"What was your most memorable experience of 1989-90?"

"My most memorable experience was the trip to the National Middle School Conference in Toronto, Canada, in October, 1989."
- Mrs. S. L. Buford

"I was instrumental in bringing Yvonne Easton to Lincoln."
- Ms. Simon

"My most memorable experience would have to be the Band Concert on Dec, 14, 1989. There was a **MAJOR** blizzard going on and I wasn't allowed to cancel the concert. The bands played almost as well as they could under the circumstances and the audience seemed appreciative of their efforts. School was cancelled the next day. Good thing, because I needed the rest."
- Mr. Douglas

*"The wonderful warm response from L.C.P.A. students and staff, including love, prayers, and positive thoughts given to our son Jeff and our family during his recent illness."
- Mrs. Gardner*

"My most memorable event was the ease with which teachers received their 1.1% pay raise and their gratefulness."
- Mr. Hutton

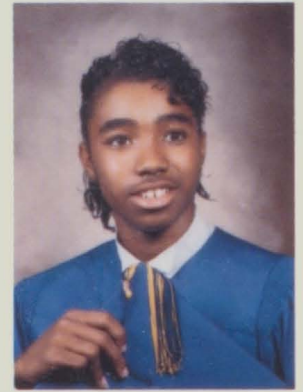

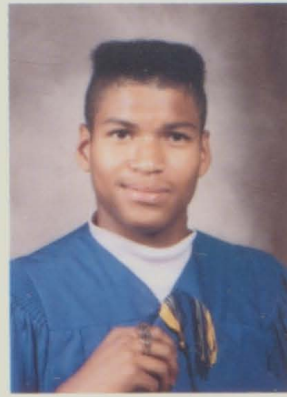

"Teacher pay of 1.1%.
I will Always - Always remember this."
- Donell D. Milow

*"When I had my baby!"
- Martin-Sattarin*

"The first class I taught at Lincoln is now graduating. In addition to feeling a bit older I feel extremely fortunate to have been a part of this groups' four years. I will miss them and I wish them the best."
- Ms. Skillman

"When my hour 3 - Calculus 2 class runs the base line on me.."

"Psyche us up!"

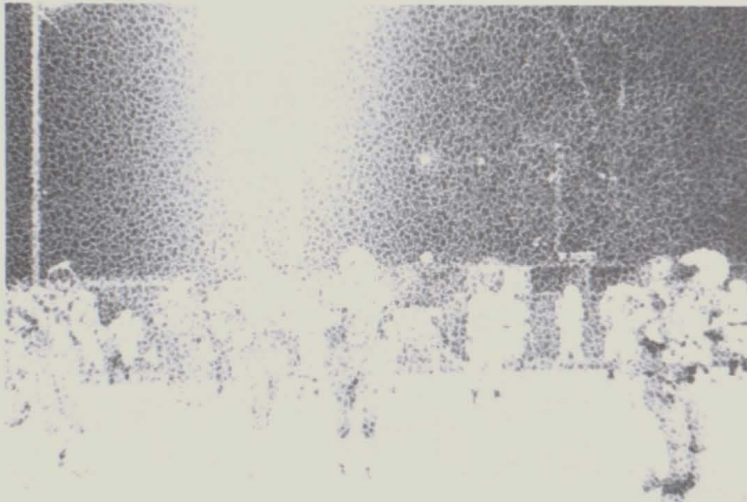

"Yeah ... Yet another Homecoming Assembly."

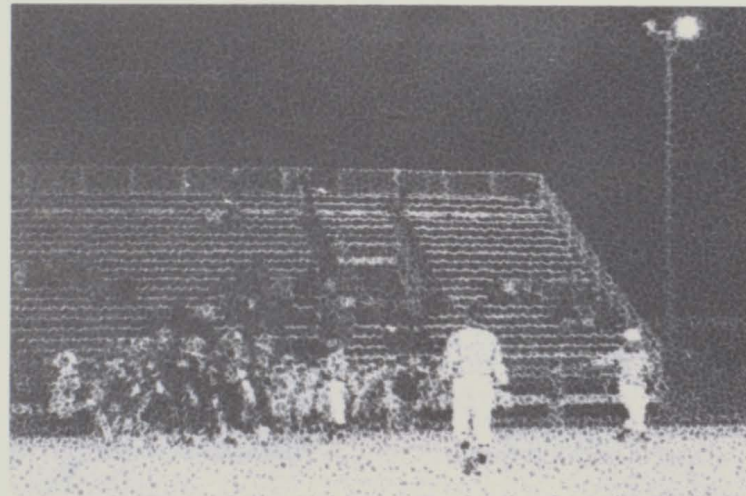

"Name that tune?"

