## Den Leader

As principal, Edgar E. Curtis has led our tiger den for twelve years. He has encouraged school spirit combined with scholastic achievement. Under his guidance, cubs mature into adulthood.

## Tiger Tamers

Vice Principal, William E. Stroud works with Tiger attendance, distribution of lockers, the reduced lunch program, discipline and identification cards. He has served Tigers for twelve years.

Vice Principal, Louie K. Ward has been associated with Westport Tigers for fifteen years. His responsibilities include distribution of report cards, schedules, assisting with discipline and book room operation.

Vice Principal, Franklin Walker has learned Tiger ways during his three years at Westport. He shares in student supervision, handling extracurricular activities, but transportation, security program, assembly programs and cafeteria management.

## Guiding Tigers

For eleven years, Gladys E. Burtin has helped Tigers cope. She guides cubs all the way to graduation and helps them adjust their mortar boards for that final senior walk across the stage.

Clarence French has been a guiding den leader here at Westport for twentyone years. In addition to his regular case load, he assists students in special education and provides vocation information and placement.
