ADMINIS

TRADITION

Dear Fellow Falcons,

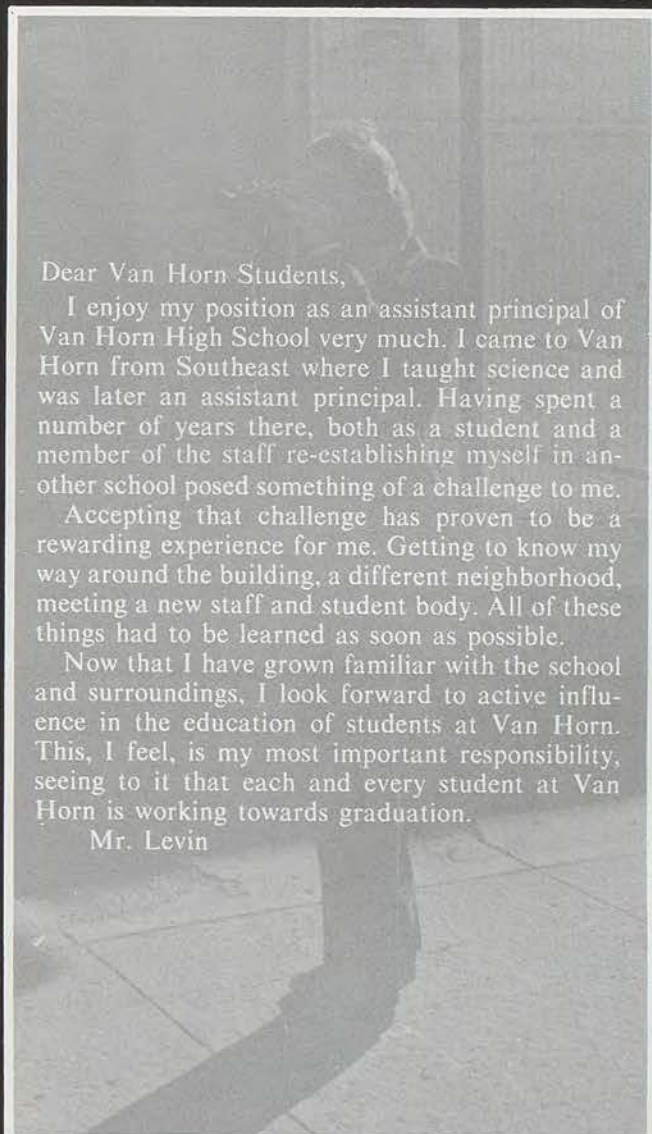

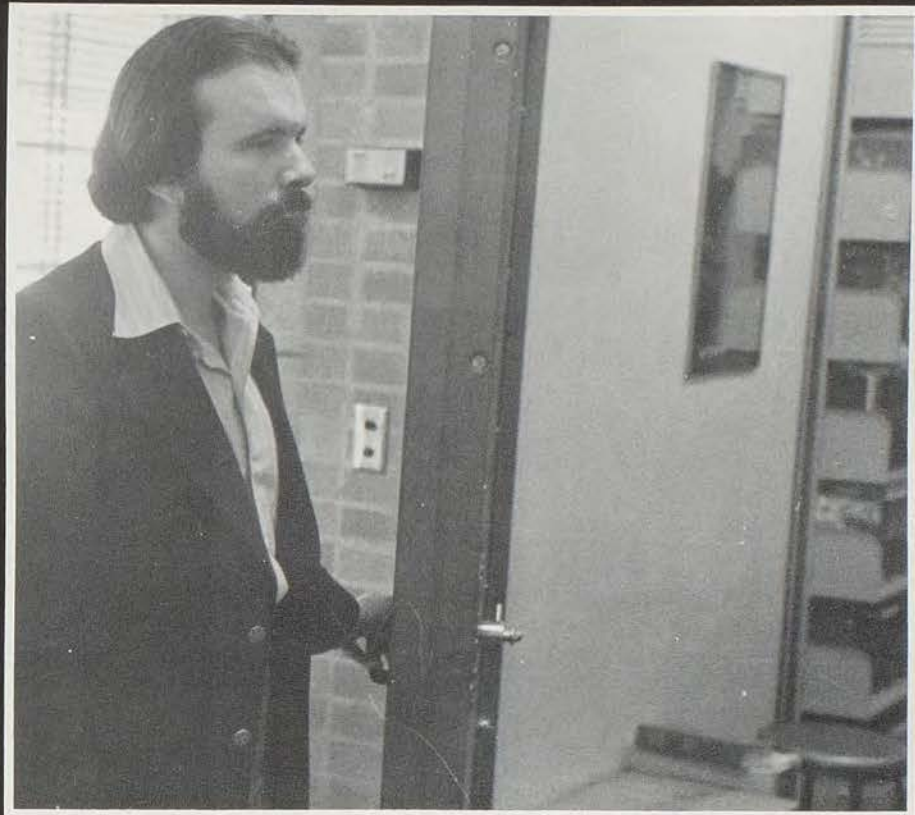

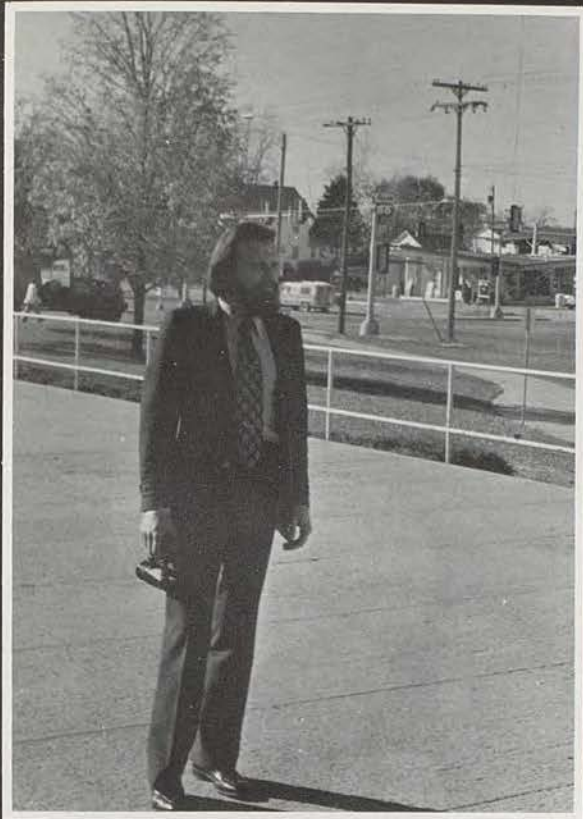

With Extreme *PRIDE* and happiness, I greet you. For the past year all of you have negotiated your future through the time, efforts, and sacrifices you've made toward your education.

