WEST HIGH SCHOOL  
Kansas City, Missouri  
Volume No. 3

# "WE HAVE ONLY JUST BEGUN"

Three years come September 1972 WEST HIGH SCHOOL had its beginning. In all reality we have only just begun. Sports programing begun that first year with J.V. Basketball and J.V. Track, it grew to encompass J.V. Football, Varsity Basketball, J.V. Basketball, Varsity Track and Wrestling. This year our program reads: Varsity Football, Freshman Football, Varsity Basketball, Freshman Basketball, Varsity Track and Wrestling. That's what I call growth, but "We have only just begun."

During the school year 1969-70 West had no drama and speech department nor did we have what one would define as fine dramatics programs where students participated freely and willingly. The last two years has shown much growth--in Speech, Drama and Debate, for this we are all proud: but "We have really just begun."

West can be very proud of its Reading Department and the input by all History and English teachers that have worked diligently to raise the overall reading level in grades 8-10 as depicted on the Metropolitan Reading Test by nearly 2 full grade levels in the last two years, but "We have only just begun."

One can readily see the establishment of the pride young people take in their school, although some may not yet profess this pride through the beautiful job produced in your annual yearbook. The events that became noteworthy became greater & greater, but yet "We have only just begun."

College offers persons many opportunities and we see many of our young people following this direction upon graduation and one must stand proud when you look to see that seven of twenty-nine of

our first graduating class of 1970 are now attending college while three of seven are on deans honor rolls of their respective colleges. Seven of twenty-nine represents twenty-five per cent of the graduating class and this is a fine representation. We must also reflect that thirteen of forty-seven graduating seniors of 1971 are also attending college which reflects a percentage increase to twenty-seven, but "We have only just begun."

Apathy becomes the most talked about problems within our schools today and I feel strongly that it is related more to ones attitude about life than any other factor and to maintain our "We have only just begun" feeling and to continue to grow & mature as individuals and as a unit (West High Wolverines) I would identify two short notes. The first-author unknown:

"You may fear you are growing old & there is nothing you can do about it. Now those who retain their youth are those who keep up a HIGH INTEREST LEVEL. Nothing gives on a constant flow of vitality so much as BEING INTERESTED in many different things. If you have allowed yourself to become rather apathetic, TUNE IN AND TURN ON."

Secondly by R.H. Grenville:

Life is not static thing  
No jeweled crown or ring  
For jealous holding.  
Life is a soaring wing,  
The fresh green leaves of  
spring  
A rose unfolding.

Life is activity,  
A vast unfathomed sea,  
And life has fashioned me  
Out of itself to be  
Forever growing.

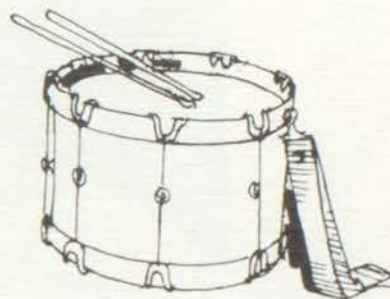

Yes West High has just begun  
and will continue to grow in pride,  
spirit, and strength.

Arnold Davenport,  
Principal

# DEDICATION

Mrs. Genevieve Smith

Genevieve Smith, better known to students and staff as "Smitty", has served as attendance officer at West High the past thirteen years. Previous to 1959, Smitty worked at the Treasury Department in the Federal Court House. After graduation from Sumner High School in 1934, she attended Kansas State Teachers College in Pittsburg, Kansas having a major in High School Education with a minor in English.

Smitty's philosophy of students' ability, stated simply; is that, "if every student would go to school every day and excel in his subjects, he would have a better life".

## "WORKING ON A GROOVYTHING"

Several come. . . each an individual, but sharing the same hope and eagerness. All come, ready to take on a different task--that of "building" a yearbook.

Not just an ordinary book, but a truly special book, and one can be safe in saying it was built from scratch.

We survived. You are now holding the finished product and we hope you enjoy it as much as we did putting it together.

# VARSITY FOOTBALL

The week before means nothing to the next, and points cannot be carried over from one time to another. Nor can seconds be added to the time clock, or a foot to a fourth down that had failed. The West High Wolverines come face to face with these cold hard facts as they fell to the earth with a season of defeats. The games were all heart breakers as the West High Wolverines failed in the last few seconds to score for the final time. The games lost, left a dent in the spirit, here at West High, but that dent had soon vanished and replaced with more spirit and enthusiasm as the next season rolls along and as time passes-on.

Champions are made of grit and determination. The West High Wolverines have proven to be full of grit and determination as every game came along. Showing that West High had both, we can close our season feeling proud.

These West High Wolverines excelled in this field of football: Jack Fields, David Nelson, Calvin Sanders, Norman Sawyer, Jaime Ramirez, and Adrian Robinson were chosen as All-City Honorable Mentions.

# JUNIOR VARSITY FOOTBALL

The West High School Junior Varsity Football Team showed that they had the school spirit as they went out to tackle another year.

Time progresses and with it our Junior Varsity Football Team of the past year has experienced and learned from the year we have just finished and with this on our side we can't fail in our efforts in the future.

The Junior Varsity Football Team displayed courage and dependability throughout the season and represented West High in a respectable fashion.

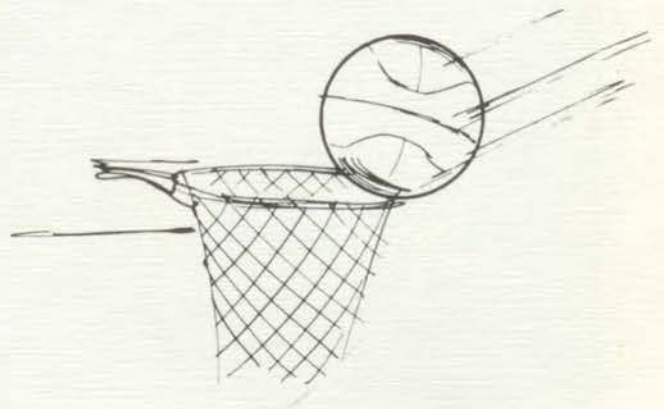

# VARSITY BASKETBALL

Kenneth Cloud  
Coach

Noah Birch

Jerimiah Black

Jeffery Booker

West High had a strong, able Varsity Basketball Team this past year. Along with the good and the bad West was able to feel proud to have such determined men on its team. Of course it would be nice to win constantly but everyone has difficulties in achieving this goal. To win a game is one thing, but to play a game honorable is the important thing. West High was honorable represented by the Varsity Basketball Team of 1971-72 season.

David Tapia

Like a Wolverine our wrestling team went out to meet their opponents on the mats and in some instances they returned with the hide of their opponent and the proud knowledge that they have conquered. These young men along with West High can feel proud with what they have achieved this past year. The courage to overpower their opponent.
