Southwest Will Carry On

THIS friendly little book records the fleeting course of another happy year. Its pages present the story of your associations and achievements with richness and with simplicity, and you will find them friendly and conversational. May your annual, in the years to come, serve as a continual source of pleasure and inspiration to you.

We have had many enjoyable experiences together at Southwest — experiences which will remain in our memories, but which can never take place again. Working and playing side by side, we have formed lasting friendships; we have grown in loyalty, in sincerity, in knowledge, in character; we have come to treasure the aims and ideals inspired in us by our associations with others.

Southwest High School has, in ten short years, extended friendship and knowledge to hundreds of youthful Americans who have passed in and out of her portals. The Southwest of the future will be not merely a building of bricks and mortar, but a temple of Truth and Sincerity, for the students of the present Southwest and those who will follow, to whom has fallen the task of continuing and expanding school codes and ideals, are meeting and will continue to meet the challenge extended in the annual of last year in behalf of the trailblazers of the first decade: "With the present students rests the responsibility of perpetuating these fine ideals, of carrying aloft to new heights of triumph the Southwest torch of victory." Southwest will carry on.

THE palms of the south tower far into the sky, and their branches present a soothing picture of graceful symmetry. Under the urge of a gentle wind, the trunks sway rhythmically to the carefree rustling of the branches overhead. But the gales soon rise and lash in fury, and the limbs, twisted and torn from the palms and dashed wildly upon the beach, lie in a chaotic, tangled mass of green while helpless trunks crash violently down upon the sands.

The cedars and pines of the west struggle valiantly for existence on the peaks and among the rocks of the mountains. Bent but never broken by the bitter everblowing gales of the high ridges, they rise yet again to continue their brave fight skyward. Scarred and twisted, they still possess a beauty which is theirs alone — a beauty not in symmetry but in rugged bravery, not in size but in strength, not in individualism but in harmony with the scudding clouds and the sighing grasses. Maturing as the ages roll slowly by, they assume a wisdom taught by the elements. Sturdy and glorious, these spirits climb ever skyward and, never daunted, strive on and on.

As the cedars and the pines, —
Oh, may we reach far nobler heights
 Of harmony and grace,
And may we, each and every one, carry on
 In our humble place.

*If we seek to climb,
Obstacles may chance to be
Stepping-stones for you and me
To some height sublime.*

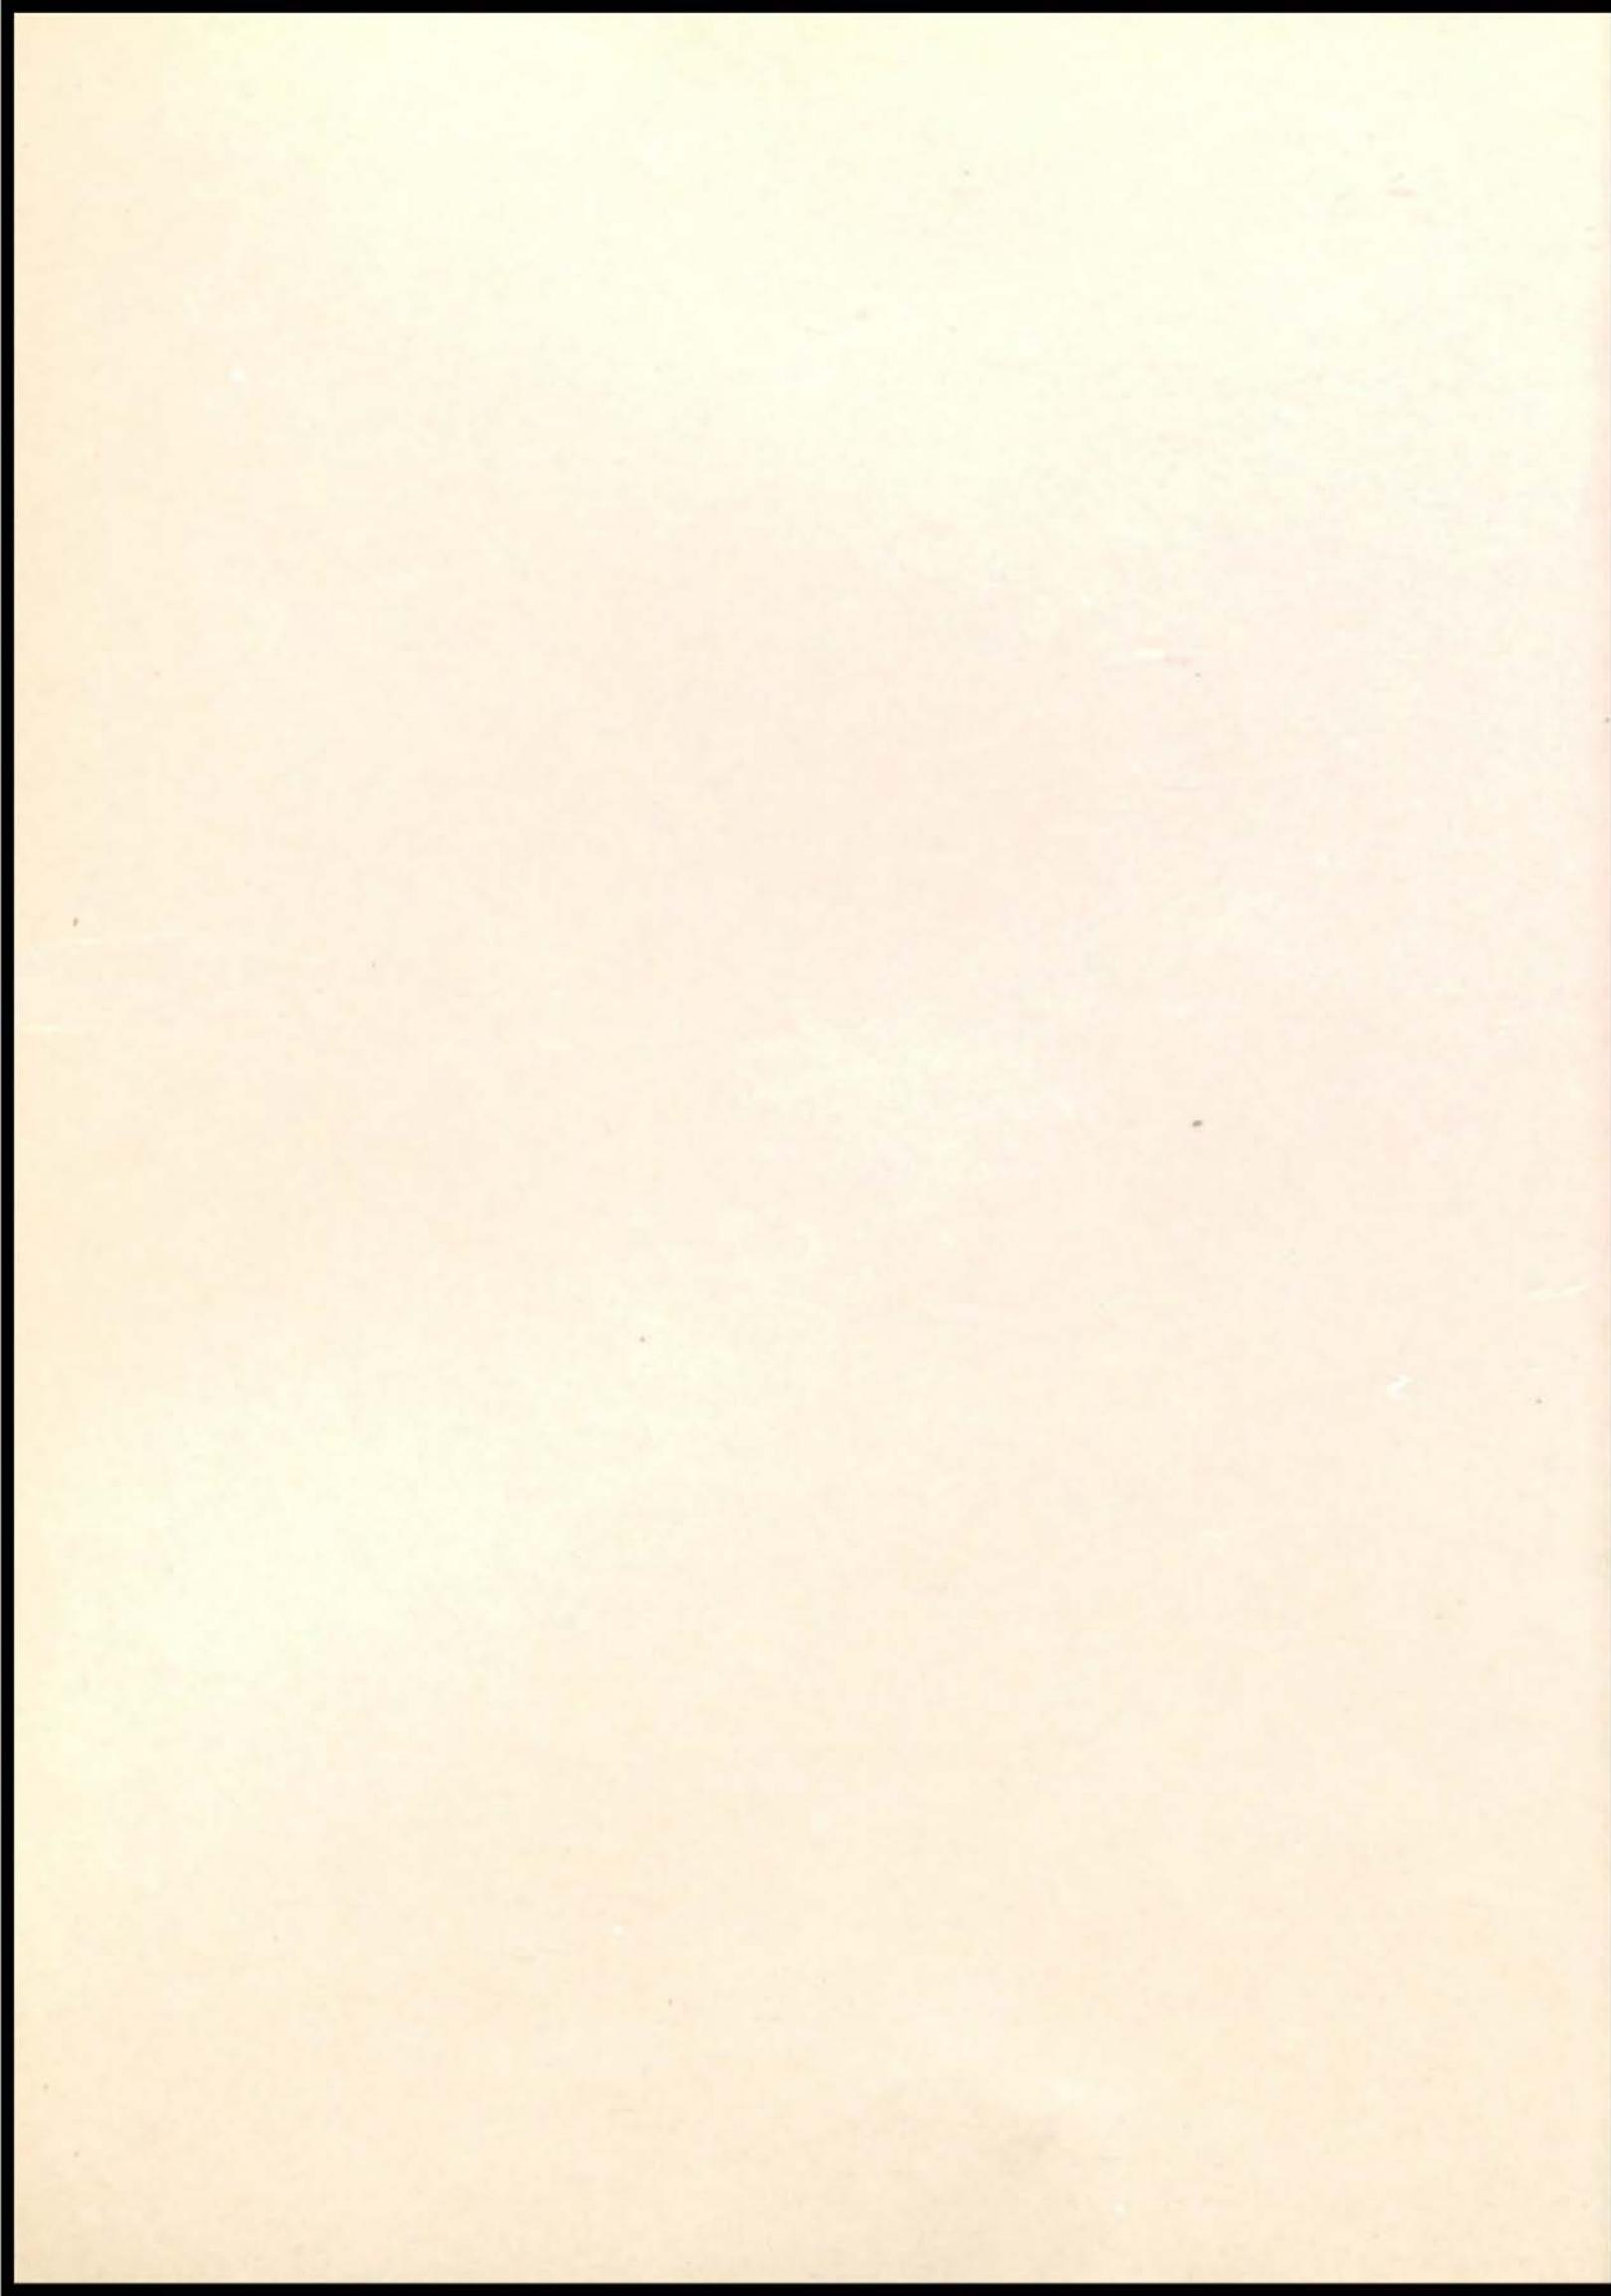

— H. Isabel Graham.

