# Southeast High School

3500 East Meyer Boulevard  
Kansas City, Missouri

CRUSADER

Smiling faces at the beginning of a new day and a new year at Southeast.

The blending of students from all over the district into the new neighborhood concept did not immediately win over the new students. When asked about their first day, 10 out of 15 students expressed their dislike for their new school. In a follow-up survey 14 out of 15 students say they now like coming to Southeast.

*Information compiled by Darnell Witherspoon, junior.*

## FINAL NUMBERS

Freshmen 553; sophomores, 288; juniors, 250; seniors, 190.  
Grand total: 1281

Old friends in new places. Ms. Scott, vice-principal, formerly of East High School, greets students as they arrive.

With A New Emphasis on  
African-centered Education

*Here We Go Again!*

When the 1998-1999 school year began, Southeast entered a new era in its 60 year history: A neighborhood school with boundaries from State Line Road and 85th Street east to somewhere in Loose Park, skipping over to Van Brunt, up to 31st Street and back to 78th and State Line. There was a new teaching concept: African-Centered Education.

#### Rush Hour

When school starts each day there is something of a rush at the front door as students pass through metal detectors on the first floor. After summer break students return to school eager to start a new year.. According to Eric Nunn, junior, "The first day of school is always the worst, because you never know what to expect."

Mr. Bullard tells students about African-centered education. Students will learn about their African heritage to better understand their potential as African-Americans.

#### AFRICAN-CENTERED EDUCATION COMES TO SOUTHEAST

"African centered education will emphasize the African origin and heritage of everyone. Africa is the home of all mankind."

*Bernard McCarty, social studies teacher*

Faculty members Dr. Emmanuel Ngomsi and Bernard McCarty join Kevin Bullard, district African-Centered Coordinator in taking senior boys to a Harambee session where they will learn the tenets of an African-Centered Education.

# A Really Coool School

## A REALLY COOL SCHOOL IS . . .

- *having less kids, more activities and other things to do."*

Pameletta Brown, freshman.

- *one where we have fun learning and no boring classes."*

LaVonda Johnson, freshman.

- *one where we'd go on all kinds of field trips, and we'd have rules, but like regular schools."*

Coco Criswell, freshman.

- *a school that doesn't have A/B days all the time, doesn't have hall sweeps, and has really cool teachers who'd let us listen to music while doing our work, and has special activities for us."*

LaDonna Barnes, sophomore.

- *about getting along and caring for each other,"*

Ana Cortes, senior.

- *where there are no hall sweeps, a ten-minute passing period, and a pep rally and/or dance every week."*

LaQueata Addison, senior.

- *a place with more activities for students, parties in classrooms, less homework, and a staff with more control over discipline."*

• Marina Ruiz, junior.

- *not having A/B days, more lunch periods, fun learning so students pay more attention, and more activities."*

Sheilahn Cornelius, freshman.

- *where you get along with everyone."*

Anthony Dillon, junior.

Denae White, senior.

Cool School compiled by Irene Ruiz

- *not so crowded."*

Lastevsha Finnell, senior.

## A REALLY COOL SCHOOL WOULD ...

- *have a restaurant and field trips to Skateland once a week.*  
Danny Jones, sophomore.

- *not have any homework. If there was homework it would be only four problems and we wouldn't have to write out the question. Gym would be three hours long.*  
DeWayne Roberson, freshman.

- *be a place where you can relax and just lay back. The work wouldn't be too much and there wouldn't be any homework, no hall sweeps, and no in/out-of-school suspensions.*  
Brandon Mack, sophomore.

- *have pretty teachers, good food, great sports history, and helpful administration.*  
Joe Bates, junior.

- *have a lot of things to do.*  
Natasha Townsend, freshman.

- *be a school designed for basketball, or whatever sport you want to play. There would be year-round academic and sports classes. Classes would be mostly girls, the teachers women, and the coaches men who have played in the NBA.*  
Jeremy Henderson, junior.

- *have lots of school activities-dances, field trips, or just fun!*  
Franshunn Taylor, senior.

