RUSKIN HIGH SCHOOL

Published by the Yearbook Staff of Ruskin High School

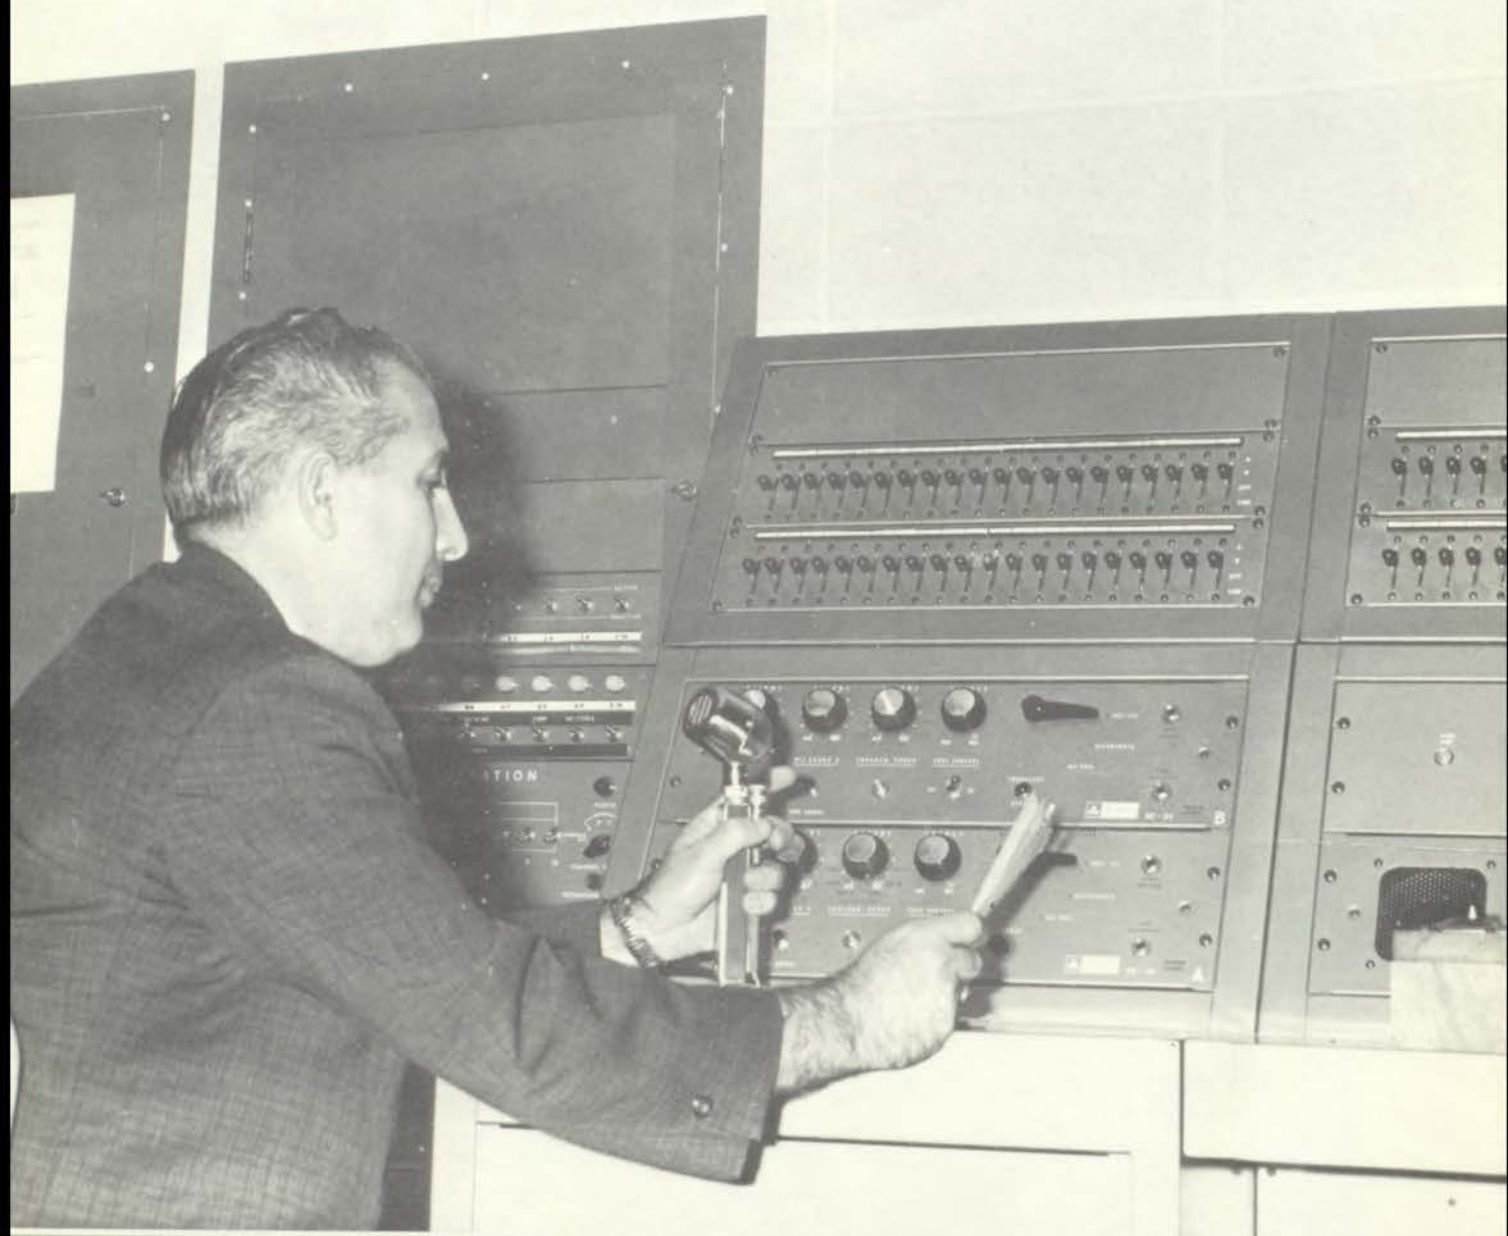

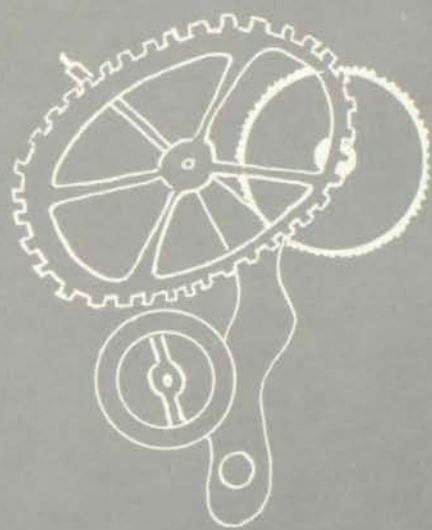

To those who have watched its moments pass, this year has been one of the most productive Ruskin High School has ever known. With this in mind, our yearbook has sought to record accurately the numerous happenings which have taken place in the past nine months. In so doing, it is our hope that a small portion of the excitement, industry, and reward of this year has been captured in the following pages for Ruskin alumni to enjoy in the future. Yet it is not for one person, or a select group of persons, to predict the meaning this book will have for others. Instead, that right belongs to those who read it, cherish it, and reminisce over it, thinking to the events listed in this,

History of Ruskin High School

Ruskin High School District, or Consolidated District No. 1, Jackson County, Missouri, was originally composed of four districts: Holmes Park, Hickman Mills, Rockford, and Union Point.

Under a state law of 1901, the leading citizens of these four districts met to consider uniting the districts. In the later part of 1901, the citizens voted to consolidate the districts; a site was selected and a bond was voted to build a schoolhouse. In the fall of 1902, school opened in the first consolidated district in the state of Missouri.