Ideals are like stars; you will not succeed in touching them with your hands; but, like the seafaring man on the desert of waters, you chase them as your guides, and, following them, you reach your destiny.

Southwest Creed

WE, THE students of Southwest High School, believe in ourselves as a student body, honorable in all dealings, earnest in purpose, and trustworthy at all times.

We believe in the highest ideals of sportsmanship, comradeship, and cleanliness of mind and speech.

We have confidence in the undertakings and pride in the achievements of Southwest.

We pledge ourselves to be ever loyal and to strive to make this institution a better and nobler school.

In Memoriam

To JOHN WESLEY McKEE

Leader, scholar, athlete, honorary president of the Senior Class of 1936—a tribute to the memory of a noble character and a radiant personality which will ever be cherished in the hearts of his classmates and friends.

A Farewell

OVER three hundred students, comprising the senior class of '56 at Southwest, will soon be parting, trying new paths, seeking new friendships. To perpetuate the memory of their four years' progress at Southwest, and to show their appreciation for these four happy years, they leave behind them a dual gift. The modernization of the scoreboard on the athletic field through the addition of a booth and loud speakers is a gift completed expeditiously by the class and will prove its value in succeeding years.

The senior class has also generously donated proceeds from the senior play, "The Importance of Being Earnest," for the financial aid of the school yearbook. The play, embodying many new features, was a production of which all were proud.

The senior class is an indivisible organization of friendships, for in four years at Southwest the companionships of each member have become intertwined and welded together. Upon the following pages of the Sachem are to be found views of the neighborhood surrounding Southwest showing the atmosphere in which the seniors have come together. They are in keeping with the grace, the serenity, and the warmth to be found among the members of our class. May each member of the class of '56 remain true to the ideals set at Southwest.

*These are the best days!
Skies were never bluer,
Friends were never truer;
There was never less of sorrow,
More of joy and song,
Than we find beside our pathway
As we trudge along
In these fair days, these rare days,
The best days of all!*

— Thomas Curtis Clark.

The Art Honor Society presents a year of achievement. With various art activities taking place throughout the year, interest centered around the study of architecture, which led to the entering of soap carvings of types of columns in a national spring exhibit at Pittsburg.

The object of the club is to promote a greater appreciation of art, to develop ability in art, and to study the work of art of our city and to know their creators.

Members of the public speaking classes interested in debate composed the Debate Team which competed in a series of interschool debates held after school. The question, offering excellent possibilities for good arguments on both the affirmative and negative teams, was "Resolved: That the several states should enact legislation providing for a system of complete medical service available to all citizens at public expense."

The topic is especially fit for debate at this time since for many years public interest has been growing steadily in favor of more easily obtainable medical care with less burdensome costs.

To speak intelligently upon the subject necessitated intensive research work on the part of the students, and although no decisions were rendered at any of the debates, the experience gained in preparation and delivery more than repaid their efforts. Mr. Elwood Ramay, public speaking teacher, coached the team.

TOP ROW: Dodderidge, Skinner, Sharp, Morgan, Campbell, Drake.
SECOND ROW: Grant, Cantrell, Daffenbaugh, Mr. Ramay, Belwood, Petersen, Hunt.
BOTTOM ROW: Suor, Mann, Beck, Goodale, Oberlander, Viot, Crandall, Glazer.

Backing the Teams

BACK that team! And that's what the coaches, managers, and cheerleaders strive to do. Coach Louis A. House, eleven years at Southwest, is in charge of football, track, and intramural activities in addition to his regular classes. Coach Melvin Bishop supervises basketball, second team football, and golf. Manager S. C. See, who tells the boys whether or not they may have a new pair of shoes, is in charge of the various financial affairs of the games.

Standing on their heads, turning somersaults, making mad dashes through the air, there go the cheerleaders! Chief Jumper-upper Johnny Green, captain of the cheerleaders, directs the battle cries of the student body. He is assisted by three other war-whoopers, Donald Brown, Ed Mulhern, and Richard Brown. They add to the interest and color of the games by their clever antics, wild gesticulations, and powerful voices (aided by the megaphones).

In order to add zest and zing to the cheering, the Powwow Club was organized last year by the Student Council. Loud, unified noise that can be understood is furnished by this cheering section.

These enthusiastic individuals and groups have done much to make Southwest seen, felt, heard.

McKee, Honorary Captain

The Football Season

FIGHT, back, Orange and Black! Many have been the times this cry has hurtled onto the field from the stands. Fight Back!—and the wearers of the Orange and Black have always fought back, this year without exception. No matter how hard the game, how tired the squad, they have played the game to the final gun.

For a foundation on which to build the team this year, Coach Louis A. House relied solely on last year's second squad, as there were no returning lettermen.

WARMING UP

In the opening tilt of the season with Harrisonville, September 20, the Warriors went down to defeat. The score of the game, played on the home field, was 12-0, Harrisonville failing to convert.

Of the Orange and Black scrappers, Bob Moeller and Kenny Hamilton even in this early game showed exceptional ability. Moeller, a senior, was one of the fastest men on the team as well as one of the lightest, just the type needed for those wide end runs in which

he specializes. Kenny, a junior, was outstanding on the field both for his gains when carrying the pigskin himself and for his interference when someone else had it.

Finding the weak spots in Southwest's line and then going through them for most of their gains, Rockhurst downed Southwest 15-0 in the second contest. The Hawks made their first score on a smashing play over center after two twenty-yard gains. They again scored in the fourth quarter and were able to convert for the extra point.

Bob Inness, a senior and one of the heaviest men on the team this year, used weight to good advantage by opening up holes in the opponent's line for the plays to sweep through. Another heavyweight was Dick Spalding, who at center allowed few plays to get past him. His accuracy in snapping the ball started many plays smoothly working.

LEAGUE GAMES BEGIN

The first game which provided the Indians with an opportunity to display their war tactics in a

Ehlers, Captain

league encounter was played against East on Southwest's field, October 5. East scored in the second and fourth quarters, but failed to convert either time. A pass from McKee to Bliss chalked up six points for the Indians. All their further efforts were hurled back by the Bears, who won 12-6.

Receiving the scoring pass was Howard Bliss, the only reserve letterman from last year's squad. Although an end, Bliss had done the punting in the earlier game with Rockhurst and had done a good job of it, averaging a little over 55 yards.

Playing left tackle was Jack Guernsey, another junior. Jack did a fine job of blocking in the line, making possible many of the season's successful line plunges.

Contrary to all predictions, Southwest crashed through to victory against Manual in the game played on Southwest's field, October 12.

The joy of victory was wiped out by the fatal injury of John McKee, who was serving as acting captain. The score of the game had come as the result of a flip from McKee to Bliss. Shortly afterwards John was fatally injured while making a tackle in defense of Southwest's goal line. The following week his team-mates elected him honorary captain.

Thad McCance, who carried the ball across for the winning point, started the season as an end. He was shifted to the backfield for the Crimson encounter, where he particularly did credit to himself in making line plunges. On such a play was that all-important point won which made the final score, Southwest 7, Manual 6.

In the line, blocking out his opponents and stopping Manual's forward drives, Jack Huttig proved his colors by his hard, consistent playing in this game.

UPSETTING THE "DOPE"

Completely fooling all dopesters, Southwest routed the favored Northeast team 20-0. The game, postponed until Monday because of rain, was played on

TOP Row: Lundmark, Bliss, Griffith, Launder, Gray, Lonsdale, Chick, Campbell, Means.
SECOND Row: Guernsey, Ehlers, Higgins, Hamilton, Riordan, Lowry, Inness, Huttig, Spalding, Moeller.
BOTTOM Row: Sutton, McCance, Klein, Mallin, Furst, Winn, Havens, Pickens, Robertson, Hites.

Southwest's gridiron, October 28. In this game the Indians made good use of their passing ability. Early in the first quarter, Nigro scored from the three yard line to which the ball had been advanced by the completion of a pass from Hamilton to Riordan. In the third quarter another forward pass with the same passer and receiver counted up six more points for the Braves. McCanse again bucked the line for point after touchdown for the second time in the game. An intercepted pass late in the last period scored another tally for the Indians, making the final score Southwest 20, Northeast 0.

Jim Riordan, whose ability in pulling down passes resulted in two scores, was a newcomer on this year's squad. Only a junior, he was adept in stopping enemy end runs and was a constant threat as an offensive end.

Bob Nigro, a backfielder, too shy to have his picture taken with the lettermen, did not prove that way on the field. He is one of the few sophomores ever to be awarded a berth on Southwest's first team.

Scoring twice in the first quarter and once in every period after that, the Westport Tigers, in the fourth game of the series, found an easy mark in the Southwest Indians. The game, which was played on Wednesday, November 6,

had been postponed twice because of rain. The final score of 32-0 against Southwest was another setback to those who always figure out beforehand how everything is to happen. The game was marked by excellent blocking on the part of the Tigers, while the Indians seemed to lack the necessary punch.

Two of the lightest members of the outfit were Jack Sutton and Lisle Hites. Both played in the backfield. Jack is another who will be back fighting for Southwest next year. In spite of his lack of brawn, he makes a very successful line plunger as well as a good defensive back. "Bud" is a graduate of last year's second team, where he also played in the backfield. He is a passer and a punter and can do his share of blocking when the occasion demands.

Another senior, Jack Launder, played hard all of the time he was in the fray. He was a tackle who had much to do in breaking up plays toward his side of the line.

AND MORE RAIN!

Rain again! and more rain! But by this time Southwest was inured to such trifling matters as the weather. The Paseo game, the first to be played off the home field, was finally held Wednesday, November 15. The frequent rains and lack of sunshine had left their marks on the field, which was wet and soggy.

Southwest went down to defeat at the hands of the Pirates 16-0. The Warriors' only scoring threat came in the first quarter, but it was halted when they failed to gain that important ten yards in four downs.

Another mainstay of the team was Tommy Higgins, who performed at center. Besides snapping the ball with speed and smoothness, he spilled those plays coming at him.

A good part of the blocking in the line could be traced to Charlie Gray. As a guard he was always in where the fray was the thickest, doing his best to upset the plays of the opponents.

Since three other games had been postponed because of rain, it would never do to let the last game slip calmly by on Saturday. Oh no!—so it rained. Resulting in a scoreless tie, the game with Central was played on a murky day and a mucky field. As the mucky field stopped almost all of the attempts to gain yardage by running plays, both teams had to depend on their passing and punting ability.

The Eagles threatened to score in the first quarter when they recovered an Indian fumble on the 17-yard line. Another fumble, this time from Eagle hands, saved the Indians on the four-yard line. Bliss kicking out of danger from the end zone. Southwest's only attempt to score was in the fourth quarter when the ball was advanced to a position 15 yards from Central's goal line.

Although Bill Griffith did not see much time in the game, he made every second count. Bill played on the second team last year.

Bert Lundmark was in the game fighting hard enough to win a regular letter this season. Last year Bert lettered on the second squad, gaining experience as a guard, the position he played again this year.

Elected captain at the end of the season, Eddie Ehlers well deserved such an honor. As one of last year's second team members, he played fullback, but was shifted to the line for this season. He was exceedingly proficient in running interference and in checking plays of the opposing team.

All in all, the season may be considered well fought—two startling victories balancing the disappointment of three losses and one tie. The Indians finished the campaign in a tie with Manual for the fourth place position. The Northeast Vikings, even though humbled by our Warriors, went on to fight their way into an undisputed title.

Although they did not finish in the first division, according to league standings, the Warriors played the game, always.

TOP Row: Stevens, N., Burns, Lieppman, Wainwright, Fleming, Mather, Voigtlander, Martin, Walken.
SECOND Row: Greiner, Piper, Lyons, Spear, Kanaga, Blauw, Costigan, Cavanagh, Jericho, Higdon.
BOTTOM Row: Meyers, Birenboim, Crutchfield, Amick, Jamison, Boone, Talbot, Hecht.

The Young Warriors

WINDING up the season in a second-place tie, the young Braves of the second team appear well equipped to wage battle gloriously next season in the upper league.

Guided by Coach Melvin Bishop, they opened their campaign against the young Rockhurst Hawks, dropping the tilt 22-12. Their first league opponents, the East Cubs, handed the Bravelets a scratching 19-0 defeat.

They came back fighting in their next encounter and scalped the Northeast Vikings 20-14 after passing up the scheduled Manual game. Contrary to the experience of their older brothers, they found the Westport Tigers easy meat, felling them 21-0. This contest featured the performance of Costigan, Robertson, and Winn, three stalwart warriors.

In the next encounter the Paseo Pirates battled the Southwest seconds to a scoreless tie, still leaving them a possible final first place position.

However, in the toss-up battle that closed the season, the Central Eagles plucked the Indians' feathers and emerged from the scrimmage with a 15-6 victory.

The final summary of games lost and won against league opponents reads two and two with one contest tied. The sixteen squad members awarded letters by Coach Bishop include Amick, Birenboim, Burns, Cavanagh, Costigan, Crutchfield, Jericho, Lieppman, Lyons, Meyers, Talbot, Voigtlander, and Wainwright, juniors; and Kanaga, Piper, and Wager, sophomores.

These lettermen joining the array of returning first team veterans will most likely prove a scrappy squad "on the warpath" next season.

The Basketball Season

Brown, *Captain*

SPORTSMANSHIP was king of the 1936 basketeers. Although they did not attain the top rung of the ladder, they achieved much by their hard consistent playing. Coached by Melvin P. Bishop, the squad battled every game to the final.

Of the thirty aspirants for team berths, only two experienced players, Bill McDonald, a letterman, and Bill McKinley, a squad member, were available. Always a reliable player, Bill McDonald proved his mettle in many crucial moments. Though seemingly slow, he upset the opposition with a display of sudden speed. Bill

-had ability, offensive and defensive, and showed up well in sinking shots.

Meeting the Alumni in a practice game, December 20, the Indians were handed a 52-20 defeat. Scoring often from the middle of the floor, Rockhurst defeated them also, December 22, 25-16. An exciting battle was lost to Ward, 23-22 in another pre-season game.

