SAVING THE BEST FOR LAST

Well . . .

It is time to bring "Closure" to the year. And what a year it has been. From Oldsuits to Newsuits Southeast was given a new principal with a new vision and challenged students and faculty alike with a new sense of "caring" for one and all.

It certainly has been a new approach -a new beginning . . . Today we are here, Tomorrow perhaps in Austria, Mexico, or Africa. We are truly an International School with visitors from around the world.

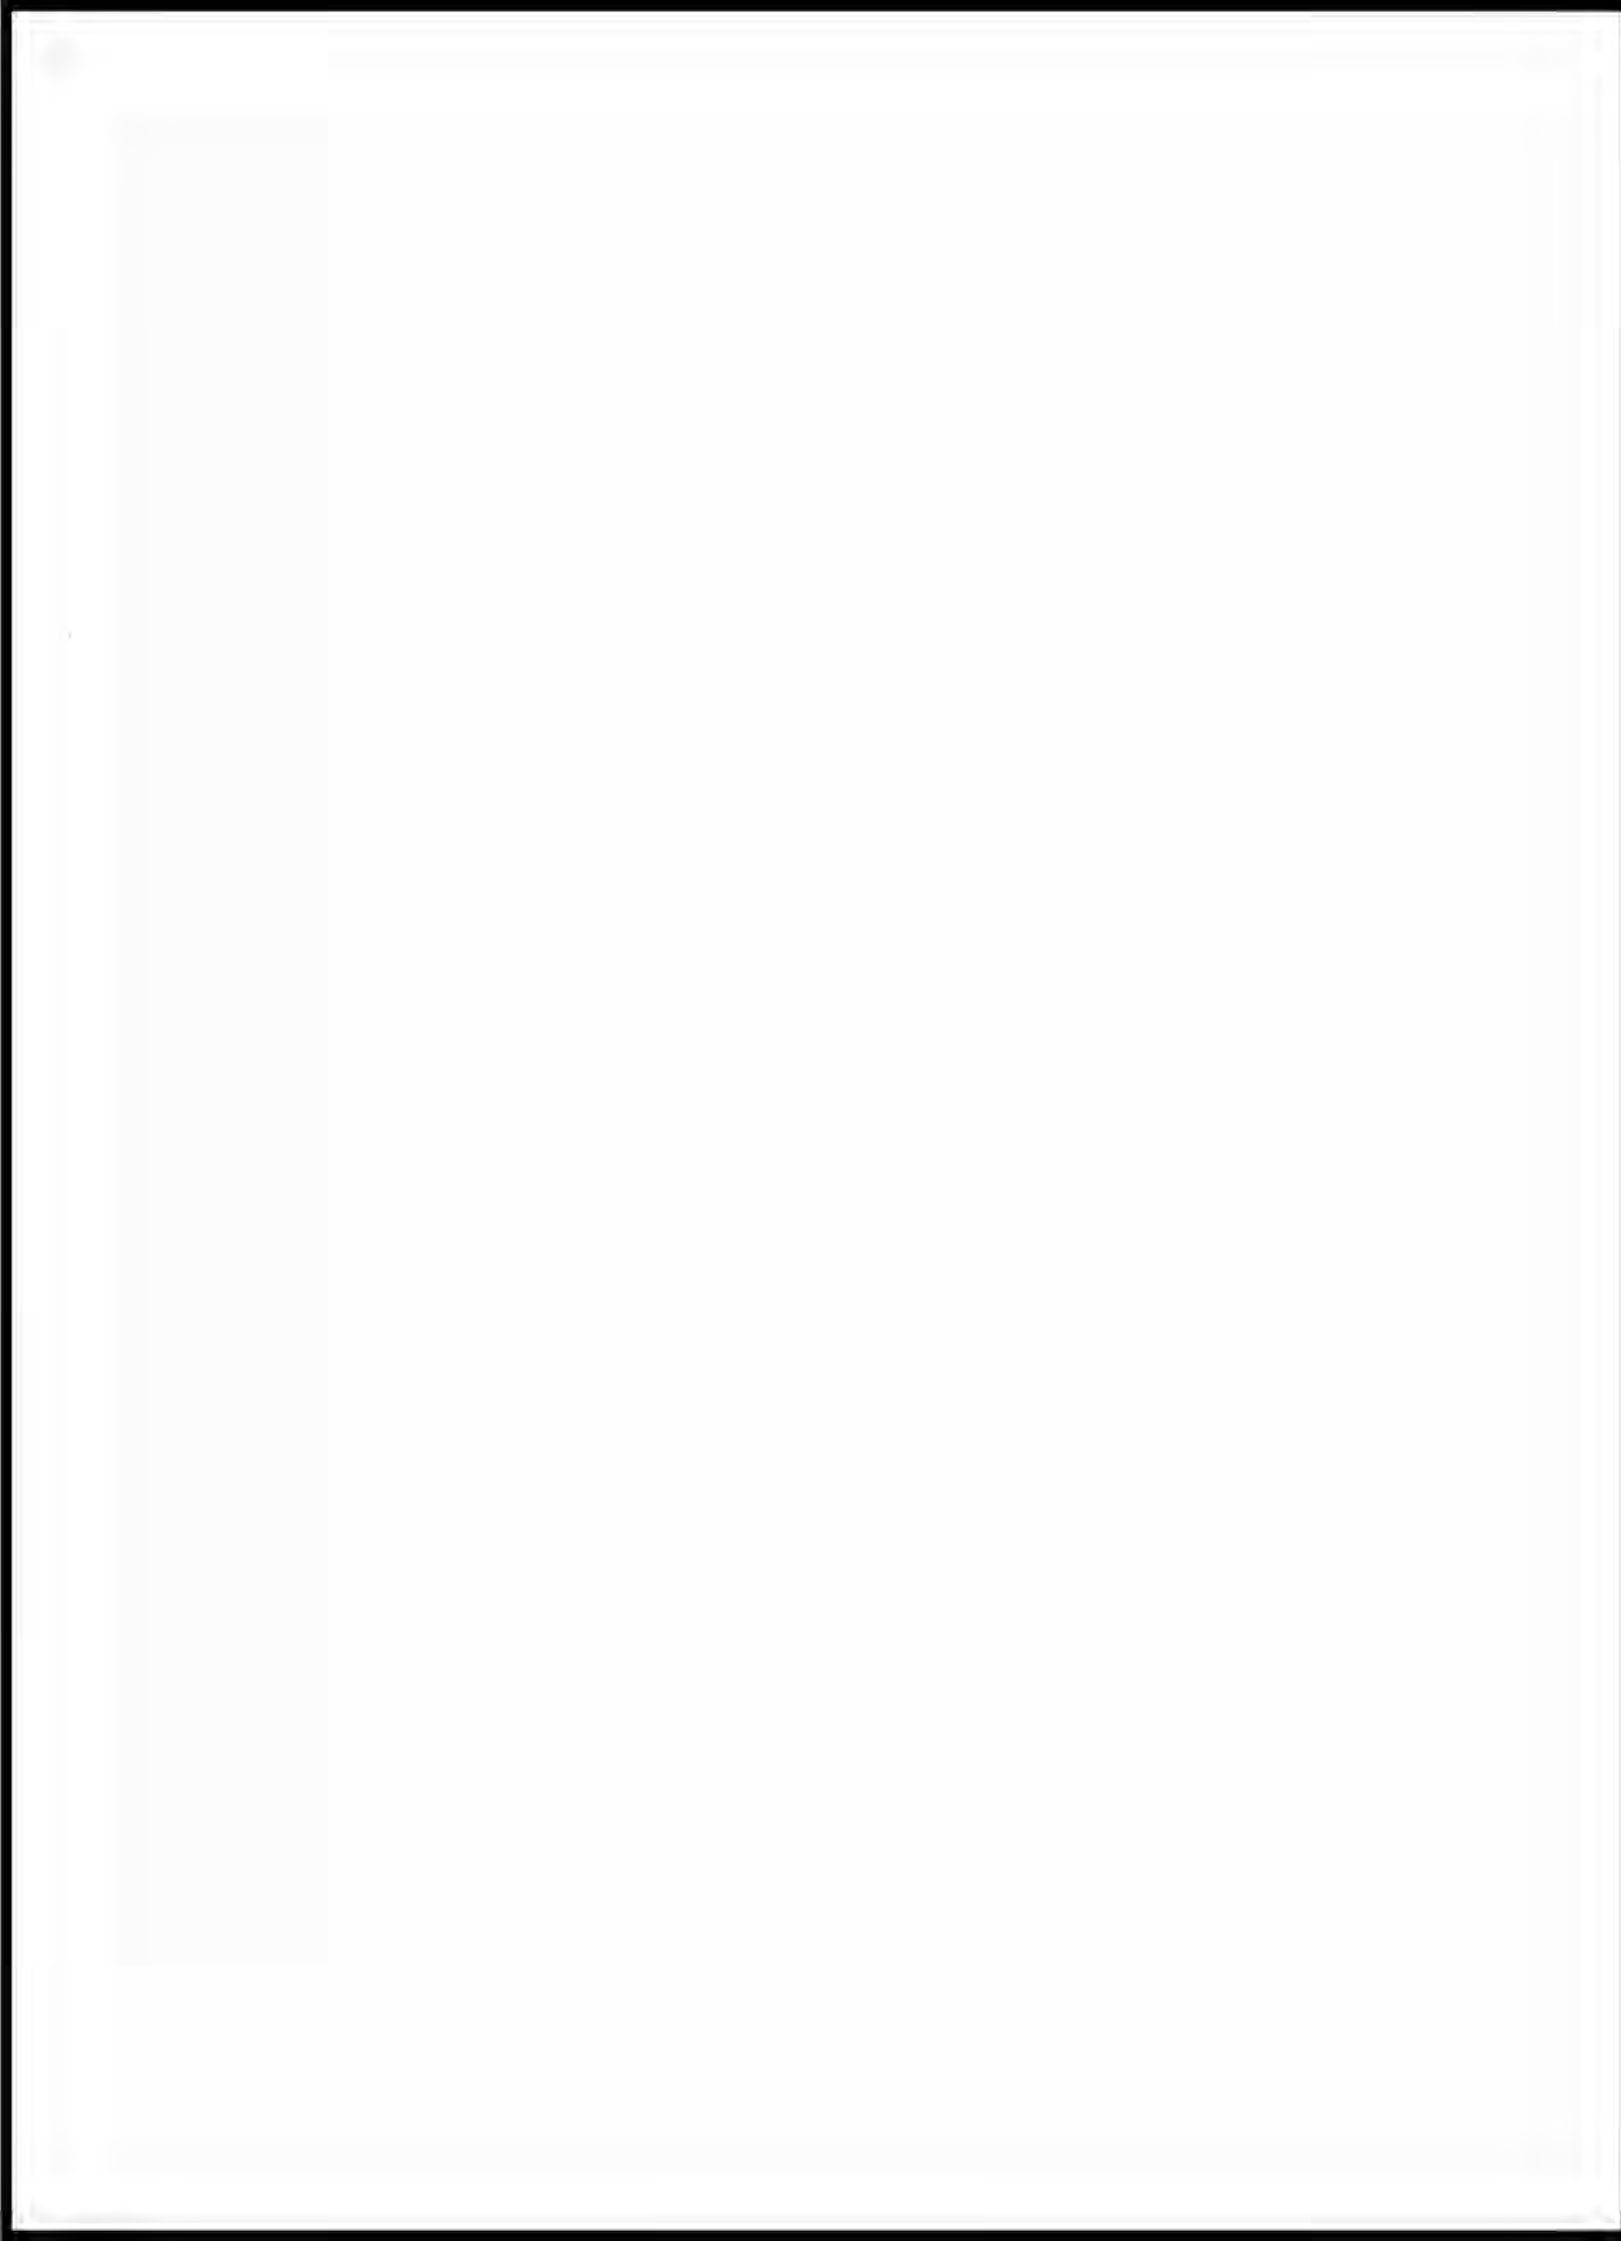

Our health theme opens new doors for our students every day. Students are entering into the world of medicine and finding careers and their future within the reach of their hands.

To the Class of 1994 -*do your best*- go forward. meet the challenge and let your graduation from Southeast be just your beginning -not the end. Let us all be proud -it has been a good year . . .