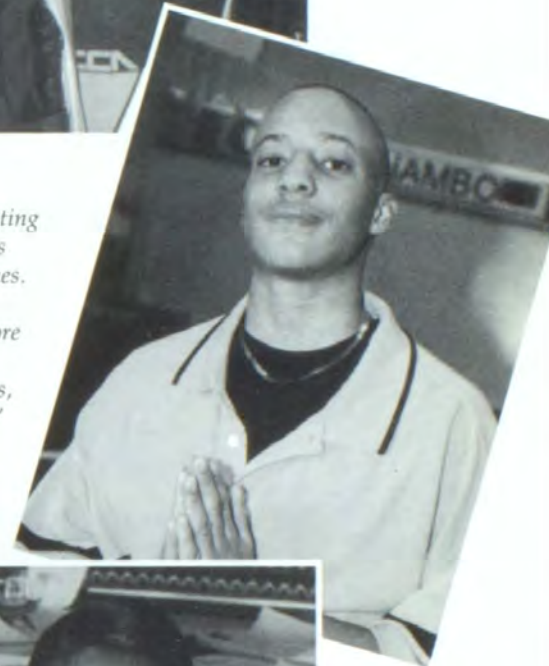

- *be clean,*

- *have nice teachers, dances, school activities like a talent or fashion show, teacher-students games, fewer hall sweeps, more lunch shifts, and more snacks in the cafeteria.*  
David Rollins, sophomore.

*teachers would really teach, and students must want to learn.*  
Chris Price, senior.

- *present learning in more interesting ways such as playing games. And there would be more field trips, sports events, and dances.*  
Marques Mosby, freshman.

- *be a place to learn. We should have only four classes-math, history, science, and English. That's what really counts. There would be no violence. We would all respect each other.*  
Tiffany Price, senior.

Best Years of our lives!

# TIME ON YOUR SIDE

*Southeast students speak*

They say it's the best years of your life. What do you think?

"The best time of our life is our teen years because we do a lot of things and will have many great memories." Marcques Mosby, grade 9.

"These are not the best years of my life; they are the preparation stage for years to come." Jeremy Henderson, grade 11.

"This is the time to be young, wild, and free!" Maconna Porchia, grade 11

"Time is a precious commodity. The CLOCK begins ticking at birth, how will you use it?" Joshua P. Ewing, grade 12.

"These are the best years of my life because I don't have any major responsibilities." Ana Cortes, grade 12.

"These are the best years to me because this is the time when you really start to have fun and kick it." Xaviera Roberts, grade 10.

" I think these are the years for you to prepare yourself for the outside world. It's a different world out there." Lucy Moses, grade 12.

We must all change for better or worse.  
Sometimes we are loved.  
Sometimes we are hurt.  
Good times and bad times come and go.  
Are the best years yet to come?  
Only time will show.

For better or for worse times must change.  
They bring happiness, laughter, and sometimes pain.  
Success and failure we all must undergo  
Are the best years yet to come?  
Only time will show.

## MORE OF THE BEST

*"As for me, high school can be the best years of my life if I make them that way. In high school we grow up and mature. You also go through a lot of heartaches and hard times. You can meet friends and lose them. Life isn't anything but a learning experience. Your mistakes are what you learn from the most."*