A promising junior, Kenny Hamilton, gave great assistance as a forward in gathering rebounds under the basket. He proved proficient in sinking long shots.

Southwest came, saw, and conquered in the Interscholastic League first round. East was the opponent that the Warriors downed by a score of 21-17. Both teams played a close defensive game, with Southwest doing a tighter job.

Shooting the Warriors into the lead, Don Dohrer ably proved his worth under fire. He had not only ability to hit the basket, but also was a check to the opponents on defensive playing.

TOP ROW: Valentine, Brown, Costigan.

SECOND ROW: Klein, Dorr, Mallin, McDonald.

BOTTOM ROW: Hamilton, Dohrer, Lieppman, Hogben, McKinley.

Drawing a bye in the Interscholastic League, the Indians met Olathe, January 18. Failure to get under way in the first half caused the loss of the game. The Eagles led 16-5, but a last half spurt by the Warriors made the final score Olathe 51, Southwest 27.

Leading the Southwest offense was Bernard Lieppman, a junior, who amassed 10 points in the Olathe game. He also made effective inroads when the opponents were on the offensive.

Tallying only two free throws in the first half, Southwest was routed by Manual, January 25, 59-19. Manual cooped up Southwest when the Indian defense wilted under the rampages of the Crimson cagers. Early in the second half, the Warriors started a barrage of shots, but could not overcome the shifty Manualites.

Costigan, leader of the Indians' short scoring spree, will be back next year. A guard, Charles has a peculiar ability for shots from various points on the court.

Again failure to get an early start against Northeast cost Southwest a probable victory. At the beginning of the second half the score was tied, but Northeast slipped into the lead, making the final score Northeast 56, Southwest 26.

Herb Valentine, forward, was responsible for four goals and a free throw. His peculiar one arm method of shooting earned many of his counters.

Meeting William Chrisman on the home court for the first time since '29, Southwest received a 55-50 setback, January 21. Marked by excessive fouling by both sides, the game was close and fast, with Brown scoring six points in two minutes.

Back in Convention Hall, Southwest met Westport February 28. Westport took, along with the game, the honor of chalking up the highest score of the season, 42-21.

Southwest vs. Paseo

The Crowd

Hard, steady playing marks the fast pace set by Bill McKinley, a junior. Refusing to be exhausted, he was used to good advantage in repeating sallies against the opposite team. He also showed progress in shooting from under the basket and from a distance.

With flu thinning the Warrior ranks, Southwest dropped the final game to Paseo. The score at the half was 14-9, while the final score read 31-19.

Due to his recognized ability as a cager, Russ Brown was placed on the Interscholastic League All-Star second team. He also was elected honorary captain for the 1936 season by a unanimous vote of his teammates. In many games, Russ has led his team in total number of points made. Not only accounting for a goodly number of swishers himself, he has made possible by his brilliant teamwork many shots by others.

While not in ranking place this year, Southwest's prospects for a bigger and better coming year look hopeful, with these returning lettermen: Charles Costigan, Bill McKinley, Bill Hogben, Bernard Lieppman, and Kenny Hamilton. A reserve letter was awarded to Bob Mallin. Seniors winning letters are Russ Brown, Don Dohrer, Bill McDonald, and Herb Valentine.

Second Team Basketball

THIS year the second team gained much training and experience that will provide a good foundation for first string material next year.

The first tilt of the season was lost by the Braves to Rockhurst's Young Eagles. A last minute spurt gave Ward the next game, 24-21.

East's Cubs put on a late rally to defeat Southwest's Papooses 16-15, while free throws and last minute scoring brought Olathe a 21-17 victory.

Although tied at the half, the Southwest seconds were defeated by Manual, 25-19. In the next game, with Central, they lacked the necessary push to withstand a powerful attack in an overtime game and the Eagles took home a 24-21 victory.

Shooting from all corners of the court, the Northeast seconds defeated the Bravellets 30-27. In another close game, William Chrisman's second team was also successful in downing the youngsters from Southwest, and the final gun went off on a 21-18 score.

Led by Bernard Lieppman, who sank a total of 20 points, Southwest's second team downed the Tiger Cubs from Westport 32-25. In the closing game of the season, Paseo romped over Southwest 38-24.

The following boys were awarded letters: Joe Dorr, Dick Wainwright, Bill Myers, Lee Talbot, Larry Wager, John Poindexter, and Dick Temple.

TOP Row: Edwards, Worley, Temple, Wager.
BOTTOM Row: Myers, Jones, Wainwright, Talbot, Poindexter.

TOP ROW: Forman, Balfour, Tutt, Root, Nigro, Wheeler.

SECOND ROW: Douglass, Bliss, Carney, Bates, Elhers, Scott, McKee.

BOTTOM ROW: Willhite, Pringle, Baldwin, Watson, McDonald, Hamilton, Duden, Winn.

1935 Track

WITH the seniors winning a closely contested victory in the interclass track meet, the cinder boys of the 1935 squad got off to a flying start. The seniors emerged with 56 points, topping the juniors' 47 points and the 18 counters made by the freshman-sophomore group.

A dog, strange as it seems, prevented a decision of the outcome of the East-Southwest duel meet until a later date. The dog, upsetting the anchor man of the Bears' relay team, also upset Southwest's chance for a record time in the event. Despite the dog, the Indians won the relay, run again at a later date, and the meet with a point total of $49\frac{1}{2}$ to East's $41\frac{1}{2}$.

The tracksters from Northeast gained an edge over the Indians. In a dual meet April 12, the Vikings secured 50 points to the 41 accounted for by Southwest.

Success in the field events won Southwest an overwhelming victory over Westport, 72-19. The Warriors made a clean sweep in the shot put, pole vault, and broad jump events.

In the first triangular meet of the season, Paseo downed both Southwest and Manual, the Pirates amassing 55 points to the Warriors' 53½ and the Crimson athletes' 4½.

Retaliating after this defeat, Southwest swamped Central and Westport, April 30. After the final tallying the figures read Southwest 55, Central 57, and Westport 6.

Southwest's best tracksters, who traveled to Columbia for the state meet, came through with flying colors. The medley relay team, consisting of Bob Moeller, Kenny Hamilton, Bill Bates, and John Baldwin, placed first in the medley relay; Bill Bates placed first in the low hurdles; and Ross Willhite, fourth in the high hurdles. This gave the Indians a total of 11 points and sixth place in the state.

In the grand finale of the "55" season, the city track meet, Southwest took fourth place with 17 points. Northeast led the field with 30 5-7 points, Paseo made a close second with 28 points, and Central was third with 24. The colorful city meet, held on the Southwest field, was a fitting climax to our track season.

Because of his fast time, clocked at 22.7 seconds, in the low hurdles, Bill Bates was awarded a place on the All-American Interscholastic Track Team. This group is composed of outstanding athletes from all over the country.

1936 Track

The 1936 track season opened with the interclass meet, March 27. The seniors took first place with 54 points to the juniors' 41, and the 11 registered by the freshmen-sophomore squad. It is interesting to note that the seniors did not have a great monopoly, showing that there is talent among the underclassmen also.

Though so early in the season, it is difficult to tell just exactly how the season will turn out; however, it is safe to say from the performances in the broad jump and hurdling events, Southwest ought to be in the final reckoning. Larry Winn was the outstanding trackster, winning three first places with an exceptionally low time in the low hurdles.

The time in the "440" was fair; however, it is impossible to predict the outcome in that race as the quarter mile is a twister for all dopesters. Promising, too, is the record turned in for the dashes. Thus the squad appears to be fairly versatile and not built around one or two individuals. Not only the winners in this meet, but also those who placed second and third are capable of carrying on Southwest's track traditions.

Over the Net

SOME sixty rackets twanged on the courts in the vicinity of Southwest as Mr. Elwood Ramay issued the call to Interscholastic Tennis Team aspirants this season. Returning from the squad of last year to join the enthusiastic tryouts was Ray Moseley, a junior, who lettered in tennis his sophomore year.

Candidates for berths were paired off and assigned to elimination rounds. Following the play-offs the team was selected. Those to represent Southwest in the singles were Don Dohrer and Ray Moseley. The doubles teams that were chosen were Earle Radford and Herbert Valentine, Martin White and Joe Springer.

The two doubles teams finished their first rounds successfully, Valentine and Radford meeting East while White and Springer downed Central. The same good fortune did not hold with them in the next round or the quarter-finals. The combination of Radford and Valentine was defeated by one of the doubles teams from Central, while the attack of a Paseo team proved too much for White and Springer.

In his first round Don Dohrer encountered a Manual candidate whom he succeeded in downing, but he fell before a contestant from Westport.

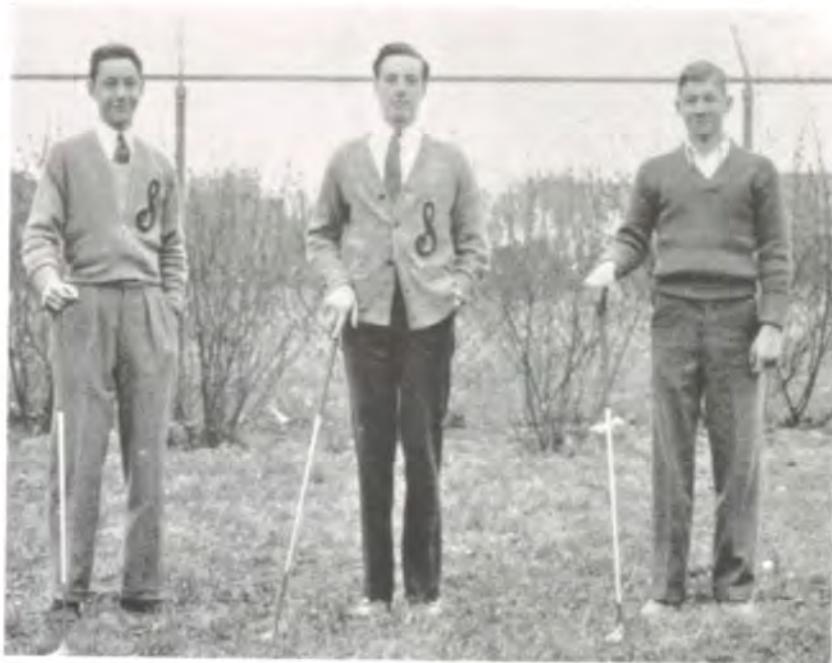

The other member of the team, an entry in the singles, went further than any of his teammates. In his early rounds, he overcame each of his opponents, advancing to the finals where he was defeated by a boy from Westport. This boy, who then became city champion in the singles, also eliminated Don Dohrer.

A letter was awarded each member of the team that engaged in competition as a representative of Southwest.

Tennis lettermen engaging in interschool competition are, left to right: Ray Moseley, Martin White, Earle Radford, Don Dohrer, Herbert Valentine, and Joe Springer.

Golf lettermen representing Southwest shown here are, left to right: Gordon Myers, Joe Dorr, and James Talbot.

On the Fairway

ANSWERING the call to defend the title won last year in the Interscholastic Golf Tournament, ten aspirants for team positions responded on the greens of Old Mission golf course early last fall. Elimination rounds followed September 21, and Coach Melvin P. Bishop selected four regulars and two alternates to represent Southwest.

With a score of 81, Gordon Myers led the group and earned a berth on the team. Joe Dorr with a score of 89, Charles Mitchell and Courtney Thompson both with 91's, Jim Talbot with 92, and Allen Barton with 95 all qualified for positions. Thompson and Mitchell are seniors, Myers, Dorr, Talbot and Barton, juniors.

This year the tourney was held in the fall instead of in the spring as it had been in previous years. At the end of the first round Southwest held second place with Paseo leading the field by five strokes. The matches were played on Swope Park golf course number one. Individual low scoring honors for the Southwest squad went to Gordon Myers, who placed second in the entire field of competitors. Joe Dorr turned in the second best score for the Indians.

The conclusion of the second round found Westport and Southwest tied for second place. They were just one point behind Paseo, still the leader. Myers again turned in the best card on our team, making him low medalist of the tourney at this time.

Postponed often because of rain, the closing round was finally played on a water-soaked course, November 9. The season concluded with the Braves in fourth place.

Athletics for Girls

IN THE organization of the intramural program for girls, the development of the following has been kept in mind: (1) character and citizenship, by providing an interest for leisure time; (2) social contacts, giving opportunities for choice of activities; (3) permanent interest in sports; and (4) physical fitness, by providing wholesome activities in which all have the opportunity of participating.

Girls may participate in intramural sports whether or not they are in the present physical education classes. The sports offered this year were soccer, hockey, basketball, baseball, aerial darts, tennis, swimming, and track and field.

The Southwest orange and black shield is the highest award. It signifies that the wearer has won a place on six different intramural teams. A shield with a star indicates that she has participated in twelve sports. Before a girl has made her six teams, she receives an orange felt feather with a number of black arrows corresponding to the number of teams on which she has placed. Of course this is limited to five arrows, as she receives a shield instead of her sixth arrow.

The Squad Leaders Club is composed of all girls who are squad leaders in the physical education classes. The club meets each week for special instruction and practice in the next week's activities.

The office assistants deserve special commendation for the part they have played throughout the year. These girls are selected by Miss Betz and Miss Shuler for their academic standing, desire for service, and for their poise and ability to meet unusual situations.

The Health Center

SINCE October, 1926, the opening year of Southwest, there has been a health guidance department under Miss Elma Dreyer. Beginning as the Emergency Room, this department has attained a high degree of educational character in developing to the status of Health Center.

The purpose is threefold: health instruction, health service, and control of illness. Instruction includes personal educational contacts made through either first aid or counseling visits by pupils. Also, Miss Dreyer is available for classroom talks and demonstrations and acts as adviser on the faculty health committee. A health reference library table is maintained for pupils, teachers, and parents. Health service includes first aid treatments, student and parent conferences for health guidance, and assistance to physicians and teachers. Control of illness functions through a system of admitting pupils after illness and recommending students' excuses for home or personal physician's care. With fine cooperation of teachers, pupils, and parents, absence has been reduced to a minimum.