Those of you who are seniors and will graduate have done well in your endeavors for a good future. Those of you who will not, for whatever reason, must face the fact that you get out of education exactly what you put in. The battles we sometimes face to achieve success take courage and hard work. Many of you will feel your education has ended when you have completed your four years of high school and received your diploma. Contrary to that belief, it will have just begun in more ways than you could imagine.

As you browse through these pages and review some of the highlights of this past school year, you all have just reasons to be proud of being a student of Van Horn High School. It was your energy, vigor, interest, enthusiasm, fine school spirit, participation and cooperation, that have made our school No. 1.

Mr. Griffin

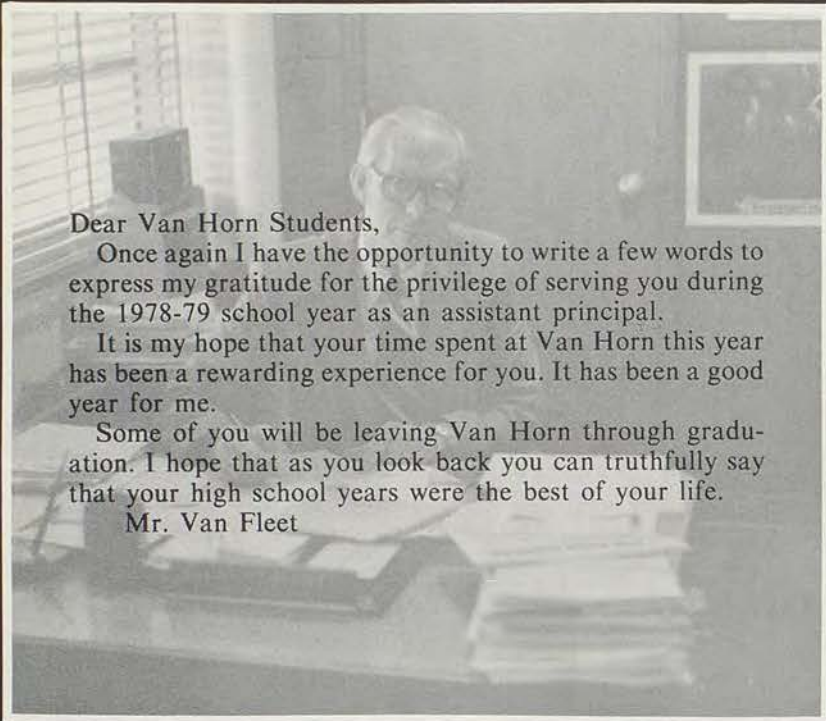

Dear Van Horn Students,

I enjoy my position as an assistant principal of Van Horn High School very much. I came to Van Horn from Southeast where I taught science and was later an assistant principal. Having spent a number of years there, both as a student and a member of the staff re-establishing myself in another school posed something of a challenge to me.

Accepting that challenge has proven to be a rewarding experience for me. Getting to know my way around the building, a different neighborhood, meeting a new staff and student body. All of these things had to be learned as soon as possible.

Now that I have grown familiar with the school and surroundings, I look forward to active influence in the education of students at Van Horn. This, I feel, is my most important responsibility, seeing to it that each and every student at Van Horn is working towards graduation.