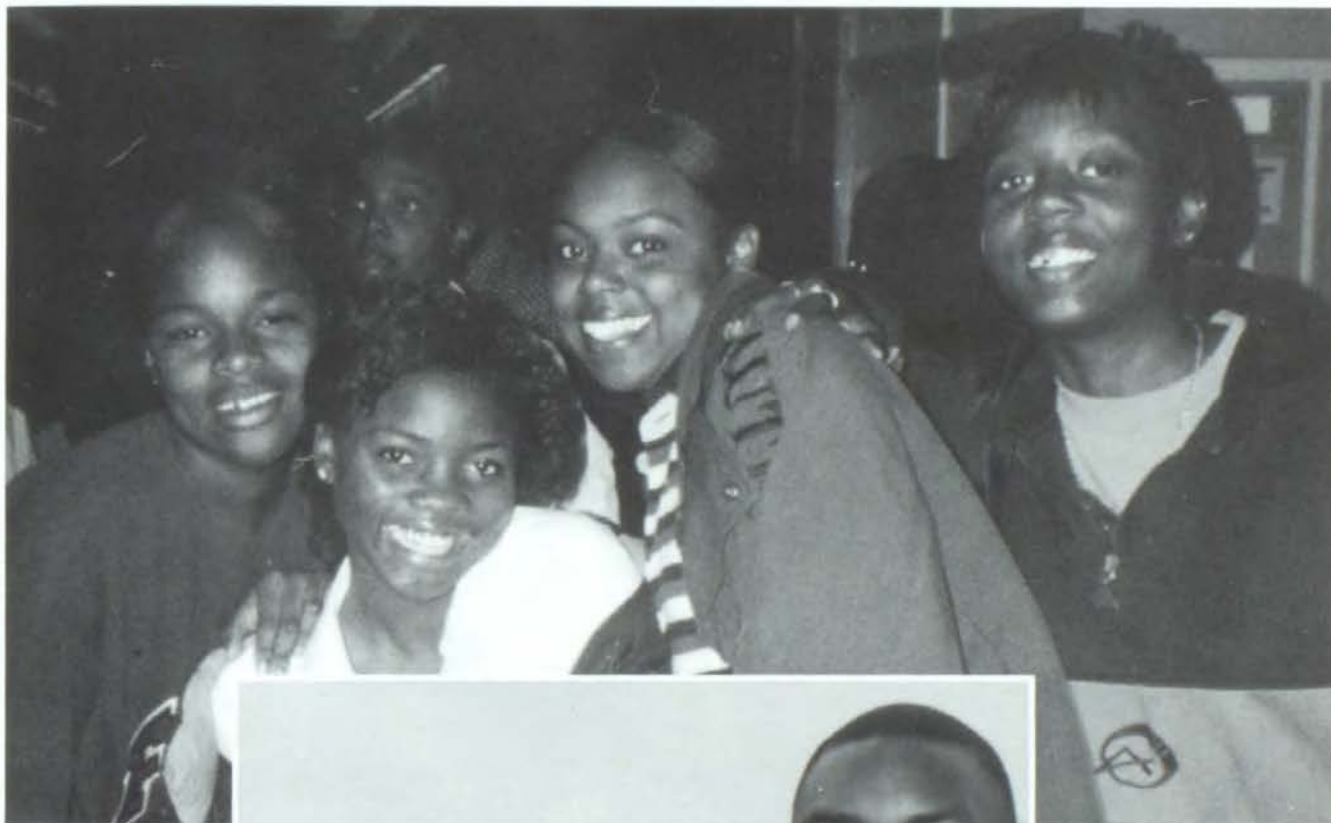

Ebony Scroggins, grade 10.

*"I don't know if it's the best time of my life, but I hope the best times are soon to come. I know I'm excited about this being my last year in high school. I plan to go to college and to do something with my life."*

Bridget Mays, grade 12.

*Compiled by Jamailla Carter.*

Talisha Shelton enjoys being a senior and looks forward to graduation.

Friends are forever.

Good friends are the best.

*"Of the students who go on to college, about 40% go away. They want the experience and a new learning environment."*