The high school, with an enrollment of thirty-three, was situated in Hickman Mills and by the county superintendent was named Ruskin in honor of the English author. At first Ruskin had only one room and offered only a three-year course. An Assistant teacher was hired in 1904, and a third teacher was added in 1908 when another room was added and a four-year course established.

In 1931, a building facing Blue Ridge was completed, housing ten regular class rooms. In 1950, an annex for the industrial arts, music, and a cafeteria was completed. In 1952, a building boom brought hundreds of new students to the school district. In 1955, a new building consisting of 18 regular class rooms, a cafeteria and a library was built to accommodate the increased enrollment. A four room annex and a gymnasium-auditorium were added in 1956.

All Ruskin's buildings were demolished by the tornado on May 20, 1957. The following school year Burke Elementary School served as a temporary high school while the new "Ruskin" was being constructed. The new building, two-stories high and 698 feet long, was ready to use in September 1958. Twenty-two class rooms, a library, a cafeteria, and a gymnasium-auditorium served eight hundred and sixty students. The faculty was increased to 46 teachers handling 75 courses and 56 $\frac{3}{4}$ units of credit.

Since 1958 twenty-three class rooms and a separate industrial arts-music wing have been added to Ruskin. Today the faculty has grown to 75; the student body, 1800. The school offers 80 courses and 67 units of credit in 54 class rooms, two audio-visual rooms, with a library, cafeteria, offices, a gymnasium-auditorium, a 36 station language laboratory, and an industrial arts-music annex of six rooms.

BOARD OF EDUCATION

The school board members have been elected to the high responsibility of helping to guide the youth of today toward success. Their donation of many hours of time are sincerely appreciated by the school, the students, and the community.

LEFT TO RIGHT: Donald Newkirk, Robert Edwards, Joeseph Nesbit, Assistant Superintendent of Schools: Tom Foraker, Superintendent of Schools; Billy Wall, President; Jane Leavens, Secretary; A. A. McElroy, Vice-President; Paul Kamitsuka, Paul Province, Purchasing Agent; Not pictured; R. C. Oliver, Robert Sharp, Director of Buildings and Grounds.

MR. TOM FORAKER
Superintendent

Such outstanding leadership as yours warrants the appreciation of us all. We extend to you our gratitude for this leadership and wish you the best for continuing success.

MR. JOSEPH H. NESBIT
Assistant Superintendent

We greatly appreciate your service this past year. We give you our best wishes for next year's success.