"Head'em up ... Move'em out ..."

"God said they'd lose ..."

"And they did."

Fall Homecoming got off to a great start. The celebration began with the traditional hall decorating. Each grade 6-12 had an assigned hall and students were given a week to show class, as well as, school spirit. The creations were judged on Friday and as always, the senior class won.

Thursday October 19 we had a morning homecoming assembly to introduce all candidates for King, Queen, Princess, and Prince. The ballots were cast with the results remaining secret till the half-time of our Homecoming football game. The excitement was beginning to build.

On Friday October 20 the student population was "up" for all events. Spirits were high and everyone looked forward to a great parade after school and an exciting football game

to follow. The parade began at 6:00 p.m. from the Lincoln campus and proceeded across 22nd street to East High School, the location of the game. The Lincoln Tigers played a good game against Hogan, the final score Hogan-35 Lincoln-0. Half time celebrations included performances by Pom-Poms and Lincoln Tigers marching band. Ashley Robison and Andrea Simmons were crowned Fall Homecoming King and Queen. Their court included Lori Ladines, Heather Pair, and Kate Shayani as princesses and Andre Ward, Charles Winn and Preston Lawrence as princess.

The grand finale took place on Saturday October 21, an informal dance including Lincoln students and their guests. A good time was had by all ...

The Spring Homecoming for 89'-90' was filled with winners this year. The Homecoming royalty were not the only ones exuding colors of excellence and victory. Every aspect of the Homecoming was victorious.

Homecoming activities began Friday, February 16, with a seventh hour Pep assembly. The student body spilled with spirit, in efforts to show their support for the proud Blue and Gold Tigers who were representing our school. The Girls and Boys Varsity and Junior Varsity Basketball teams were introduced along with the wrestling teams. Heartfelt praise was awarded to the protectors of Lincoln's honor and pride, and protect it they did.

The Homecoming games and celebration took place Saturday, February 17 at the Southeast fieldhouse. The Lady Tigers came into the game with victory on their mind and by the end of the second quarter, the Lady Tigers were on their way to a 40 point blowout. At the end of the game their record was increased to 17 and 6.

The Varsity Boys Basketball game also proved to be one of "intense" moments. In the last 50 seconds of the game the team was behind by eight points. Spectators and well wishers hung their low

and began to leave. In those 50 seconds the team succeeded in tying and winning the game. Erick Gray became the hero of the game, scoring four foul shots in the last fifteen seconds of the game. This was his last and most spectacular. The final score was 62 - 60.

The Boys Junior Varsity team played and gave a hard fought battle, but was defeated. The effort and courage of the JV Tigers was not diminished by their loss. The Freshman Boys proved victorious in their defending of Lincoln's honor also.

The Homecoming Royalty was announced during halftime of the Boys Varsity game. The King and Queen for 89'-90' were Anthony Webb and Rosanna Lord. Junior princess and prince were Andrea Taylor and Steve Archuleta. Sophomore princess and prince were Tonya Townsend and Michael Coats. Freshman princess and prince were Maria Hernandez and Chaka Allen.

The Homecoming dance was a great success. There were a lot of people and the music was great. All in all the 1989/'90 Homecoming was a great success and full of great memories. For those who missed it, there will never be another one like this one.

Question: "What preparation did you receive before you came?"
 Answer: "I had orientations for two months before coming to America, but what I found is not what I expected."
 Q: "What did you expect then?"
 A: "Italians view Americans as weird people, wild in everything they do. Also all the cities are huge with a lot of pollution and no natural areas like parks; a very capitalistic society based a lot on competition and power."
 Q: "Is this what you found once you came to America?"