Mr. Levin

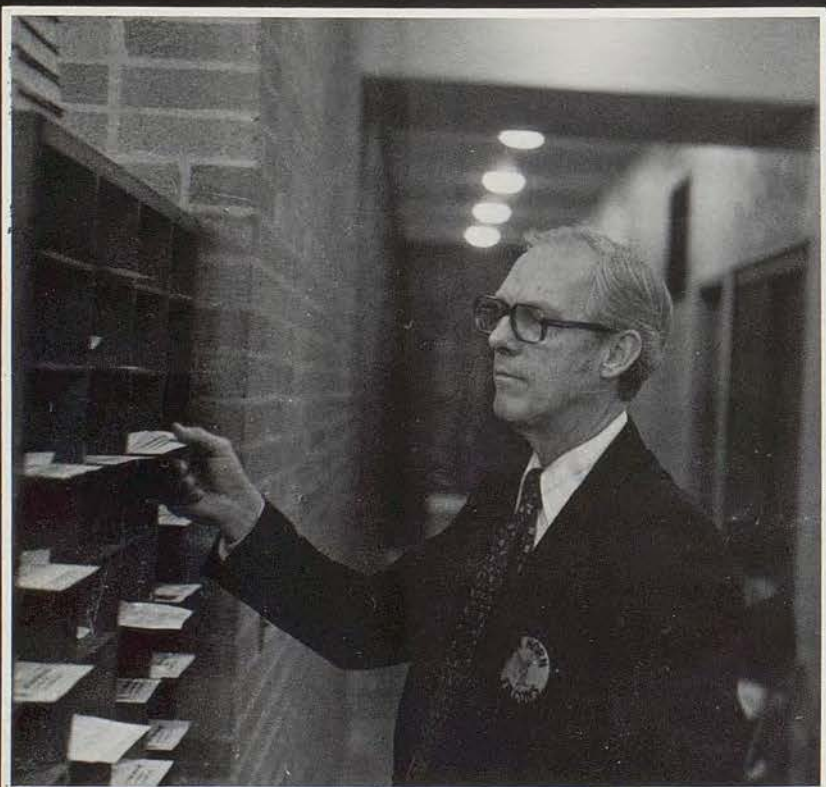

Dear Van Horn Students,

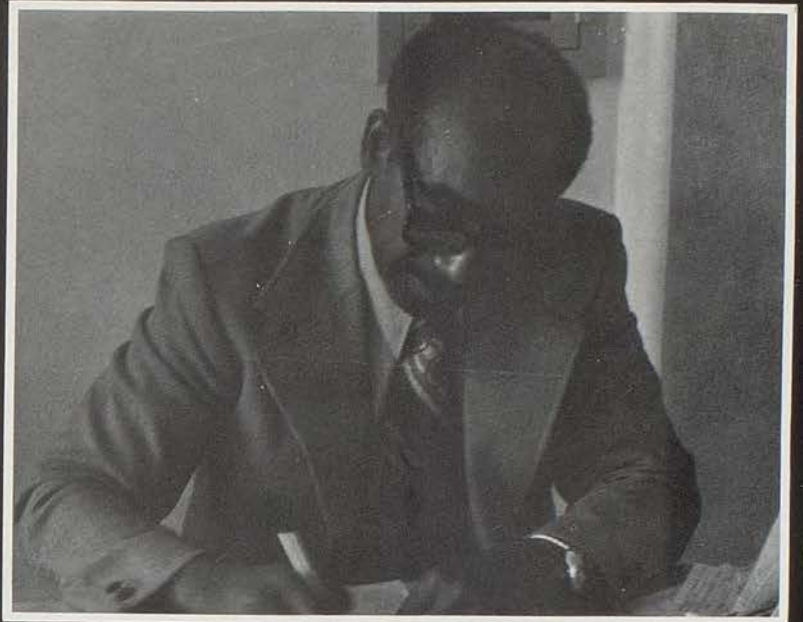

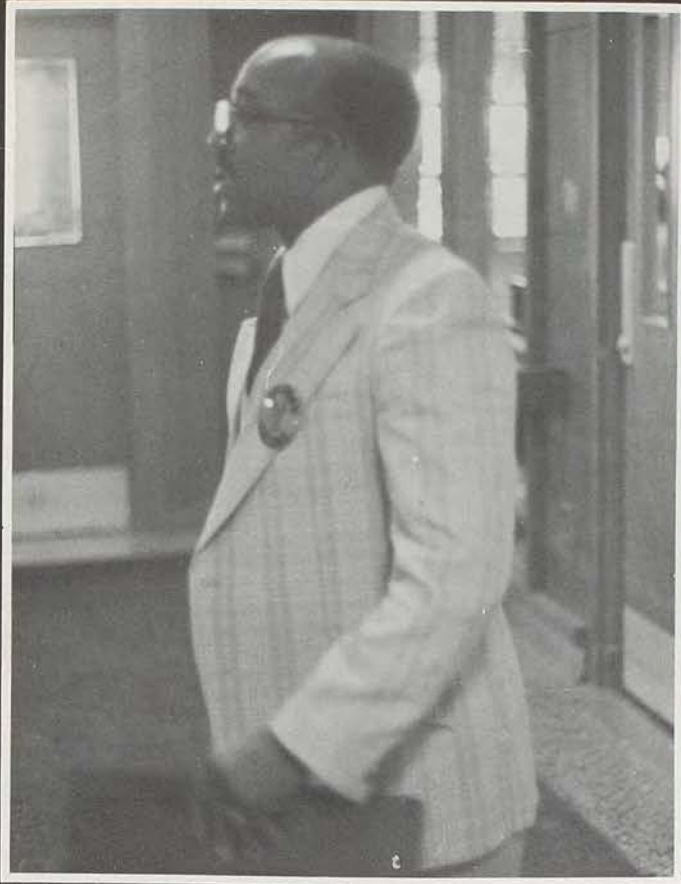

Once again I have the opportunity to write a few words to express my gratitude for the privilege of serving you during the 1978-79 school year as an assistant principal.

It is my hope that your time spent at Van Horn this year has been a rewarding experience for you. It has been a good year for me.

Some of you will be leaving Van Horn through graduation. I hope that as you look back you can truthfully say that your high school years were the best of your life.

Mr. Van Fleet

The Falcon-

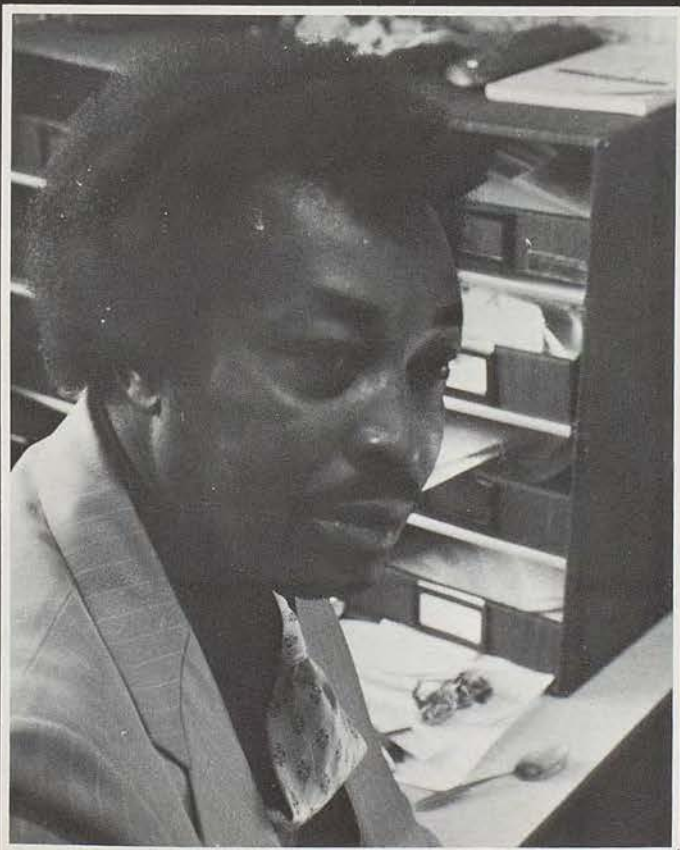

To really know, you have to be one-To think that you know, you have to think like one-To feel like one you have to be in the mood for one one-To get in the mood for one, you have to soar to the top of Falconry-Which is where it's at (tops).

Mr. T-

Dear Van Horn Students,

It is indeed a pleasure to address you. I have enjoyed some very good years here, both as a teacher and as an administrator. It has been very gratifying to serve you and the Van Horn community. Through my personal experiences with you, I have tried to relate life's choices through the realms of education. It is my belief that everyone has the desire to achieve, but only through education can this desire be done. To the graduating seniors: I hope that everyone of you had a happy and profitable year. I wish for you the best of everything in your forthcoming endeavors.

Mr. King

For 24 years, the library at Van Horn has served the students and the public. Many of the students started using the library as early as pre-school, when they took part in story time and the summer reading club. As high school students, they can find help for their class studies as well as the latest popular titles for their reading pleasure.

N F L

The National Forensic League is an honorary organization for outstanding students in the fields of speech, drama, and debate. This year, Van Horn's chapter has done very well at tournaments all over the state, bringing home many trophies. Some of the activities that the debate squad sponsored are the sale of Val-o-grams, an annual assembly, and of course, squad parties and workshops.

American Field Service

After filing out endless forms and undergoing numerous interviews I was chosen to represent Van Horn as a foreign exchange student. I learned of my destination, Denmark, after anxiously waiting for what seemed a lifetime. My ten weeks spent in Denmark with my Danish family and friends were the quickest weeks of my life. All too soon I found myself sitting on an airplane headed for the United States. My memories of the summer of 78 will never leave me. Through AFS I have acquired another family and a new perspective on life.

Favel, Susan Hahn

Hi, I am Roberto Mataloni and I'm a foreign student from Italy, I'm here with the American Field Service, to learn a new culture, to meet new friends, and living an experience that few times happens in a life.

