A DREAM COME TRUE

The Van Horn Mansion, razed in 1952.

● As early as 1929 the people of Inter-City planned for a new high school. In that year the Inter-City Kiwanis Club selected a committee to present a petition to the Kansas City, Missouri, Board of Education. Community interest in the project was growing and the citizens were demanding adequate educational facilities for Inter-City youth.

In 1930, negotiations were made to pur-

chase the corner of Van Horn and Winner Roads as a site for a new, modern structure, and for the next ten years civic organizations and individuals worked diligently for their "dream." The Parent-Teacher Association promised support; an "Inter-City High Boosters Club" was organized to promote the construction of a high school.

The participation of the United States in

THE BOARD OF DIRECTORS: Mr. John M. Gregory, Mr. Homer C. Wadsworth, Mrs. Henry I. Eager, Mr. Amos L. Burks, Secretary; Mr. Roland B. Hewitt, President; Mrs. Ellsworth R. Haas, and Mr. Harry C. Clark, Vico-President.

World War II temporarily halted promotion of the "dream," but in 1944, near the end of the war, interest again stirred and by 1951 the school board placed the Inter-City high school on the urgently needed list. When the Inter-City District voted nearly fifty to one for a school levy, the proposed school was placed at the top of the urgent list.

The razing of the Van Horn mansion

began in March, 1952, and plans were approved for a school to accommodate 1,600 students at a cost of two and one-half million dollars.

The school was completed in the summer of 1955. The school board selected the name "Van Horn High School" which was seen above the entrance as the first 1,100 students entered the school on September 9, 1955.

● The first year of Van Horn has been filled with many events of significance. At an open house on October 7 the school greeted the community. A Variety Show, participation in City Hall Day, "The Emperor's Clothes" and

"One Foot in Heaven" will be events to remember. We present here the chronicle of an eventful year—its climax, the first graduation day at Van Horn High School, June 6, 1956.