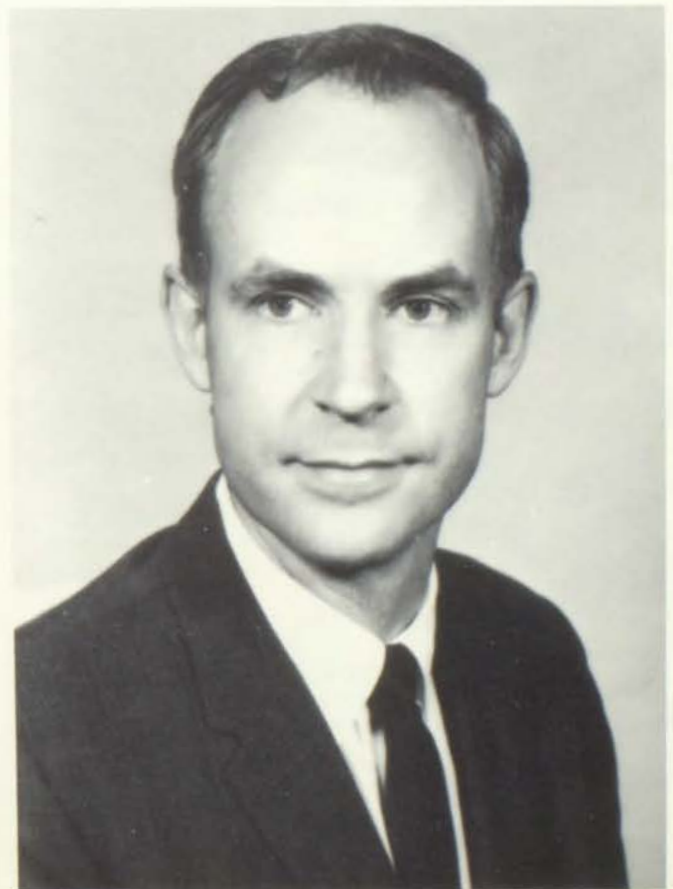

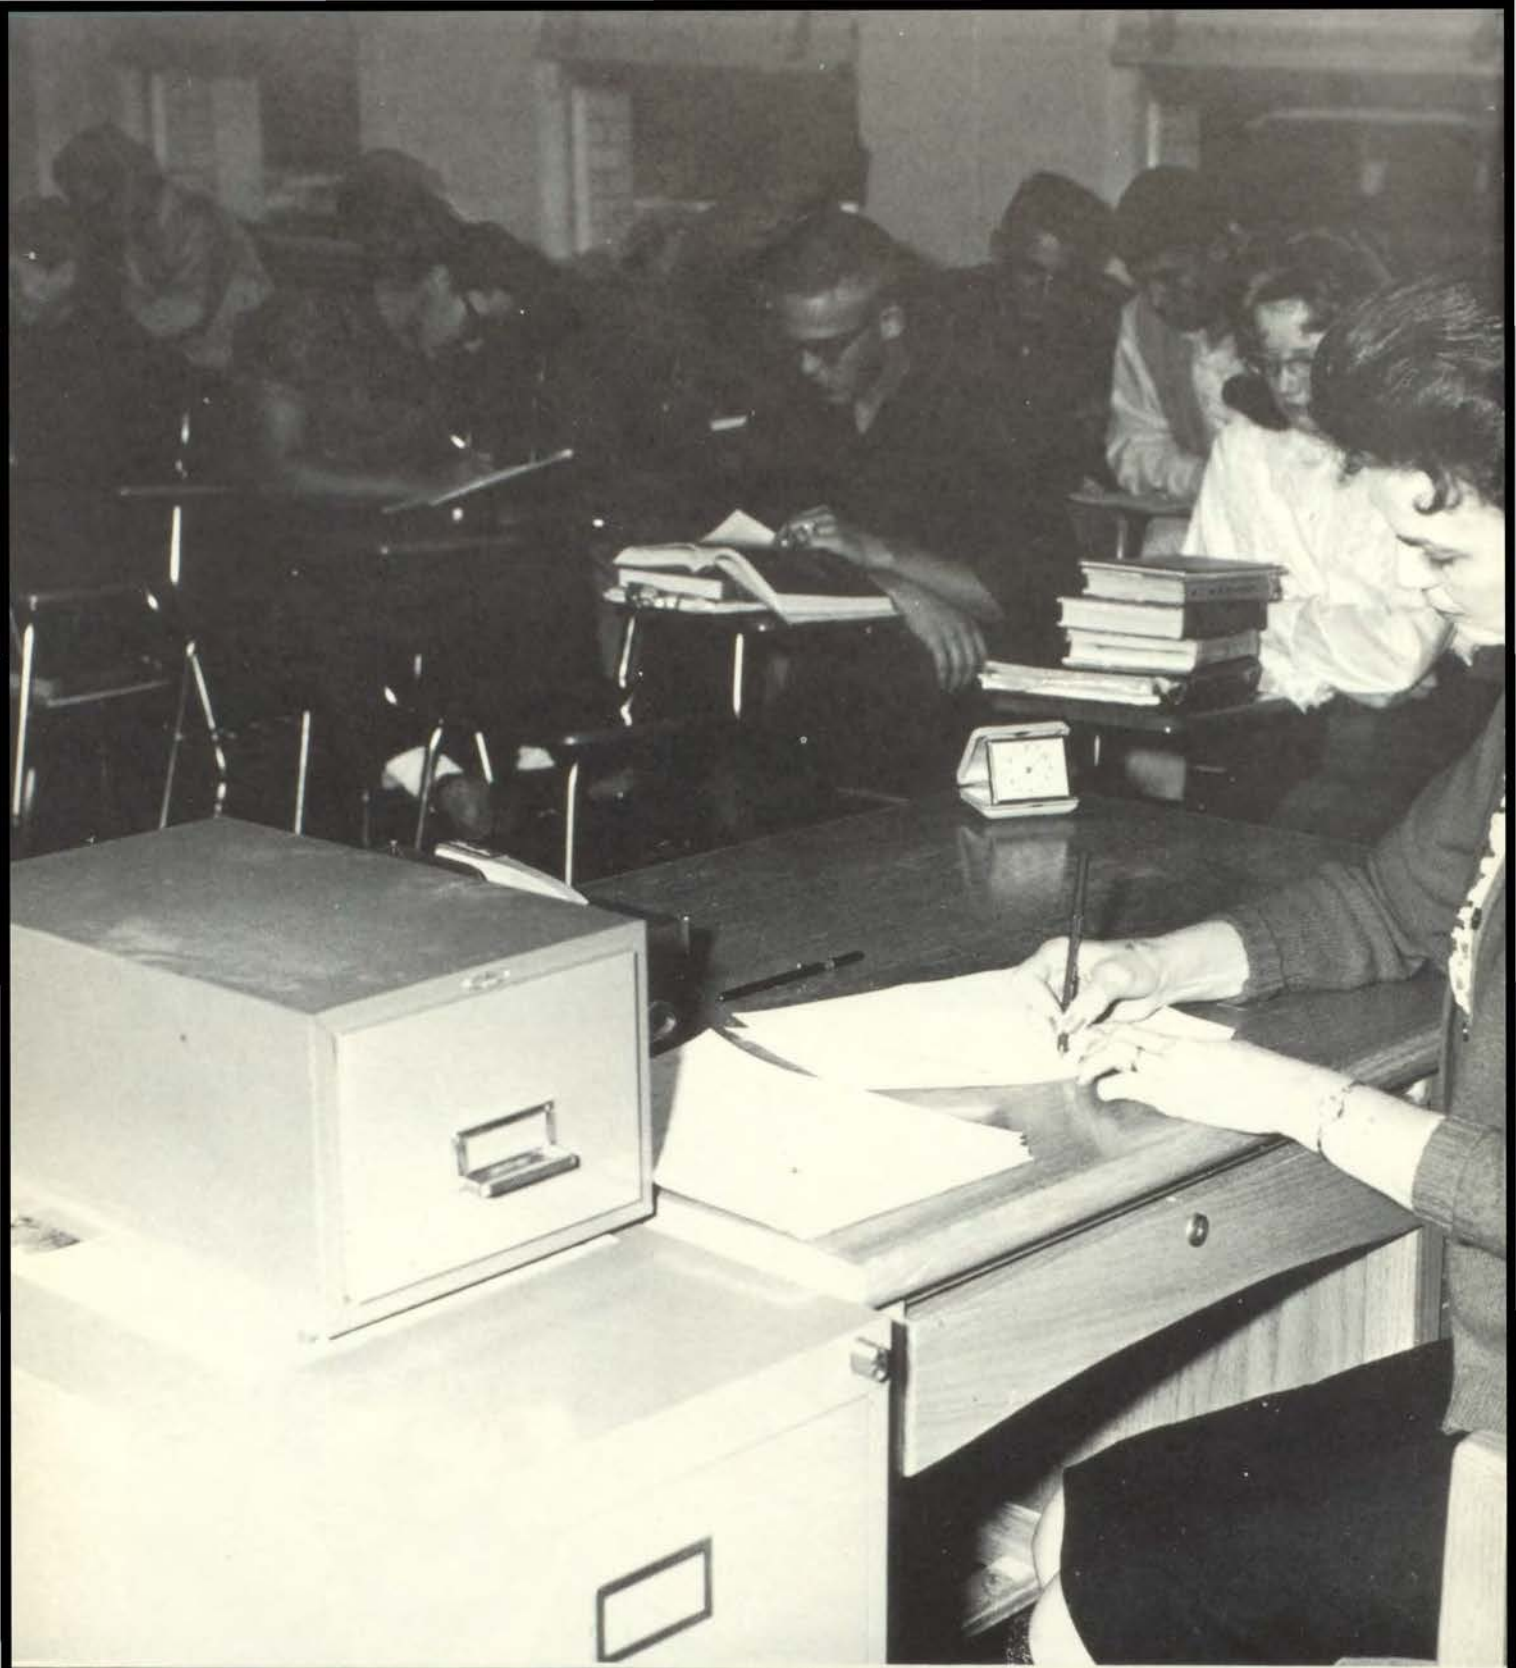

MR. BLAINE E. STECK
Principal

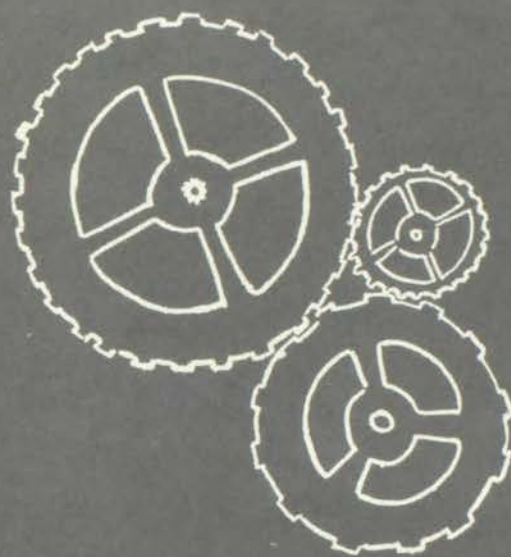

We extend to you our sincere appreciation for your friendly, ever-guiding faithfulness to Ruskin High. Your constant efforts for our school will always be remembered.

MR. DOUGLAS LAWRENCE
Assistant-Principal

Ruskin High School has many activities and organizations, all of which you advise and aid. Your work will be remembered for what you have contributed to us.

The National Honor Society is a group of selected students who have outstanding character, service, leadership and scholarship. These qualities are represented by the letters CSLS on each side of the emblem--a flaming torch superimposed on a keystone. A committee of fourteen members of the teaching staff selects each year from the student membership applications 15 per-cent of the seniors, 10 per-cent of the juniors, 5 per-cent of the sophomores for this honor. At present there are 102 members.