A lot of people asked me how I like Van Horn. I will answer to this question in real truth. I really like the school very much during this year. I've learned to love your school, or better, our school. I've learned to appreciate all the sides of this different culture, to meet friends that really care. My teachers understand my problems and express their concern. I wanna thank everybody for these beautiful things. My thanks to the office, the cafeteria, all the school personnel, but above all, I wanna thank Mr. Griffin, who has helped me in everything I've needed during the year. I've learned a lot about the American way of life during this year and it's totally different from the Italian way. My English has improved real well during this year. I've enjoyed playing the guitar in stage band and I wanna thank Mr. Elliot. I really appreciated taking part in the beautiful clubs at Van Horn such as Sigma Tau.

So once again thanks for all the love and friendship you have given me. I've learned to love all of the beautiful people living around me and this is most important to me.

Ciao, Roberto

My name is Marta López. I have been very happy at Van Horn. I have received a lot of help from all the students and am very grateful. Everyone has been very understanding because, as you know, my English is not very good.

Coming from a small school and moving to a big one such as Van Horn was frightening. Van Horn is very different than my school in Costa Rica. In my country we do not change classes but the teachers do the changing; also we do not choose the subjects: they are given to us. We have one hour to eat lunch and we are allowed to go home.

I don't want to say "good bye," just "so long". From the bottom of my heart I want to thank everyone and offer my home and friendship.

Gracias, Marta López

Looking back, I fondly recall the first major step: submitting my application. Things progressed from there: numerous interviews, orientation, packing, millions of things to do. New York, then Paris, finally Turkey. Meeting my new family, the different foods, the beach, shopping, friends made for a minute, for an hour, forever. But don't kid yourself, AFS isn't all fun and games. It is a difficult, painful and often lonely learning experience. The most difficult of challenges has to be faced, that of being totally immersed in another culture, a different language, customs. You have to be able to adapt and function. By being forced to see another country from its own point of view, all preconceived prejudices and stereotypes are destroyed. Therefore, one is fully able to understand another culture as well as our own and the role we have in society. Only by first understanding will we be able to solve our problems.

Falcon Staff

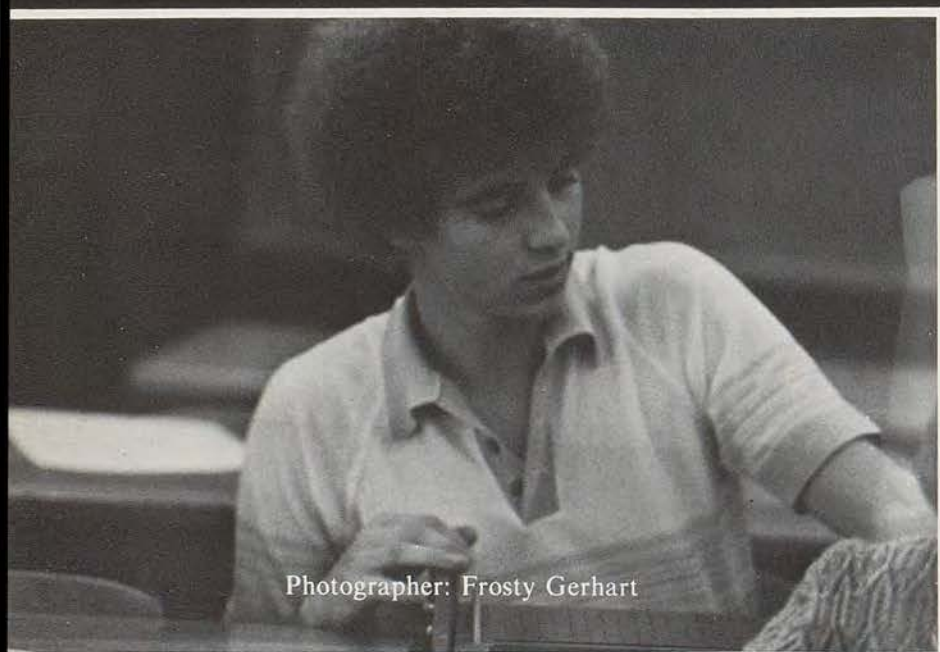

In order to bring this outstanding edition of the FALCON to you, we have spent hundreds of extra hours, working after school until 9:00 o'clock at night, coming in on days off, such as parent-conference day, teacher-workshop day; and working on Saturdays, in addition to attending yearbook-preparation workshops and working daily during first hour.

Our staff has new and old members; we also have an additional sponsor, Mr. Stout, who has contributed his patience and his sense of humor, as well as his expertise in the darkroom and behind the camera.

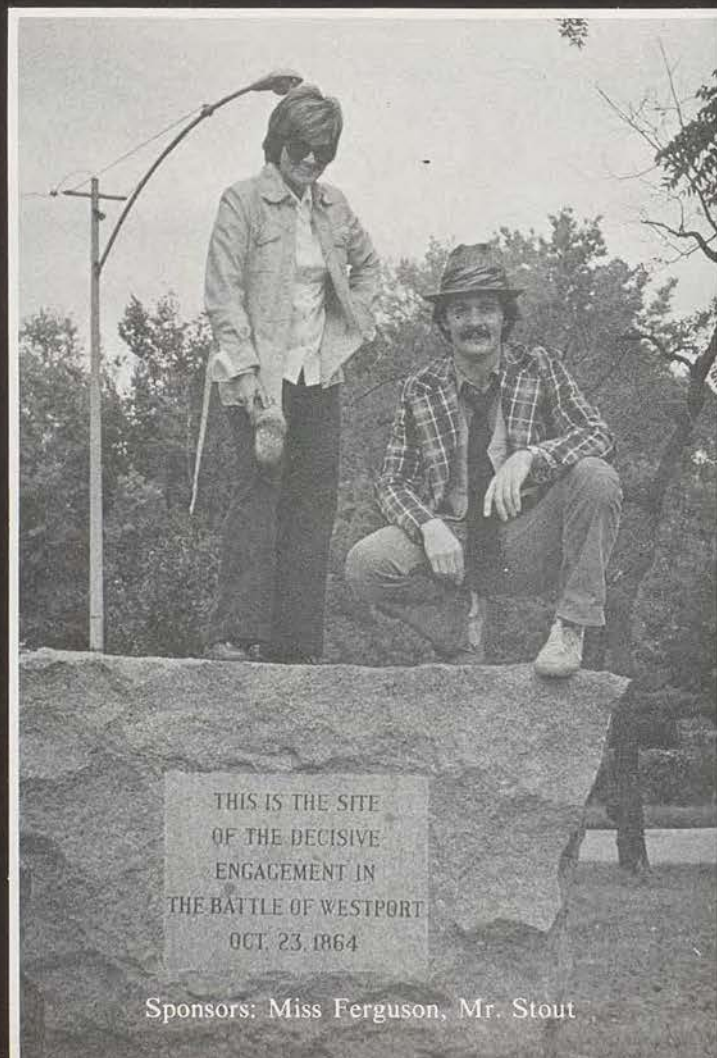

We know that this yearbook will bring you many happy memories all the rest of your life.