Leaders

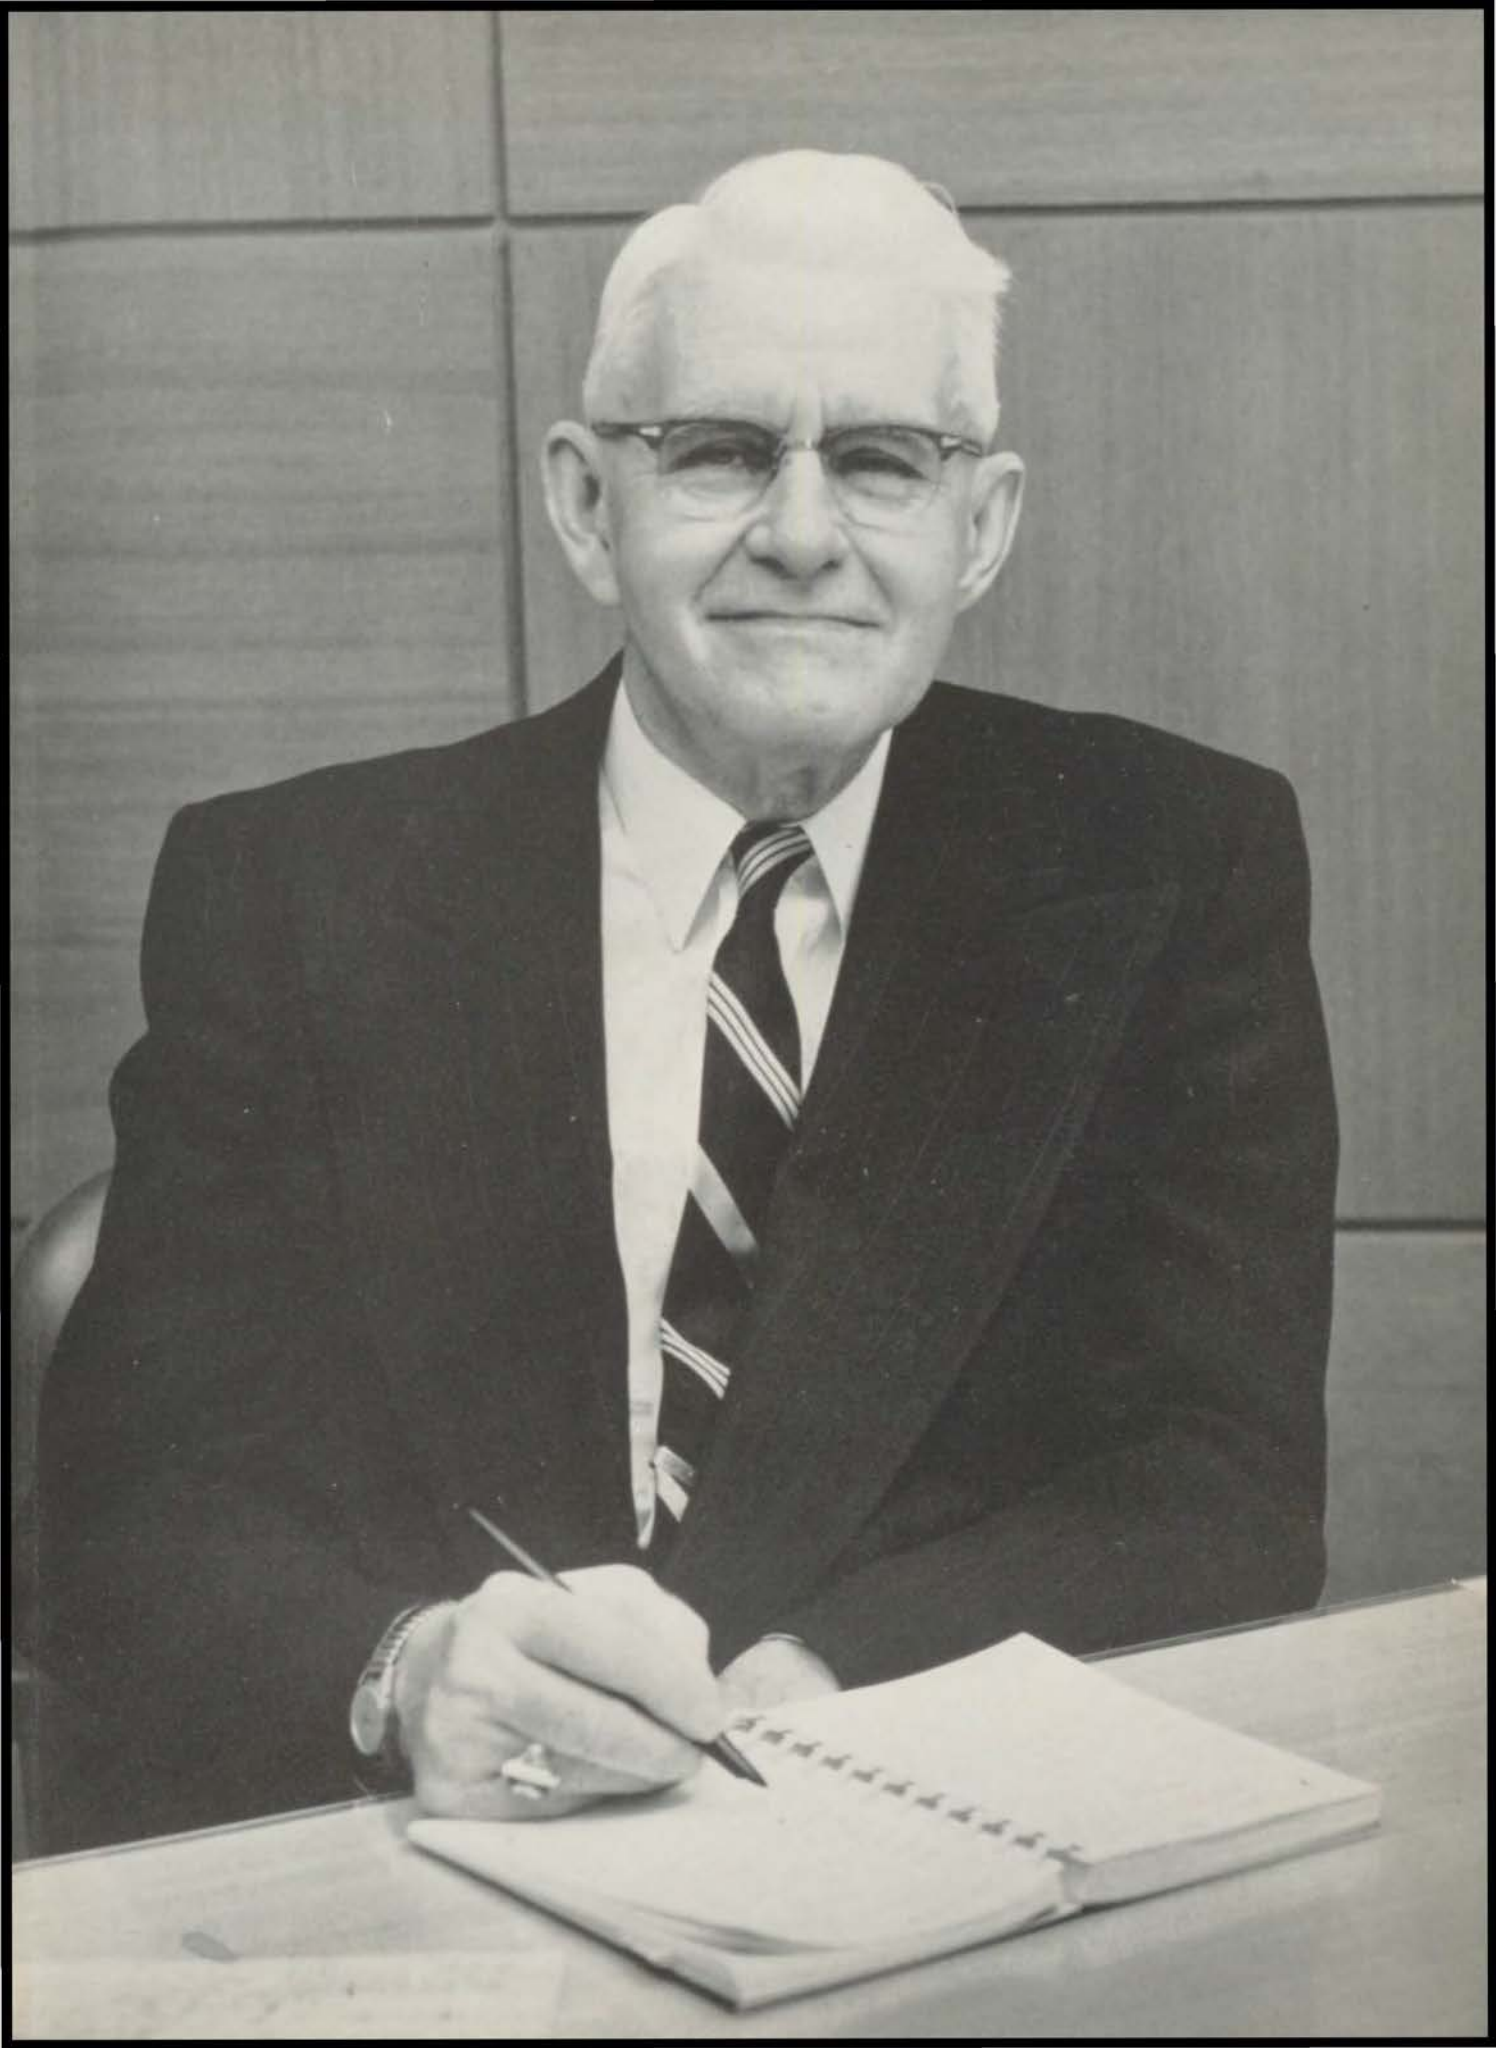

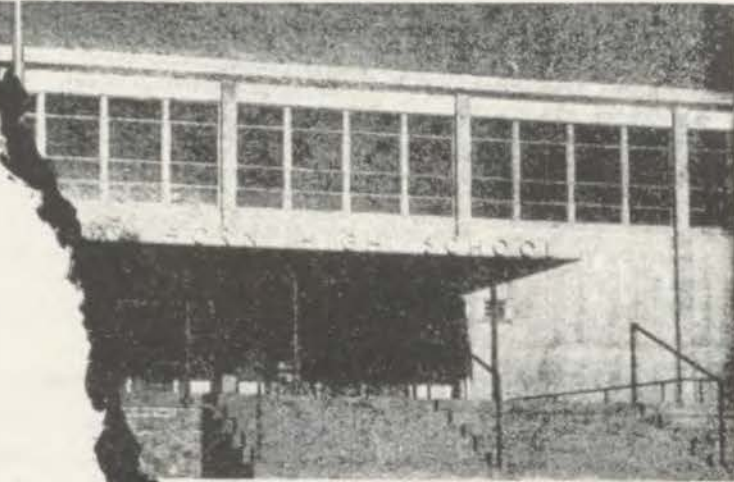

- We acknowledge our first leader, Mr. J. Lyman Laughlin.

During our first year he has demonstrated his ability as one of the finest educators in this area. His concern for both students and faculty, his intellectual integrity, his pride in a new school and his courage for the future have created the proper beginning for Van Horn High School.

He is a loved and respected gentleman of understanding and judgment.

Mr. Laughlin

25 years of hoping and planning by Inter-City residents.

What Kind of School Will Van Horn Be?

A twenty-five year old dream has now become a three million dollar reality. After years of waiting, planning and working the Inter-City community has a beautiful, magnificent, modern high school with every device to make teachers and students comfortable, and learning truly a pleasure.

Now our community, our School Board, the voters of Kansas City and students of other high schools are waiting to see what kind of a school Van Horn will become.

