr. Snyder leaves legacy of ideas

The Rockhurst community was sorry to see Fr. Joe Snyder, S.J., leave Rockhurst at the end of the school year. During his five years, he directed many successful programs, especially in the areas of curriculum, staff, pastoral, and extra-curricular activities.

"I hope accomplishments have been made. In curriculum, two major areas are the development of the fine arts curriculum and computer technology and computer courses." In staff areas, many changes have been developed as well.

"Mentor teacher programs and programs for teachers new to the school were implemented by pairing experienced teachers with new teachers to help them become acclimated to the school, to work on their own teaching techniques and to know what the community is like here," Fr. Snyder said.

A sophisticated communication system was brought to life by Fr. Snyder as well.

"The fact that we've established a fairly elaborate committee system

has helped in communication and made sure that people are involved in decision making processes, and, I think, in the end it's helped with morale," Fr. Snyder said.

"He has brought communication to the school by bringing parents, faculty, and students together through committees such as Student Life, Educational Policies, and monthly faculty meetings," said Mr. Stan Herbic, RHS assistant principal.

Another accomplishment for helping students and faculty was initiating the activity period. During his tenure, "enhanced emphasis" was also placed in the areas of fine arts, speech and debate, journalism, and the QUARRY due to new facilities. Fr. Snyder will take his memories to the University of Kansas where he will pursue his doctoral degree. Beyond that, he has not speculated on what his future holds.

"Fr. Snyder has had a tremendous impact on Rockhurst, and he is the most diligent worker I've ever encountered," Mr. Herbic said.

By Steve Salem, Staff Writer

"The development of the Junior Formation Program has been very important to me because we are hopefully getting to the point where students really see that they are to be leaders in service. That would be one area I'm really proud of."

Fr. Snyder prepares to confront the "Big Paper" ahead, his Ph.D. dissertation.

Coach Tuckness

Another hero retires

Every school has its own heroes and legends who pass on the traditions of an older generation to the younger one. One such individual in the Rockhurst community is Mr. Beach Tuckness.

"Coach" Tuckness, as he is known by RHS students, has a great reputation and possesses outstanding relationships with many students, which he considers very important.

Mr. Tuckness was born and raised in Springfield, Missouri, and graduated from Springfield Central High School, after which he enlisted in the Coast Guard. Following his tour of duty, he attended M.U. for two years.

After working for the railroad and various other odd jobs for a few years, Tuckness decided to return to college, and he graduated from Central Missouri State University in Warrensburg, where he earned a B.S. and an M.S.

After teaching in Garden City, Missouri, for one year, Tuckness took a teaching and coaching job at Belton High School in the fall of '52. While at Belton, Tuckness was the head football coach, the girls and boys basketball coach, the track coach, and the softball coach. In addition to this, he taught U.S. history, world history, citizenship, and girls' and boys' physical education!

Then around 10:00 one night in September 1953, Tuckness received a call from

Fr. Roman Bernert, S.J., principal of Rockhurst High School. About an hour later, at 11:00 p.m., Coach Tuckness met with Fr. Bernert at Sedgwick Hall (on the old campus), and the following Monday he began his coaching and teaching at Rockhurst, where he would be the freshman football coach (1953-75), the freshman basketball coach, and the track coach (1953-74), in addition to teaching two senior health classes, a history class, and physical education. "I thoroughly enjoyed teaching health. It was my favorite," he said.

Coach Tuckness definitely left his mark on Rockhurst High School athletics as he started the wrestling program in 1965 and was head coach of the squad until 1980. Tuckness terms this a learning experience, for "we won more than we lost in dual matches."

Over the years, Coach Tuckness has witnessed not much change in today's students, according to him, except for the fact that "teachers and students have a much better relationship now than in the past."

"I've enjoyed all the years," he states. "I've really liked this job. It's very stimulating to work at Rockhurst High School."