So numerous and heavy have the responsibilities of the Health Center become, that Miss Dreyer has five junior counselors assisting her during third, fourth, and fifth hours. These assistants are chosen on the basis of scholarship, personal adaptability, and interest. No doubt the future will find them in responsible positions of guidance.

Even with these varied and manifold duties, Miss Dreyer is looking forward to more extensive activities. Through a faculty committee and student interest, she hopes to see a student organization functioning in support and promotion of better personal and community health.

The Battalion Marches On

THE Southwest Battalion of the R.O.T.C., in marching on to further achievements in the present and in the future, carries to greater heights the Southwest torch of triumph. Our "Army" has been one of the sixty R.O.T.C. honor organizations throughout the entire country for the past five years. Gaining in proficiency year by year, the Southwest unit has taken a lead among the other high school units of Kansas City and has done more than its share in maintaining peace by a wise preparation, realizing that peace lies in a reasonable preparedness.

Our R.O.T.C. program is based on the theme of character building. He who wishes to be a good citizen must be of high character; he must be a man whose integrity is not to be doubted,

whose courtesy is deeply founded and far-reaching, and whose loyalty to his ideals and his country must be unwavering under any condition. Good citizenship is necessary that America may continue peaceful, democratic, progressive and powerful. Thus the cadet is taught loyalty to constituted authority and to his country. Good citizenship comes as a natural and certain attainment from obedience, respect, and patriotism. Certainly the young Americans in our R.O.T.C. have that love of country expressed so nobly by Henry Van Dyke when he wrote of

" . . . the land of youth and freedom beyond the ocean bars,
Where the air is full of sunlight and
the flag is full of stars."

Cadet Major Lelan Sillin

UNDER the efficient direction of Sergeant William A. Story and with the leadership of the officers of the Southwest Battalion, our unit has attained high honors and established new records. A wonderful spirit of cooperation existing between the officers and cadets was responsible for the many successes of this year, such as, the display of a beautiful Alternate Battalion Parade at the annual R.O.T.C. Circus.

Commanding in practical work and instructing in theoretical work, the officers have had much to do in developing a battalion that is precise and clocklike of movement in drill, and quick and accurate of thought in theory.

The officers of the battalion this year have brought glory to our school and have reflected a definite spirit of "carry-

R. O. T. C. Officers

ing on." We are proud of our officers and of the unit because of the contribution of time and effort to the school. The units of the future have a definite goal in living up to the standards set by our present corps of cadets.

The Southwest Battalion has done its part in carrying on for the glory of its beloved school. In the accomplishments of the present and future, it will never fail to carry on.

The Southwest Band, directed by Mr. Zahn, played for nineteen engagements this year, including the football games, the R.O.T.C. Circus, and the National Band Contest at Lawrence. These served to show the versatility of the band this year. With an enrollment of over sixty, it is one of the school's fastest growing organizations.

DIVERTING, humorous is the famous comedy, "The Rivals," presented as the tenth annual all-school play under the splendid direction of Miss Anna Curry. The finished production by the cast of fourteen proved more than sufficiently interesting to the appreciative audience, and it was easily

understood why this lively comedy by Richard Brinsley Sheridan has continued a favorite of theatre patrons since the original presentation at Convent Garden Theatre in 1775.

Few plays possess so many characters for the display of outstanding dramatic abilities. Squire Bob Acres,

a rival for the hand of Lydia, is a "funny little bumpkin of a country squire," full of strange oaths and of a most valiant bearing. His ultimate cowardice in the duel scene is whimsically developed and sharply contrasted with the Irish assurance and ease of Sir Lucius O'Trigger.

Mrs. Malaprop's ingenuity in misusing the dictionary proves very amusing (aptly incongruous and exactly inaccurate). Lucy Byers played this ridiculous, domineering, old aunt of Lydia Languish. The bold caricatures of both Mrs. Malaprop and Bob Acres are strong in comic effect, able to stand alone in spite of any artistic inequality. Leon Goldberg literally "stole the show" with his interpretation of Bob Acres. As Sir Anthony Absolute, Phil Brinkman portrayed the dictatorial father of Captain Jack with old-fashioned severity.

Faintly reminiscent of last year's presentation of "Monsieur Beaucaire" were the setting in Bath, capital of

English social life; the gay costuming, correct in every detail; and the simple staging, strikingly suggestive of the eighteenth century background.

When dashing Captain Absolute arrives at Bath in the disguise of Ensign Beverly to court the romantic Miss

Lydia Languish, she defies both her aunt, Mrs. Malaprop, and Sir Anthony Absolute who has proposed his son, Captain Jack, as her husband. Sir Anthony flies into a rage when Jack refuses to consider his choice for a wife.

In the meantime the captain discovers that his father's favorite is identical with his beloved Lydia. Calling upon Mrs. Malaprop, Jack, by a ruse, secures an interview with his lady love, who believes he is Ensign Beverly deceiving her aunt.

The dual role which Jack has been playing is exposed when Sir Anthony and Jack confront Mrs. Malaprop and Lydia, Sir Anthony enjoying the joke immensely. The captain is challenged to a pistol duel by his rival and friend, Bob Acres, and to a small sword duel by Sir Lucius O'Trigger because of a jest. Although the duelists meet, no blood is shed and the troubled love affairs of Jack and the unfortunate Faulkland, who has tried to the utmost the patience and constancy of Julia's love, are satisfactorily arranged.

Each cast member adopted some peculiarity of character by which he distinguished himself. Bill Hines was a gay, young spark who intrigued, cracked jokes, and duped his father;

Barbara Barton, a spirited beauty, fond of novels, full of romantic notions, with the fine airs of good society; John Green, an unreasonable, provoking lover of Julia; and Carolyn Sherrod, demure and patient little cousin of Lydia. Albert Waters was an honest fortune hunter; Thelma Monsees, a waiting maid of the most approved fashion; Donald Brown, a witty menial; William Rothwell, an amusing clodhopper servant; Donald Newlin, valet of the old day; Dorothy Getchell and Ed Mulhern, typical household servants.

The Southwest orchestra, directed by Mr. Logan Zahn, played during intermissions.

Deserving special credit for its work is the production staff, which spared neither time nor energy in an effort to collect properties, arrange effective settings, assemble wardrobes, and by the aid of make-up, transform their school friends into the social elite of eighteenth century England.

The Long Thanksgiving Dinner

AN unusual one-act play, "The Long Thanksgiving Dinner," featured at the Parent-Teacher Association's Thanksgiving meeting, Thursday evening, November 21, was presented by twelve members of the public speaking classes under the direction of Mr. Elwood Ramay. Because of its unique qualities and its shortness, this play, vividly portrayed, well directed, and adequately staged, merited the enjoyment of the audience.

Ninety years are traversed in this drama which represents, in accelerated motion, ninety successive Thanksgiving dinners in the Bayard household. Birth and death occupy equal positions of importance in a story of stark realism concerning one of the first families of a midwestern city. Old Mother Bayard, who remembers "when St. Louis was full of Indians," her son, Roderick, and Lucia, his emotional wife, are members of the first generation of the family.

The Nurse Bridgetta Lientz
Leonora Frances Woodruff
Ermengarde Helen Hartz
Sam Melvin Glazer
Roderick II Marshall Lovett
Lucia II Margaret Crogg

The second family circle includes Charles Bayard, prosperous factory owner and head of the family, his attractive wife, Leonora, and Genevieve, his highly nervous, musically-talented sister. Cousin Brandon joins the family dinners at this time. Cousin Ermengarde, an old maid school teacher, completes the group.

Charles' and Leonora's three children are Lucia, a typically modern daughter, her twin brother, Sam, who enters the World War, and Roderick, a self-sufficient, conceited young man.

Although the speech, manner, and business of the actors was colloquial and realistic, the production stimulated the imagination of the audience. The histrionic talents of the players were strained to the utmost for the interpretations were enacted without artificial aid or change of costume. The ability of the cast "to grow old gracefully" decided the success of the play.

SCENES

ACT I—Algernon Moncreiff's Rooms in London, Half-Moon Street, W.

ACT II—Patio of the Manor House, Woolton, Hertfordshire.

ACT III—Drawing Room of the Manor House.

THE last of Oscar Wilde's plays, a colorful, fantastic farce entitled "The Importance of Being Earnest" or "A Trivial Comedy for Serious Persons," was presented April 25, 1936, by the senior class under the direction of Mr. H. Elwood Ramay.

Aside from the fact that the play is a light, impossible comedy written in the French style and based on an absurd complication arising from the uses of aliases, notable features such as modern costuming, distinctive settings, and student management aided in making it thoroughly enjoyable. A motif in black and white carried out in costumes, stage decoration, pro-

grams, and advertising posters produced an atmosphere in keeping with the glittering theme of the play and also did much to stir the interest of the audience. Smaller sets, farther downstage, which required only five minutes to be completely changed, accounted for better acoustics.

Students had almost complete management of the project except for the actual direction and splendid supervision of Mr. Ramay, for seniors capably attended to the staging and advertising.

Before rehearsal was even begun, every member of the cast had a background of stage technique and of ap-

preciation of English comedy, and all lines were learned. As a result of this instruction, perseverance, and practice, the characters spoke charmingly and effectively, and stage business, especially significant in this play, was well taken care of. Although the tone of the comedy was set on a high plane by the interpretation of John, Algernon, and Lady Bracknell, "low comedy" and farcical delineation were betrayed by Miss Prism and the Reverend Chausuble.

Jack Worthing and Algy Moncreiff are gay young Londoners plagued with relatives. To escape his aunt, Lady Bracknell, a ridiculous social-climber, Algy invents Mr. Bunbury, a chronic invalid who insists upon calling Algy to the country at unexpected times. Jack, less astute in choosing a means of shirking his domestic duties, has a roguish brother, Ernest, requiring disciplinary treatment. Ernest really provides Jack with an excuse to leave his young ward, Cecily Cardew, to

go to London to see Gwen, his true love.

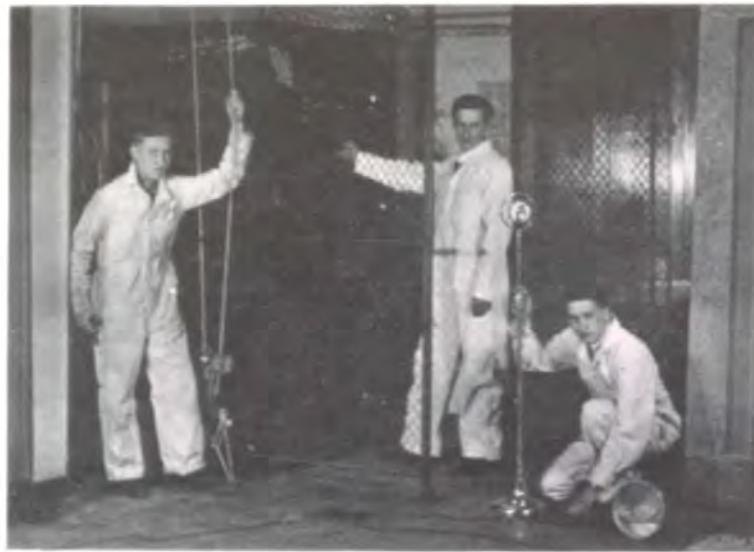

Algy becomes interested in Jack's country expeditions, and appearing at Jack's country place in Hertfordshire under the assumed title of Ernest, the unmannerly brother, becomes engaged to Cecily. Both Algy and Jack, who has announced the death of Ernest, are astounded with the arrival of Gwendoline and Lady Bracknell. Lady Bracknell opposes Gwen's marriage to Jack, a social nobody, but when she meets Miss Prism, now Cecily's governess, the mystery of Jack's birth is cleared. Of course, Lady Bracknell consents to Algy's marrying Cecily when she learns she will inherit a substantial fortune. Jack, Algy's elder brother, whose name really is Ernest, is graciously invited to take Gwen as a bride.

The Southwest Orchestra, conducted by Mr. Logan Zahn, played a varied program between acts.

Production Staffs

THE man on the bridge, the man behind the spot light, and the man who efficiently manages backstage traffic, together with competent assistants—all of those students behind stage who quietly and capably perform their particular tasks are as responsible for the success of the play as are the actors themselves. More than a hundred students assisting in the production of three plays competently accomplished their many duties.

Louis Pasteur

By ELDON NEWCOMB

WITHIN a marble tomb at the base of the Pasteur Institute in France, a humble peasant lies at rest; and overhead, the angels, Faith, Hope, Charity, and Science, keep silent and holy vigil over this the greatest Frenchman of all times, Louis Pasteur. High above, in the laboratories, as in the hearts and minds of his pupils, Pasteur's service to humanity lives on. And in every laboratory in every nation, the truths he discovered and taught are achieving victories over the scourges of mankind.

From early childhood, Pasteur was guided unerringly by an inner light towards a distant goal. Both parents and schoolmasters, early sensing the intangible genius in his personality, stirred within his breast a desire to conquer and encouraged within him a sense of duty to fellowmen. This early training bore full fruition in the glorious triumphs of his later life. So important was the influence of peaceful home life in the quiet village of Dole, that for years later it was reflected in the beautiful harmony with which he mingled scientific research and the quiet family communion around the fireside. As Pasteur developed into manhood, his intense determination to alleviate suffering found expression in the application of discoveries which have saved the lives of many thousands. Reverently Pasteur communicated to his father: "God grant that by

my persevering labors I may add a little stone to the frail edifice of our knowledge of those deep mysteries of Life and Death where all our intellects have so lamentably failed."