Inter-City is a community of homes, thriving businesses, dedicated churches and fine elementary schools. It has furnished the Kansas City high schools, especially Northeast, with many outstanding leaders. Many of Northeast's best students in various fields of endeavor lived in the Inter-City district. The community is one-hundred percent behind the school and already several groups are making plans to encourage pupils to make the most of their opportunities. From the standpoint of the community, Van Horn should be a great school.

We have a carefully selected faculty of forty well trained and experienced teachers, each determined to make the best possible use of the modern teaching devices afforded in the new building. From the standpoint of the faculty, Van Horn should be a superior school.

The voters of Kansas City and the Board of Education have surely shown their interest and from their standpoint, Van Horn should be a great school.

Yet all of these factors with their great import cannot make Van Horn great. They can only fill the grandstand with eager spectators. You students of Van Horn are the players. You must carry the ball. You have an unusual opportunity. You need not follow traditions and precedents already established by those who have gone before you, and you will not be judged by some who have given your school a bad name, but you will set the pattern, you will establish the traditions and you will determine the reputation of your school. You can make Van Horn just another ordinary high school or you can make it a school known for its high scholarship, character building, the development of a high type of aggressive citizenship, athletics and good sportsmanship, music, public speaking, drama, art, and achievement in the practical arts.

A high school in which everyone wants to learn, studies faithfully and is present every day unless he is ill, a school where every student treats every other student and teacher according to the Golden Rule, a school in which students are clean minded, happy, cooperative, loyal and trying to do the right things would surely make that twenty-five year old dream a living culmination of hope and faith in you, the student body of Van Horn. It is up to you! Will you make Van Horn a great school?