Coach Tuckness is a truly remarkable individual, and his services to the Rockhurst community will never be forgotten. By Chris Donaldson, Staff Writer

(Above) Coach Tuckness passes on some of his best "Fun & Games" secrets. (Below) Coach Tuckness as many of the R.H.S. alumni remember him.

Brother Eilert pauses for the camera in his favorite place—outside.

A "Man for Others"

Bro. Eilert recycles for future students

For nearly twenty years, Brother Eilert has been an active and outstanding part of our community. Although students seldom see him, his work is seen every time a person looks at the grounds around RHS.

Born to the family of a Kansas farmer, Brother Eilert learned to love the outdoors very early in his life. Before Earth Day brought environmental concerns home to Rockhurst, Brother Eilert was quietly gathering aluminum cans and cardboard boxes to recycle.

The proceeds from this recycling have been invested in a savings account. Last year, the deposit into this account totaled a little over four thousand dollars; this year's is about five thousand dollars. The money in this ac-

count will accumulate until Brother Eilert passes away, when it will be added to the general scholarship fund to help students with their tuition.

Not only does Brother Eilert serve the Rockhurst community, but he serves the surrounding neighborhood as well. He has mowed the lawns of the school's neighbors, plowed their driveways on winter days when there is snow, and altogether been a shining example of the Jesuit ideal of service to others in Christ, exemplified in the RHS motto, "Men for others."

It is an honor to have such a great man at Rockhurst.

Thanks, Brother Eilert.

By Michael Dierks and Mark Donnelly

What's Your Best Memory at Rockhurst?

- (1) Four-overtime 34-31 victory over Jeff City
- (2) Al Davis
- (3) Senior service projects
- (4) Drama productions
- (5) Mr. Goben

Also mentioned:

Junior retreats, unscored-upon freshman football team, getting accepted, Freshman Formation Days, first day of school, earning my letter, Pete Campbell's shot that beat Ray-South and Vince Hodes' game-winning field goal that beat Jeff City in the 1987 state semis.

Carl Ferro and Fr. Poirier enjoy showing off the Rock's "best friend," Rocksie.

1990 QUARRY

COPY NOTES: All copy was composed by members of the 1990 QUARRY staff. It was then typed into our IBM computer using the Tpestar program. Next, the copy was printed on typesheets with a new Panasonic Multi-mode printer. The disc and typesheets were then sent to the publisher, where the copy was typeset.