As the years passed, that fervent prayer was answered: Louis Pasteur placed the dark and teeming world of the small under a blaze of microscopic light: agricultural industries were saved; the secrets of fermentation and decay were at last unlocked; the theory of spontaneous generation, a fallacy which for ages had benumbed the progress of thought, was banished; the world was freed from the horrors of lockjaw and the terrors of infection from surgical operation; hospitals were changed from dens of death into homes of mercy. A humble learner, with a noble goal, had dared fight the unknown in the laboratory as the principal actor in a role of peril. That glow defining all sacred work, that divine spark which inspired Shakespeare, Mozart, Michael Angelo, was aflame in Louis Pasteur!

It was more than genius that marked the Pasteur whose every uttered thought bespoke a tender, loving character, whose life was a continuous sacrifice upon the altar of Science. It was more than genius that sustained the Pasteur whose three beloved daughters died of disease, whose discoveries were first met with the scepticism and ridicule of envy, of prejudice, and of stag-

nant opinion. It was a magnitude of soul that led him to the bedside of Louise Pelletier, dying of hydrophobia, and a nobility of character that caused him to turn to the parents of the dead child and say, with tears and care-worn face, "I do so wish I could have saved your little one!" There is no wonder that a national popular vote acclaimed him the greatest Frenchman of all times!

"The Future belongs to Science." Will it be a Science of narrow aims and of greed, or a Science dedicated

to the service of humanity? There must be but one answer. It will be the Science motivated by reverence and love for mankind, a Science enriched by the memory of a kindly benefactor, Louis Pasteur. His works will live on in the minds of those whom he inspired and of those whom he ever will inspire. The praise of a grateful world continues and will ever increase. Today, he belongs not only to one country but to the world! Louis Pasteur is "not for an age but for all time!"

Will Rogers . . . The Man

By GORDON BRIGHAM

WE thought it would take a President's death to make a whole nation mourn, but that's what this country did today, Knute, for you." In uttering this statement upon the death of Knute Rockne, Will Rogers might have been writing his own obituary, since four years later he was to meet his end in a similar manner, and, as he had mourned for "Rock," all of the world were to bow their heads in sorrow at the untimely end of the greatest of American humorists.

When one speaks of Will Rogers as the greatest American humorist, he is not using mere empty words. The wide fame he gained abroad, as well as in the United States, clearly illustrates his popularity. And again, this fame had not come to him overnight, but had been built up through creating in every heart a love of his homely wit and philosophy.

In the early years of his life he was but an obscure actor upon "the stage of life." Born in the small town of Claremore, in what was then called the Indian Territory, he grew up among the cowpunchers and rough, though kind-hearted characters of a typical border state. Strange to say, his mother intended Will to become a minister, and cherished this idea in her heart until young Will ran away from home, upon which occasion a relative said he would become a horse thief. It so happened, however, that he was destined to be neither of the two, though in 1895 no one in the farthest stretch of their imagination could picture this drawling, carefree cowpuncher as a world famous humorist and the best loved American of his age.

From the three dominant hereditary strains, one can easily discover the

origin of those splendid qualities that made him famous. From the Irish strain came his sense of humor—the most sparkling and yet original of the Century—and his generosity. From the Scotch, with their ancient reputation for thrift, came his shrewd business ability; while the Indian strain contributed that reserve and dignity, which elevates one from the levels of a mere jokester to that of a beloved wit and philosopher.

Will often declared somewhat boastfully that he was "ignorant," but in reality he was one of the country's most intelligent men. While it is true that he did not graduate from college, yet Dr. Nicholas Butler, President of Columbia University, was so impressed by his wit and philosophy that he wanted to confer an honorary degree upon him. When Will heard this, he merely grinned and replied, "Well, Dr. Butler, I knew they gave college degrees for nearly every kind of ignorance, but I didn't know they gave any for my kind."

Other colleges wanted to confer honors upon him, but he declined them all, mainly because he was always extremely modest and refused to consider himself great in any way.

Nevertheless, he endeared himself in many ways to the really "great" people of the world. He interviewed and was on friendly terms with such men as Mussolini, the late King George V. of England, and three presidents of the United States, Coolidge, Hoover and Roosevelt.

He was quite fond of the present King Edward VIII, and told and wrote

many amusing anecdotes about him. He always insisted that the Prince (as he was then Prince of Wales) was a "regular fellow," and that, though the English people are not generally credited with a sense of humor, the Prince had a very keen one. Also, contrary to public opinion, he was an excellent horseman and rider, taking an active part in hunting and steeplechase riding—those two sports closely associated with England from time immemorial.

Although Will Rogers was perhaps better noted for his wit than his philanthropy, yet the fact still remains that the greatest word in his life was Charity. It is true, he did not endow as many great institutions as Andrew Carnegie, the famous Scotch philanthropist, still he followed one of the fundamental teachings of Christianity in his belief and practice, "that it is better to give, than to receive." Out of his vast income a considerable amount went each year, not only to worthy institutions, but to worthy individuals as well. To all who professed to be old friends of Rogers, and who had worked with him as cowboys, or in the small stock companies of his earlier days, he gave financial aid unquestioningly. He did not, however, limit his charity work to his "friends" alone, but any one who wrote him, or whom he saw in his travels, that was destitute never failed to receive aid from the kind-hearted Will. During the World War, the Mississippi Flood of 1927, and many other great catastrophies, Will Rogers lent his support smilingly, and gave a large contribution himself, as well as appearing at countless bene-

fits for the purpose of aiding the unfortunate. Will Rogers devoted more of his time and effort to charity than has perhaps any other person in the United States.

At the time of his death in the airplane crash near Point Barrow, thousands of words of praise to his memory were spoken by great men all over the

world, but perhaps the one of these that best describes his noble character was Conrad Nagle's quotation from Shakespeare:

"His life was gentle, and the elements
So mixed in him that Nature might
stand up
And say to all the world, 'This was a
man!'"

You Have to Be Brave

By RUTH MERING

GEORGIE slammed the car door, then slouched disgustedly on the upholstered seat. Stretching his legs before him and thrusting his hands deep into his pockets, he gazed earnestly at his shoe tops, while somber reflections passed through his mind. How could anyone anticipate with any pleasure the annual reunion of a family of which he was by far the youngest? He knew from previous experience what to expect and what would be expected. There wouldn't be anyone interested or young enough to play baseball. Instead, they'd play croquet. Georgie almost snorted, then squirmed a little. These pants certainly itched. He had heard his mother say she got a bargain. Well, it certainly felt like it. His thoughts wandered a little. If his father would just let him have a gun, he could go huntin' and if he got a rabbit, he could put the head over his desk. Then later he could go to Africa and shoot a lion or a tiger, then put the head over the mantel in the living room. His mother could point to it . . . He was interrupted by the arrival of

his parents and the uneventful ride to Aunt Grace's started. Georgie sighed and kicked his heels against the seat until the stern eye of his mother stopped him.

Arriving at Aunt Grace's, Georgie nearly fell out of the car in his eagerness to avoid an almost certain onslaught of relatives. It was, however, a futile effort, and he found himself surrounded by four aunts and a cousin. Escaping, finally, he watched them descend on his mother and then head for his father, who was on the other side of the lawn.

Forgotten for the moment, he slumped disconsolately on the porch steps and surveyed the lawn. The croquet wickets were already in place and even now Uncle Joe and Cousin James were choosing mallets and balls. Georgie saw that the afternoon promised to be all that he had expected.

He got up and wandered listlessly into the living room of the deserted house which seemed remote from the gaiety outside. Strolling slowly about, he gazed dispassionately at antique

furniture and family heirlooms. At length, he seated himself on a horsehair chair, which increased greatly the itching of his legs, and looked about him. Opposite was a closed door. Georgie reflected that there probably wouldn't be anything in the room behind it, but he might as well make certain. Without much curiosity, and scratching one leg with the other foot, he got up and opened it. Then his hand dropped to his side and he stared with mouth and eyes wide open. Over the mantel was the head of a deer with antlers flaring. Georgie longed to touch it, to stroke the head. He looked about him, then abruptly left the room and returned almost immediately, dragging the horsehair chair. Standing on the chair, he reached and stroked the head with eager fingers. Then drawing back a little, he spoke softly.

"Gee, he's a beauty. If Dad would just let me have a gun . . ." He touched the smooth glass eyes almost reverently.

Suddenly a man's voice spoke from behind. "What are you doin' to my deer and a-standin' on that chair? It's an antique."

Startled, Georgie turned and the antique toppled over. With his legs entangled in its carved ladder-back, he stared at the sunburnt face. Swallowing, he spoke rapidly, "Honest, I wasn't hurtin' anything. I just looked at that head." His voice was pleading. The man, smiling suddenly, said, "You must be Georgie. I'm Uncle Dan. The last time I saw you you were eight months old. You're about thirteen now, aren't you?"

"Twelve," Georgie stood up relieved and pointed to the deer head. "Did you shoot that?" Uncle Dan hesitated. "Uh—no, not exactly. But I've shot lions in the jungle."

Georgie stared at his uncle. "Gee, have you really? Do you have any of their heads? Can I have one?"

Uncle Dan paused again. "Well, I, uh—haven't exactly got any of those . . ."

"Why?" Georgie demanded.

"Well, you see," he shifted uncomfortably, "you see,—they don't let you take them out of the jungle, I guess."

Georgie looked disappointed. "Who don't, Uncle Dan?"

Uncle Dan sat down on his desk. "Well, I don't know—it must be the men who,—who have charge of the jungle. But I've shot quite a few lions in my time. Yes, sir, I generally had to get 'em alone, too, 'cause there wouldn't be anyone brave enough to go with me. I've spent the night in the jungle because I wouldn't go back to camp empty handed. It takes a mighty brave man to hunt lions and tigers."

Georgie stared, fascinated. "Weren't ya ever scared?"

"Of course not," the voice was scornful. "You can't stay in a jungle all night if you're scared, can you?"

Georgie's father, who had been standing unnoticed in the doorway for some time, laughed. "You're the same old Dan, all right. You never did seem to recover from that year in Africa."

Uncle Dan replied with dignity. "You've never believed what I said anyway."

Georgie, unimpressed, spoke eagerly, "Uncle Dan, will you take me huntin' some day? Then if I shoot something I can have its head put over our mantel."

Uncle Dan thought a moment, then spoke, "I'll tell you, Georgie; if it's all right with your father, we'll take my gun and scout around a little right now."

The boy gasped, "Gee, that's swell. Can I go, Dad?"

His father laughed. "Well, I guess so. I think you're safe with your Uncle Dan," he departed chuckling.

Grabbing his uncle by the arm, Georgie thrust the gun into his hands and the two set out through the back yard. Walking quickly, they reached the end of the orchard where they stopped while Uncle Dan considered.

"I tell you what, Georgie. He pointed to the pasture next to the orchard. "We'll go over that hill there and if I remember, there's a kind of woods back of it and maybe we'll find a rabbit. It won't be just like huntin' lions and tigers, but, like I said, it takes a mighty brave man to do that."

"That's swell. An', Uncle Dan," Georgie spoke eagerly, "if I get a rabbit, can you fix the head so I can put it up over my desk like that deer?"

"I expect some day I'll have to give you that deer," he replied, smiling.

"Uncle Dan, when?" Georgie nearly shouted in his joy.

This time the man laughed aloud. "Pretty soon, Georgie. Let's look for rabbits now. We'll have to walk back a little to the gate."

Having entered through the wide clangng gate, they started across the

pasture, Uncle Dan leading, and disappeared over the hill.

For perhaps two minutes the scene was peaceful. Then, suddenly, Uncle Dan reappeared, running with remarkable swiftness, pursued by a malevolent bull. Georgie followed, also running, but more as an interested spectator.

As he neared the fence, Uncle Dan did not slacken his speed, although the gate was sixty yards to the left. He reached the fence and climbed over it with amazing rapidity, in view of the fact that the barbed wire across the top caught on his trousers, pieces of which were left behind. He did not pause until he reached a young apple tree, which he climbed with agility. The bull, upon reaching the fence, stopped through necessity and gazed with sneering contempt at the tree. Then, disdainfully, he ambled off. Georgie, carefully avoiding the path of the bull, climbed the fence with a caution that left his clothes intact, and approached the tree that hid his uncle.

"Uncle Dan," he called, "are you all right?"

Uncle Dan merely grunted, then spoke reluctantly. "You'll have to help me out. The way I'm standing, I'll need a chair to get down. There's one in the shed on the other side of the orchard."

Georgie departed and presently returned, towing a battered chair which he set beneath the tree. Standing on this, he was able to see his uncle straddling the trunk which was really two trunks connected at the base, then separating. His feet were in a nearly ver-

tical position and with his hands, he clung tightly to the upper parts of the divided trunk.

"Here's the chair, Uncle Dan. Can you get down now?"

"Yeah, give me your hand," he spoke gruffly, and taking the outstretched hand, he stepped down. Georgie jumped to the ground. Uncle Dan sat down heavily while Georgie, regarding him, began to laugh quietly.

"Uncle Dan," there was laughter in his voice, "you didn't mean it about the nights in the jungle, did you? About not being scared and all that?"

The man grew slightly indignant, at the moment being incapable of more. "Don't you believe what I tell you?"

Georgie was still laughing and it was proving irritating to his uncle. "Oh, I believe you, Uncle Dan, only I don't think Dad did . . . not very much, anyway."

Uncle Dan started and then cleared his throat briskly. "Look here, we're not going to mention this—uh,—what happened . . ."

Georgie was astonished. "Why not, Uncle Dan?"

The erstwhile hunter cleared his throat again. "I don't know why . . . not exactly. But, I'll tell you what I'll do. You forget this and I—I'll give you that deer to take home."

Georgie was overcome. "Gosh—that's swell. Let's go get it!" He grabbed him by the arm and pulled him to his feet.

"All right. But remember, you're goin' to forget all this."

Georgie nodded, and impatient at his uncle's slowness, he dashed ahead

to tell his father of his good fortune. Uncle Dan, following more deliberately, thought sardonically about the fates that had brought Georgie with his passion for animal heads here today. He didn't care so much about the head. It was getting a little moth-eaten anyway. And anything, he reflected, was better than letting that upstart who was Georgie's father laugh at him. He reached the house where his exuberant nephew awaited him.