-J. L. Laughlin

Well Done, Thou Faithful Servant

Colonel Robert Thompson Van Horn was born in East Mahoney, Pennsylvania, on May 19, 1824, of Dutch and Irish parents. Young Robert studied and helped his family until he was fifteen. He became an apprentice in the Pennsylvania Register Newspaper, and worked there for four years. Having finished his apprenticeship he became a journeyman printer in Pennsylvania, New York, and Indiana. In 1848, he married the lovely Adela Cooley in Pomeray. Ten years later he and

Mrs. Van Horn made a trip to St. Louis to investigate business possibilities for a newspaper. There they met three Kansas City businessmen who were looking for just such a man to establish a newspaper in their tiny hamlet. Thus, it was that Kansas City acquired one of her most loyal sons.

In the fall of 1855 he established the Kansas City Journal of Commerce, and proceeded to prove his worth to the town by so persistently printing articles (Continued on page 2)

• In October, Mr. Laughlin was host at the dedication of Van Horn High School. At that time he wrote the first editorial for *The Pioneer* urging students to "make Van Horn a great school."

MR. LAUGHLIN

In April Mr. and Mrs. Laughlin attended the C. O. E. banquet at Van Horn Cafeteria.

Mr. Laughlin went to Jefferson City in March to hear Pat Sportsman win third place in the State American Legion Oratorical Contest. He posed for a photograph with Miss Cassell, Pat, Mrs. Sportsman and Mr. Sportsman.

GUIDANCE

Miss Helen Johnson counsels a student.

● Miss Johnson, counselor, has been a friend to the students at Van Horn by providing educational and vocational information and helping students to understand their own abilities, aptitudes, and interests. This year, perhaps, her greatest contribution to Van Horn was her assistance in the orientation of so many students to a new school.

Mr. Curtis, vice-principal, has given able assistance to Mr. Laughlin, faculty and students. He has gently, but firmly, enforced school regulations and Student Council rules. His understanding of students has enabled him to contribute wise and friendly guidance to many.

Behind The Scenes

• Our office, custodian and cafeteria staffs are constantly at work "behind the scenes" at Van Horn, making our school days run smoothly. Their friendly smiles and helpful attitudes have made our days more pleasant. We extend our sincere appreciation for all the hours they've spent in contributing their share to build our fine school!

● The Van Horn Branch Library serves the Inter-City district both as a public library and a high school library. It is equipped with over eighteen thousand books, subscriptions to fifty magazines, and an excellent collection of reference books. About fifteen hundred books are selected and arranged especially for teenagers.

A peaceful atmosphere for browsing

through favorite novels or for pursuing serious study is found in the spacious lounge on the balcony, and the conference room is a popular meeting place for Student Council committees, P.T.A., and Inter-City civic groups.

During the year the trophy case was used to display posters, products of art classes, and new books.

• The Van Horn faculty has helped in many ways to get the school off to a good start. Their knowledge has helped our students gain much both inside and outside the classroom.

Many faculty members have sponsored student council committees, clubs, literary societies, music groups, field trips, athletic contests and other after-school activities.

They have worked with the Parent-Teachers Association, with the community, and with all the civic groups interested in the school.

Their guidance has been sincerely appreciated.

SENIORS

● Setting new standards, high ideals and traditions were only a part of the great task which the seniors were privileged to undertake during the first year. The seniors had the distinction of helping to "Break Through" to a new beginning.

Directing the choice of the school name, "Falcon," and the school colors of red and gray, organizing a student council, selecting class rings, electing class officers, planning

senior activities, forming societies and departmental clubs were but a few of the many activities in which the seniors worked with the underclassmen to establish precedent for other graduating classes of the future.

Perhaps no other senior class has ever had such an exciting and rewarding experience during their last year of high school.