Quill and Scroll, the international honorary society for high school journalists, recognized outstanding achievement of students who work on those school yearbooks or newspapers considered by the executive council to be of sufficient merit to qualify for such recognition. Creative writing, individual achievement in journalism, and excellency in yearbook production are encouraged and rewarded by membership in Quill and Scroll. Those nominated for membership are pictured below.

Student

Since it was first organized in 1943, the Student Council has grown in size and in importance. This year they sponsored the magazine sale and the United Fund campaign. In the past they have donated the scoreboard for the football field, a patio, shrubbery, and the indirect lighting for the cafeteria. Again this year they will spend our money for a very worthwhile cause.

Carol Wooldridge, Bernd Rott, and David Wilson met at the Municipal Auditorium with students from many other schools in the Kansas City area to report how much their school had contributed to the Fund. Our council was happy to be able to state that Ruskin had increased its contribution by 500 per cent--an amount greater than that attained by any other school.

"R" Club

The "R" Club is the only club at Ruskin that is the same age as the school itself--61 years old this year. All boys who have received a letter for outstanding achievement in football, basketball, or track are eligible for this club.

Each year the "R" Club sells car stickers during football season to raise money, give a dance in the spring, and holds an interesting initiation of new members. The "R" Club has done a fine job in upholding the tradition of Ruskin.