I Love You
By Pamela Madden

Many feelings shall come and go,
But many people will never know
The intense feeling I have for you,
I'm beginning to believe that it is true.
I've never felt this way before,
Then you came and opened that special door.
You showed me the way to love and live,
How to take, and how to give.
You've helped me to be just what I want to be,
To realize that I'm just me
We've had our ups and downs, good and bad,
And you are the best thing I've ever had,
So I just want you to know, and I know you do,
That as long as I live, I'll love you.

Together Again
By Christina Vargas

When we were young we laughed together
But now we're both apart forever
When I was young I loved you so
But I must remember, I have to go
Good-bye my love, I'll see you again
And we'll be the same as we were then

The Doors Will Open Un Of

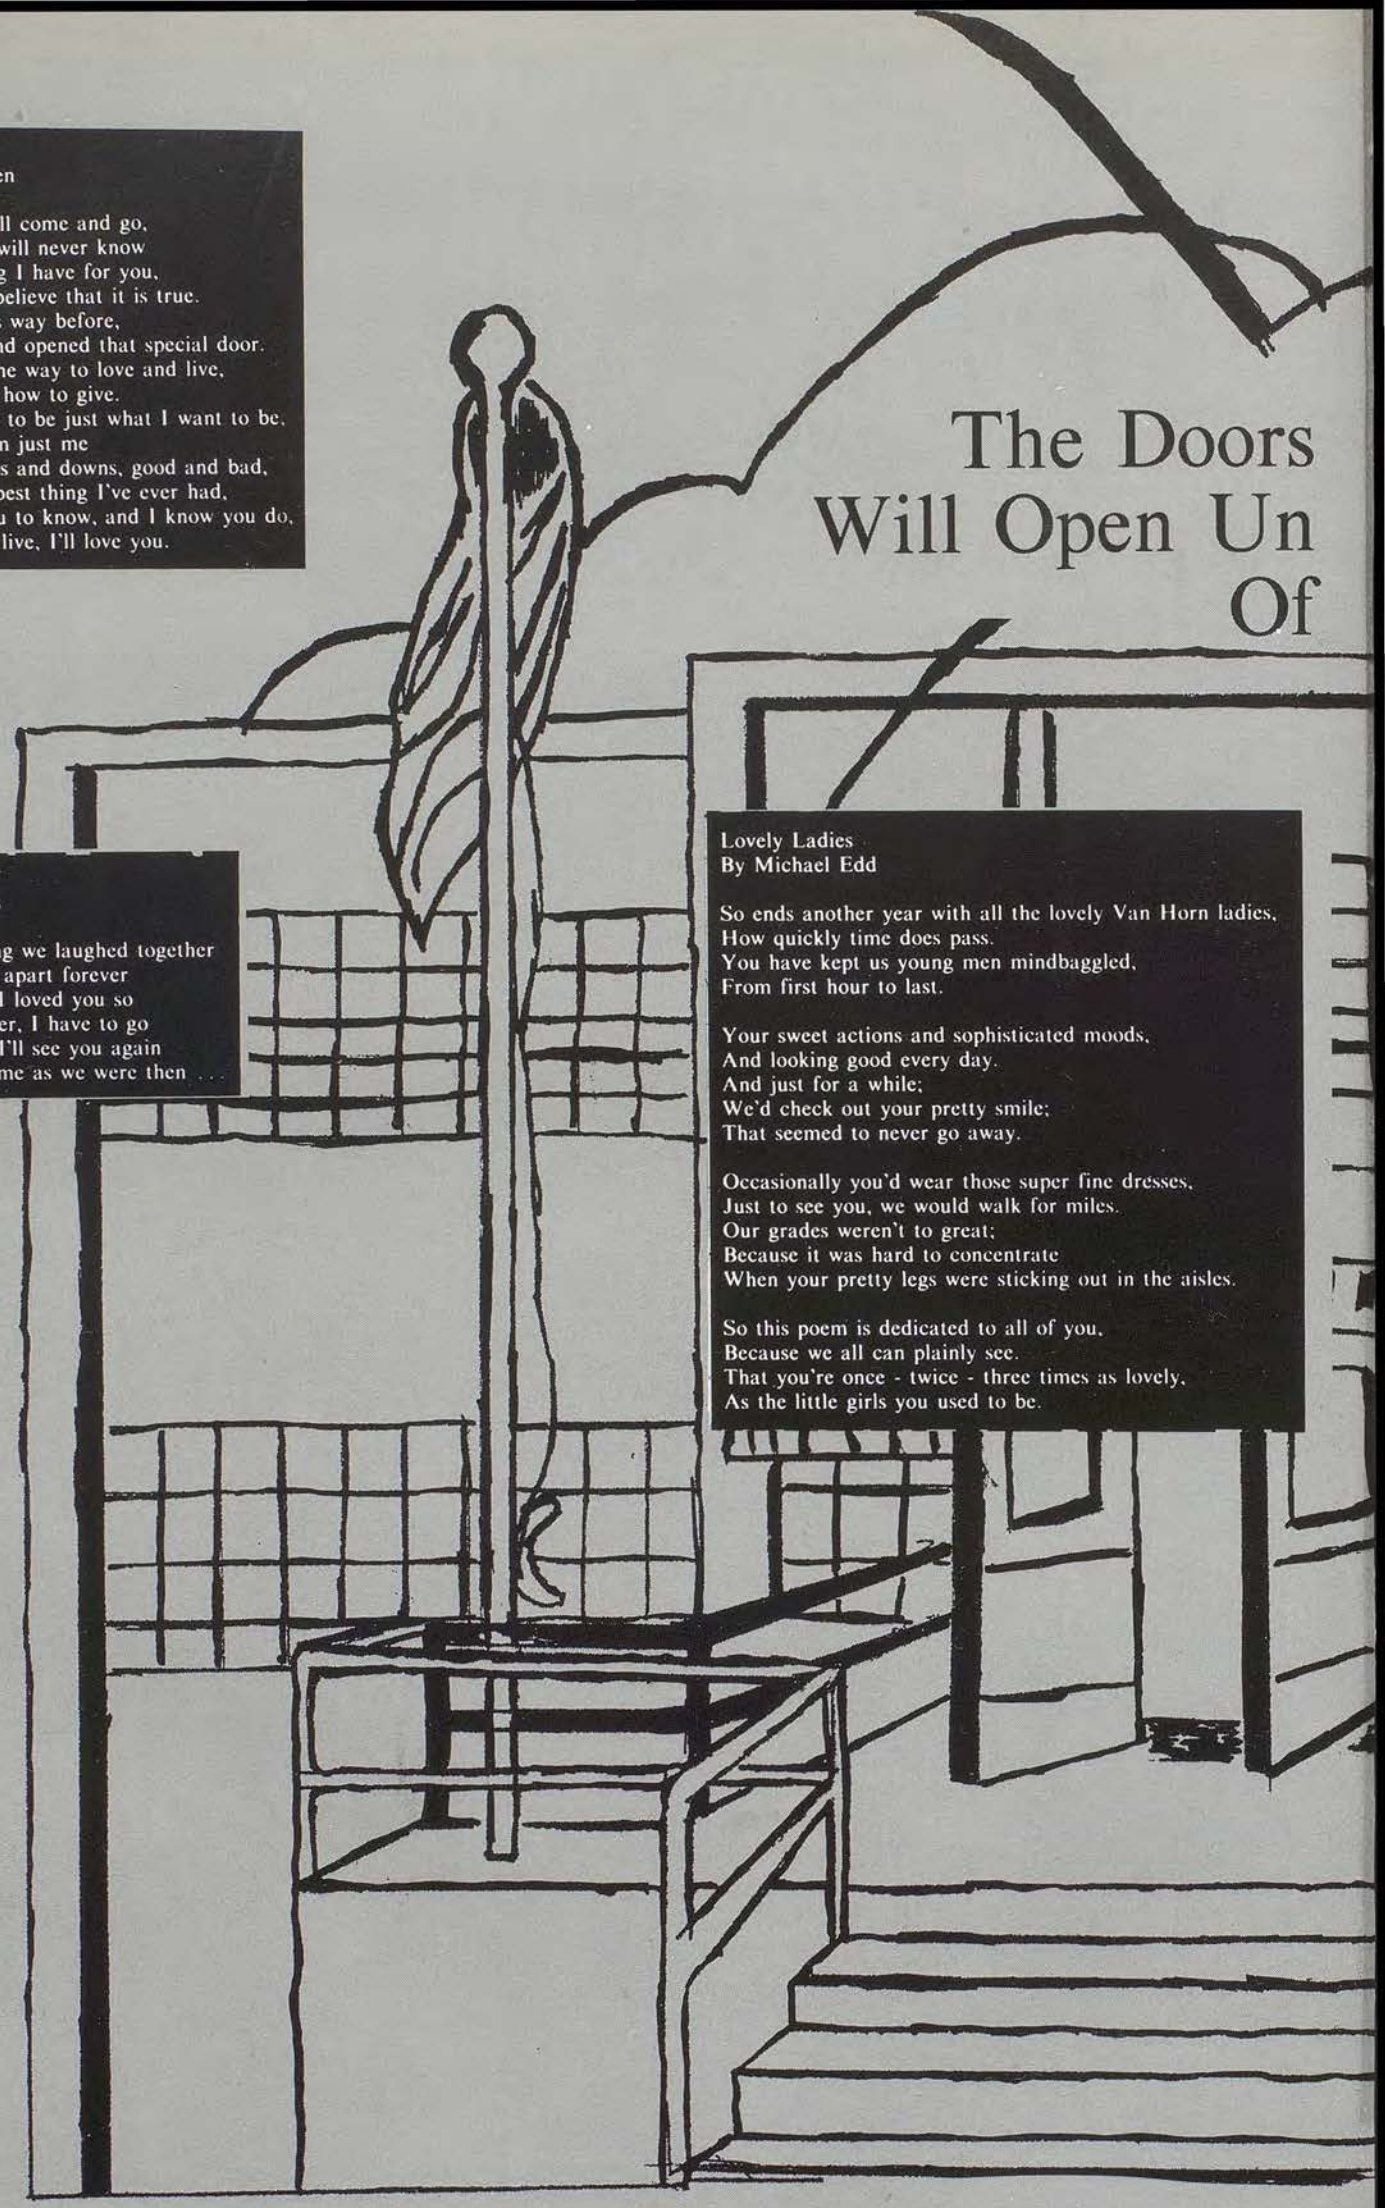

Lovely Ladies
By Michael Edd

So ends another year with all the lovely Van Horn ladies,
How quickly time does pass.
You have kept us young men mindbaggled,
From first hour to last.

Your sweet actions and sophisticated moods,
And looking good every day.
And just for a while;
We'd check out your pretty smile;
That seemed to never go away.

Occasionally you'd wear those super fine dresses,
Just to see you, we would walk for miles.
Our grades weren't to great;
Because it was hard to concentrate
When your pretty legs were sticking out in the aisles.

So this poem is dedicated to all of you,
Because we all can plainly see.
That you're once - twice - three times as lovely,
As the little girls you used to be.

Of Today To The Talents Tomorrow

Both of Us
By Kathie LaFontaine

I will never forget the fun we had, Or the beautiful memories made. Remembering them seems to make me sad; Especially when the good times fade.

We've laughed, we've talked, We've loved, we've shared; Can you see the paths we've walked? I know that we both really cared!

Down deep inside you I know there lies the love I've seen before; In a kiss goodnight, for the long goodbyes and how I'd long for more!

Why is it so hard now to show our feelings inside? Have we taken some secret vow, Our true feelings to hide?

Oh, How long to have you ...
To lie in your arms again!
Of my feelings, if you only knew,
Would you love and hold me then?

