FOREWORD

It has been said that the United States of America is the melting pot of the world. In the same manner, Westport High is the melting pot of Kansas City.

As people of different races and nationalities settled in America and became Americans, so students of various races and nationalities are attending Westport and have become "Tigers."

We are fortunate to have a fine academic program and a cosmopolitan student body. We have learned to develop a tolerance and an appreciation of all cultures.

It is with pride that we, the staff of 1970, present to you the faculty, students and events of the year 1969-1970.

DEDICATION

He started at Westport in 1936 as coach and teacher of physiology. In 1943 he was a member of the Board which decided to change the physiology course to human science in the Kansas City School District.

His human science classes were a high school pre-medical course, and he has encouraged many students to go into the field of medicine.

In 1969 he set up an award in his name.

It is with sincere respect that we dedicate our 1970 HERALD to Mr. G.V. Bourrette.

RIGHT: Mr. Bourrette is holding his trophy. Each year an award is given to the student chosen as the most outstanding school citizen, athlete, and scholar.

FOR THE COMMON GOOD

Mrs. Shaw, head of the language department, demonstrates the technique of earphones in the language lab to Wayne Mein, a student in her Spanish class.

Mathematics is a logical and a sequential development of interrelated processes and concepts. Today functional experiences in quantitative relationships have replaced rote learning and meaningless memorization of rules and definitions. Emphasis is upon mathematical structures learned in an atmosphere of active inquiry. Stress is placed upon mathematics as a way of thinking. We attempt through solving more varied and difficult problems to broaden and deepen the basic concepts learned by the student earlier in his education.

Not only is mathematics taught strictly with a mathematical overview but also with a social overview. This is done by developing in the student the ability to relate mathematical models to the real world; to develop an appreciation of the ways in which mathematical concepts are needed and used daily in our society; and to develop the ability to formulate and apply mathematical concepts to personal and social problems.

Mr. E. Champion, Mr. Corso, Mr. Davis, Miss Dee, Mr. Nelson, Mrs. Smith, Mr. Summers, and Mrs. Williams comprise the mathematics department.

The foreign language department offers French, Russian, Spanish and Latin. Miss Grace Dooley, a new teacher at Westport, teaches French I and II and one French I class at Manual. Mrs. Lee offers two levels of Russian to Westport students. Mrs. Shaw teaches four levels of Spanish. Mr. Nied instructs Latin II and III.

An experiment in the use of the language laboratory is an open lab period during fifth hour during which any language student may be released from Homeroom to hear instructional tapes. The lab is supervised by Mrs. Shaw and Miss Dooley.

Mr. Nied is using some techniques of the oral method in his Latin II class. This includes using the language lab once a week to improve pronunciation and teach simple elements of grammar by patterns. This year Mr. Nied is teaching the Classic **Aeneid** and the **Odyssey** in the original Latin.

The foreign language clubs offer many opportunities to broaden the cultural knowledge of Westport students. The Spanish Club has as its honorary member, Miss Celia Sforcin, AFS student from Brazil. The French and Spanish Clubs joined forces to sponsor an orphan at Christmas and exchanged Christmas customs at a joint meeting. The Latin Club feted Virgil on his birthday this year. The Russian Club enjoyed comradeship with fellow Russian students at Southwest where Mrs. Lee also teaches. They enjoyed Russian films at the Waldo theater in November.

Ghiziana Iosif, Mrs. Amelia Smith, James Snow, and Howard Beitling are doing some extra work in mathematics.

MARTHA CARLOCK RENDERED

The 1970 eighth grade officers were: Greg Thurston, President; Jo Rita Chavez, Vice-President; Mary Villa, Secretary; Kathy Sievers, Treasurer; Jeff Lock, Sergeant-at-Arms.

The business committee consisted of: **FIRST ROW:** Pam Casada, Phyllis Lemm, John Park. **SECOND ROW:** Estelle Epperson, Sheila Johns, Marsha Mullins, Diane McKinney, Steve Jones.

Mrs. Carlock pauses with Sam Sola to discuss extra credit work.

The first voices of the class of 1975 were heard in the halls of Westport in late August, at eighth grade orientation. This was a new and challenging experience for all.

Their first year began with great success and enjoyment. An orphan was adopted at Christmas, to support the annual Tiger Den Christmas tradition. Class elections were held the second semester after the students became better acquainted.

Many class members joined organizational clubs and went out for intramural sports.