● During 1956 Van Horn's Student Government was perhaps the most influential organization in school. In the fall, an election was held through the Homerooms to select the president and vice-president. Then thirty students were sent to the Council from the Homerooms.

The Council sponsored mixers to help finance the student lounge, furnished decorations for the Christmas season, approved

the final selection of the school's name and colors, campaigned to keep the school grounds clean, promoted safety week, sponsored drives for needy, and was host to the many visitors who came to see the new school.

Van Horn's first student government should be commended for its untiring assistance in helping a new school "break through" to maturity.

• The nucleus of publications at Van Horn is the newswriting class open only to juniors and seniors. The chief staff positions are filled from this class and important assignments are made to the members of the class who learn about reporting, writing copy, editing, proof reading galleys, make-up and layout as the newspaper and annual are published.

Twelve editions of the *Pioneer* have been distributed this year. As managing editor,

The first *Pioneer* came off the press October 7, 1955.

David Dodd capably put out a memorable first paper which was distributed to all who attended the open house in October. At Christmas, an eight-page edition was printed in red and green. In May, the junior co-editors, Norma Lowe and Cynthia Spangler, honored the seniors with an eight-page paper containing special features such as the Senior will and prophecy.

The Falcon Staff was organized just before Christmas. Because of the late date, dummies had to be made, arrangements for photographs and copy written in a very short time. By working many long hours after school, the staff has been able to publish the first Van Horn yearbook which they hope will set a precedent for future newswriting classes.

Mrs. Mary A. McMann is faculty adviser to the *Pioneer* and the *Falcon* staffs.

Janice and Carol, co-editors, plan the layout for Home-rooms.

Mr. Wasson points out the dangers of skidding, one result of excessive speed.

● Driver Education at Van Horn is a highly specialized training program, not to be confused with the ordinary haphazard methods of learning to "herd" a motor vehicle.

The students are taught by Mr. Wasson to develop fundamental and correct skills, self-confidence and poise while at the wheel, a knowledge of road laws and local regulations and, above all, a desire to drive safely for their own protection as well as for that of others.

C. O. E.

● Cooperative Occupational Education is a program which operates in cooperation with business and industrial employers. The students spend approximately half of each day at school and the other half of the day is devoted to on-the-job training.

This year's class at Van Horn and Northeast held a banquet in our school cafeteria on April 6. School officials and businessmen were the honored guests.

Mr. Herbert Sang has guided the C.O.E. students, found jobs for them and helped them secure practical experience so necessary to a successful vocation.

MUSIC ACTIVITIES

● On December 18 the Concert Choir and Girls' Choir, Instrumental and Vocal Ensembles, presented a program of Christmas Vespers including Scripture readings. The stage setting included a stained glass window background and lighted tapers in the foreground.

● Over 2,000 people attended the Variety Show, the first night performance given in the new auditorium.

A drug store meeting place provided the theme of the show. Paula Stauffer, Frank Burgess, Jerry Titus and Jim Moyer recalled the first year at Van Horn. W. B. Barnes' portrayal of Coach DeHardt as he might be ten years in the future added the comedy. The acts included a chorus line that sang "Seventeen," Bill Lynn at the piano, vocal presentations and a swing band. Truly, the Variety Show was a "Moment to Remember."

MOMENTS TO REMEMBER

● The concert choir and orchestra presented "The Emperor's Clothes," a three-act musical comedy, March 8 and 9.

The emperor, played by Kearney Pixler, had his hands full in trying to cope with Flou Flou and Fripon, Deanna Hummon and Nanel Hardie, a smooth pair of cheats.

The Prince, Bobby Bullard, and his pretty Princess, Beverly Pollard, finally thwarted the schemes of the crafty pair.

Mr. Cofer and Mr. Fike directed the operetta.

HOMEROOMS

● The student government and activities at Van Horn operate on the Homeroom system which places responsibility for the success of these activities directly on each student in the school.