First Year For Freshman Pep Club

This year's Freshman Pep Club is the first one Ruskin has ever had. The organization was created for the benefit of the freshman football and basketball players. The members have truly given their team the support and spirit it needed. LET'S GIVE A CHEER FOR OUR FRESHMAN PEP CLUB!

Esthetics Club

This the fourth year for the Esthetics Club, Ruskin's successful and productive art club. During the Christmas season clever mobiles hung from the tops of the stair wells. Last fall the Esthetics Club planted various kinds of flowers around the fountain and this spring Ruskin will enjoy the beauty of these plants.

There is a big rummage sale tomorrow.

The leader and her helpers.

The Usher's Society! Many people do not know what this group does. This most helpful and needed group of students belongs to the Thespian Players and members are on seven-day-a-week call. This group of students is to usher at any function performed in the high school gymnasium. This includes any program performed at the high school by any organization in Consolidated School District No. 1. We feel that this group deserves a great deal of praise and recognition from the students of Ruskin and the surrounding community.

Golden Eagle Concert Band

Throughout the year, the 80 members of the concert band worked hard perfecting music for the different activities of the year. One of the activities was the conference concert at Grandview February fourth. They went to the District Clinic at Warrensburg on March thirteenth. Our band was invited to the M. E. N. C. - M. M. E. A. in St. Louis.

This is the second year for the Blue Eagle Band, a group of underclassmen directed by Mrs. Seward.

The seventy-five voice Concert Choir performs as many as thirty times a year. The membership is chosen on the basis of auditions and is limited to junior and senior girls and sophomore, junior, and senior boys. It is one of the first high school groups in the area to break the tradition of singing in sections and for the past two years has sung in a "scattered" type of arrangement.

SECOND ROW: D. Hudson, T. Daniels, F. Koonce, T. Moore, F. Northington, J. Perry, J. Martin, J. Hildebrandt, W. McCune, S. Husby, not pictured. FIRST ROW: J. Lanford, J. Irion, S. O'Hara, B. Boltz, B. Parks, C. Oldham, S. Tribble.

The Singers

The Singers, formerly known as a "Madrigal" group, has merely changed its name and size. Although the musical emphasis is more on the popular style of singing, the 16th and 17th century Madrigals are still sung. This is strictly extra-curricular; the members are invited by Mr. Tarry to join, no auditions being necessary.

The Girls' Glee Club is a highly select group of 43 girls. Each must pass an audition, and be a sophomore, junior, or senior. The president this year is Janet Lanford; the secretary, Beverly Parks.

The Boys' Glee Club is open to any boy in the school. The membership will fluctuate from 30 to 70 boys, depending upon the athletic season.

All three groups are expected to represent Ruskin at the contests.

From the Singers, two eight-voice Madrigal groups are taken for participation at contest.

The Boys' Glee Club specializes in the singing of college male glee club literature and in the last several years has progressed to a point of being expected participants at all concerts.

INTRODUCING BERND

Helmut Gerhart Bernard Rott, usually called Bernd to ease pronunciation, is part of a 29 student sponsorship of the Kansas City American Field Service Chapter. Bernd's other home and family are in Steinhagen, West Germany, where his father is the owner of a paper products factory in his home town. Bernd also has a older brother and sister who are both out of school.

Bernd's American family, the F. George Wilsons', also have two boys, Dave and Ken, and a daughter, Jennifer.

Bernd has adopted himself quickly to American life and Entertainment. On his first attempt at bowling he got a strike on the first ball he threw. It just must be beginner's luck. When asked about American life he said, "Americans are always rushing here and rushing there. That is why I am always late."

He was asked many times what he thought will be the hardest thing for him to do. He replied, "Probably the hardest thing for me to do will be to leave my wonderful American home, family, and most of all, my Ruskin High School."

Bernd enjoys dancing with a Queen.

Using a Wing-T, Liberty mounted a 13-0 lead during the first half, however, Ruskin held Liberty scoreless while scoring 19 points themselves to win 19-13 during the second half.