Their first year was a good one, and next year even better, for it's one year closer to graduation—a goal which they are striving to attain.

Mr. Murphy, head of boy's physical education department, grades papers cautiously.

The boys' physical education department at Westport High School has several goals. It tries to develop sound vital organs for bodily vigor, to stimulate normal growth and build physical strength adequate for daily demands and occasional emergencies. The department strives to develop social values through the give-and-take of sports, to develop skills for satisfaction in performance and skills for carry-over to recreation beyond school years. The physical education program attempts to provide experiences in competition for the thrill of competition and the benefit of recreation.

The following instructors make up the physical education department: Mr. Dave Jones, Mr. Dan Stanley, and Mr. Clifford Murphy.

Jacquoda Gray paused at her locker during various times of the day to obtain needed books.

NOLEN, McCLURE

Freshman class officers for 1969-70: President, Katy Nolen; Secretary, Kirt Johnson; Treasurer, Renee Baker; and Sergeant of Arms, Matthew Soule.

This year the freshman class of 1969-70 is the largest class at Westport. The enrollment of our class is 422.

So far our class has proved to be very outstanding in sports. The team's league record in football for this year was 4-2-1 and the overall record was 5-2-1. The freshman team came in third place in the city league. Our coaches for this year were Coach Haynes and Coach Voelker. Coach Haynes is now the freshman basketball coach. We are very proud of our group and hope to do as well in basketball.

Many of us have already joined organizations. This shows that we are willing to take over responsibilities.

Our class sponsor is Mrs. Young and our class counselor is Mrs. Agron.

Business Committee Members: Bruce Rozenblit, Debbie McWhorter, Terri Dopp, and Eileen Collins.

STUDENTS BASIC UNDERSTANDING

Mr. Bourrette helped Gail Duff with her science.

The science department offers many courses for those students who are interested in this field. In general science, there is special material which provides an opportunity for students to discover for themselves various scientific principles. Earth science is primarily a survey course covering the history, structure, and composition of the earth, mineralogy, meteorology, historical and structural geology. Map reading and gathering weather information for forecasting are two of the several techniques learned during the year.

This course is structured for the individual who is fulfilling the requirements for a high school education only or one who is going to college. It is a practical course because the student is taught to see the importance of the conservation and preservation of the planet on which he lives.

The biology classes are again using the B.S.C.S. Green Version High School Biology which is an ecological approach to the subject. For the first time this year there are second-year students enrolled as laboratory assistants. These students arouse independent study through projects and reading. They also assist in lab classes and prepare materials to be used in laboratory work.

The new chemistry study program we have started in chemistry this year is lab oriented. It is designed to make it easier for the student in college. It is also designed to arouse interest in the field of science in general and to help the student realize chemistry plays an important role in everyone's life.

The Physics class is using the text Modern Physics by Williams, Metcalfe, Trinklein and Lefler. It is a traditional approach, supplemented by the P.S.S.C. experiments and problems. The course started out with a study of the slide rule and

the trigonometric functions. Measurements with precise instruments like the Vernier and micrometer calipers proved to be more accurate than the meter sticks. Force and motion, heat and nuclear energies, sound, light, electricity and magnetism are the topics we expect to cover before the school year is over.

The Human Science course presents not only a complete understanding of the functions of the body, but affords an opportunity for each student to determine if he has ability and aptitude for work in some phase of the medical field.

No department in Westport works with as many students as does the English Department. Through the efforts of eight full-time instructors and two who share teaching English with a language, the staff endeavors to guide students to their full use of the communicative skills. These skills (reading, writing and speaking) are approached with grammatical correctness and good logic uppermost in mind.

The following are fulltime teachers of English; Thelma Bowen, Holly Jo Cobb, Justine Frogge, Stella Hoing, Inez Pletcher, Gladys Riley, Ann Taylor, Val Ziegenhorn. The two part time teachers are Beverly Shaw, and Ken Nied.

Mrs. Bowen asked Dan Ramsour if he enjoyed his lesson for the day.

DON NELSON ASSISTED

The class officers for the class of '72 were: President, Dennis Adams; Vice-President, Judy Johnson; Secretary, Susan Simpson; Treasurer, Sonja Rice; Sergeant-at-arms, Mike Major.

Mr. Nelson and Dennis Adams discussed events for the sophomore class.