"Come and get it down," Georgie shouted; "I want to show it to my Dad. I told him you gave it to me."

They entered the room where Uncle Dan, with a few deft twists of the screwdriver loosened the screws that fastened the deer head to the wall and handed it to the delighted boy.

"Gee, thanks, Uncle Dan." He dashed across the room but before he was out the door he turned, and a grin spread over his face. "I won't tell," he said, and ran on out. Uncle Dan, suddenly weary, decided to take a nap.

For Georgie, the rest of the afternoon passed quickly. He ate, then spent the time remaining on the side porch, admiring his new possession. His father found him in the early twilight sitting contentedly on the porch railing, the deer head propped against the post.

"Georgie," his father called from the lawn, "come on now. We're leaving."

Clasping his precious possession, and jumping down, Georgie walked with his father around to the front yard.

His father took the deer head and put it in the car. "You go tell every-

one good-bye and don't forget to thank Uncle Dan," he directed.

Georgie nodded and presently returned. "I couldn't find Uncle Dan, but he's comin' now," Georgie ran to join his uncle. They walked back toward the car, Georgie talking voluminously to a silent uncle. Reaching the car, Georgie put his hand on the door handle and turned again to his uncle. This was for his father's benefit.

"Thank you, Uncle Dan, for the swell present."

"That's all right, Georgie."

Georgie hesitated a moment, then spoke. "Uncle Dan," he paused, "I guess it takes a brave man to hunt rabbits, too, doesn't it?"

Uncle Dan's face reddened. Georgie climbed contentedly into the car and ran his hand over the polished antlers of his deer head.

Why War?

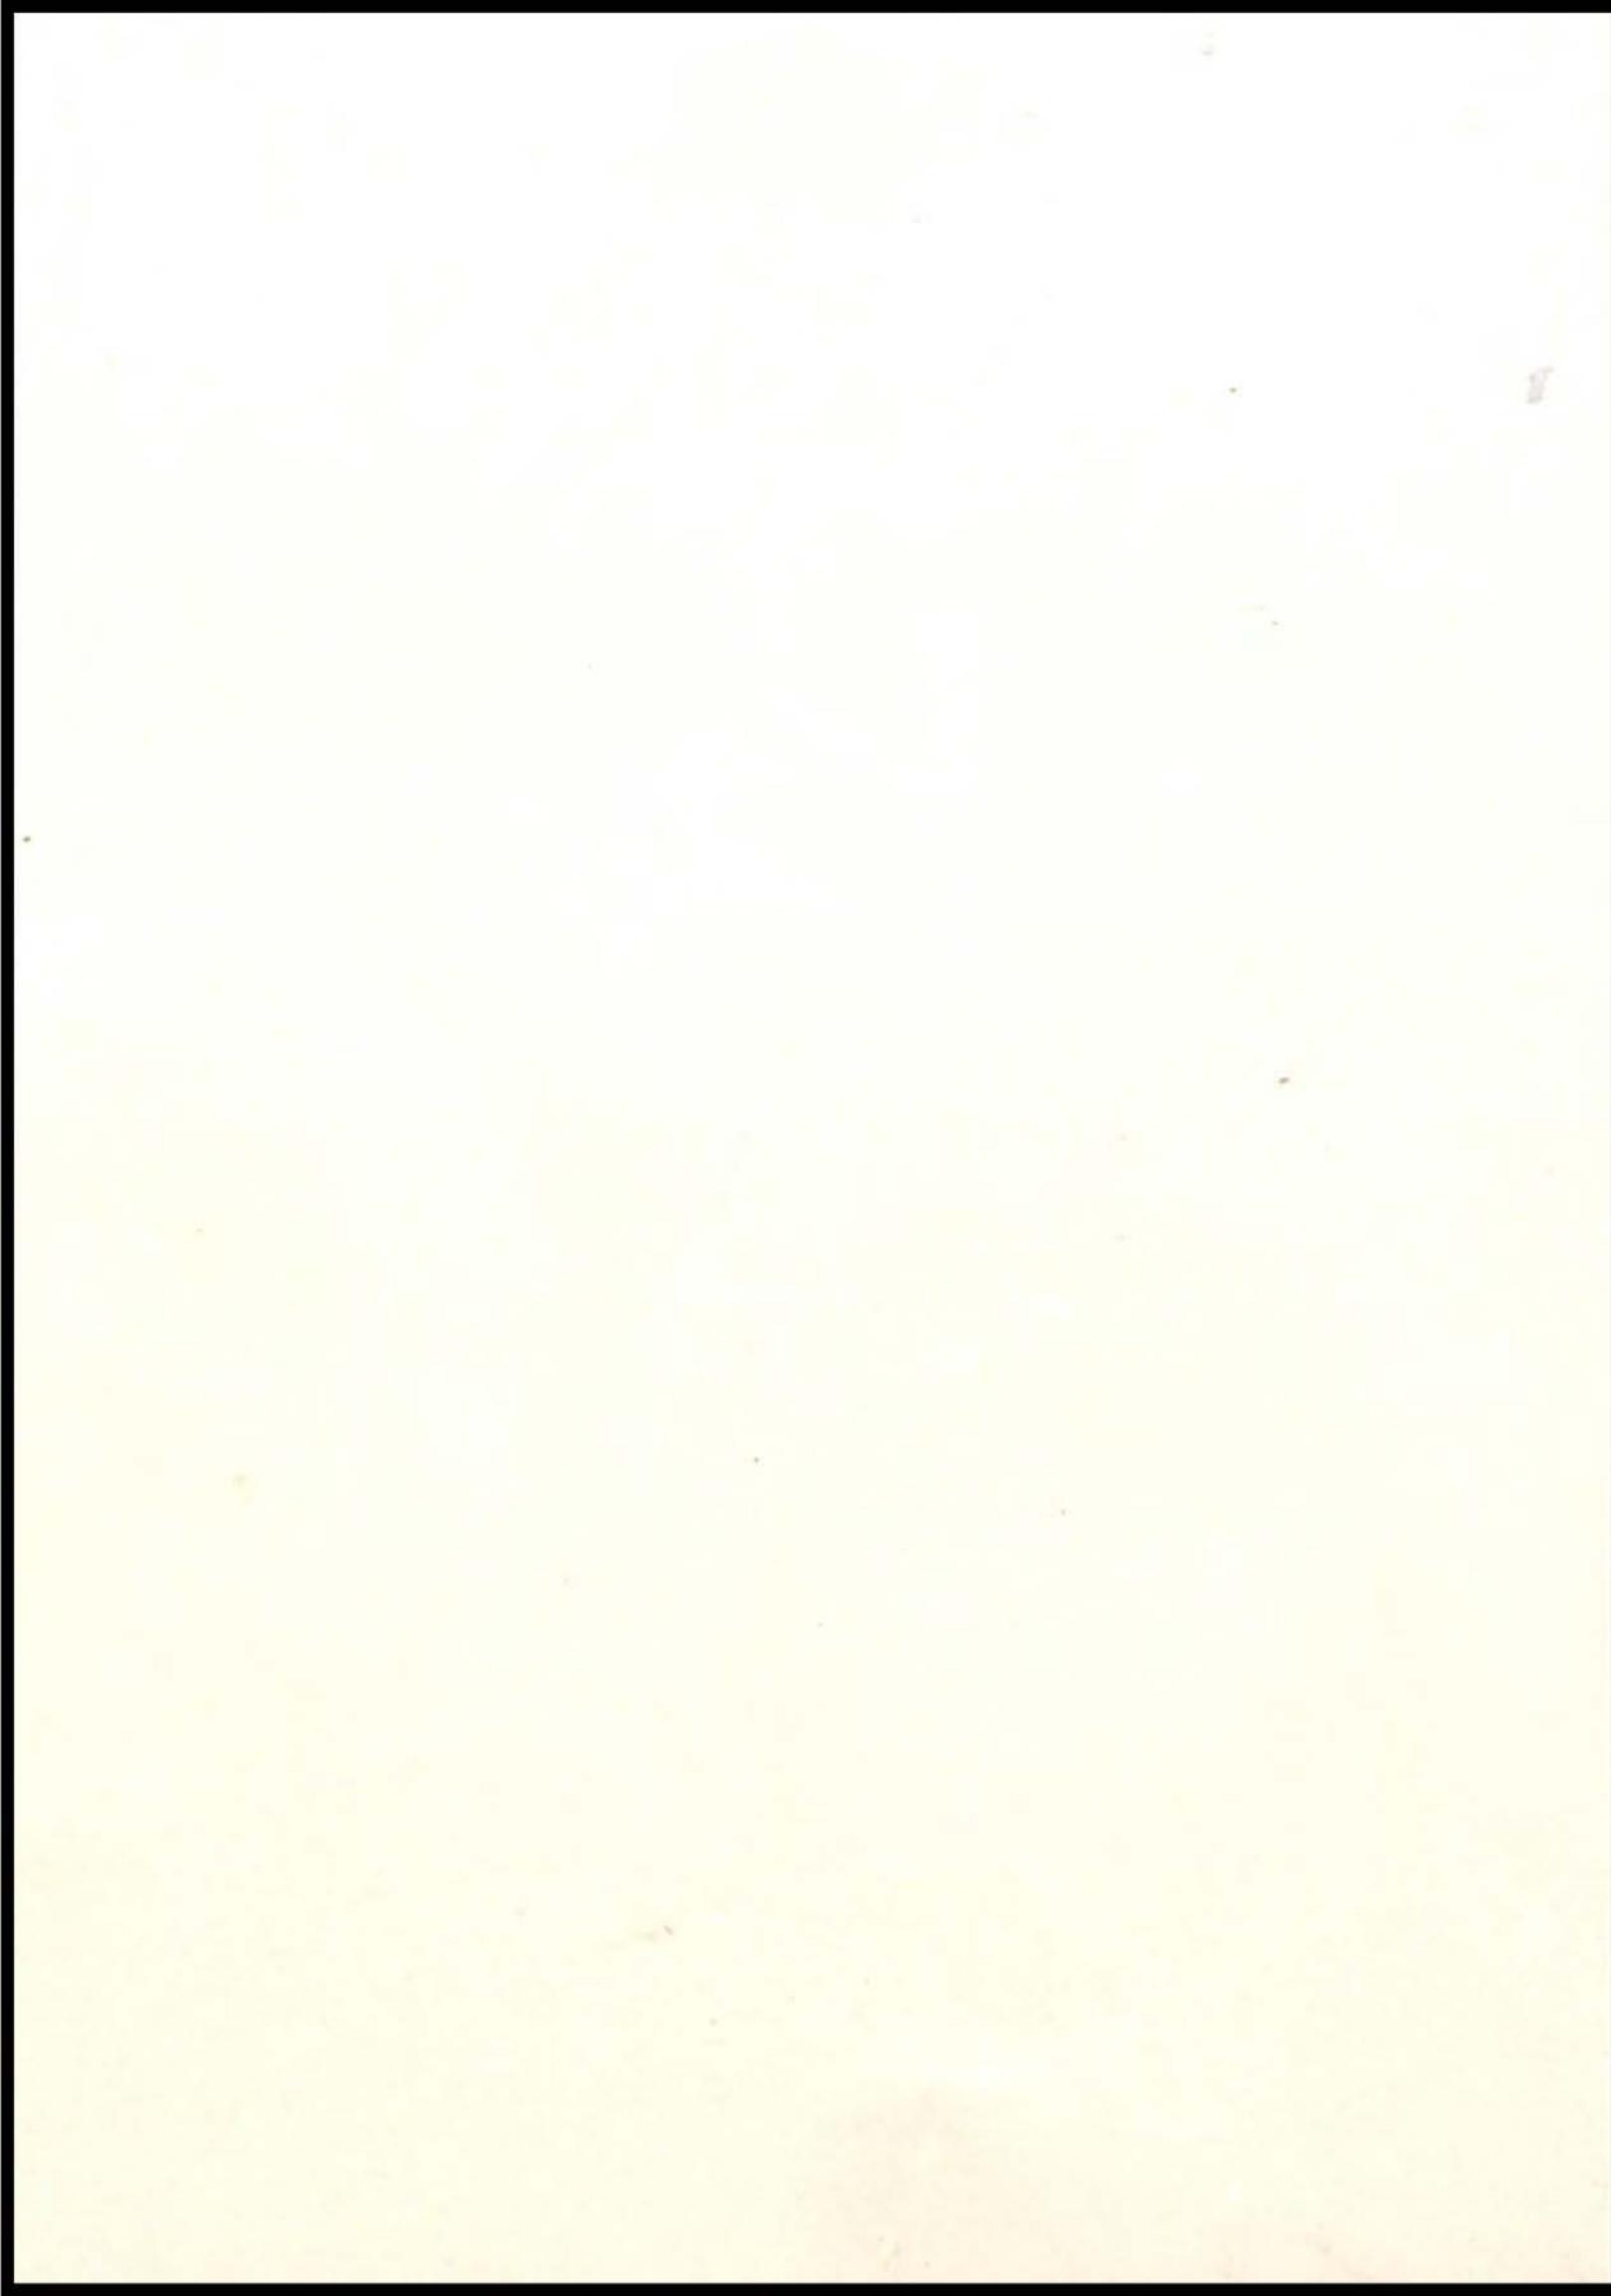

By MARGARET NEAL

How can it ever be believed that men,
Who think their championed cause so great and right
That others may stand up to kill and fight.
Like demons in a den,
Are justified? What makes those other ones
Be serfs to have their foreign brothers' blood
(For these are brothers strong and kind and good)
Upon their hands? That nuns
Should be the only friends of fallen foes
The only ones to realize that those
Who truly follow teachings of His life,
Should live above such petty, worldly strife.