Crowned during the half-time activities, Queen Kathy Broderson reigned at the annual Homecoming Dance. Perhaps the most heavily attended dance in Ruskin's history, this year's Homecoming Dance was extremely successful.

Finale

"On with the Show," the all school musical presented on November 16 and 17, was a great success. This production was the first musical ever produced at Ruskin. Both performances were well attended.

I can't believe it's really you!

A magic evening comes to a close.

Let's twist!

The annual semi-formal RGAA Sweetheart Dance was held the evening of February 16 in the school cafeteria. The theme, "Shower of Hearts," was accented with a red and pink color scheme. The dance is open to club members and their dates only.

Physical Education or English?

Mr. Sandy, head of Ruskin's English department, gives a lecture on "The Age of Reason".

The Language Arts Department has attempted to co-ordinate the principles of English grammar and original composition while giving the student a preliminary insight into the basic fundamentals of literature. College records of former students show that our English instructors have succeeded admirably in carrying out the aims of Ruskin's Language Arts program.

Demonstrating the correct procedure for finishing a lathe project, Mr. Bodenhamer gives a woodworking class a few pointers. In woodworking, the students learn to operate various power tools while making projects as varied as lamps, bookcases, and desks.

Even drafting students do not escape lectures, as Mr. Ward well proves lecturing Drafting I students. In drafting, students are taught basic drawing technique the first year and advanced machine and architectural drawing in subsequent years.

Industrial Arts

Offering a variety of shop courses for interested students, Ruskin's Industrial Arts Department has grown tremendously in the last few years. Established in four separate shop and drafting rooms as the result of the addition of a new wing on the school, this growing section has been able to offer more individual instruction in more spacious surroundings than have ever been previously available here.

In the metal shop, a person is generally deafened by the welding apparatus, but the students seldom are bothered by the noise. Here, the spot welder is being employed to weld a lamp shade.

For the first time in several years, Ruskin participated in the District Shop Contests at Warrensburg last year. Again this year, Ruskin participated and, though not completely satisfied, was encouraged by the results.

Girls'

P.E.

This is a ring

This year the underclassmen were taught by Mrs. Shirley France and the upperclassmen by Mrs. Mary Wiley. Speedway and softball were some of the outside sports enjoyed. Tournaments in volleyball and basketball provided excitement in the gym. Deck tennis and aerial darts, two of the new games played, furnished variety in the physical education program.

Due to the added enrollment, some hours had two classes going at the same time. These groups competed in a number of activities; and while one was in the girls' gym having basketball games, the other was in the school's basement under the shop area, proceeding with their tumbling exercises.

Boys'

P.E.

S-t-r-e-t-c-h!

This year boys' physical education has been taught by Mr. Russell Dowell and Mr. Robin Hicklin. In the fall the boys played soccer, softball, and football. They also enjoyed (??) working on a new form of the Ruskin Physical Efficiency Test. Then the boys participated in volleyball tournaments, a basketball tournament between classes, and tumbling.

Later in the school year the boys again played softball and then began on a program of outdoor track. This completed a year of fun and exercise for the male set of Ruskin High School.

Time out for dental check.

Freshman Counselor

Counselors
And
Their Helpers

Mr. Edd Johnston
Sophomore Counselor

Mr. Ray Williamson
Junior Counselor

The duties of the counselors at Ruskin are numerous. The first and foremost is to give assistance to Ruskin students. Besides helping students better understand their problems, they also help the teachers better understand the students. Parent conferences are common occurrences for our counselors.

Administering and interpreting scholastic tests is another function our counselors perform. From these tests they can help with vocational and educational planning.

Mr. Williamson and Mr. Yoder are in their first year of guidance work at Ruskin. Mr. Johnston is in his seventh year; Mrs. Langford, her fourth.

An interesting aspect to guidance counseling is that in Missouri all individuals who wish to be counselors must have been teachers for two years. For one year they must also have been employed outside of the educational field.

All of the students at Ruskin want to express their appreciation to you, their counselors.
