Give Peace a Chance Columbine students found creative ways to reclaim their school, including dedicating their state football championship to those who died in April of '99. Students across the country proudly wore "I Will" ribbons, showing their commitment to safer schools. Attorney General Janet Reno teamed up with MTV and rockers The Goo Goo Dolls to promote an anti-violence campaign.

From Lab to Lamb
In the 50s, geneticists Francis Crick and James Watson discovered the coiled DNA strands we call chromosomes. Just this year scientists successfully mapped out one of those chromosomes. Understanding DNA led to the cloning of animals such as Dolly the sheep, taking science into controversial territory. Where do we go from here?

Hanging it Up

Cheers and Tears Fans bid farewell to three top athletes this year. Michael Jordan (who led the Bulls to six NBA championships) has left the court and become part owner of the Washington Wizards. Wayne Gretzky ("The Great One"), who took the Edmonton Oilers to four Stanley Cup Championships, has ended his 21-year career. And John Elway (the winningest quarterback in NFL history with 148 victories) retired in May of '99.

GREAT Moments

The Thrill of Victory This century has seen its share of record breakers and history makers. Muhammad Ali became the first boxer to win the heavyweight championship three times. Arthur Ashe was the first African American tennis player to win the U.S. Open, the Davis Cup, the Australian Open and Wimbledon. In 1960 Wilma Rudolph became the first American woman to win three gold medals at the same Olympics. And the 1980 U.S. Olympic hockey team overcame all odds by beating the Russians and going on to win the gold. The world still calls it the "Miracle on Ice."

You Go Girls! The world sat up and took notice this year as the U.S. team earned women's soccer an official place in history and in our hearts. 90,000 fans packed the Rose Bowl (and 40 million watched at home) to see top athletes like striker Mia Hamm and goalie Brianna Scurry blow the Chinese team away. When Brandi Chastain scored the penalty kick that won the game, boys, girls, men and women alike became sworn women's soccer fans forever!

Extreme Madness

People Can Fly... and America thinks it's awesome. Extreme sports have grabbed the attention of Mainstream, U.S.A. In fact, NBC broadcast the Summer Gravity Games from Providence, Rhode Island this year. Thrill-seeking athletes risked injury in freestyle motocross, wakeboarding, street luge and aggressive in-line skating. Then the Winter Gravity Games 2000 pounded the powder in Mammoth Lakes, California; and again we got to watch them on network TV.

Jackie Joyner-Kersey just may be the greatest female athlete ever. She took home golds at the '88 and '92 Olympics, and a silver in '84. Her sport? Seven of them. Her main event was the heptathlon; in other words, she did tons of leaping, sprinting and throwing. Talk about explosive power!

Think about players like Hank Aaron, baseball's all-time home run king... or Joe DiMaggio with his 56 game hitting streak in 1941. Jump, Jive and Wail From the powerhouse trumpet of Louis Armstrong to the hottest sounds today, music remains the signature of each generation. Big band and swing tunes got the kids shakin' it long before Elvis brought rock & roll to The Ed Sullivan Show in 1956. The country loved it, of course, and even welcomed those crazy long-haired Beatles in the '60s; so the rock & roll fever continued. Motown greats such as Aretha Franklin inspired groups like the Jackson Five. And we all know what a Thriller ride that turned out to be!

¿Hablas Español? The Spanish language is heard more and more in American pop tunes. We see it in grocery stores everywhere and on the street, too. As the Latino/Hispanic population increases, so does our love affair with the culture. Salsa (the sauce) now sells better than catsup, and salsa (the dance) is all the rage. And let's face it... we love to groove to music by Latino performers like Jennifer Lopez, Enrique Iglesias, Christina Aguilera and Ricky Martin.

- 4. From bell bottoms to platforms, groovy fashions were hip -- thanks to Austin Powers' popularity. Yeah, baby!
- 5. TV sure has changed since the 50s, and so have our choices. Today we watch cable, satellite, DVDs and WebTV on our picture-in-a-picture flat screen monitor.
- 6. School uniforms are big again... in schools, pop videos and even in movies!
- 7. A great artist of the 20th century, Pablo Picasso, painted and sculpted over 20,000 works.

- 8. Ray Kroc knew what kids loved when he opened his first McDonald's in 1955. Billions of burgers later, it's still the #1 teen choice for fast food.
- 9. This year 4.5 million students and teachers interacted (on the web) with the America Quest bikers as they explored the American Southwest.
- 10. The longest-running animated series ever, The Simpsons, was named Best TV Show of the Century by Time Magazine. Way to go Homer!