The jump from the freshman year to the sophomore year is considered an immense step. It means more responsibilities and more accomplishments. The class of '72 took it right in stride. Many sophomores had accomplishments and showed great potential in honor society, athletics, literary societies, instrumental groups, cheerleading, pep club, other clubs and assemblies.

We proved to have great school spirit and gain more experience in our sophomore year. We regret we have only two remaining years to show our appreciation to the great school of WESTPORT.

WERE SOLVED

Mrs. Marjorie Harris, department chairman, works on records in her office.

The philosophy of physical education is a fundamental belief that all teachers, with the help of boys, girls, parents, administrators and supervisors have the privilege and responsibility of working together to define their point of view, to select materials, to organize activities and to evaluate physical education experiences. Thus, the girls physical education department is designed to educate the total student, not only in big muscle activity, but to guide, to aid, to develop.

The program consists of hockey and soccer in the fall; basketball, volleyball, aerial darts, badminton, table tennis and quoits in the winter; softball and track in the spring and rhythms and exercises throughout the year.

An intramural program is offered to help the student participate in playing. Other than the regular sports in season, co-educational bowling and co-educational horse-back riding is offered.

The department is staffed by Miss Carole Madison, Mrs. Mildred Patterson and Miss Marie Pusateri.

The department of Home Economics and Family Living through its wide range of curriculum strives to guide students in establishing values which will give meaning to self, family and community life.

Mrs. Jacque Thompson teaches the Basic Home Economics program; Mrs. Frances Fitzgerald, Basic Home Economics, Foods and Clothing; Mrs. Marjorie Harris, Foods, Clothing, Home Decoration and Consumer Education; Mrs. Margaret Stark, Family Living.

Miss Pusateri, head of the girls' physical education department, discusses a paper with Peggy Henry.

JUNIOR CLASS REMAINED

The Junior class officers are—**SEATED:** Carroll Crews, President; Lynnette Brown, Vice-President. **STANDING:** Nikki Bernard, Secretary; Jackie Gardner, Treasurer; Gayle Hill, Sgt.-at-Arms.

Business Committee: Shelia Brooks, Kathy Kneisel, Alice Johnson, Ricky Stevenson.

The Junior class of 1971 has made it through three years of high school and has worked very hard on their fourth. This year they were very active in Pep Club, Student Council, Assemblies, Honor Society, language clubs, and the **Herald** and **Crier** Staffs.

The Junior class supported an orphan at the annual Christmas Tiger Den this year. He received clothes, toys, and candy.

They also worked very hard on this year's Junior-Senior Prom to make it an evening to remember.

Mr. Ballantyne, chairman of the Business Education Department, discussed an account with Terri Truax.

To a great extent the Business Education Department is a service department. With the aid of vocational business students, we operate the school accounts room, assume much of the responsibilities of school elections, and do a great deal of mimeographing for the PTA and the entire school. Our beginning and advanced typing classes have helped the "March of Dimes" campaign by addressing approximately 10,000 envelopes each year.

Mr. Ballantyne has taught business typing, stenography, and general business; Mrs. Hall, beginning and advanced business typing; Mrs. Heatherly, clerical practice, personal typing and stenography; Mr. Rizzo, advanced business, secretarial practice, accounting, and business typing. The Business Education Department has enjoyed serving Westport this past year and will need to recruit a capable student to maintain levels of service.

SENIORS

SALAZAR, LANGLEY

The senior class officers are: Tony Salazar, President; Debbie Langley, Vice President; Carol Dille, Secretary; Rex Nolen, Treasurer, Mr. Tony Rizzo, Sponsor; Virginia Lopez, Sgt-at-Arms.

The senior class of 1970 has excelled in athletics, scholastic achievement, and from outstanding individuals. The seniors led the football team to another winning season, which was again rated as one of the best teams in the area. A good number of seniors were also on the honor roll and a few of these were not only ranked high among the area or the state but within the Nation, as well. These seniors and many others set a good example for the rest of the students of Westport High.

As a senior one must begin to assume responsibility and to think independently. He learns that he can advance as far as his assumptions of responsibilities will permit. Perhaps one special person in his life can unlock an entirely new world to him with the right word or with sympathetic understanding. He gradually begins to realize that he must be an adult. He must be aware that decisions about his future and his goals are of great significance now.

The Business Committee consists of: Leticia Martinez, Marty Phillips, Clifford Baker, and Trudie Suttles.

WORKED TOWARD FUTURE

Mr. William Merryman, chairman of the Social Studies Department, discusses an important issue with Sandra Terrell, junior.