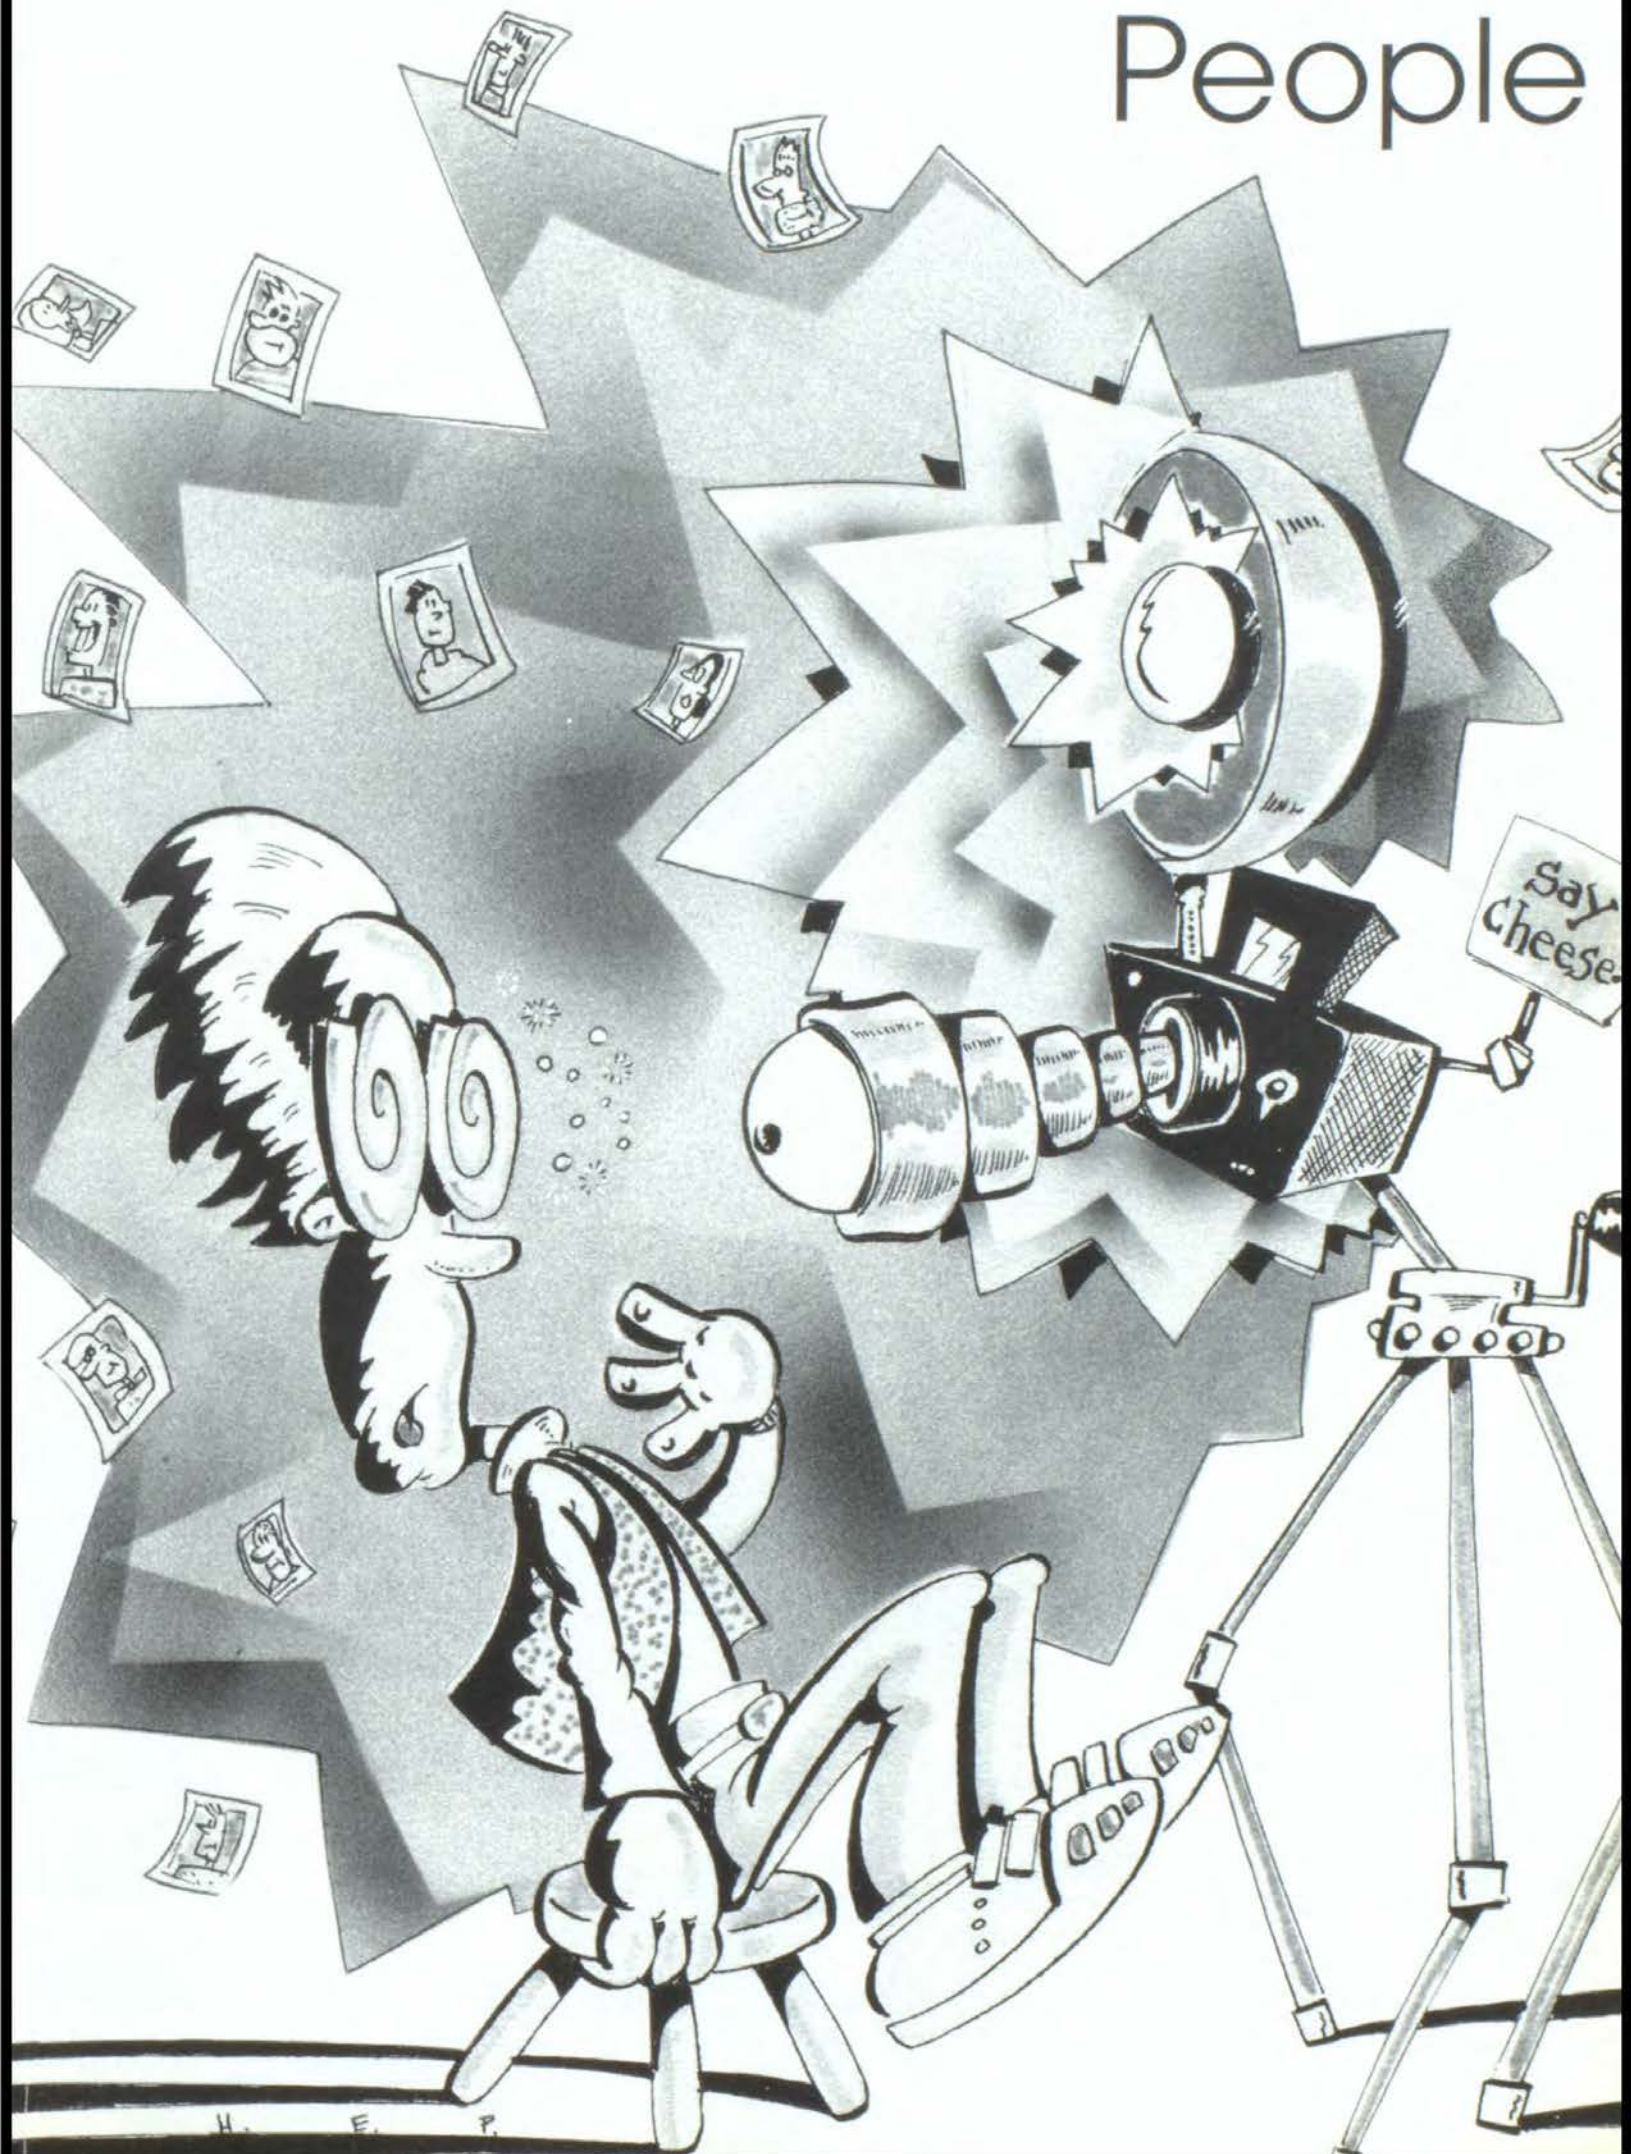

Linda Donovan  
Counselor

**Future Doctors** and nurses talk to Southwest Missouri State University. They look very motivated.

# HOMECOMING

The 60th annual fall homecoming was a big deal to all who participated. Southeast High School is full of Vikings, Bears, Eagles, Indians, Trail Blazers, Pirates, Eagles and Tigers from both Westport and Lincoln who could not help but to show Southeast pride.

Students have their say:

What was the best thing about Spirit Week?

*"70s day, because it brought back a lot of memories."*  
-Shaquita Ford, 9th grade.

*"Seeing dudes dress up like females."*  
-Tute Hamilton, 10th grade.

*"Seeing how creative people could be."*

Over 400 students and staff crowded into the stands as Jendayi Bess introduced the candidates. Mr. Stewart crowned the queen and her court, assisted by Mrs. Everett. The winners received a red rose. The Southeast Knights whipped the Lincoln Tigers 41-20. The Knights went home with a victory.