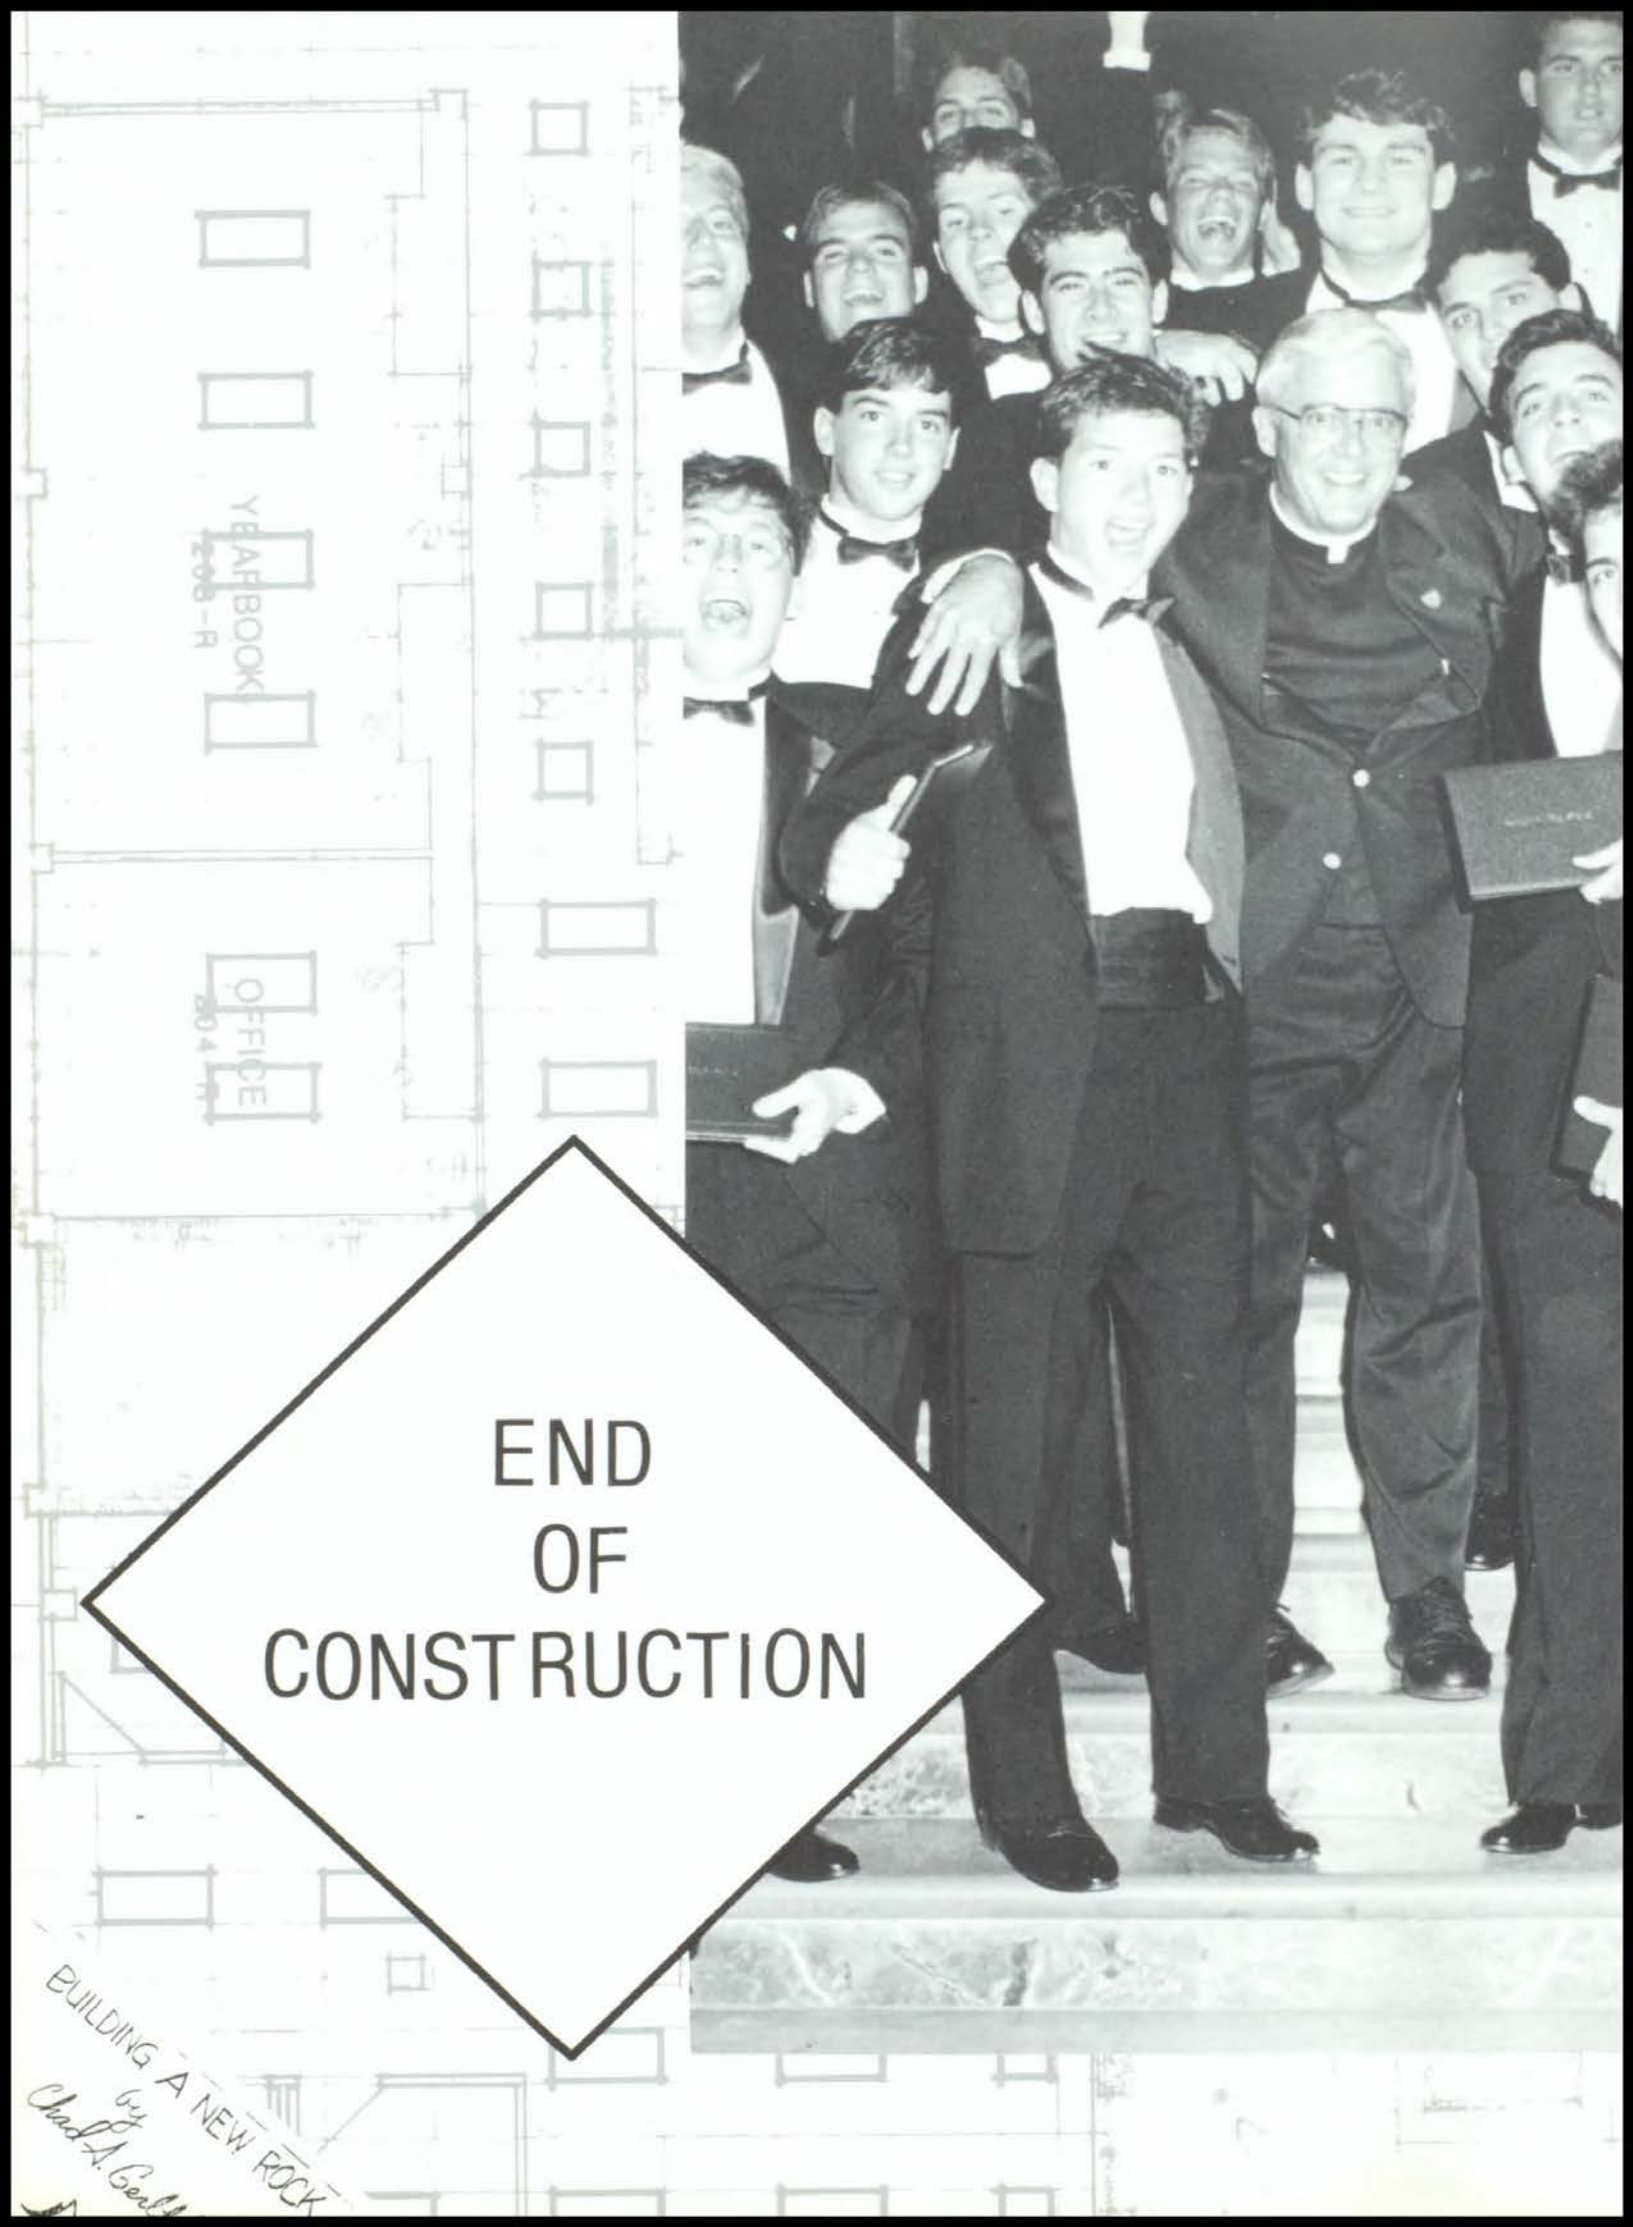

PHOTOGRAPHY NOTES: Most of the pictures in the 1990 QUARRY were produced by the QUARRY photo staff. The remaining pictures were provided by DeCloud Studios and various faculty and students. Senior portraits, the opening of the theater pixs, and graduation pictures were furnished by DeCloud photographer Kem McDaniel, and the color picture on our opening page was provided by Jim Reed of Creative Images in Mission, KS. Special thanks goes to Fr. Tom Cummings, S.J., for providing so many pictures and to photo editor Johnny Hwang for allowing the QUARRY to use his personal photography equipment.

SCHEDULE NOTES: The 1990 Quarry is a "Summer Delivery" year-book. Members of the staff worked every day from 8/20/89 until 6/13/90 to finish the book.

PUBLISHING NOTES: The 1990 Quarry was published by the Herff Jones Company, 6015 Travis Lane, Shawnee Mission, KS. Our representative was the fabulous Mr. Bob Gadd.

THANK YOUS . . . to Fr. Grovenberg (our Santa Claus) for always visiting the staff during the occasional all-nighters and for bringing cokes, doughnuts, candy bars, fruits, ice cream, and the encouragement that comes only from a true friend. Thanks to Rocksie for guarding the yearbook room from any intruders with intimidating barks. Thanks to all the Jesuits who so graciously sacrificed their living space for the new annex and persevered as we "moved in" to their home. Thanks also to Willie DeChant for running our errands, Matt Dehaemers for providing art on a minute's notice, and Mr. Bubalo for helping to organize the photo schedule and for all of the advice. Special thanks also to the moderator of the QUARRY, Mrs. Carol Jacobson, whose abundance of enthusiasm and determination inspired the editor and staff, and made her first year as moderator a success. And most of all, thanks to the student body of RHS, who provided the memorable moments that this book recaptures.
