Scope and Content Note

This is an artificial collection consisting of maps found in Missouri Valley Special Collections. Many of the maps were originally part of the main library's collection. Some of the maps have been removed from the books in which they were published. The majority of collection relates to Kansas City and Missouri, though Kansas, the rest of the United States, and other countries are represented as well.

The collection is arranged primarily by size, and therein by coverage area and type. Barcode numbers indicate whether a map has been scanned and a digital image is available. This is an ongoing collection, and maps will be added as they are received.

Series 1: Folded Maps, 1830-2008 and n.d.

This series contains maps that have been left folded for preservation and storage reasons. The series includes 19th and early 20th century pocket maps and guide books for various states, territories, and cities – most of which appear to have been donated as a set. The majority of this series consists of road maps of Missouri, Jackson County, and Kansas City. Also included are maps of the State of Kansas, trails, and the United States.

Series 2: River Report Maps, 1937-1978 and n.d.

This series contains reports by the U.S. Army Corps of Engineers concerning flood control, erosion, and changes along the Chariton, Little Chariton, Grand, Kansas, Marais Des Cygnes River, Osage, Republican, and Weldon Rivers and their tributaries. The coverage area includes Iowa, Missouri, Kansas, Nebraska, and Colorado.

Series 3: Boxed Maps, 1642-2009 and n.d.

This series consists of 17 subseries of maps arranged by coverage area and type. Due to their size, maps in this series are housed in 20 x 24 in. boxes.

3-1: Kansas City, Missouri

Items in this series include street maps, historical maps, zoning maps, and geological maps primarily relating to Kansas City, Missouri and dating from 1869 to 1965. Some maps include portions of Kansas immediately west of the state line.