A: "Not as much as I thought: Americans even have more green in cities than Italians. Every American house has its little garden, the streets are surrounded by grass, and the parks here are much bigger. I found that the American society isn't as vicious in competition as I thought."
 Q: "How do you like the school system here?"
 A: "I like the American system better because here, you have more freedom. In Italy, you are told what classes to take. I like being able to choose my classes and take what I want."
 Q: "Is this the best attribute of the school system?"
 A: "No. I think that the best thing is the teachers. The teachers are nicer and more personable. The teachers in Italy are conservative and very strict. It is a lot easier to learn with a teacher that is a friend rather than an authority figure."
 Q: "How do you view American social life?"
 A: "It is much different than in Italy. In America, there generally seem to be more superficial friendships with a lot of people. In Italy, you have fewer friends but generally the friendships are a lot deeper. It is harder to form friendships here with everyone living so far apart from each other. If you don't have a car, you don't have a life."
 Q: "If you could take something back to Italy, what would it be?"
 A: "It is really three things: the openness I have found toward racial harmony, the freedom to choose my classes, and most importantly, the wonderful new friends that I have made here in AMERICA!"

It's finally here and we're finally leaving the halls in which we grew.

Special times and special people, and those people are you.

We've had our times of laughs and tears, we've argued, fought, and grown.

But through these years, you have become the dearest friends that I have known.

So as you leave to face the world, look back once in a while, and never forget what we've been through, especially the smiles.

They say good friends are hard to find, I'm not too sure who looked.

But from the times we've shared.....if I was asked, I could write a book.

I know it wasn't easy the things that we've been through.

But we can't erase the memories no matter what we do.

You all have shared so much with me that I could never forget any of you even if I wanted to. This last year has been heckted but we are capable of overcoming all of those problems because we have each other and God.

To everyone else it is time to grow up and act like young adults. We have spent too many years together to be acting so immature. I hope the future holds something new for all of us.

Shatyra Finley

To: 2-Much Posse,

We have come a long way and have been through so much together. I hope our friendship will never part. So many people try to change in so many ways but you stay the same no matter what someone says or how they look at you, stay calm, be mature, ignore it. This message is not just for 2-Much Posse but for everyone. We are the Seniors acting like underclassmen. Stop the ignorance and concentrate on the better things in life.

Love is forever and the best is yet to come!
Yours Truly,
Ms. Von-E

To: Calvetta,

It started off great and I don't know what happened! I guess in life people open their eyes and realize the things that have been going on for years. I don't know where our friendship went. You made the choice so you make the change.

"Where do we go from here?"

To: The Revolutionary
Youth Brigade...
We all know what time
it is...but how do you
expect to bring about
"change while holding
a separatist view point?
Isn't it obvious that
utilizing racism to over-
come "oppression" won't
work? You tend to come
across as though you
think you're the only
people oppressed today.
What about the American
Indian, who is still
enslaved in his own
land? Isn't it hypo-
critical to preach
"hatred of the White
Man" in order to over-
come "oppression and
exploitation" when the
majority of persons on
wellfare in this country
are White?! It's Dr.
King's words which are
truly "immortal"...
"Judge not by color but
by content..."

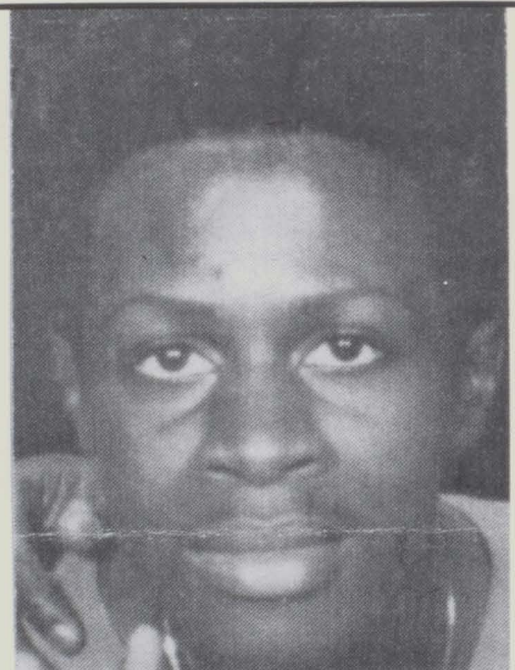

Think about it...love,