There is particular importance in the teaching of the social studies today. Our society is confronted with so many problems, clashing issues, and incomprehensible changes that students must learn to give close attention to what has happened, is happening and is likely to happen

Other members of the class watch with interest as Mr. Pond puts make-up on Steve Swanson.

The aim of our fine arts program is to develop in the student the creative, imaginative qualities inherent in every human being to teach the student to be aware of the potentials for self-expression, personal enjoyment, and communication with his fellow man through color and form, through music, and the various types of speech arts.

The chairman of the art and fine art department is C. Richard Pond. Members of the department are art: Betty Ortner, Fonette Riley; music: Mariam Downing, Donovan Mabbott, M. Duane Miller; Speech-drama: C. Richard Pond, Jacque Volkland.

in their world—to know, understand and participate in the events that affect their lives. A knowledge of government and history, economics and geography, psychology and sociology is essential to the well-educated person. Nothing less than this is our goal. In our integrated school our social studies faculty is striving to give fair, adequate, and scholarly coverage to every facet of American and World living, to develop a knowledge of the appreciation for every ethnic group and culture, to create attitudes of humanitarianism and tolerance toward all our fellow human beings. World history has ceased being "Western Culture"; we do study the history of all the world. American History has ceased being white Anglo-Saxon history and has become truly All-American history. We offer courses in World History, United States History, World Geography, Citizenship, American Problems (Current Affairs), and Psychology. In the offering is a one semester elective course for seniors studying the history of Negro People in the United States.

We have fewer members in the social studies faculty this year with no fewer students than previously. Our teachers are Mr. Michael Brown (U.S. and World History), Mr. Richard Haynes (World History and Psychology), Mr. William Merryman (U.S. History and Psychology), Mr. Harry Messenger (Citizenship), Mrs. Pat Neuhaus (U.S. History and Current Affairs), Mrs. Margaret Stark (Family Relations and Citizenship), Miss Cynthia Thurston (World History and World Geography), Mr. James Voelker (Citizenship).

Kenneth Hernandez (left), Mr. Gamble, chairman of the industrial arts department, and John Sprofera are working on a project.

Industrial arts education provides students with opportunity to discover and prepare for the requirements of our present day industrial-technological oriented society. Classes are offered in four areas: drafting, electricity, metal and wood, each providing the development of personal interests, aptitudes, creative thinking and technical abilities.

The instructors in this field at Westport are: William Gamble, chairman; Charles Vest, George Foster, David Hill and Schuyler Burris.

In an attempt to recruit future students for the band, it also went on a tour of three grade schools, demonstrating the talent and enthusiasm of its members. Various times during the past year, Westport students appreciated and enjoyed the sometimes humorous music assemblies in which the Senior Band played. The Senior Band attended a contest at Warrensburg, and triumphantly ended the year by playing for the 1970 Senior Commencement.

A dramatization of the "Odd Couple" was presented by Steve Swanson and Tim Lacefield. Adding a more refined touch to the show was a ballet dance presented by Willa and Lorna Brotherton.

Many of the acts were composed of groups from the music department such as the Stage Band and the Wesger Singers.

CÉLIA EXPERIENCED

Sitting . . .

Célia Sforcin came to Westport from Botucatu Brazil. In Brazil, she lived with her father, a Telephone Company Supervisor, her mother, three brothers and three sisters.

In Kansas City, Célia stayed with the Frederick Jones family. She and her sister, Karen, shared many activities together during her year in the U.S.

Célia was a member of the Spanish Club, TDSC, Romani Novorum Temporum, Tiger Den Board, the Philosophy Group, and Pep Club in which she wore the traditional letter "T" in Westport.

Westport will not soon forget our 1969-70 Brazilian Miss. Celia added a brightness to the halls of Westport that will shine forever after her.

WESTPORTER WENT TO AUSTRALIA

Leslie and Maree discussed homework together, occasionally.

These Auzzie birds (Australian girl friends) gave Leslie a going away party.

Mr. Cummings, Leslie, Maree, and Friends paused for a picture at an Australian dinner.

Leslie Willhite was chosen as an American's Abroad finalist. She was sent to North Croydon, Victoria in Australia. Down under she stayed with the Cummings family. Leslie and her sister Maree attended North Croyden High School.

Maree's family and friends kept Leslie busy 24 hours a day going to horse races, dances, parties, zoos, art galleries and seeing the country. The Australians are a fun-loving people and Leslie can testify to that.