## TRACK & CROSS COUNTRY

*Compiled by Anthony Dillion*

Knights out Crossing the Country. Five, six, seven. Pow! And they're off. The adrenaline is pumping. Running up the hills. Southeast is on the top and the other schools fall like Jack and Jill. Muscles tighten and eyes stare with determination to finish the race without dehydration. Look out Southeast. The other schools are gaining. Come up ten more places leaving two remaining. Once we cross the finish line, we walk, and get some water, and then we're just fine. Cross country is a discipline sport, but next time coaches make it a little shorter.

Coach Thomas Herrera

Tamera Elston demonstrates the correct way to do CPR.

CNA stands for Certified Nursing Assistant. Students work with the goal to earn certification by graduation. The CNA certificate gives students a head start on their career plan to enter the medical field. These students have plans to be pediatricians, LPNs, RNs, etc. As part of their training, CNA students go to nursing homes where they assist with making beds, giving baths, feeding residents, or just talking and having fun with patients. Latrice Adams said "The first day at Park Place Nursing Home I experienced the death of a resident. It was scary!" Irene Ruiz said "It was scary and I was nervous." "It was informative and I loved it." said LaShonda West.

#### WHAT IS CPR?

CPR must be learned by taking a course from a certified instructor. Students learned CPR from their teacher, Ms. Sharbel. According to the American Heart Association two-man CPR is no longer used by basic-emergency care providers; however, at Southeast students learn the two-man method and receive certification. They are taught how to use a mouth guard to protect themselves from the transmission of AIDS. Southeast students are now certified and prepared to save lives using CPR.