This year the students have courageously accepted that responsibility and have demonstrated that the ideals of a democracy can and should operate in the classroom. By active

participation in all student projects the home rooms have elected a student government, filled Junior Red Cross stockings for veterans, and a chest for foreign students, supported school mixers and athletic programs.

The Falcon salutes all the home rooms for the cooperation and enthusiasm they have shown—a spirit which makes Van Horn High School one of the finest in Kansas City.

LATE ACTIVITIES

Van Horn High School Ring

● The closing of the school year of 1955-1956 brought many varied activities for Van Horn students. On May 8, all Senior announcements were delivered. That evening at the World War II Memorial Building, Van Horn shared in the concert choir festival. Also, in May the Parent-Teacher dinner was held, and on May 15 the P. T. A. sponsored Van Horn's day at Fairyland.

At an assembly in April Coach Ragle awarded first basketball letters to Bob Mitchell, Bob Peck, Howard George, Kent Twyman, Morris Jones, Gary Maybell, Sam Lipari, Glen Johnson, and Jim Whipple.

During the first two weeks of May the track team was kept busy by competing in the St. Joseph Relays and the City Meet. On May 12, a group of girls represented Van Horn in the Spring Sportsday held at Southwest High School. The individual sports were swimming, badminton, bowling, and table tennis.

Final arrangements and a formal dress rehearsal for the Spring Play was held after school on May 16. Thursday and Friday nights, May 17 and May 18, the speech department

enacted the three-act comedy, *One Foot in Heaven*.

On Saturday, May 19, the College Board Examination was given for those planning to enter college in the fall. Also that week, eleven seniors were formally initiated as members of the highest ranking organization in high school, the National Honor Society.

On the evening of May 25, the three literary societies had their first Inter-Society Contest in the school auditorium. In addition, the Juniors received their senior rings that week.

During the last week of May, the long-awaited moment arrived, the first annual, *The Falcon*, was delivered.

The beginning of June brought dismissal of seniors, the band concert, and Baccalaureate on June 3.

The most important event in the life of a senior, Commencement, was held June 6 at 8 o'clock in the school auditorium at which ninety seniors were graduated, the first class of Van Horn High School, the Class of '56.

Coach Ragle awarded Basketball letters to nine men.

FOOTBALL

● Van Horn's football team had an enthusiasm and a desire to win that never failed during this first year. Our non-league games were played to gain experience for first team play next year. The Falcons show promise of giving great competition in next year's games.

FOOTBALL

• Van Horn tromped the William Chrisman Bears, 20-14, for their first victory of the season. The Falcons proved to be too much for Chrisman's second-team linemen.

Although Van Horn did not enter the Inter-Scholastic League first team competition this season, the second team has gained valuable experience and next year's outlook is for a promising team.

BASKETBALL

Bob Mitchell presents a gift from the team to Coach Ragle at the Basketball banquet.

• The Basketball season was filled with lots of action and enthusiasm. The record was not an accurate index to the spirit and teamwork of the Falcon team. The team always fought until the last second. Van Horn's lack of height and experience was nullified by a drive which never faltered.