Leslie was the first American Abroad from Westport in four years. Hopefully, this program will continue and allow more Westporters to go abroad with AFS.

Leslie models her school uniform and AFS banner.

The Cummings' home was a one-story white house.

"The American Field Service Committee is devoted to encouraging understanding between peoples of the U.S. and other nations through student participation in family and school life".

AFS at Westport is composed of interested students representing the different classes. The committee plans parties, AFS functions for exchange student and the AFS Assembly held each year.

Americans Abroad is the equivalent of the program that brought Celia to Westport. Every student at Westport has the opportunity to apply as an American Abroad or to host a student in their home. Last year Leslie Willhite was chosen as an American Abroad and spent the summer of 1969 in Australia.

The AFS motto has a deep meaning at Westport: "Walk together—talk together all ye peoples of the earth. Then and only then shall ye have peace".

ROTC DEVELOPED

TIGER BATTALION GROWS UP

Suffering growing pains, but maturing every day, the Tiger ROTC Battalion continues to shape up.

In its third year of operation, after a fifteen-year lay off, the unit is rapidly gaining the stature and efficiency of a crack outfit.

Commander of the unit this year is Major Ronald Munsterman. He is assisted by an able battalion staff. There were 134 cadets this year.

The outfit branched out with speciality groups such as rifle and drill teams, and a Mayor's Honor Guard. The color guard, which has always won plaudits for its performance, brought further recognition to the battalion and school.

A highly successful military ball was held this year. Westport and Manual Battalions joined together in a two-school ball.

Cheerleaders are the main source of spirit at all our basketball and footballs games. The girls are full of zest, yet behind all that energy is many hours of hard work. During the summer they practice as long as four hours a day.

The Varsity Cheerleaders went to cheerleading camp this summer at Marshal Missouri, for one week. When they returned they brought back four first place ribbons and the spirit stick. This is the third consecutive year the Westport cheerleaders captured the Spirit Stick.

To be a member of Westport's honor society a great deal of hard work was required. To be a member of an Honor Society a 3.1 grade average must be maintained each semester. To obtain a bronze or silver pin this grade average must be held for two or four semesters. Seniors who kept their high grade average for seven semesters were rewarded gold pins. Gold Pins with one, two or three pearls were awarded for grade averages of 3.1, 3.5 and 3.65, respectively. Mrs. Williams does an excellent job sponsoring the honor society.

THE 1969 JUNIOR-SENIOR PROM WENT 'SOUTH OF THE BORDER'

Many couples enjoyed talking at their tables rather than dancing.

The Bobby Soule group supplied a rich soulful sound for the dancers.

Everyone swung as the night wore on.

The evening proved to bring happiness to all of those that attended.

The 1969 Junior-Senior Prom was held in the grand ballroom of the Muehlebach Hotel on May 24, 1969. The theme was, "South of the Border." Decorations made by the junior class officers adorned the tables and the stage.

A crowd of over 200 couples danced to the soulful sound of Bobby Soule. Following the prom a large number of the couples ice skated, bowled, and played pool at King Louie West.

Underclassmen girls aided in making the prom a hit by serving the refreshments.

TIGERS WON 2nd PLACE TIE

Clifford Baker, the drum major, kept the band in step.

The Westport Tigers rolled up a 5 game winning streak after dropping the season opener with Raytown South.

Springfield Parkview, O'Hara, Southeast, East, and Northeast all fell to the mighty Tiger team. Westport was riding high at mid-season with a total of 136 points as compared with 59 for their opponents. They were in a 3-way tie with Southwest and Central for first place in the Inter-scholastic League.

Manager Charlie Harrison (left), and trainer John Connor were important members of the Westport team.

The **HERALD** Staff is composed of Westport students. Work on this yearbook had to be done before school, during free periods, and after school. Each member of the staff showed unusual co-operation, determination, enthusiasm, and originality; each equally important in meeting and conquering deadlines.

We are especially appreciative for the unerring guidance and the unlimited time given by our sponsor, Mrs. Opal Heatherly. We also wish to express our thanks to the Clerical Practice Class for their help with typing our copy.

This yearbook is intended to be truly characteristic of Westport for the year 19 hundred and 70. Innumerable memories of our dedicated hours spent making this yearbook will linger with us forever.

It is our hope that when this **HERALD** is opened, many pleasant memories will return.