#### Tell us more about CNA

"The students have been thoroughly wined and dined at Park Place. They have been accepted with open arms to do their 100 hours of clinical training which could lead to a job second semester through co-op education," stated Mary Sharbel.

# Key Club

What is Key Club? The Key Club is a service-based organization that encourages students to engage in community service and learn leadership skills. Key Club members work together in a team effort to fulfill the needs of their school and their community through volunteer service.

Objectives of the organization:

- \* to develop initiative and leadership
- \* to serve the school and community
- \* to prepare useful citizens
- \* to provide experience in living and working together

# Clean Up?

Kiwanis Club members organized a clean-up day in October. Their goal was to rid the campus of man-made trash, paper and plastic that regularly collect along fences and bushes. They removed broken limbs, too. This project was one step toward achieving a charter membership.

- Bell ringing with the Salvation Army on the Plaza in December.

Improving reading skills and communication skills is a life long pursuit for the

# Heritage Club

Founded in 1998, Heritage Club has as its objective for students to improve their reading skills without the pressure of a grade. Students learn written and verbal skills and self-expression. Watch out Maya Angelou and Langston Hughes. There's new competition in town! **Black Poets Collective**

DeAngela Morgan, Natalie Moore, and Anthony Dillon participated in the Black Poets Collective Poetry Contest held at Paseo Academy. Taye Diggs of the film *How Stella Got Her Groove Back* was the master of ceremonies.

The students worked hard on their presentations. Natalie Moore advanced to the second round of the contest with her poem "To a Black Man from a Black Woman."

**Comments from the poets:** "It was a great experience," Natalie Moore. "It was fun and a good experience," DeAngela Morgan. "It was a great experience and it was nice meeting Taye Diggs," Anthony Dillon.

## Black Woman

I am unique; with a message in my name: I am confident; insults may not sway. I am strong in the word; and the word is strong in me; I am not blind within my faults, and as worthy of any man: Me being a black woman, takes one look in the mirror: sees more than just her reflection; therefore thy art needs are not inferior; I have high integrity in my color; no shame comes to thought; I am intelligent in my work, so forsake thy intelligence not; For I am a BLACK beauty; chocolate with sweetness; Innocent face with a swan's body; nothin' more or less; For I am all those things with God's will...I can: For I am a strong Black woman; in the battlefields I am a Black Woman. DeAngela Morgan

## The Great Success

Dr. Martin Luther King, Jr., the Peace Dove they called him, brought mighty wings of freedom to our race, salvation and righteousness upon his faith, a heart of gold, the will to achieve, encouraging our ancestors future to achieve and succeed. An angel in disguise, oblivion to their eyes, the powerful tremendously wise voice that shook the nations and took it by surprise, as our black beautiful faces stepped through the door to follow, because of one man and a higher being, he walked, talked, and preached, "I have a dream." This man stood up for rights for me and you. More than 300 honors are attached to his name, a strong African American man and a positive role model, ignoring the insignificance of ignorance and racism, looking beyond the hatred to organize the elements of freedom, excluding the abomination of slavery. Dr. King had a dream to make peace with all men, the redemption and education that's beautiful to understand, our outstanding black heritage. He had a dream!! Free at last, thank God almighty, we are free at last!! Created by Natalie Moore.

## Debate Club

Southeast has joined other area schools to compete under a grant funded by Open Society Institute, a project of millionaire George Soros. Mr. Soros wants students to learn to be leaders. Members of the championship debate team at the University of Missouri-Kansas City will be working with students on their debate skills. This is the first year Southeast has participated in this program.

### What students say about debate

"I feel that being in debate helps me to express my thoughts and feelings in a positive way. When we debate we go against two other kids from schools like N.E., Paseo, Van Horn, Central, etc. All schools are debating about Russia and the United States, but our topic is De-Alert. I know that you can get a scholarship, but I don't know how long you have to be in debate to receive one," *Catricia Tilford, grade nine.*

"I feel that debating is a very good way to argue without getting in trouble. I also like debate because I feel it will be good for a scholarship," *Captoria Roberts, grade eleven.*

"I like debate because it allows us to argue in an intelligent manner. Plus, we get to argue with other schools within our district," *Jendayi Bess, grade eleven.*