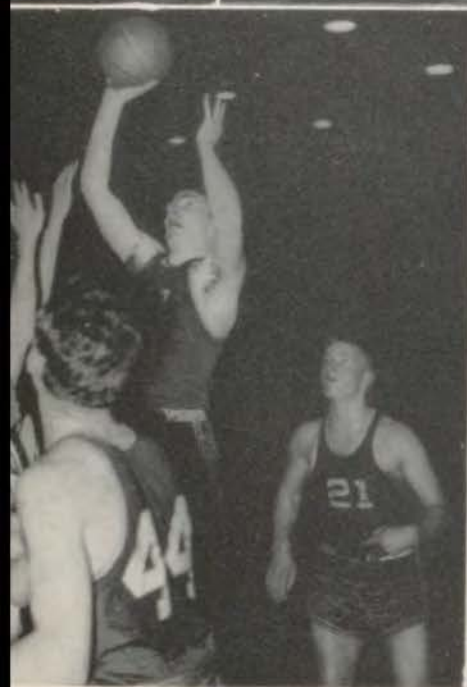

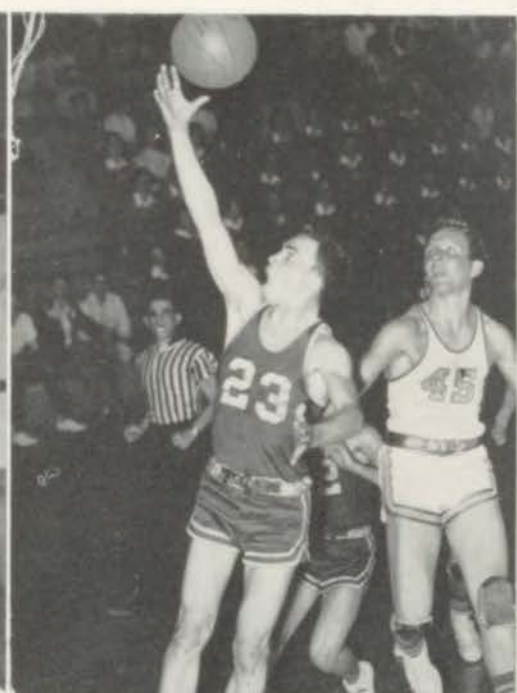

SECOND TEAM

Row One . . . Bill Weber, Kenny Forbes, Bill Kauffman, W. B. Barnes, Gail Hibler, Phil Clemens.
Row Two . . . Coach Fields, Jim Kirkham, Pete Crowl, Everett Cooper, Brian Firkins, Gary Clark.

BASKETBALL

Among the indispensable members of any athletic team are the managers. Here are two of them—Basketball Manager Larry Osborn and Track Manager Kent Twyman.

TRACK

● Under the advice and assistance of Coach Fields, Van Horn's track season opened when they participated in the Big Seven Indoor Meet. The Falcon's team consisted of approximately forty boys from the seventh hour gym class. These boys were supplemented by other gym classes. Van Horn's track team showed great ability in athletic competition.

● Van Horn's track team made an excellent showing this year. The Falcon team was victor at three individual cross-country meets, one against Northeast in Budd Park and two against Southeast in Swope Park.

The track team has done much to help establish our school's reputation in competitive high school sports.

TRACK

At the start: Jim Coldsnow, Eddie Forbes and Jerry Cramer.

CHEERLEADERS

• "Yea, Van Horn" in loud unison can always bring a smile to the faces of Van Horn's first cheerleaders. In brilliant red and gray, these seven girls have done a good job of directing the cheers of Van Horn crowds. They have participated in other activities this year

such as Pep assemblies, Pep Club meetings, and the All-Sports Mixer.

Enjoying the yells almost as much as the girls themselves is Mrs. Hensley, their sponsor and advisor.

The cheerleaders, with an enthusiastic crowd behind them, have shown to the other schools the real spirit with which Van Horn played its games during this first year.

GIRLS' SPORTS

Volleyball

• The year's activities in Girls' Sports consisted of basketball, volleyball, swimming, and badminton. This year hockey was omitted because of lack of equipment and a playing field. Softball and table tennis helped round out the year's program.

Modern Dancing, an unusual offering in a girls' athletic program, develops coordination and alert minds. Moreover, Van Horn is one of the more fortunate schools in the Kansas City area in offering archery.

Intramural play is a significant part of the development of athletic skills and good sportsmanship. Mrs. Hensley and Mrs. Morris have arranged many games to provide competition between the members of the various gym classes.

Sportsday teams, chosen by Mrs. Hensley and Mrs. Morris, play girls' teams from the other participating schools. These Sportsdays are the only way in which the girls are permitted to have interscholastic competition.

The Girls' Sports program has been an important part of Van Horn this past year.