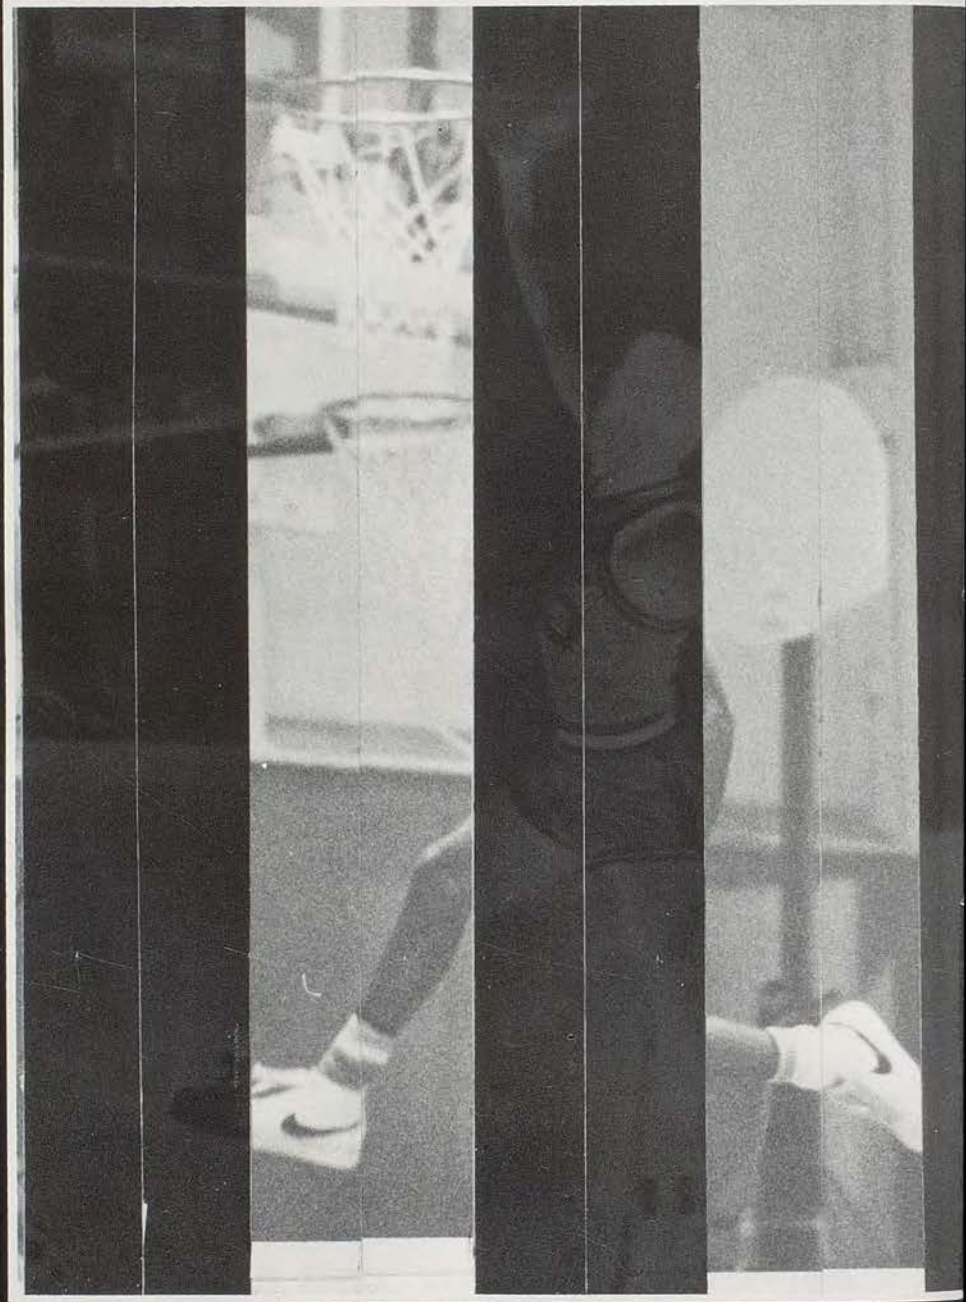

By chance if you ever read this;
Maybe then you'll remember too:
The love that remained in our last kiss ...
And the joy that both of us knew.

How Far Can You Go/The Jokes On You
By Troy Edwin Smith

Getting over
With dishonest grades
Is a mind blowing trick
You've got it made

When life gets rough
And its up to you
Your knowledge is needed
To help you through