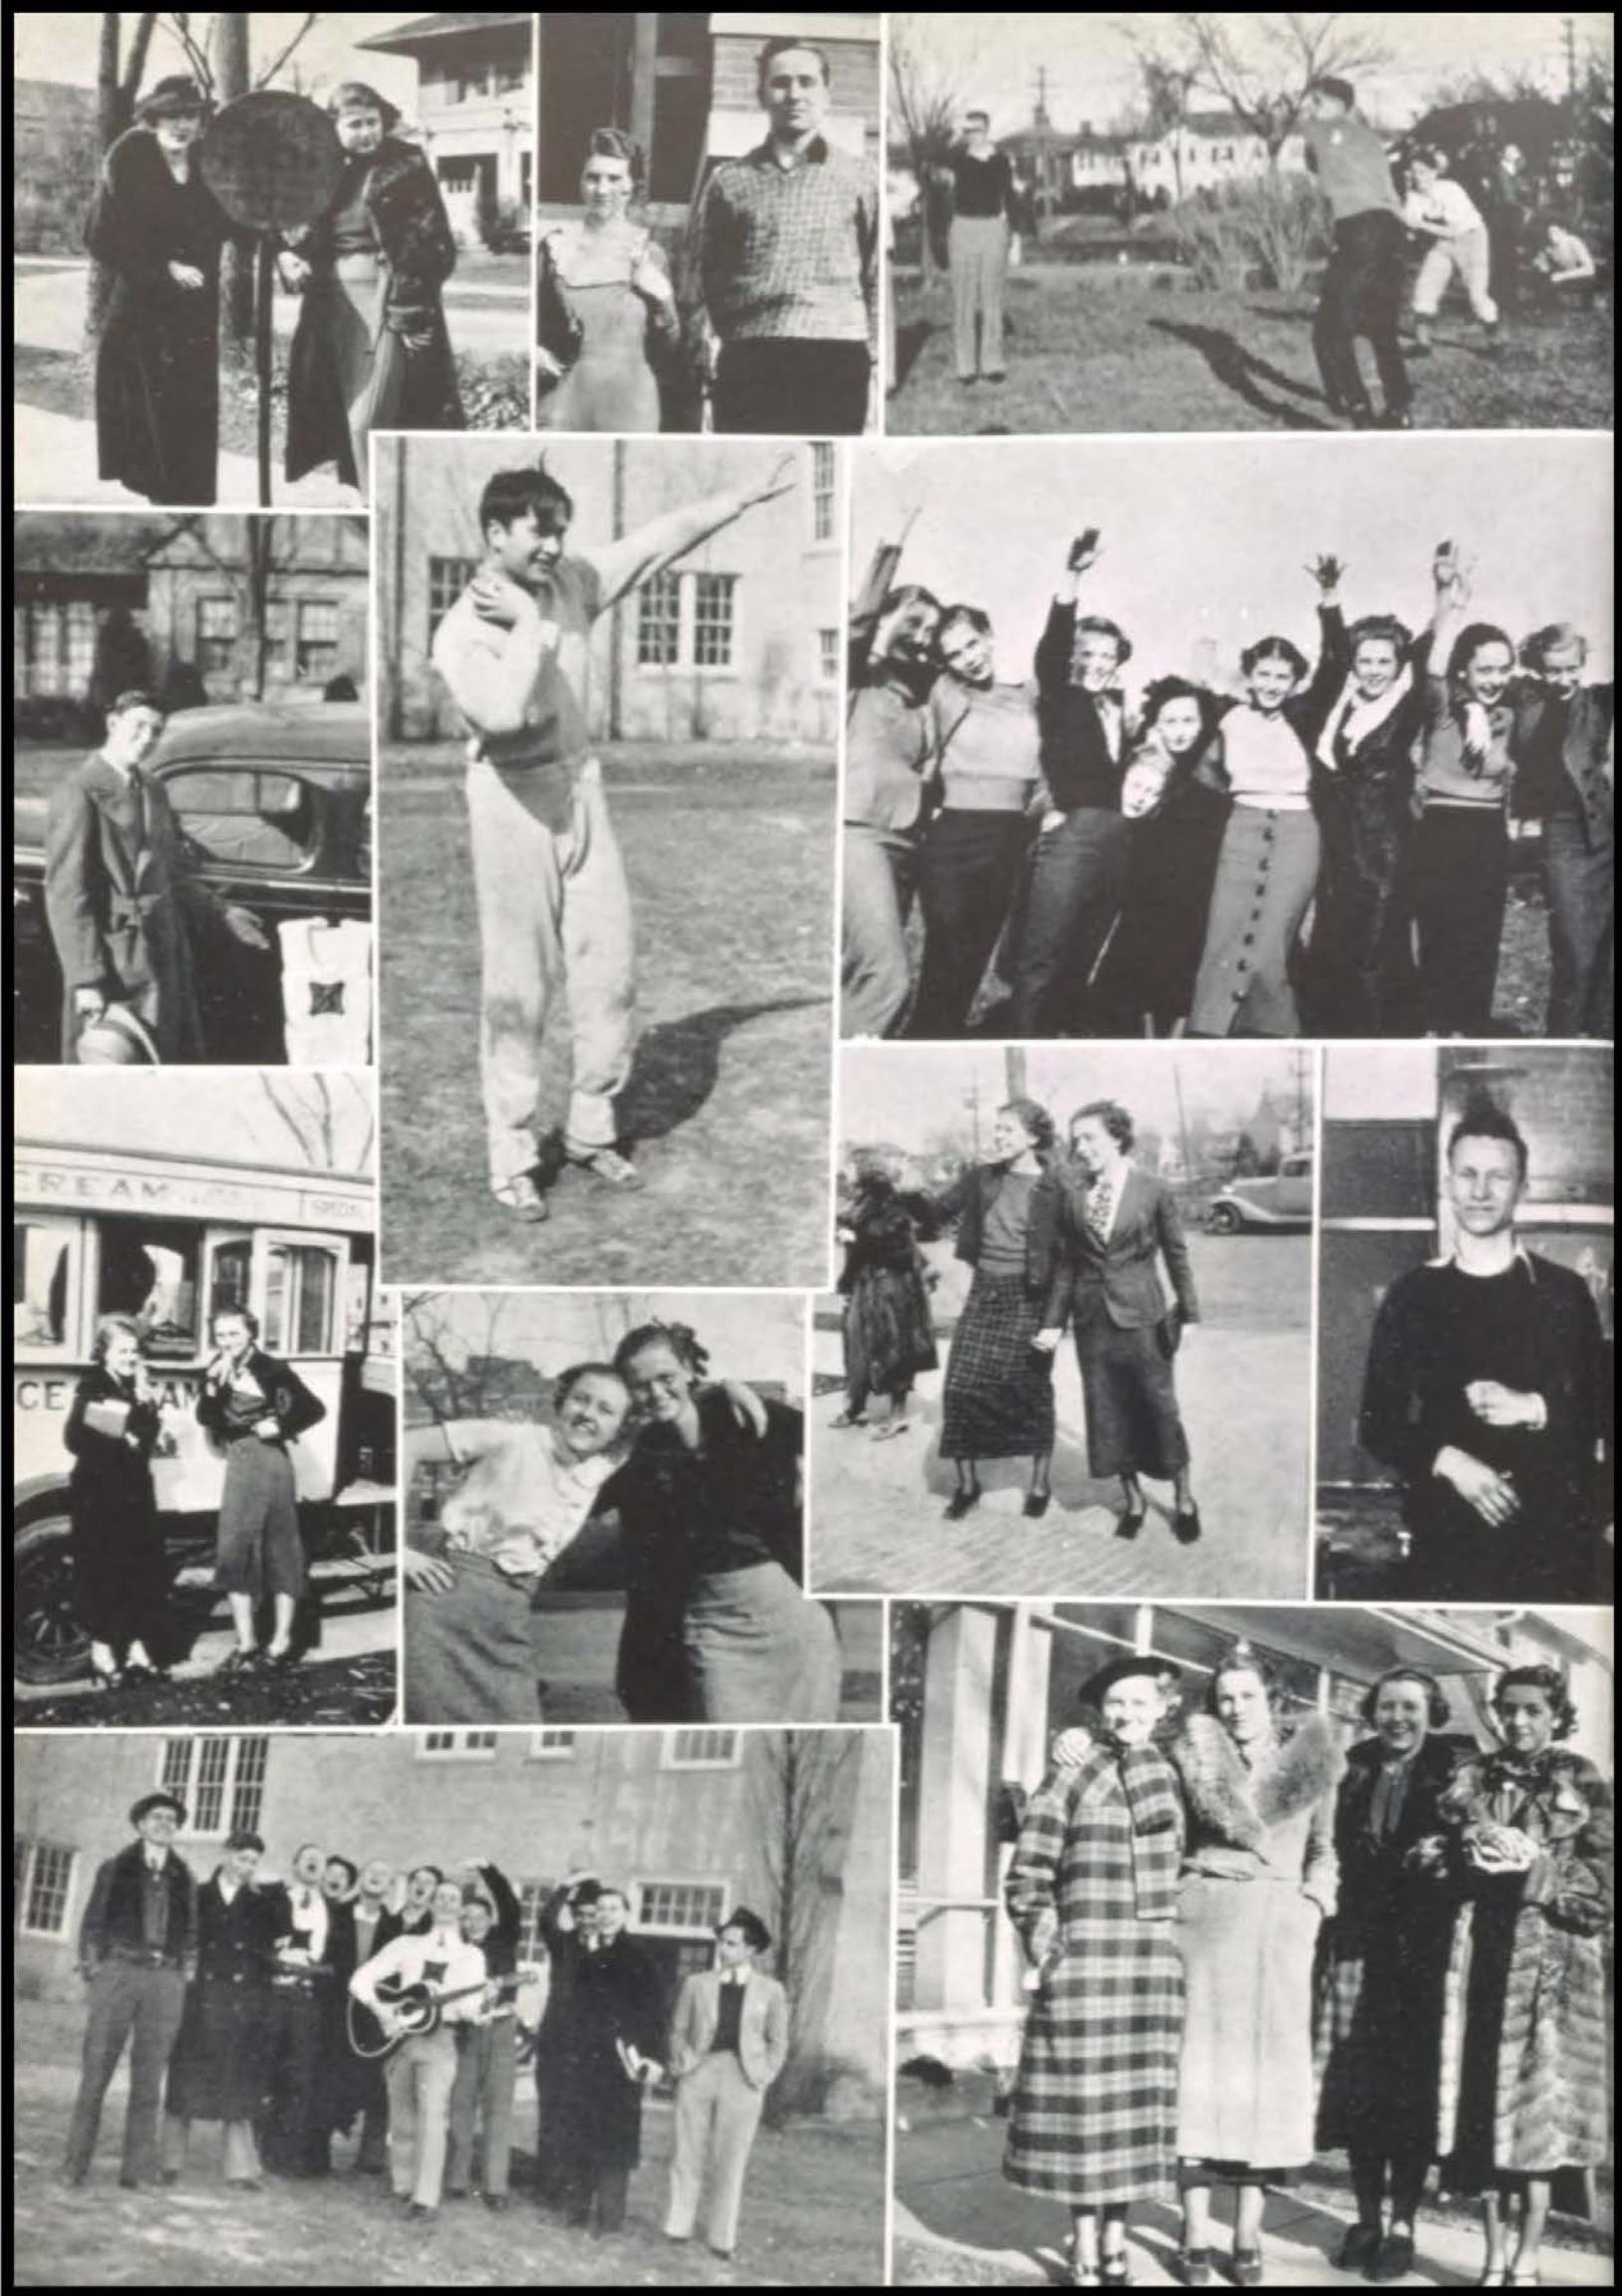

It is a primitive world, indeed, where such
A state does reign that dictators and kings
May cause the sacrifice of lives and things
Invaluable: so much
That they might sally forth with greedy hands
To ravage, plunder, confiscate and seize
What they may want: thus terrorizing seas
And alienating lands,
While sons and fathers, husbands, brothers all,
Slave in the trench, in constant gloom and pall,
Courageous loved ones, dying all about,
And yet they think that justice leads them out.

In All Seriousness

IN THIS section of the 1956 Sachem the editors have created for you an imaginary Sachem. All in fun, we have made a burlesque of a Sachem as we think it might have appeared in 1896, had Southwest existed then.

Foreword

AS A result of intense locker canvassing and exhaustive research by the eminent Southwest Paleontological (courtesy Noah Webster's masterpiece) Department (the chief diggers of said society being of an unusually reticent nature, we withhold their identities as our yearly good deed), the 1956 Sachem is able to present a colossal, if not gigantic, reproduction of the 1896 Sachem. Contrary to the popular belief that Southwest High School was founded in 1925, departmental surveys estimate the actual beginning between February 29, 1605, and the Ides of March of that same Moon. Owing to a series of wash days, scalpings, tepee razings, and other trivialities, all records were lost. Sh! It has been whispered about that the wall paper on that Utopian Lounge, Room 210, conceals the bare facts of the laying of the cornerstone, but this is but a rumor. However, acting upon a tip of the several months old papoose of S(ee no) E(vil) Hood, the department on a midnight clear ventured into the crushed velvet darkness of the sinister woods to the west of our present site. There, in the third tree to the left (after trucking to the right), was found an 1896 Sachem, yellowed with age, a bit dilapidated, and minus a few pages. In spite of the ravages of time, this literary effort fairly reeked with sparkling wit and humor, of which, needless to say, the "Vanishing American" was the author. Ladi-ees and gentlemen, taking our lives in our hands and facing, no doubt, "And Sudden Death," we dwellers into the dusty past present the 1896 Sachem. Amen!

DEDICATION

With "stable" regard and "deep-seated" respect for the horse-sense of our subscribers, the editors dedicate this Sachem of 1896 to Chief Sitting Bull, whose guiding light, symbolized by the shine on his trousers, has led loyal Southwest Indians over the trail to bigger and better scalpings.

School Song

"Saga of a Sorrowful Senior"

(Tune of Ta-ra-ra Boom-de-ay)

Our freshman year when we began,
No thoughts of being an "also-ran";
Shining brightly was our plan,
But our dreams all failed to pan (out).