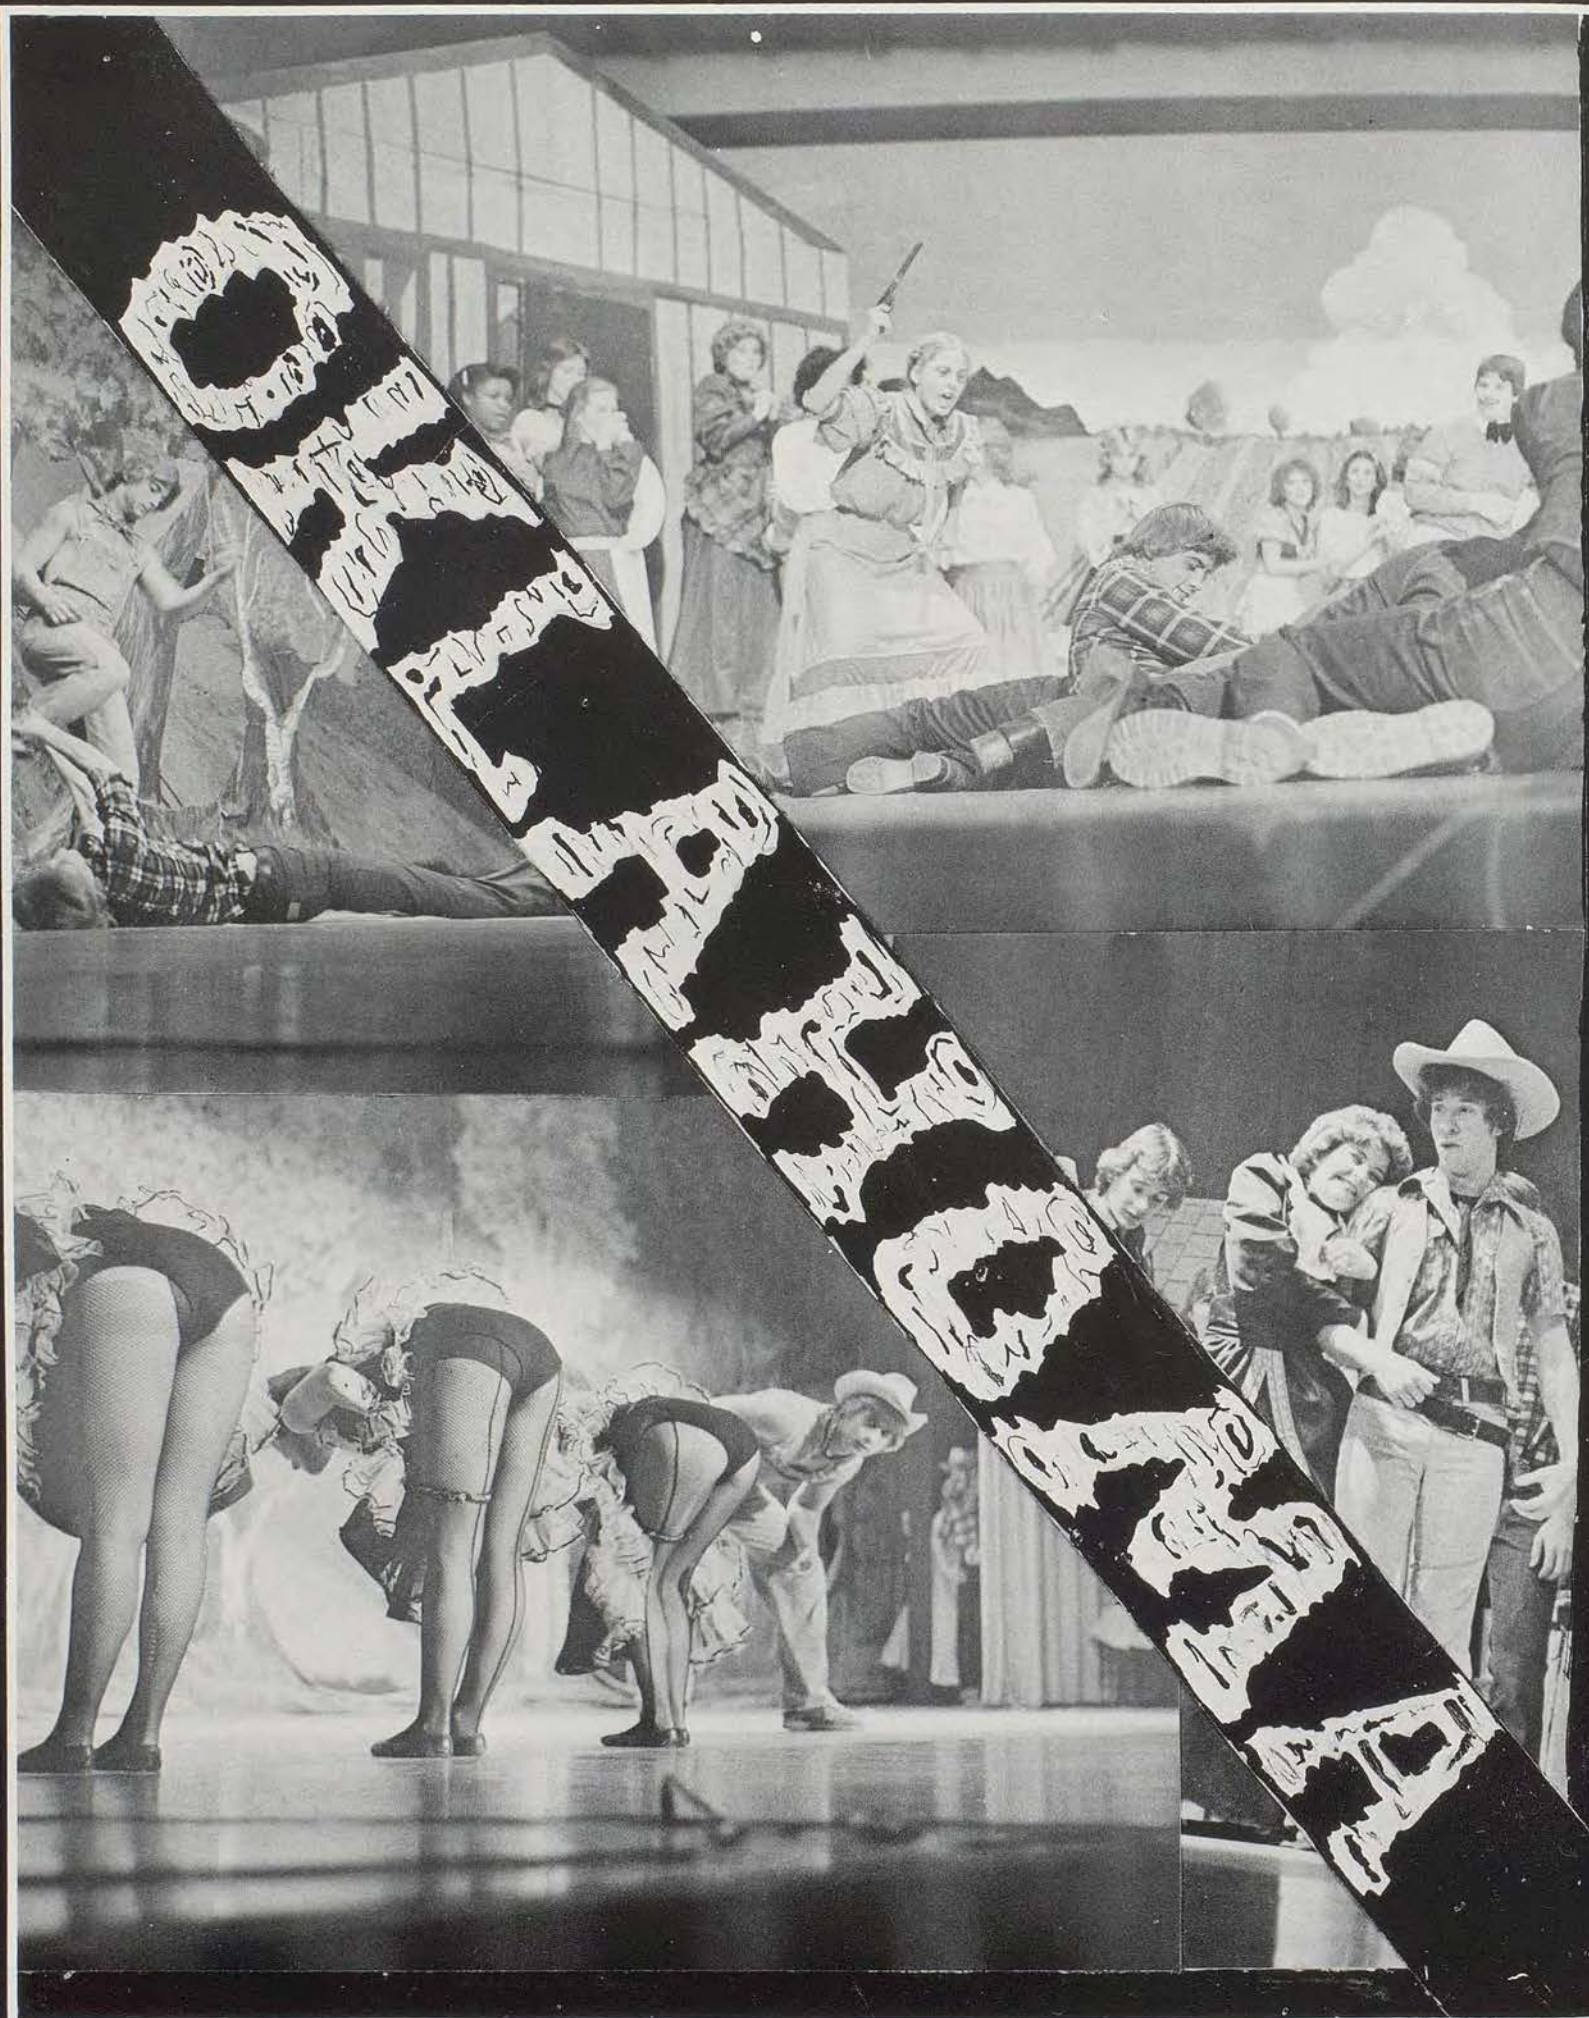

But where is your head
You have no brains
You never studied
So what did you gain Ha! Ha! Ha! Ha!