Chorus (after each verse)

Ta-ra-ra Boom-de-ay
Ta-ra-ra Boom-de-ay
Ta-ra-ra Boom-de-ay
It's Graduation Day.

In the Teepee where we eat
There we dine with the elite;
A hot dog is the only meat,
Water is the biggest treat.

Our lessons we do every day,
Study hard and never play,
Intelligence we all display,
But we flunk out anyway.

On tests in History and the rest,
At answers we all make a guess:
It's either check a "no" or "yes,"
And all admit it's quite a mess.

In Study Halls we fall asleep—
Never have to count a sheep—
Books all piled up in a heap,
We find them all a trifle deep.

The Trail staff smiles through everything,
"Scoops" they always try to spring,
A copy to each on Thursday bring,
Then Major Bowes his gong does ring.

The Southwest Band plays such a din
We all decide it's mostly tin;
But Mr. Zahn gives us a grin,
His ears are stuffed from chin to chin.

LITERATURE

The 1896 Literary Contest Winners

Louise Nachman Poem

Ann Jedlicka Narrative

Bob Haase Essay

THE management regrets to announce that as a result of the depressing fact that there was a most evident lack of funds in the treasury this year (and no convenient pawn shops), no medals were awarded the three lucky winners in the Contest of '96. Instead, the three winning literary masterpieces are herein printed for your amusement before you allow them to gather dust with the rest of the book in your attic. Also, the honor of being handed down through the ages as Time Marches On is afforded them in their reproduction on these illustrious pages. You, no doubt, will take cognizance of the fact that each author displays, in his or her effort, an individual style which we think quite unique, *very* different, and of the variety that never will be and never could be, duplicated. But here they are; so "read 'em and weep," for in these written words are the emotions and feelings of three hearts throbbing with the urge to raise their names to immortal heights.

An Ode to Attic Antics

By Louise Nachman

While looking thru an album
Of family portraits rare,
I came upon these people
Whose poses made me stare.

There was Uncle Jeeter Powers,
The stooge of every ball,
Who was gaping at some flowers
As he sat there straight and tall.

I couldn't miss Cousin Jessie,
Who was in the social whirl;
A ring thru her nose would complete
The "get-up" of that girl.

Then there was cousin Hector,
A gentleman, if you please.
His hat was a museum object,
And his pants bagged at the knees.

Aunt Elmira's face was ghastly,
Uncle Wilfred's was serene;
Cousin Hannah looked like poison,
Sue Charlotte was a scream.

Great Aunt Prudence ate a cherry,
Aunt Tizzy held a rose,
Selma Louise smiled quite shyly,
Jane Priscilla scratched her nose.

Little Jonathon Joseph
Just hated all these poses;
He moved a bit when the camera clicked—
And the poor boy had two noses.

Then I closed the family album;
It's secrets I'll never show—
The looks those portraits gave me
My friends need never know.

Southwest in 1896

By Ann Jedlicka

ONE bright day, upon hearing the roosters greet the dawn, I reluctantly pulled myself from the billowy depths of my bed and trudged five miles to the little log schoolhouse on the hill. Upon arriving there with my lunch box under my arm, I saw Mr. Monsees out in front of the edifice ringing the cowbell to summon all good little students to their lessons.

Upon entering, I noticed that all the girls were bustling around in their hustles—or vice versa. There stood Jean Tanzey in her red calico uniform; Mr. Bryan wearing a polka dot tie which he crocheted himself while resting in the office; and the football men and miscellaneous boys in their fancy Razzle-Dazzle plaid suits.

I first put my mackintosh and picture hat on a hook in the cloakroom and then wended my way to the typing room, my first class. There was no hurry as most of the teachers usually slept late, for no alarm clocks were available. Since there was only one typewriter, which our teacher had to use, one can account for our superior typing ability. We spent the hour playing tiddle-de-winks with five-dollar gold pieces. (This wouldn't please Mr. Bryan, who, it seems, thinks we are crucifying something or other on a cross of gold, or sumpin'. We never could understand political speeches anyway. P. S. We mean William Jennings Bryan.) At the end of the hour, announced by a rapping on the door by a timid freshman, appointed to the job, we all trouped out to the well.

Singing class was my next stop and there we studied the symphonic arrangements of "Take Me Out to the Ball Game" and "Wait 'Till the Sun Shines, Nellie." Our instructor played for us a pazooka solo of the "Sidewalks of New York" (the "Cowpaths of Kansas City" to you.) The students in the other classes all were keeping time with their feet while we sang our tuneful melodies. This made the school sound like the Powwowers beginning the Sky-Rocket yell, but it proved its usefulness by keeping us from going to sleep.

Some unworthy, upon being late to class, gave us his excuse, "Our hour-glass was not in the proper running order, and I forgot my ear-muffs, so I had to return for my portable umbrella."

I felt very despondent as I idly walked into my sewing class and one can well understand my feelings, as I have been working for almost four years on my graduation dress which I started when I was a freshman. (Darn those styles!)

My following class was very informal as the teacher's "Ordinary" had broken down on the way to school. We didn't miss him, however, because we all decided to play a game of "Button, Button, Who's Got the Button" and I noticed that Betty McVey was sitting over in a corner by herself just because her father had bought a new buggy. Stuck up!

Oh, lunch at last! As I had been studying so diligently all morning, I had not noticed the fact that I was beginning to feel the pangs of hunger come upon me. I went down to The Tepee and had some sauerkraut and ice cream. Later in the day I didn't feel very well and I really couldn't understand my ailment.

Upon returning I learned that the choir was going to sing at the annual Fireman's Ball. Oh, what a thrill; maybe I would meet the fireman of my dreams! I used to take elocution but had to stop taking it because I did the mad scene from "Hamlet" so well that people began to think I wasn't acting. Such crust! Good heavens, if the band would only learn that piece and stop practicing it. It's driving me crazy! ("Ha, ha, you're crazy already; they stopped playing an hour ago," someone replied.)

My fifth hour English class was all there (physically). Also, it was picture fund day, so I put in my I.O.U. for a penny.

As school was temporarily out for me, I went into the Stale room. There everything was bustle and activity, for the paper was to be out in two months and all the "news" had to be covered. They were all debating as to whether to send a reporter to New York to write up Steve Brodie's jump from the Brooklyn Bridge or to Washington to cover some sort of a Deal there. Finally Miss Fisk raised her voice above the din and dither and suggested in a very meek tone that they send a reporter to the Hi-Y meeting that night. Everyone inquired where she received the brain storm but received no answer, as she was trying to weed 15 cents from the crowd to pay for the reporter's refreshments. Finally, after getting the fifteen cents, she espied me standing timidly in the corner and frantically asked me to write a poem in honor of National Farm Week. I then sat down and began to meditate. After hours of thinking, I finally handed this to the editor with an ear-to-ear smile on my countenance:

A MULE

On mules we find two legs behind
And two we find before.
We stand behind before we find
What the two behind be for.

After Miss Fisk had read the poem out loud to the staff, I found myself being ushered gently but firmly toward the so-called exit, but I found consolation in the thought that great poets are never recognized until after they are dead.

The cloak room was my next stop. There I put on my mackintosh and picture hat and gracefully began to trip home. As I was passing the Student Council, I heard them passing a resolution to the effect that the teachers prepare the night-work from now on instead of the pupils and also voting that the Senior Class Gift for this year be a rack for rubbers to be placed in the front hall. Wouldn't that be inspiring, seeing 70 pairs of rubbers hanging neatly on a rack in the front hall?

After returning home I put on my new Queen Bess night dress, cut with a square neck and much beruffled, and retired to bed, muttering—"the end of a hectic day."

Our Future

By Robert Haase

IN THESE days of quietude, we often wonder what the days of tomorrow will bring to this world. With the marvelous advancements our scientists are making, one may hardly dare to prophesy what the future holds in store.

With the invention of the internal combustion engine, many changes in transportation have been attempted. With many rattles and bangs such contraptions as the horseless carriages sputter down the street only to be passed by our wonderful trotters. Some believe this engine, despite its uncertain operation, foul fumes, and excessive injuries to the eardrums, may some day equal the performance of the horse; but such believers are few indeed.

Some have recently experimented with contrivances designed to imitate the flight of birds; and have reached the dizzy height of 11 feet by the use of broad planes. This, indeed, is a feat of daring and one must credit these aeroplane operators with bravery although they are lacking in judgment. It is pitiful that such bravery should be wasted on useless projects.

Imagine tuning in on "ether" sets; being able to distinguish music and dialogue unhindered by weird, unearthly static. Improbable? Of course! But even such may be accomplished, much to the disgust of those living next door to one of these instruments of the evil spirits.

And while such scientific changes might be accomplished, think of the shocking social and style evolutions which might be forthcoming. The bathing beaches of 1920 might be peopled by brazen young things dressed in only knee-length bathing suits! And young girls might be found abroad without escort.

Such conditions are appalling, you must agree. If our civilization is to continue on the upgrade, we cannot let the modern fads, such as automobiles and radios, remain before the public eye. We must discard such worthless futuristic ideas and become once more the promoters of standard ideals.

Should He Suggest? --- He Did Suggest!

By Ralph Emerson Duncan, II

Could I suggest,
Should I suggest,
Would I suggest—
A Senior Gift:
Something with appeal,
Something smart, something real;

Could I suggest,
Should I suggest,
Would I suggest—
An Assembly,
With a Broadway star, two or three,
And not the common run of you and
me;

Could I suggest,
Should I suggest,
Would I suggest—
A Study Hall,
With soundproof walls
That would prevent one from hearing
the chaos in the halls;

Could I suggest,
Should I suggest,
Would I suggest—
A Cafeteria,
With a radio
And an unwritten law that would be
“Let Yourself Go”;

Could I suggest,
Should I suggest,
Would I suggest—
No stairs
For us to tearfully climb,
But an elevator to save our feet and
time;

Could I suggest,
Should I suggest,
Would I suggest—
A Lounge,
Where we could go to rest,
Minus the cares of a Spanish test;

Could I suggest,
Should I suggest,
Would I suggest—
A Soda Fountain
That would serve ice cream,
Generally agreed a student's dream—

Well then,
Here's to the fellow that could sug-
gest,
Here's to the fellow that should sug-
gest,
Here's to the fellow that would sug-
gest!

A Bit of Reminiscing

Author Unknown

Editor's Note: It seems that some staff practical joker sneaked in and modernized this thing.

On the road to Yesterday, and the Flora Dora play
You could hear the carriage rumble from New York to 'Frisco Bay;
But in our dizzy time, with no reason and less rhyme
We hear the rumble of the rhumba, and tin lizzy all the time.

At the balls of Grandma's day, to minuets they used to sway;
And they hurried home 'fore midnight in a cozy one-horse shay.
But to leave a dance 'fore two, is a thing we seldom do
And we don't get home 'til morning—just when the milkman's due

When Grandma went to school, she followed every rule,
And worked hard on her lessons every night.
Today the modern girl combines school and social whirl;
It's thumbs down on her lessons and her grade card is a sight.

They danced the polka sweetly and conversed, oh, so discreetly;
And gallantry was the king at every ball.
Now it's "Egg, let's scramble" and to the floor we ramble.
And there seems to be no courtesy at all.

They used to take walks and have serious talks
When Grandma was a girl.
Her granddaughter balks at the mention of walks
But in cars she likes to whirl.

Come you back to the Gay Nineties, with long skirts and puffed sleeves,
When every girl and lady blushed as nicely as you please.
Oh, the gals of the Gay Nineties, with bloomers below the knees
Surely had the right idea, for today we nearly freeze.

In the '90's

He: Miss Priss, may I have the honor of this waltz?

She: I would be delighted to accept your invitation, Master Egbert.

(On the Dance Floor)

She: Master Egbert, we've known each other all our lives.

He: Indeed we have, my dear Miss Priss.

She: Why, you insolent man, addressing me in such a familiar way. Fie, for shame! Please escort me to my chaperon immediately.

In '36

He: Hi, Toots, let's tangle.

She: O. K. sport, you're the sucker.

(In the work-out)

He: Say, Babe, you sure shake a wicked foot.

She: Thanks, Butch. Oh, by the way, what's your name? This is the fourth time we've been twoing it, you know.

He: Well, my tag's Percy Van Snoots—so help me!

She: Huh! Such nerve! If anyone should hear that I've been going around with a flower "dog-collared" to a name like that—Whew! So long, Droopy.

Instead of giving you a write-up of this heart rending, tear jerking mellerdrammer, as is the usual custom, we present herein a few lines taken from said play. These lines will give you an idea of the power and emotion of the big scene of the play in which Frozanna is being tied to the railroad tracks by Beardio Mustachio.

Frozanna: I feel like a penny waiting for change on these tracks. You villain! Have you no sympathy for a simple gal in distress?

Beardio: (stroking his goatee) Heh-heh-heh! You can plead all you like, but I'll not untie you.

(The sound of the approaching train grows louder.)

Frozanna: (Hopefully) Hark! Do I hear the gentle tapping of a horse's hoofs caressing Mother Nature's bumpy countenance?

Beardio: Nay, nay. It is only the approaching train.

(A horse appears in the distance with Nick Nasal, the hero, bouncing up and down on his back (the horse's back). They arrive on the scene.)

Nick: Tally-ho! Tally-ho! Who is there!

(Astonishment on seeing his sweetheart tied on the tracks gradually registers.)

Frozanna: Three guesses!

Beardio: Curses, tinfoiled again!

(The sound of the approaching train grows louder and louder.)

Frozanna: (With proper gestures.) Oh Nicky-wicky! Rescue me! I am in dire need of a good turn.

Nick: I'm prepared little one. Just you wait until I get my Boy Scout knife out and I shall cut you loose. I have not done my good turn yet anyway.

And at this point, in the most suspenseful moment of the play, the train sounds off stage grew so loud that the voices of the actors became indistinct and the curtain rang down, amidst a great clatter and a greater cloud of dust. Needless to say everyone left in disgust, climbed in his buggy or "Ordinary," and went meandering back to join those who had fortunately stayed home to keep the fires burning.
